

StudentsScottsbluff Public Schools Safe Pupil Transportation Plan

This Scottsbluff Public Schools Safe Pupil Transportation Plan sets forth the District's plan for providing safe transportation to students being transported in vehicles on regular routes assigned through the District transportation plan.

1. Weapons - Vehicles shall not transport any weapons or look-a-like weapons, explosive devices, or bomb-related materials or equipment which could endanger the lives, health, or safety of the children, other passengers, or the driver. Look-a-like weapons associated with a school-sponsored or approved activity may be transported with written permission of an administrator of the District. If possible, these items should be secured and not visible or accessible to students while in the vehicle.

Upon becoming aware of a weapon aboard a vehicle, the driver will make every attempt to:

- a. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to contact from a cell phone (after parking on a shoulder or otherwise not moving) or from the nearest safe haven location. Examples of a safe haven include, but are not limited to, any school building site, emergency service station (law enforcement or fire department), community service agency, etc.
 - b. Pull the vehicle over to a safe and secure area.
 - c. Confiscate weapon (if doing so does not jeopardize student or driver safety).
 - d. Give description of weapon and participating parties to dispatch or administration.
 - e. Dispatch or administration will immediately notify appropriate law enforcement agencies.
2. Pupil Behavior - Students are expected to follow student conduct rules while in a vehicle. The pupil transportation driver is responsible for controlling behavior which affects safety and for reporting rule violations to school administration. In the event a student violates Board policy regarding student conduct standards or otherwise engages in behavior that jeopardizes safety, the driver will make every attempt to:
 - a. First, seek to resolve the incident through discussion with the student(s) involved.
 - b. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to telephone dispatch or administration from a cellular telephone or from the nearest safe haven location.
 - c. Activate emergency flashers.
 - d. Bring the vehicle to a safe stop. Seek to resolve the incident, using physical force only as necessary to protect students or yourself.
 - e. Report and document discipline problems to the school administrator. **Use a Bus Conduct Report/Incident Form, if available.**
3. Terrorist Threats - A person commits a terroristic threat if the person threatens to commit a crime of violence with the intent to terrorize another or with the intent of causing evacuation of a building, place of assembly, or the vehicle or in reckless disregard of the

risk of causing such terror or evacuation. Upon becoming aware of a terroristic threat relating to a pupil transportation vehicle, the driver will make every attempt to:

- a. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to telephone dispatch or administration from a cell phone or from the nearest safe haven location.

 - c. Dispatch or administration will immediately notify appropriate law enforcement agencies.
 - d. Driver should wait for instructions from dispatch or administration, if possible.
4. Severe Weather - Upon becoming aware of severe weather while aboard a pupil transportation vehicle, the driver will make every attempt to:
- a. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to telephone dispatch or administration from a cellular telephone or from the nearest safe haven location.
 - b. Return to the school if less than five minutes away and follow the directions of the school administrator.
 - c. If more than five minutes away from school, go to the nearest school and follow the directions of the school administrator.
 - d. If more than five minutes away from the nearest school, or there is immediate danger, get to the nearest basement or underground shelter with all students.
 - e. If there is no shelter and there is immediate danger the driver and passengers are to follow evacuation procedures and get everyone off the vehicle into the nearest ditch or culvert at least 100 feet away from the vehicle.
5. Hazardous Materials and Unattended Items - Upon becoming aware of a hazardous material aboard a pupil transportation vehicle, the driver will make every attempt to:
- a. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to telephone dispatch or administration from a cellular telephone or from the nearest safe haven location.
 - b. Pull the vehicle over to a safe and secure area.
 - c. Give description of hazardous materials in question to dispatch or administration.
 - d. Dispatch or administration will immediately notify appropriate law enforcement.
 - e. Driver should wait for instructions from dispatch or administration, if possible.

In the event an unattended item is discovered on or near the vehicle, the driver will seek to determine who the item belongs to and whether the item could be hazardous to the safety of those in the vehicle. Any unattended item that would break or could cause injury if tossed about the inside of the vehicle when involved in an accident shall be secured. If it is determined that the item is not hazardous and need not be secured, the driver will not allow the item to distract the driver's attention to the task of operating the vehicle.

6. Medical Emergencies - Upon becoming aware of a medical emergency aboard a vehicle, the driver will make every attempt to:

- a. Contact dispatch or administration and notify them of the situation, if possible. If not possible, the driver will make every attempt to telephone dispatch or administration from a cell phone or from the nearest safe haven location.
 - b. Dispatch or administration will immediately notify appropriate medical agencies.
 - c. Drivers should follow instructions from dispatch or administration, school officials, and parents/guardian when such information can be obtained quickly enough. If not available, follow emergency first aid procedures.
 - d. Only if necessary, the driver should move passengers only enough to get them out of danger of traffic or fire. If moved, the driver and aide are to keep them where placed until a medical agency arrives, unless a parent/guardian has taken charge of their child.
 - e. Drivers should try to keep student passengers as calm as possible.

 - c. Activate emergency flashers and place warning flares/reflectors in accordance with safety guidelines, if not in a secure area.
 - d. Drivers should try to keep student passengers as calm as possible.
 - e. Dispatch or administration will arrange for assistance and a relief vehicle if needed.
8. Procedures in the Event the Drop-off Location is Uncertain or Appears Unsafe to Leave Students - In the event the drop-off location is uncertain or appears unsafe to leave students, the driver will make every attempt to:
 - a. Contact or otherwise communicate with dispatch or administration to notify them of the situation, if possible.
 - b. Release children only if an adult responsible for the children is present. If not, keep children who are to be released in the vehicle, continue with the route, and return children who were to be released to the school.
 - c. Dispatch or administration will notify appropriate law enforcement agencies if appropriate given the circumstances.
9. Documentation Under Safe Pupil Transportation Plan - Each pupil transportation driver is required to complete and submit to the school administration a bus conduct report or incident report involving the pupil transportation vehicle operated by the driver or any pupils transported in it. Documentation is to include the occurrence of any of the following events: weapons, student behavior which affects safety, terroristic threats, severe weather, hazardous materials, or medical emergencies. Documentation of such events shall be completed and submitted as soon as practicable after the incident.
