

CENTRAL COMMUNITY COLLEGE  
TABLE REPLACEMENT  
ORD CENTER

This project consists of replacing tables at the Ord Center.

The Ord Center has a need to replace the existing tables. This replacement of furniture will improve the seating options and allow the limited staff to move furniture without additional assistance due to weight and size. The current furniture does not fold up or have wheels, making it difficult to shift furniture and place as needed for different events. A total of \$33,200 was entered in to the 2023-24 budget as a "B" priority, which was later moved in to an "A" priority item.

Consorsiuim bid requested from Duet Resources in the amount of \$32,597.40

The College President recommends accepting pricing from Duet Resources the for the College.
