

CENTRAL COMMUNITY COLLEGE
SPORTS FIELD LIGHTING PROJECT
COLUMBUS CAMPUS

The project consists of providing and installing a new sports field lighting system and associated electrical equipment and system supports at the soccer softball lighting system located on the Columbus campus.

The college received four bids for this project. They are as follows:

Commonwealth electric Columbus, NE	\$522,050.00.
Electrical Contracting Solutions Columbus, NE	\$529,270.00
Superior Lighting Omaha, NE	\$544,760.00
IES Commercial Inc. Holdrege, NE	\$570,048.00

The amount of \$600,000.00 was budgeted for this project as part of the FY 2024 – 2025 Capital improvement.

The College President recommends acceptance of the low acceptable bid from Commonwealth electric from Columbus Nebraska for \$522,050.00 to provide the labor and materials for the sports field lighting project on the Columbus Campus.
