### **Professional Boundaries and Appropriate Relationships Between Employees and Students**

School district employees and student teachers or interns ("employees") are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students and must have appropriate relationships with students. They may be friendly with students, but they are the students' teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees' conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, Instagram, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee's professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

**Sexual Relationships Prohibited.** Employees are prohibited from engaging in any relationship that involves sexual contact or sexual penetration with a student while the student is a current student and for a minimum of one year after the date of the student's graduation or the date the student otherwise ceases enrollment. Sexual contact has the same meaning as in section 28-318, and sexual penetration has the same meaning as in section 28-318.

**Grooming Prohibited.** Employees are prohibited from engaging in grooming with students. Grooming means building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Unless an employee can clearly and convincingly demonstrate a legitimate educational purpose, grooming behaviors and related conduct that are a violation of this policy include, but are not limited to:

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.

- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student or a former student within one year of the student graduating or otherwise leaving the district.
- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by e-mail, text messaging, or through social media) on a matter that does not pertain to school.
- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
- Discussing the employee's personal issues or problems that should normally be discussed with adults.
- Giving a student a gift of a personal nature.
- Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.
- Taking a student on an outing without first obtaining the express permission of the student's parents or a school administrator.
- Inviting a student to the employee's residence without first obtaining the express permission of the student's parents and a school administrator.
- Going to a student's home when the student's parent or a proper chaperone is not present.
- Repeatedly seeking to be alone with a student.
- Being alone in a room with an individual student at school with the door closed.
- Any after-school hours activity with only one student.
- Any other behavior which exploits the special position of trust and authority between an employee and student.

This list is not exhaustive. Any behavior which exploits a student is unacceptable. If in doubt, ask yourself, "Would I be doing this if my family or colleagues were standing next to me?"

**Communication Between Employees and Students.** The preferred methods for employees to communicate with students are in person, school e-mail accounts, and other preferred modes of communication. Employees may use the following personal communication

systems to communicate with students, including, but not limited to: school e-mail accounts, SeeSaw, Google classroom, Zoom, CANVAS, ClassDoJo and other approved personal communication systems. A personal communication system is a device or software that provides for communication between two or more parties and is capable of receiving, displaying, or transmitting communication. Personal communication system includes, but is not limited to, a mobile or cellular telephone, an email service, or a social media platform.

Employee communications with students through a communication system generally are to be sent simultaneously to multiple recipients and not just to one student. The burden to demonstrate the appropriateness of a communication with a student only shall rest with the employee.

**Reporting a Policy Violation.** Anyone may report suspected grooming, other unacceptable employee conduct, or any violation of this policy as follows:

School District. Reports may be made to a principal, the superintendent, or the Title IX Coordinator in person, by mail, by telephone, or email.

Nebraska Department of Education. Reports may be made at: Nebraska Department of Education, Attn: Certification Investigations' Office, P.O. Box 94933, Lincoln NE 68509 or [Nde.investigations@nebraska.gov](mailto:Nde.investigations@nebraska.gov).

Nebraska Department of Health and Human Services. Reports may be made by calling the Child Abuse and Neglect Hotline at (800) 652-1999.

Law Enforcement. Reports may be made to the county sheriff at (308) 268-2245, or the Nebraska State Patrol at (402) 471-4545.

An employee is required to make a report to a principal or the superintendent if the employee reasonably believes that another employee has violated or may have violated this policy. Minor concerns or violations shall be reported within 24 hours. Major concerns or violations shall be reported immediately. Violations committed by or concerns about the superintendent shall be reported to the school board president.

A student who feels his or her boundaries have been violated should directly inform the offender that the conduct or communication is offensive

and must stop. If the student does not wish to communicate directly with the offender or if direct communication has been ineffective, the student should report the conduct or communication to a teacher, administrator, counselor, the Title IX coordinator, or other school employee with whom she or he feels comfortable.

**Retaliation Prohibited.** Retaliation for good faith reports or complaints made as a result of this policy is prohibited. Individuals who knowingly and intentionally make a false report shall be subject to discipline as provided by district policy and state law.

