

ENTRANCE - ADMISSIONS

Children in the school district community will be allowed to enroll in the school district's regular education program beginning at age five. The child must be age five on or prior to July 31 to participate in the school district's kindergarten program or beginner grade, or be admitted under exceptions provided by state statute.

The board shall require evidence of age and residency in the form of a birth certificate or other evidence before the student may enroll in the school district's education program. It shall be within the discretion of the superintendent to determine what is satisfactory evidence for proof of age.

Prior to enrollment, the child must provide the administration with proof of a physical examination and immunizations as required by law and the respective policies of this district. Failure to provide this information shall be reason for denying admission to the student under statute 79-217.

Preschool Enrollment

The district will develop and make available its guidelines for families wishing to enroll a child in the district's preschool program. If applications exceed the program's enrollment capacity, students will be admitted into the program according to the following priority:

1. Any students required by law to participate or required to be given a preference in the program.
2. Resident students who will become eligible to attend the kindergarten grade in the following year.
3. Resident students who are not otherwise yet eligible to enroll in kindergarten.
4. Non-resident students who are not yet eligible to enroll in kindergarten.
5. Resident students who will be required to attend kindergarten in the following year.
