

Dear Members of the Dundy County Stratton School Board,

I am writing to resign from my position on the DCS School Board effective June 1st, 2025. This decision has not been made lightly as my time here has been incredibly rewarding. I have truly enjoyed working with each and every one of you! When I ran for my school board seat, my goal was to help give students and staff a voice. Here at DCS, we have top notch teachers and support staff who I will miss greatly.

The students are what really make this decision hard. After getting to know most of the students over the years, I can honestly say we have great kids representing our communities; full of high integrity and class. I will continue to be your biggest fan in all aspects of life.

To the district voters, thank you for trusting me with your vote in 2020, and reelecting me in 2024. I appreciate all of the support the communities show our school district.

I look forward to watching the board enrich and grow our remarkable district.

Go Tigers!

Sincerely,

Jordan Stroup
