City of Crete
Downtown Revitalization Program
243 E. 13th St.
Crete, NE 68333

To: The administrators of the City Of Crete Downtown Improvement Project.

Attention: Tom Ourada and Jerry Wilcox.

The purpose of this letter is to request additional funding from the Southeast Nebraska Development District (SEND). During the time of the Downtown Revitalization Program (DTR) in Crete, Covid had destroyed the market on materials and labor in the United States. Costs were changed and estimates had increased. A proposed project required funding in the amount of at least twenty (20%) of the total project costs. The total costs of the window replacements at 1334 Main St., Crete, Nebraska, totaled almost \$14,000. I have paid the total amount of the funding and will be requesting an additional \$5,200.00. This will bring the total of the \$5,000.00 of the previously granted, and the \$5,200.00 in additional grant funding to \$10,200.00.

Thank you for your consideration,

Scott Skala
