Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Ravenna Public Schools District No. 69, Ravenna, Nebraska, as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - cash basis of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Ravenna Public Schools District No. 69, Ravenna, Nebraska, as of August 31, 2017, and the respective changes in financial position - cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ravenna Public Schools District No. 69, Ravenna, Nebraska's basic financial statements. The supplementary information on pages 23 to 41 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information on pages 23 to 24 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information on pages 23 to 24 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The supplementary information included on pages 25 to 41, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of

that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies of the Ravenna Public Schools District No. 69, Ravenna, Nebraska (the District).

Reporting Entity

The Ravenna Public Schools District No. 69, Ravenna, Nebraska's Board of Education (the Board) is the basic level of government, which has financial accountability and control over all activities related to public school education in the District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since the District's board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

All significant activities and organizations on which the District exercises oversight responsibility have been included in the District's financial statements.

Discretely Presented Component Unit

The Ravenna Public School Foundation is a legally separate, tax-exempt component unit of the Ravenna Public Schools District No. 69, Ravenna, Nebraska. The Foundation acts primarily as a fundraising organization to fund scholarships to graduating seniors of Ravenna Public Schools District No. 69, Ravenna, Nebraska, and fund any special requests of the Foundation's benefactors. The Board of Directors of the Ravenna Public School Foundation is appointed by majority vote of the Board of Education of Ravenna Public Schools District No. 69, Ravenna, Nebraska. The Foundation's operations are not subject to approval or modification by any governmental entity except that the Board of Education of the Ravenna Public Schools District No. 69, Ravenna, Nebraska, shall have veto power to reject any property or funds offered by the Foundation. Because of these controls by the District, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

The Foundation does not issue separate financial statements.

Basic Financial Statements - Government-Wide Statements

The District utilizes the provisions of Statement No. 34 of the Government Accounting Standards Board, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Statement No. 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into the following components: restricted and unrestricted.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basic Financial Statements - Government-Wide Statements (Continued)

The statement of net position and statement of activities report information on the District as a whole. They include all funds of the District except for fiduciary funds. The effects of interfund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

Basic Financial Statements - Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements as applicable.

The financial transactions of the District are reported in individual funds in the fund financial statements. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, receipts, and disbursements.

Fund Types

The accounts of the District are organized on the basis of funds, which are grouped into the following fund types:

Governmental Fund Types

General Fund - The General Fund is the general operating fund of the District and accounts for all receipts and disbursements of the District not encompassed within other funds. It may finance all facets of services rendered by the District, inclusive of operation and maintenance. General fund receipts are classified according to source while its disbursements are classified according to specific functions. All property tax receipts and other receipts that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating disbursements and the new replacement capital outlay costs that are not paid through other funds are paid from the General Fund. General Fund disbursements are limited by the Tax Equity and Educational Opportunities Support Act.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Types (Continued)

Governmental Fund Types (Continued)

Depreciation Fund - The Depreciation Fund is established by a district in order to facilitate the eventual purchase of a costly capital outlay by reserving such monies from the General Fund. To allocate monies from the General Fund, a district will show the movement of monies as an expense from the General Fund and the Depreciation Fund will show the receipt as a transfer from the General Fund. The district may divide this fund into more than one account to allocate a portion of this fund for different valid purposes. The purpose of a Depreciation Fund is to spread replacement costs of capital outlays over a period of years in order to avoid a disproportionate tax effect in a single year to meet such an expense. This fund is restricted as part of the Allowable Reserve by the Tax Equity and Educational Opportunities Support Act. The Depreciation Fund is considered a component of the General Fund.

Employee Benefit Fund - The Employee Benefit Fund is established to specifically reserve General Fund money for the benefit of the District employees. The District accounts for the allocation of funds from the General Fund to this fund as a disbursement in the General Fund and the receipt as a "transfer from the General Fund" in the Employee Benefit Fund. This fund may consist of more than one account for valid allocation purposes. The cash reserve of this fund is restricted as part of the Allowable Reserve by the Tax Equity and Educational Opportunities Support Act. The Employee Benefit Fund is considered a component of the General Fund.

