

## PROPOSED SYSTEM: PRO TRACK 2000

### LATEX RUBBER 3/16" TOP COAT.

Pro Track and Tennis, Inc. proposes to install the following per the following specifications:

1. Install a Latex Rubber 3/16" top coat system to the existing latex running track, runways and high jump pad.
2. The 3/16" topcoat is the installation of two coats of rubber and a final lockdown coat of latex.
3. All cracks will be sealed with a rubberized crack sealant.
4. **OPTION #1: Armor Crack Repair System-5 yr. Warranty-87 L.F.**

#### SPECIAL NOTE:

Lance Laurent of Pro Track and Tennis, Inc. has designed, manufactured and patented a very unique piece of equipment for installing latex track systems. The machine is made up of a synchronized drop spreader with a latex holding tank and a mechanical spray system. The machine takes all the guesswork out of building a high quality latex track system. The machine systematically, with a clutch drive, drops the exact amount of rubber while simultaneously sprays with liquid latex. The system creates a wet lamination effect that completely eliminates dry spots in the system. Hand raking dry rubber or dropping dry rubber out of a hand pushed fertilizer spreader followed by spraying with latex creates a risk of system failure due to dry spots. Dry spots are similar to pouring water into a bowl of flour. The water does not soak through and does not completely penetrate the flour. The same thing happens with spraying over rubber dust. The patented Pro Track and Tennis, Inc. equipment eliminates this risk and allows for a 100% encapsulated seamless system. Please see attached literature.

## ACCEPTANCE OF PROPOSAL

This proposal is valid for 60 days from March 30, 2016.

Pro Track and Tennis, Inc. proposes to furnish labor and material and equipment complete in accordance with the specifications in this proposal for the sum of:

*Please initial the appropriate boxes below to designate acceptance of the following options.*

<input type="checkbox"/>	<b>Base Bid:</b>		
	<b>Latex Top Coat: 2 coats of rubber with lines and events</b>		<b>\$63,113.00</b>
		<small>Sixty-three thousand, one hundred thirteen dollars</small>	
<input type="checkbox"/>	<b>Option #1: Add to Base Bid</b>		
	<b>Armor Crack Repair System-5 yr. Warranty- 87 L.F.</b>		<b>\$1,740.00</b>
		<small>One thousand, seven hundred forty dollars</small>	

**Payment to be made as follows:**

*A 33% down payment is due upon acceptance of proposal. Another 33% is due when project is 50% complete. The remainder is due the day the job is complete and accepted by the owner. The striping may be done at a later date and \$4500.00 may be withheld and paid on the day the striping is done. Any applicable taxes will be added to the total cost.*

**Acceptance:**

*The above price, specifications and conditions found in this proposal are satisfactory and are hereby accepted. Pro Track and Tennis, Inc. is authorized to do the work as specified. Payment will be made as outlined.*