**Policy Violations.** Any violation of this policy by an employee may result in disciplinary action up to and including dismissal from employment and/or referral to the Nebraska Department of Education, which may result in the suspension or revocation of the employee's certificate. Any violation involving sexual or other abuse will result in referral to the Nebraska Department of Health and Human Services, law enforcement, or both.

**Policy Verification.** Employees shall verify that they have received, reviewed, and understood this policy by signing an acknowledgment document indicating the same.

**No Limits on Reports to NDE.** Nothing in this policy shall be construed to limit any certificated employee's duty to report any known violation of the standards of professional practices (Title 92, Nebraska Administrative Code, Chapter 27, commonly known as Rule 27) adopted by the Nebraska Board of Education.

### **Locker Room Supervision**

Staff members, coaches, sponsors, and students must comply with the requirements of this policy while using locker rooms at the school district or at other locations.

Staff members, coaches, and sponsors must appropriately supervise students in locker rooms and other locations where students dress, change, or engage in similar activities. This supervision must occur at all times during curricular and extracurricular activities and includes, but is not limited to, the following:

- Entering and walking through the entire locker room at regular and irregular intervals to provide direct supervision and to assess student behavior.
- Maintaining an orderly locker room free from “horseplay” and other prohibited conduct.
- Maintaining a visual presence.
- Adequately addressing any misbehaviors.
- Escorting students to and from the locker room and the activity or instructional area.
- Unlocking the locker room so that students may enter, and locking the locker room after all students have exited the locker room at the conclusion of activities.
- Searching the locker room to determine that all students have exited the locker room before locking it.
- Ensuring that the locker room remains secured during any activity.

If a student is found missing during an activity, the staff member, coach, or sponsor or adult designee shall check the locker room for the missing student.

Only students whose team or activity is currently playing or are in-season or who are involved in a school-sponsored activity that requires or allows presence in the locker room are allowed access to the locker room before or after the regular school day.

Students are not allowed to enter or reenter the locker room without appropriate supervision.

If the staff member, coach, or sponsor is the opposite sex of the students, he or she may designate another adult of the same sex as the students to provide the required locker room supervision. This delegation does not remove ultimate responsibility from the staff member, coach, or sponsor who

is subject to the obligations under this policy to ensure that such obligations are met. By allowing their students to participate in an activity with a cross-gender coach, parents/guardians consent to the entry of the staff member or his or her designee into the locker room at any time as necessary to maintain student safety and order.

Staff members, coaches, and sponsors must remain with students until they are picked up by the parent, guardian, or other authorized person or the student leaves in his or her own transportation. Students must never be left unattended after a game, practice, or other school-sponsored activity. In other words, the staff member, coach, or sponsor should be the first one to arrive at the activity and the last one to leave.

Cell phones and other devices with visual or auditory recording capability may not be used in the locker room at any time or for any reason.

Under no circumstance may a staff member, coach, or sponsor delegate any responsibility under this policy to a student or other minor.

School administrators or their designees may make random checks to assess policy compliance.

### **Admission of Students Who Reside Out of the State of Nebraska**

Students who reside in a state other than Nebraska must submit an application to enroll in the district at least three weeks prior to the beginning of the semester in which they wish to begin attending the district. Out of state students may not enroll mid-semester.

The administration will review each application and is authorized to admit out-of-state students whose academic history, disciplinary records, prior school community involvement and other relevant factors indicate that they will be successful in this school district. Those who have verified disabilities pursuant to the Individuals with Disabilities in Education Act or section 504 of the Rehabilitation Act will not be excluded from admission based solely on their disability. The administration may reject an out-of-state student when acceptance of the student:

- Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- Would require the procurement of new equipment, technology, or furnishings;
- Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

The administration's approval or disapproval of an out-of-state student's application is final.

Out-of-state students who are admitted pursuant to this policy must meet the requirements of board policy 5002 and must comply with each board policy, state statute and regulation that applies to their situation. Once admitted, they will be subject to the same disciplinary rules and procedures as resident students. Students must reapply for admission prior to each semester. Re-admission may be denied for students who are not academically and/or behaviorally successful. Once admitted, out-of-state

students' grade level placement will be determined in accordance with district policy.