School Nutrition Fund - The School Nutrition Fund is used to accommodate the financial activities of the Child Nutrition Programs. These include the School Lunch, School Breakfast, After School Snack, Special Milk, Child and Adult Care Food, and the Summer Food Service Programs. The fund accounts for all receipts and disbursements of all Child Nutrition Programs. Receipts in this fund include the federal and state program cost reimbursements received by the District and General Fund support of the lunch program. All food purchases and other supplies are accounted for as disbursements of the School Nutrition Fund; accordingly, no inventories are maintained in this fund.

Bond Fund - The Bond Fund is used to record tax receipts and disbursements for bond principal and interest payments. Receipts from a levy to retire bonds in the District are retained in a separate fund by the county treasurer, the financial institution serving as a fiscal agent, or the District. Funds are disbursed upon appropriate demand. All records of the transaction are maintained in this fund. Proceeds from bond issuance are deposited and recorded as a receipt in the Special Building Fund. The General Fund is used to make interest and bond retirement payments if the Bond Fund balance is not sufficient to meet these requirements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Types (Continued)

Governmental Fund Types (Continued)

Special Building Fund - The Special Building Fund is established for acquiring or improving sites and buildings, including the construction, alteration, or improvement of buildings. The primary sources of receipts for the Special Building Fund include the sale of bonds, the sale of property, and tax receipts. Regardless of the source, all receipts for this purpose are accountable in through this fund. General Fund disbursements for the purpose of this fund are not allowable. The Board of Education may approve a budget with a levy limitation of \$0.14 per one hundred dollars of valuation, or a tax levy not to exceed \$0.175 per one hundred dollars of valuation may be established for this fund by a vote of the people within the District for a term not to exceed ten years.

Qualified Capital Purpose Undertaking Fund - The Qualified Capital Purpose Undertaking Fund (QCPUF) is established for a specific abatement project to address an actual or potential environmental hazard, accessibility barrier, life safety code violation, life safety hazard, or mold which exists within one or more existing school buildings or the school grounds of existing school buildings controlled by the District. Such determination shall not include abatement projects related to the acquisition of new property, the construction of a new building, the expansion of an existing building, or the remodeling of an existing building for purposes other than the abatement of environmental hazards, accessibility barriers, life safety code violations, life safety hazards, or mold. The period of years for such levy shall not exceed ten years and the levy for such project when combined with all other levies pursuant to Sections 79-10, 110.02 and 79-10, 110 R.R.S. shall not exceed \$0.03 per one hundred dollars of taxable valuation. General Fund expenditures for the purpose of these funds are not allowable.

Fiduciary Fund Types

Activities Fund - The Activities Fund is used to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not part of another fund.

Cafeteria Fund - The Cafeteria Fund was established to facilitate the funding and operation of the District's cafeteria plan which is an Internal Revenue Code Section 125 plan used by employees to fund medical and dependent care reimbursements on a pretax basis.

Private Purpose Trust Funds - These funds are used to account for funds held by the District in a trustee capacity. The District's trust funds consist of various scholarship funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Types (Continued)

Major Funds

The District reports all governmental funds as major funds. The General Fund and its components are considered one fund for reporting purposes.

Basis of Accounting

The District prepares its financial statements on the cash basis, which is in conformity with the accounting practices prescribed or permitted by the State of Nebraska Department of Education; consequently, these statements represent a summary of the cash activity of the various funds of the District and do not include certain transactions that would be included if the District prepared its financial statements in accordance with accounting principles generally accepted in the United States of America, as applicable to governmental units.

Under the cash basis, receipts are recognized when collected rather than when earned and expenses are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America, as applicable to governmental units.

