Crete, NE 68333-0086

Re: National Functional Classification System Review

Dear Ms. Tellez;

The Adjusted Urban Area Boundary (UAB) for the City of Crete has been approved by the Federal Highway Administration (FHWA), Nebraska Division. Nebraska Department of Transportation (NDOT) is now able to review the National Functional Classification (NFC) System that follows the release of the 2020 United States Census information and the establishment of the UAB.

We are asking for your assistance in the task of updating the NFC Routes within the Crete UAB as well as Saline County, Nebraska. Please coordinate your review of the NFC System with County Officials, in agreement with the current 2020 Census data.

I have enclosed a copy of the latest Crete NFC Urban Area Map for review by the Crete City Council. If the City Council concurs that the NFC System is correct, please have a designated representative sign the signature block and return the map in the enclosed envelope.

However, if there are any changes, please do the following:

1. Describe what the change is and where it is located.
2. If applicable, submit supporting documentation that supports your perspective.
3. Sign the signature block and return the map in the enclosed envelope.

Once NDOT concurs with any revisions to the NFC System, the revisions will be forwarded to FHWA for their review and approval.

In order to accomplish the review in a timely manner, please return the signed map by August 29, 2025.

If you need any further assistance, please contact me at (402) 479-3889 or dana.hartung@nebraska.gov.

Sincerely,

Dana Hartung
Classifications & Cartography Unit Supervisor
GIS Section, Business Technology Support Division
