

Principal's Report
June 13, 2022

We have started Summer School for grades 7th through 11th. We will begin Summer School for grades K-6th on Monday, June 13. I have attached the information regarding Summer School. I would like to propose a policy regarding Summer School for grades 7th through 11th regarding payment for the Online licenses for next year. I would like work with Mr. Drews before presenting it.

The summer meal program started slow at first but has picked up pretty quickly. Thanks to Theresa for her hard work. It's fun to go visit with the kids when they are eating.

As far as personnel, we are still looking for a science teacher (Physical Science) and a full-time counselor. In addition, we are not going to have an art teacher for the first semester as Miss Woosley will not complete her Student Teaching until after Thanksgiving Break. As soon as she is able to start, I would like for her to start with elementary classes and then add 7th-12th after Christmas. Finally, I will be working with Mr. Ellis to hire enough paraprofessionals for the grade school classes. Mrs. Breining and I have worked the schedule to cover the gaps in staffing. I have really appreciated her flexibility and knowledge to get this done.

We will have our Emergency Operations Planning Meeting on June 21 and 22. This will be a great opportunity to firm up our emergency procedures.

I have put together a staff listing for supervisory duties for our administrative team. I have shared this with Mr. Drews and Mr. Ellis. This is attached as well.

Cassie and I have been working on our Beginning of the Year Inservice schedule. It will be some busy days for our staff. I have attached the document. Thanks to Cassie for helping with this!