Out-of-state students are not entitled to transportation or reimbursement for transportation.

Out-of-state students will be charged tuition of \$9,000.00 per semester by the district. Payment in full is due to the central office of the district on or before the first day of classes each semester. The tuition fee may be changed by the board of education prior to any semester with or without notice to the out-of-state student's family or resident school district.

### **Admission of Part-Time Students**

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a part-time basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who resides in the school district but attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

**Application for Enrollment.** The parent or guardian of an exempt school student who is of appropriate age to attend school, resides in the school district, has not graduated from high school, and has not received a graduate equivalency diploma must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by May 1 prior to the start of a Fall semester and by October 1 prior to the start of a Spring semester. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian of an exempt school student must apply for enrollment each school year.

**Limitations Based on Resources.** The enrollment of exempt school students is subject to limitations established by the district for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

**Placement of Students.** Exempt school students shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

**Grades and Academic Honors.** Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements for such including earning a sufficient number of credit hours and semesters of attendance.

**Applicability of School Rules.** Exempt school students are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and teaching personnel. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course or course-related activity unless the course or course-activity requires their presence or the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

**Extracurricular Sports and Activities.** Students who are enrolled in a private, denominational or parochial school may not participate in extracurricular sports and activities sponsored by the public school district if they participate in extracurricular sports and activities offered by the private, denominational or parochial school. Exempt school students may participate in extracurricular sports and activities if they are enrolled in at least 10 credit hours per semester. Exempt school students who are not enrolled in at least 10-credit hours may not participate in extracurricular sports and activities. All part-time students must meet all other eligibility requirements set by the board, administration and coach/sponsor prior to participating in the sport or activity.

Exempt school students who transfer into the district will be considered a transfer student and shall be ineligible for varsity competition for ninety school days unless the home school is located in the same school district as the high school to which the student is transferring.

The school district will determine whether credits awarded to exempt transfer students will be accepted for the purpose of eligibility for extracurricular sports and activities pursuant to the board's policy on Grade Placement and Academic Credits of Transfer Students.

**Transportation.** Part-time school students are not entitled to transportation or reimbursement for transportation by virtue of their status as part-time students.

**Option Enrollment.** Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

The school district may accept a foreign exchange student on a non-tuition basis if the student is sponsored by an organized exchange program that is acceptable to the board of education, approved for enrollment, and resides with a host family that lives within district boundaries.

A foreign student is not entitled to tuition-free schooling in the school district merely because he or she resides with a family within the district. The host family and/or sponsoring exchange program must file an application with the administration to enroll the student. In reviewing the application, the administration will consider the following factors:

- whether the student possesses a sufficient command of the English language;
- whether an appropriate program is available;
- whether the student meets the general admission requirements for the school; and
- such other factors as are relevant to the admission of the student.

Foreign exchange students who are accepted and enrolled will be subject to all policies and regulations governing the conduct and behavior of resident students.

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and

##### **B. Students with Disabilities**

For students with disabilities who have an IEP or Section 504 plan, the administrators, student's parents or guardians, and student if appropriate will collaborate with the student's educational team to coordinate accommodations consistent with state and federal law. As permitted by law, students may be entitled to accommodations as a result of pregnancy.

#### **II. Accommodations Regarding Lactation and Breastfeeding**

##### **A. Accommodations**

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public.
2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.
3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

#### **B. Educational Process**

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless and shall have access to the same services offered to other students. It is the intent of this policy to remove barriers to the enrollment and retention of homeless children and youth in the District.
  
- 2. Homeless Liaison.** The District's homeless liaison is the district superintendent. Students in homeless situations who require assistance should contact the liaison at 308-962-5458 or in person at 610 Walnut Street, Arapahoe, NE 68922. The liaison's responsibilities include:
  - a. Ensuring homeless children and youth are identified through coordination with the Nebraska Department of Education, community groups, and other school personnel;

  - a. "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence and includes:

- i. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
  - ii. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
  - iii. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
  - iv. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).
- b. The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained by an act of Congress or by state law.
  - c. "Child" and "youth" refers to persons who, if they were children of residents of the District, would be entitled to a free education.
  - d. The term "unaccompanied youth" shall mean a homeless child or youth not in the physical custody of a parent or guardian.
  - e. "School of origin" means the school that the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled.