Taxes and other receipts collected by the county treasurers are included in receipts of the District in the year collected by the counties, and the District funds held by the county treasurers at year-end are included as assets of the District. This is in accordance with the requirements of the State of Nebraska Department of Education.

Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements, and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

Compensated Absences

Vacation and sick leave are recorded when paid. Management believes the amounts attributable to accumulated annual leave will not have a material financial impact on the accompanying financial statements. There was no liability for accrued vacation at August 31, 2017, as all vacation earned during the year must be used by August 31 with no carryover. Vacation and sick leave are accumulated as follows:

Certified Staff

Vacation is earned at the rate of two weeks per year after one year of employment. Vacation is not cumulative. Sick leave is cumulative at the rate of 10 days per year up to a maximum of 40 days per year but is not payable upon termination.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences (Continued)

Noncertified Full-Time Staff

Vacation is earned at the rate of two weeks per year after one year of employment. After 10 or more years of employment, an employee accrues vacation at the rate of three weeks per year. Vacation is not cumulative. Sick leave is cumulative at the rate of 6 days per year up to a maximum of 30 days but is not payable upon termination. Personal leave with pay is granted to employees at a maximum of two days per year and may not be accumulated.

Custodial, maintenance, and bus driver personnel with more than 20 years of employment will be granted a four-week vacation.

Long-Term Obligations

Long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of net assets with constraints placed on the use either by external groups, such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provision or enabling legislation.

Unrestricted net position consists of net assets that do not meet the definition of restricted.

It is the District's policy to use restricted net assets first, prior to the use of unrestricted net assets, when a disbursement is paid for purposes in which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable

This classification includes amounts that cannot be spent because they either (a) are not in spendable form or (b) are legally or contractually required to be maintained intact. The District currently has no amounts classified in this category.

Restricted

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District currently has no amounts classified in this category.

Assigned

This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board delegating this responsibility to the District administrator through the budgetary process.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification (Continued)

Unassigned

This classification includes the residual fund balance for the General Fund.

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Interfund Balances and Activities

In the process of aggregating the financial information of the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Budget Process and Property Taxes

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total expenditures for each fund may not exceed the total budgeted expenditures. The General Fund is also subject to a total non-special education expenditure limit. Appropriations for expenditures lapse at year-end. Any revisions to the adopted budget of total expenditures to any fund require a public hearing.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of January 1. Taxes are due as of that date. One-half of the real estate taxes due January 1 become delinquent after the following May 1, with the second one-half becoming delinquent after September 1.

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. CASH AND CERTIFICATES OF DEPOSIT

For the following disclosures, deposits - including checking accounts, savings accounts, and money market accounts - are all classified as cash on the financial statements. Certificates of deposit are shown separately or in combination with cash on the financial statements.

The District's cash and certificates of deposit are reported as follows:

Governmental activities	2,914,591
The carrying value (fair value) of the cash and certificates of deposit consisted of the following:	
Demand deposits Certificates of deposits Total cash and investments	2,758,853 155,738 2,914,591
Maturities of certificates of deposits are as follows:	
One year	155,738

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of August 31, 2017, all of the District's deposits with financial institutions were fully insured or collateralized by securities held in the District's name in the form of joint safekeeping receipts. State law requires all funds in depositories to be fully insured or collateralized, and the District's policy is to require depositories to provide pledged securities to cover deposits in excess of FDIC limits.

Investments

Nebraska statutes allow the District to make any investment allowed by the State Investment Officer. This includes bank certificates of deposit.

As defined by Governmental Accounting Standards Board Statement No. 3, the District had no investments as of August 31, 2017.

NOTE 3. RETIREMENT PLAN

Plan Description

The Ravenna Public Schools District No. 69 contributes to the Nebraska School Employees Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. All permanent employees working at least 20 hours per week on an on-going, regular basis, or with a full-time contract are covered members.

NOTE 3. RETIREMENT PLAN (Continued)

Benefits Provided

Normal retirement is at age 65. The monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent.

