Fall Sports Come to a Close

We had a successful fall sports season. In girls golf we had multiple girls place in six tournaments in the 2016 season. In cross country we had a young team that continued to improve week by week, lead by Noah Kubat qualifying for state as a freshman. The football team ended the year with a 10-1 record and broke several season records. Including setting a school record for wins in a season. Volleyball had a great year and finished up as district runner up in C1-5 with a record of 23-7. In softball we finished with a record of 17-15 and were the C1-1 district runner up. I would also like to thank our staff, students, and fellow administrators for their help running all five sports during the fall sports season. Special thanks to Mr. Reed and his staff for all their help in keeping the facilities in great shape throughout the season. It is truly a school wide effort to make these events successful.

Veterans Day

On November 11th Veterans Day we hosted our program to honor our local veterans and their families. Mr. Barry Jurgensen has been the point man for this program for the second year. He has done a quality job working with all community state holders to make this event possible and publicize the program to our community. We are honored to host our local veterans and excited to use this program as an educational experience for our K-12 students.
