

Signature of Receipt & Review

By signing below, I am indicating that I have reviewed the monthly bills, credit card transactions, and account fund balances for Ravenna Public Schools, as part of the schools district's "Finance Committee". The bills, credit card statements, and school district's fund balance information was made available to me prior to the day of the Finance Committee Meeting and during the Finance Committee Meeting. During or before the finance committee, I made an intentional and deliberate examination of this financial documentation and discussed any questions or concerns I had regarding the school district's expenditures and/or account balances with the school district's superintendent and bookkeeper.

Meeting Date: _____
