

StudentsGraduation

To participate in commencement exercises or receive a Scottsbluff Public Schools diploma a student must fully complete all requirements for graduation prior to the official commencement exercises, and complete other administrative requirements or conditions. Students who graduate from Scottsbluff High School must accumulate 270 credit hours.

Graduation requirements may be modified for students graduating from alternative programs. Such changes will be detailed in the appropriate handbook as approved by the Board of Education each year.

Graduation requirements for special education students will be in accordance with the prescribed course of study as described in their Individualized Education Program (IEP). Each student's IEP will include a statement of the projected date of graduation at least 18 months in advance of the projected date and the criteria to be used in determining whether graduation will occur. Prior to the special education student's graduation, the IEP team shall determine whether the graduation criteria have been met. With the approval of the IEP team, any student on an IEP may substitute a comparable course for an identified course that is specifically required for graduation.

The total graduation requirements must include:
