

Superintendent Goal #3: Develop a plan for the future of education.

1. *Actions to be Taken:*

- Review and study the local culture of education within the community.
- Survey key stakeholders (students, parents, community members) on their vision of education at Ravenna Public Schools.
- Gather information from Board Members regarding their vision for the future of education at Ravenna Public Schools.
- Stay abreast of future educational trends by attending appropriate trainings and workshops at the local, state, and national level.

2. *Timeframe*

- Review and study the local culture of education throughout the 2015-16 school year.
- Complete key stakeholder surveys and review information annually.
- Gather information from Board Members during the annual retreat. (When)

3. *Success Criteria*

- Information of completed survey of key stakeholder reported to Board Members by the August Board Meeting.
- Reports back to the board about educational trends and the future of education following local, state, and national trainings and workshops.
- A shared and common vision for the future of education at Ravenna Public Schools in the form of a presentation that is shared with staff and board members in August of 2015.

4. *Resources Required*

- Board input on identifying desired changes to the educational programming provided by Ravenna Public Schools.
- Outside facilitator for the annual Board Retreat to help facilitate conversation about the future of education at Ravenna Public Schools.
