Special Order of Business

A. Windstream Nebraska:

Tom informed the committee that this application for a permit to occupy the right-of-way at 2429 County Road F is to continue Windstream Nebraska's fiber replacement project within Crete. Again this includes multiple properties so it will need council approval.

Travis made a motion to make a recommendation to the City Council on approving Windstream Nebraska's application for a permit to occupy the right-of-way at 2429 County Road F. Dan seconded the motion. Travis, yes. Dan, yes. Dale, yes.

B. Water Filter Plant:

Tom explained that this is for the remediation on the water filter plant. This process hasn't been done since 2005. This project had a scheduled start date of August 2022, however, engineer Keith Gilmore requested they start earlier. Travis made a motion to make a recommendation to the City Council on approving the bid of \$63,682.20 from Phil Carkowski for the water filter plant project. Dan seconded the motion. Travis, yes. Dan, yes. Dale, yes.

C. North Boswell Ave:

Phil Hardenburger discussed the possibility of joining forces with Nestle Purina and The City of Crete to fund the paving of North Boswell. North Boswell is a county road from the railroad tracks north. The large majority of the traffic on this road is due to the City Transfer Station and Nestle "BDC" warehouse being located along this road. Phil has contact Nestle regarding this project and they seemed very receptive. After some discussion, Travis made a motion to have this presented to the City Council for further approval. Dan seconded the motion.

Travis, yes. Dan, yes. Dale, yes.
