Agenda Item #7 – City Administrator Green stated Chief Lager has been working long and hard to prepare the department for a national certification process that will establish national standards that are expected to be practiced in the department. The purpose of GALEA Accreditation Programs is to improve the delivery of public safety services, primarily by maintaining a body of standards, developed by public safety practitioners, covering a wide range of contemporary public safety initiatives, establishing and administering an accreditation process, and recognizing professional excellence. The goals are to strengthen crime prevention and control capabilities; formalize essential management procedures; establish fair and nondiscriminatory personnel practices; improve service delivery; solidify interagency cooperation and coordination; and increase community and staff confidence in the agency. CALEA will visit the department to verify they are performing the activities as outlined in the accreditation program. Green stated Lager has applied for a grant that will pay the upfront fees to start the process. The accreditation will take approximately 36 months to complete. The recertification process will happen every three to four years. Chief Lager stated this certification would be good for the department and officers would be trained accordingly. It will push the department to strive to be better and Blair will be the smallest agency in Nebraska trying to achieve this accreditation. Police and Fire Committee recommended moving forward with accepting the agreement. Council member Paulsen introduced Resolution No. 2025-34 approving agreement between the Blair Police Department and CALEA for accreditation for the Department to enhance their policies and procedures. Agenda Item #9 – City Administrator Green Phil reviewed the proposed development agreement with MRES Blair Crossing Holdings, LLC for subdivision and street improvements that will be made in the Blair Crossing Subdivision. The two large tax lots on the south side will have the potential to be assessed for improvements. The developer is overseeing all the contractors that will be used to develop this subdivision and public street improvements that are required to make the subdivision accessible to Highway 133 and Highway 30. The developer is working with the State of Nebraska Department of Transportation for highway access on both sides of the development. The estimated cost for these improvements is \$3.2 million. The developer will contribute \$800,000 towards street improvements. The city will be responsible for providing \$2.4 million which will be paid out of the remaining highway allocation funds. All funds the city is contributing could be assessed and returned to the city. Heather Carver, 3555 Farnam St., Ste 402, Omaha, NE, Attorney appeared on behalf of the developer to answer any questions and to confirm the developer is ready to move forward as soon as approval is received from the state. Agenda Item #10 – Director of Public Works Heaton presented a recommendation from the Parks, Recreation and Cemetery Advisory Board to increase the fees for the renting of the depot and park shelters. Heaton stated the recommendations are as follows: 1) Update Park Fees – A \$25.00 increase across the board for all depot and shelter reservation fees. This also sets a \$25.00 fee for shelters and a \$50.00 fee for the depot for non-profits. This is to cover staff time for inspecting the facility after each use and performing any necessary cleaning. The deposit of \$50.00 stays the same. 2) After-hours access to the Depot – This change clarifies how people can access the depot key if they fail to pick it up during office hours. Historically, park staff would meet someone at the depot and collect \$50.00. This change will state the depot deposit will be forfeited. 3) RV Park Stay Limit – This change will remove the stay limit from November 1 – April 1, no water will be available, and there are no discounted rates. Stays between April 1 and November 1 will be limited to 14 days; requests for extended stays will be at the discretion of the City Administrator. Council member Willis introduced Resolution 2025-36 amending the current rental schedule for park shelters and the Depot, amending the procedure for when the Depot key is not picked up during office hours and eliminating stay limits at the Hardy RV Park during the winter months. Council member Wolff introduced Ordinance 2571 to amend the Blair City Municipal Code, Appendix-Permit, License, and application fees adding park shelter rental fees, Hardy RV Park rental fees and cemetery fees.

**AN ORDINANCE TO AMEND THE BLAIR CITY MUNICIPAL CODE, APPENDIX—PERMIT, LICENSE, AND APPLICATION FEES ADDING THE PARK SHELTER RENTAL FEES, HARDY RV PARK RENTAL FEES, AND CEMETARY FEES; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH, PROVIDING WHEN THIS ORDINANCE SHALL BE IN FULL FORCE AND EFFECT AND PUBLISHED IN PAMPHLET FORM.**
