

CENTRAL COMMUNITY COLLEGE
WHEELCHAIR LIFT REPLACEMENT
COLUMBUS CAMPUS

This project consists of replacing the current lift, originally put in place in 1998. The current electronic and mechanical components are no longer reliable. This unit is not ADA compliant for residents. The new unit will be ADA compliant and have a 550lb capacity, with call/send availability at the top and bottom landings. The new unit will have a standard 2-year warranty plus a 1-year service program.

The college requested bids from three vendors for bids on this project. They are as follows:

Access Elevator Inc	\$35,306.00
KONE Americas	Declined to bid
TK Elevators	No bid received

The College President recommends accepting the bid from Access Elevator, Inc. of Omaha, Nebraska, of \$35,306.00. Access Elevator will provide labor and disposal of the current unit, followed by the installation of a new unit for residents at the Columbus Campus.
