

Arapahoe-Holbrook Public Schools
Superintendent Report to Board of Education
Oct. 14, 2024

Building & Grounds

1. PK Drainage Project - I have contacted a number of area concrete/construction companies to request a bid on the changes we want to run drainage under concrete on the northeast corner of the building. We don't yet have numbers, but will push to get those before the end of October, so we can make plans to schedule the project for early next summer.
2. Roofing Vendor Consolidation - We have researched some companies, and have decided to work with Prairie View Roofing out of Kearney to help us consolidate our management for the 17 different roof sections we have with our facility. Some of these will have some warranty status yet, and PV is aware that we will use those vendors when we can.

Safety/Security

1. Lockdown Drill- We are planning to conduct a Lockdown drill on Monday, Oct.14 at approximately 9:30am. We will have help with the process and evaluation from members of the Furnas County Sheriff's office.

Other

1. Curriculum Review Cycle -We had to halt our Curriculum Review Cycle last year due to budgetary and personnel circumstances. We were scheduled to purchase ELA materials. That will resume this year, but only with the Elementary (K-6) purchases, as we have not yet filled out other English teaching position, and that individual needs to be connected to this process.
2. NASB Meetings
 - a. NASB State Education Conference @ CHI Omaha - Nov 20-22 (Wed-Fri)
 - i. *Attending: Carpenter / Dettmann / Drews / Lee / Schutz*
 - b. Delegate Assembly - 1 Rep from AHPS board for Fri. Nov 22 mtg = Lee
 - c. New Board Member Workshop @ Holiday Inn Kearney - Dec 3
 - i. *Attending: Dettmann / Drews*
