Arapahoe-Holbrook Public Schools
610 Walnut St.
Arapahoe, NE 68922

Please see details below for a breakdown of work. The cost is the same as last year. Also, there is no additional charge for additional weed control or fertilizer necessary to properly maintain any turfgrass area. We overseeded the game field last fall and need to overseed the practice field this spring, no additional cost. Also, you can add the lawn surrounding the school and outdoor classroom for \$3321. I also have costs for aeration below. If there are any questions, please email, text, or call me anytime.

Thank you,
Kenton Peterson

Football Game Field

Spring x2/Fall x2 Fertilizer, Insecticide, Pre-emergence Herbicide, Post-emergence Herbicide, Fungicide x2, Humic Acid, and Microbial Feed

Practice Field Area

Spring x2/Fall x2 Fertilizer, Insecticide, Pre-emergence Herbicide, Post-emergence Herbicide, Humic Acid, and Microbial Feed
