

CENTRAL COMMUNITY COLLEGE

DORM WIRELESS REFRESH

HASTINGS & COLUMBUS CAMPUSES DORMS

This project is to replace existing aged wireless access points in the Hastings and Columbus dorm locations and establish a data center VMware solution. These (110) devices provide wireless internet access to both employee and student devices. The dorms are our highest demand and usage areas and has a high impact on the quality of IT services to CCC students. The average student brings (5) wireless devices with them to College. The purchase is for hardware only.

Cisco - Sirius Computer Solutions, Inc. Omaha, NE	\$124,806.10
VMware – Riverside Technologies, Inc. Omaha, NE (Sole Bid)	\$241,045.00

The amount of \$365,851.10 will be funded through CRRSAA (Covid relief funds).

The College President recommends acceptance of these bids for \$124,806.10 to refresh (110) wireless devices in the Hastings and Columbus dorm locations and the bid from Riverside Technologies, Inc. of Omaha for \$241,045.00 to provide networking services on the Grand Island and Columbus Datacenters.