Contributions

Contribution provisions are established by State law and may be amended only by the Nebraska legislature. The State contribution is considered a nonemployer contribution since school employees are not employees of the State. The contribution rates (as a percentage of covered payroll for the year) were as follows:

- Members (employees): Each member contributed 9.78% of monthly salary.
- School District: The School District contributed 101% of the member contributions.
- State: The State contributed 2% of estimated payroll for the plan year.

The District's contribution to the Plan for its year ended August 31, 2017, was \$325,195.

NOTE 3. RETIREMENT PLAN (Continued)

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing the NPERS, P.O. Box 94816, Lincoln, NE 68509-4816, by calling 1.800.245.5712 or via the internet at http://www.auditors.nebraska.gov/APA_Reports.

NOTE 4. RISK MANAGEMENT

The District has joined together with other districts in the state to form the Nebraska Association of School Board's (NASB's) Workers' Compensation Pool, a public entity risk pool. The District pays an annual premium to the NASB pool for its workers' compensation insurance coverage. The pool self-insures the first \$200,000 of risk for job-related injury or disease and then purchases commercial insurance to cover claims in excess of this amount. The pool is allowed to assess participating districts additional premiums should benefit payments exceed funds available.

The District continues to carry commercial insurance for all other risks of loss including general liability, property, and employee health and accident.

NOTE 5. LONG-TERM DEBT

In April 2010, the District issued Limited Tax Obligation Build America Bonds in the Qualified Capital Purpose Undertaking Fund in the amount of \$530,000, with interest rates of 1.40% to 4.80% with a final maturity date of December 1, 2017. The proceeds of the bonds were used to finance the renovation of the District's learning center. By issuing Build America Bonds, the District agreed that more than 75% of the proceeds of the bonds would be used for construction. In return, the federal government agreed to pay 35% of the District's annual interest costs.

In September 2014, the District issued Limited Tax Obligation Bonds in the Qualified Capital Purpose Undertaking Fund in the amount of \$435,000, with interest rates of 0.45% to 1.85% with a final maturity date of December 1, 2021. The proceeds of the bonds were used to finance the indoor air quality projects.

Changes to long-term debt for the year ended August 31, 2017, are as follows:

Long-term debt outstanding, September 1, 2016	575,340
Payments of current maturities	(135,340)

NOTE 7. FEDERAL AWARD PROGRAMS

The District receives funds under various federal grant programs, and such assistance is to be expended in accordance with the provisions of the various grants. Compliance with the grants is subject to audit by various government agencies, which may impose sanctions in the event of noncompliance. Management believes that they have complied with all aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would not have any material financial impact.

NOTE 8. INTERFUND TRANSFERS AND COMMITMENTS OF FUND BALANCES (RESERVES)

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Ravenna Public Schools District No. 69 Ravenna, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Ravenna Public Schools District No. 69, Ravenna, Nebraska, as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise Ravenna Public Schools District No. 69, Ravenna, Nebraska's basic financial statements, and have issued our report thereon dated October 23, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ravenna Public Schools District No. 69, Ravenna, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ravenna Public Schools District No. 69, Ravenna, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of Ravenna Public Schools District No. 69, Ravenna, Nebraska's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, that we consider to be significant deficiencies as items 2017-001 and 2017-002.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ravenna Public Schools District No. 69, Ravenna, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under Government Auditing Standards.

Ravenna Public Schools District No. 69, Ravenna, Nebraska's Response to Findings

Ravenna Public Schools District No. 69, Ravenna, Nebraska's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Ravenna Public Schools District No. 69, Ravenna, Nebraska's responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RAVENNA PUBLIC SCHOOLS DISTRICT NO. 69 RAVENNA, NEBRASKA SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED AUGUST 31, 2017

2017-001 SEGREGATION OF DUTIES

Criteria

Internal controls should be in place to ensure proper segregation of duties.

