

CENTRAL COMMUNITY COLLEGE

DAWSON CHILLER REPLACEMENT

HASTINGS CAMPUS

The project consists of providing and installing hydronic pumps, mechanical equipment, mechanical piping, mechanical accessories and electrical equipment and system support as well as installation of the pre-purchased chiller at the Dawson building on the Hastings campus.

The college received three bids for this project. They are as follows:

Grunwald Mechanical contractors Omaha, NE	\$317,464.00
Johnson Controls Omaha, NE	\$367,750.00
Rutt's Heating and Air Hastings, NE	\$467,660.00

The amount of \$335,000.00 is budgeted for this project as part of FY 24-25 capital improvement.

The College President recommends acceptance of the low acceptable bid from Grunwald Mechanical contractors of Omaha to provide all labor and material to replace the Dawson chiller on the Hastings campus.
