

CENTRAL COMMUNITY COLLEGE

AGRIGULTURAL DESKTOP DEVICES

HASTINGS CAMPUS

The CCC AG program is purchasing (24) laptop computers, 12 each for Columbus and Hastings. A variety of program AG related software will be imaged on these devices for student usage. Institutional COVID dollars will be used for this purchase.

The college will be utilizing our contract with HP to purchase these 24 labtops.

The amount of \$40,000.00 was budgeted for this project as part of the COVID relief dollars.

The College President recommends moving forward with this purchase under the established guidelines of the Covid committee recommendations.
