3.A. Provide a recommendation to the City Council on entering into open contracts with SEI for electronic door lock systems at the Library.

City Administrator Tom Ourada suggested installing the same electronic door lock systems that were installed on the main Library doors and the Fire Station on one of the doors to the Crete Carrier Community Room at the Library and the south main entrance to City Hall. The contractor, SEI, was the low bid for the first installations, therefore staff recommends using them on the additional installations.
