

CENTRAL COMMUNITY COLLEGE
BOBCAT REPLACEMENT - FACILITIES
HASTINGS CAMPUS

This project consists of replacing a 2014 Bobcat 5600, currently inoperable due to a blown engine with 4612 hours of use. This replacement Bobcat will be used by the facilities and grounds department on the Hastings Campus.

This request is for a replacement Bobcat. The requested equipment is utilized by the grounds and facilities staff year-round. Grounds will use this unit in everyday operations such as moving dirt, branch removal, refuse pickup, and moving mulch. Facilities will move snow and sweep sidewalks. The new unit will work with the current attachments - bucket, forks, broom, and grapple. This is an budgeted piece of equipment in the amount of \$52,000 – the additional funds will be supplemented by an auxiliary account.

Replacement Bobcat	\$90,276.09
Trade in of current Bobcat	(\$5,800)
State Contract Discount	<u>(\$17,498)</u>
Final cost to CCC	\$66,978.09

The College President recommends accepting this quote to purchase a Bobcat with accessories from Central Nebraska Bobcat, in the amount of \$66,978.09, to replace the inoperable Bobcat on the Hastings Campus.
