

InstructionBehavioral Intervention and Classroom Management1. Purpose

The District is committed to creating a learning environment where every individual is valued, respected, and supported. This Policy emphasizes the shared responsibility of individuals for their actions and their ability to learn, grow, and thrive. This Policy further provides a framework for encouraging positive behavior, addressing challenges in a caring and constructive way, and ensuring safe and supportive school and classroom environments.

2. General Principles

As part of the District's commitment to all students, the Board hereby implements a tiered-system of support to foster a positive school climate and culture, encourage appropriate student behavior, and provide the necessary supports for academic and behavioral success.

This Policy does not replace or alter the Student Discipline Act when behaviors warrant student disciplinary action under that Student Discipline Act.

#### 4. Addressing Dysregulated Behavioral and Classroom Removal

This Policy outlines a structured approach for managing dysregulated behavior that disrupts the learning environment or poses safety concerns. The aim is to ensure the safety and well-being of all students and staff, while supporting the student in developing self-regulation skills and reintegrating into the classroom.

##### A. Criteria for Removal

- i. *Safety Concerns*: Immediate removal may occur if a student poses a threat to their own safety, the safety of others, or the environment.
- ii. *Disruption to Learning*: Removal may be necessary if the student's behavior significantly disrupts instruction or the learning environment.
- iii. *Attempted Interventions*: Whenever possible, staff should use de-escalation techniques, behavior redirection, or other Tier 1 or Tier 2 interventions before considering removal. Severe behaviors that endanger safety may bypass prior interventions.

##### B. Procedure for Removal

- i. *Behavior Documentation*: The teacher or staff member documents the behavior leading to the removal, including antecedents, attempted interventions, and the incident itself. A clear, objective description of the behavior must be included.

- ii. *Safe Transition*: The student is escorted to a designated safe space, such as the office or a designated calming area, by trained personnel. Efforts are made to ensure the student remains calm and safe during the transition.
- iii. *Notification*: Parents or guardians are notified as soon as possible about the removal. A detailed account of the behavior and any interventions attempted are shared.

C. Post-Removal Actions

- i. *Restorative Meeting*: A meeting involving the student, parents or guardians, teacher or other designated staff member, and administrator may be scheduled to review the behavior, its impact, and steps to prevent recurrence. The meeting emphasizes restoring relationships and understanding the root cause of the behavior.
- ii. *Behavior Support Plan (if needed)*: For recurring incidents, a behavior support plan is developed or reviewed, including targeted interventions and supports aligned with the student's needs. The plan may include strategies such as check-ins, mentoring, or additional behavioral learning supports.

D. Transition Back to the Classroom

- i. *Reintegration Plan*: The student returns to the classroom with appropriate support, which may include a reintegration checklist, a designated buddy, or frequent check-ins with a trusted adult. Expectations and routines are explicitly reviewed with the student.
- ii. *Ongoing Support and Monitoring*: Follow-up meetings with the student, teacher or other designated staff member, and parents/guardians are scheduled to evaluate progress. Data from behavior observations are used to adjust interventions and supports as needed.
- iii. *Focus on Positive Growth*: A strengths-based approach is applied to recognize and reinforce improvements in behavior.

5. Communication and Collaboration

Families are partners in addressing the student's behavior and supporting reintegration. School staff will provide clear and transparent communication about any incident, the student's plan for return, and available resources. Collaboration will also occur between general education, special education, school psychologist, behavior specialists, school counselors, and/or social workers to ensure all supports align with the student's needs and strengths.

6. Required Training

The District will ensure that school employees are trained in behavioral awareness and intervention as required by this Policy and state law. The Superintendent is hereby delegated the authority and responsibility to develop or contract for such training and to ensure that the appropriate staff receive said training as required by state law.

7. Monitoring and Feedback

Parents, guardians, students, advocates and community members are encouraged to provide feedback on this Policy and the District's actions under this Policy. The Superintendent or designee is also directed to provide any feedback to the Board of Education as the Superintendent deems appropriate.
