School Board Members and all concerned:

Thank you very much for the use of the beds. We appreciate them as well as the young men who delivered and returned them to the old Coast to Coast building - It is a wonderful service!

We and I are moving to an Assisted Living facility in Fairbury NE in order to be nearer our daughters - we will miss the Arapahoe Community very much after living here for 50 years.

Thank you for being good neighbors all those years.

We and Shirley Smith