4. **School Stability and Enrollment.** Generally, the District presumes that keeping a homeless child or youth in their school of origin is in the child's best interest unless it is contrary to a request of the child's parent, guardian, or in the case of an unaccompanied youth, the youth. The District will also consider factors including, but not limited to: the impact of mobility on achievement, education, health, and safety of the child.

5. **Strategies to Address Enrollment Delays.** In order to address enrollment delays resulting from homelessness, the school district shall immediately enroll homeless students even if they are unable to produce

records normally required for enrollment such as immunization and medical records, residency documents, birth certificates, school records, or other documentation, or guardianship documents. The school district shall immediately contact the school last attended by the student to obtain academic and other records. The school district's homeless liaison shall assist in obtaining necessary immunizations, or immunization or medical records.

6. **Transportation.** Transportation shall be provided to homeless students to the extent required by law and comparable to that provided to students who are not homeless. At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation shall be provided to and from the school of origin as follows:

- a. If the homeless child or youth continues to live in the area served by the school district, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the school district.
- b. If the homeless child's or youth's living arrangements in the area served by the school district terminate and the child or youth, though continuing his or her education in the school district, begins living in an area served by another school district, the school district and the new school district in which the homeless child or youth is living shall negotiate to agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school district. If the districts are unable to agree, the responsibility and cost for transportation shall be shared equally.

7. **Records.** The District will maintain and respond to requests for enrollment records for homeless children or youth consistent with its record policies and state and federal record laws. Any information about a homeless child's or youth's living situation shall be treated as a confidential education record and shall not be deemed directory information.

8. **Dispute Process.** If a dispute arises over school selection or enrollment in a school:

- a. The child or youth shall be admitted immediately to the school in which enrollment is sought, pending resolution of the dispute;

- b. The child, youth, parent, or guardian shall be referred to the district's homeless liaison who shall carry out the dispute resolution process within (30) thirty calendar days after receiving notice of the dispute;
- c. The parent or guardian of the child or youth or, in the case of an unaccompanied youth, the youth, shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or unaccompanied youth to appeal the decision within (30) thirty calendar days of the time such complaint or dispute is brought.
- d. In the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute.

## 9. **Appeal Process**

- a. **Nebraska Department of Education.** If the Complainant is not satisfied with the written decision of the District after the dispute resolution process, the Complainant may appeal the decision of the District to the Commissioner of the Nebraska Department of Education within (30) thirty calendar days of receipt of the decision from the District, pursuant to Nebraska Department of Education Rule 19.
- b. **State Board of Education.** If the Complainant is not satisfied with the decision of the Commissioner, the Complainant may file a Petition with the State Board of Education within (30) thirty calendar days of the receipt of the decision of the Commissioner pursuant to Nebraska Department of Education Rule 19.

### **Parent and Guardian Involvement In Education Practices**

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
  - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
  - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
  - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
  - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
- 3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
  - a. Building principals may excuse a student from any single school experience at the parent's written request.
  - b. When appropriate, alternative experiences will be provided for the student by the school.
- 4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
- 5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
- 6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
  - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
  - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least **three** days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
  - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
  - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

### **Communicating with Parents**

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing, either through communication from the school or through parental access to the district's student information system. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail, electronic communication, telephone calls, by personal contact or other appropriate method. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school. By providing the school district with their telephone number(s) and email address(es), parents agree to receive notifications from the school district's automatic notification system.

**Rights of Custodial and Non-Custodial Parents**

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that unambiguously prohibits access to the records or child by either parent. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

### **Student Illness**

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

### **Medication of Students**

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

#### **1. Prescription medication**

- a. Parents/guardians must provide a physician's written authorization for the administration of the medication.
- b. Parents/guardians must provide their own written permission for the administration of the medication.
- c. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

#### **2. Non-prescription medication**

- a. Parents/guardians must provide written permission for the administration of the medication
- b. The medication must be brought to the school in the manufacturer's container.
- c. The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during

school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization.