Condition

The District has a limited number of personnel involved in the accounting function, thus limiting its internal control procedures. The District has implemented some mitigating controls, and the present system seems to be operating as understood by all parties involved.

Cause

The District has a limited number of personnel involved in the accounting functions.

Potential Effect

Inadequate segregation of duties could lead to the misappropriation of assets or improper reporting.

Recommendation

We recommend that the District continue to monitor and evaluate its internal controls with the use of limited personnel and to provide as much segregation of duties as determined to be feasible within its operations.

District's Response

The cost to the District for additional staff to segregate accounting functions would be prohibitive. Measures have been put in place to segregate as many duties as possible.

2017-002 ESTABLISH INTERNAL CONTROL OVER FINANCIAL STATEMENT PREPARATION AND REVIEW

Criteria

As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with the cash basis of accounting.

RAVENNA PUBLIC SCHOOLS DISTRICT NO. 69 RAVENNA, NEBRASKA SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED AUGUST 31, 2017

2017-002 ESTABLISH INTERNAL CONTROL OVER FINANCIAL STATEMENT PREPARATION AND REVIEW (Continued)

Condition

Management is responsible for establishing and maintaining internal control and for the fair presentation of the financial statements, supplementary information, and disclosures in the financial statements in conformity with the cash basis of accounting. The District does not have a system of internal control that would provide management with reasonable assurance that the District financial statements and related disclosures are complete and presented in accordance with the cash basis of accounting. As such, management requested us to compile the trial balance from the general ledger and prepare a draft of the financial statements, including the related note disclosures.

Cause

Management does not prepare the financial statements in accordance with the cash basis of accounting.

Potential Effect

The potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the District's internal control.

Recommendation

We recommend that the District review and approve the proposed auditor adjusting entries and the adequacy of financial statement disclosures prepared by the auditors and apply analytic procedures to the draft financial statements, among other procedures as considered necessary by management.

District's Response

The District relies on the auditor to propose adjustments necessary to prepare the financial statements, including the related note disclosures. The District reviews such financial statements and approves all adjustments.

RAVENNA PUBLIC SCHOOLS DISTRICT NO. 69 RAVENNA, NEBRASKA SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED AUGUST 31, 2017

2016-001 SEGREGATION OF DUTIES

The District had a limited number of personnel involved in the accounting function, thus limiting its internal control procedures. The District implemented some mitigating controls in certain areas. We recommended that the District continue to monitor and evaluate its internal controls with the use of limited personnel to provide as much segregation of duties as feasible. This is a continuing finding, as noted in the schedule of findings and responses as item 2017-001, and is considered to be a significant deficiency for the year ended August 31, 2017.

2016-002 ESTABLISH INTERNAL CONTROL OVER FINANCIAL STATEMENT PREPARATION AND REVIEW

Management did not possess the ability to prepare financial statements in accordance with the cash basis of accounting. The preparation of financial statements under this basis of accounting requires that management possess the ability to properly record and classify transactions in a general ledger, reconcile all accounts, measure and record needed adjustments to the accounts, and prepare the financial statements and related disclosures without the assistance from the auditors. We recommended that the District review and approve the proposed auditor adjusting entries and the adequacy of financial statement disclosures prepared by the auditors and apply analytic procedures to the draft financial statements, among other procedures as considered necessary by management. This is a continuing finding, as noted in the schedule of findings and responses as item 2017-002, and is considered to be a significant deficiency for the year ended August 31, 2017.

2016-003 BOND FUND BUDGET

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total expenditures for each fund may not exceed the total budgeted expenditures. The District had expenditures in the Bond Fund of \$197,754, which exceeded the authorized budgeted amount of \$180,276. Management did not review actual disbursements spent versus the budgeted amounts and take action to amend the budget. The District was not in compliance with budgetary regulations.

We recommended that management amend the budget document when funds are expended in excess of the appropriated disbursements for that fund prior to year-end. The District will compare and review budgeted receipts and disbursements and amend the budget document in future years, if required.
