

StudentsFoster Care Student Transportation

In accordance with federal and state law, the District's written transportation procedures for foster care children are as follows:

Students to be Transported

DHHS will contact the District to inform the District of a foster care student living in the District and/or to be educated by the District. The District will communicate with DHHS on any further matters concerning said foster care student(s).

School of Origin

The District will work to develop a transportation plan for each foster care student needing transportation to the student's school of origin, as defined and required by federal law. Each student's situation will be different, so there is no single transportation plan for every foster care student. Transportation options may include: (1) the foster care family; (2) a bus or school vehicle; (3) transportation to a pickup location; or (4) some other form of transportation in accordance with state and federal law. Foster care students on an IEP may require other considerations and/or different transportation obligations.

When required by law, the District will coordinate the foster care student's transportation to the school of origin while any disputes regarding transportation until the disputes are resolved.

Costs

If the student can be transported by the District without the District incurring any additional costs, then the District will normally transport the student. However, if the District will need to incur additional costs to transport the student, then DHHS will cover any such additional costs associated with the foster care student's transportation. If the District and DHHS are unable to agree on a transportation plan, the District and DHHS will work together to resolve any differences.

Oversight, Implementation, and Administration

The District's Homeless Liaison is responsible for overseeing these procedures, updating them as needed, and otherwise ensuring that the District complies with the transportation requirements for foster care students.
