# Elementary Administrator Report

## → Book-It

- ◆ 90% of elementary students met their Book-It Reading goal for January!!

## → PBiS

- ◆ Elementary teachers and staff gave 394 PAWS out in January
- ◆ That is an average of 11 PAWS per staff member - There were 16 days school days in January
- ◆ We are working to improve our positive to negative output!

## → Change Wars:

- ◆ In 2023 elementary students donated \$2,273.32 top classes Mrs. Kubik's kindergarten, AM Preschool, and Mrs. Patterson's 3rd grade
- ◆ In 2022 elementary students donated \$2,213.98 top classes Mrs. Bobolz' 2nd grade, Mrs. Lorentzen's 5th grade, Mrs. Schutt's 4th grade

## → Parent/Teacher Conferences

- ◆ 93% for elementary as a whole
  - Preschool - 94%
  - Kindergarten - 100%
  - 1st Grade - 93%
  - 2nd Grade - 96%
  - 3rd Grade - 83%
  - 4th Grade - 97%
  - 5th Grade - 90%

## → Grading Committee

- ◆ On January 16th, Brooke Kavan and Laura Plas from ESU met with teachers to discuss grading changes that were implemented this year
- ◆ Elementary concerns
  - Having some issues, across the board, with students who are gone an extended amount of time. Not sure what we can assign when a student has been gone because of this policy.
  - Struggling a little bit at the elementary level with time. Not sure when we are supposed to have time to allow retakes. We don't have an ICU process, so there is no time set aside for this.
  - No consistency at the ES between teachers.
  - Last year, gave no lower than a 70%. This year, we are giving them the actual grade of what they know or understand. Issue is—students that are scoring REALLY low and it's hard for them to come back from.
  - Elem math - not on the same page with what we are grading. All of us do it differently. Some giving grades for homework done in class...some workbook pages done in class...some just tests... We need to be on the same page.
- ◆ Elementary highlights
  - At the elementary level, has really allowed us to focus on more specific skills. Like the fact that opportunities exist for kids to be reassessed.
  - Report cards: Adding comments to report cards was an expectation for the first semester. Provided some suggestions about what to say if you're not sure what to say. (Another person: "As a parent, I really enjoyed that.")

# SUPERINTENDENT REPORT

FEBRUARY 13TH, 2023

Your business and results are a reflection of you. Your business and results will grow in direct proportion to your own growth.

James Arthur Ray

## Reflection and Growth

"Your business and results are a reflection of you. Your business and results will grow in direct proportion to your own growth." - James Arthur Ray

This one hit close this month as I continue to reflect on what I am doing well, what I am not and what I can continue to do to grow. I reflect that I can communicate with others, both good and bad things while also keeping the vision of the school in the forefront as we move forward. I reflect that I can be a better principal for the MS/HS staff and also a better leader for our elementary administrator. These are things that have slipped but I am determined to make up that ground as we hit the middle of February.

Reflecting helps me grow and continue to improve my craft. As I do so, I ask our students, staff and district to reflect and see what we can do better and how to be better. We are making great strides but we need to see how far we have come as well.

Goals for the middle of the 3rd quarter:

1. Coming closer together as a staff and as a student body
2. Taking the surveys and being proactive with them
3. Promote the great that we are doing within our walls

We still don't have a quote from Diode Tech. They are behind right now but hope to have one to us in the next couple of weeks.

I am working on rfp's for category 2 erate. Due to supply shortages I have included some brands of devices I don't normally ask for. I did category 2 for this year but didn't get anything due to supply issues.

## Fall 2022 School Improvement Survey Highlights

Overall, the majority of responses from all three groups were very positive. We noted any items with a combined total of 3 or more disagree and strongly disagree responses as worthy of attention.

### Parents (86 responses - higher than our 2 previous cycles)

2 items showing the most concern for parents were:

- My teacher helps me support learning at home
- Teacher prepares students for future work

### 3-5 Students

2 items showing the most concern for students were:

- I have choices in what I learn.
- Other students treat me with respect

### 6-12 Students

3 items showing the most concern for students were:

- I have fun learning
- I have choices in my learning
- Other students treat me with respect

### Staff (certified and classified combined)

items showing the most concern for staff were:

- teacher preparation to work with ELL and SPED students
- ratings of the morale of teachers, students, support staff, and administrators

(morale - see below)

I feel morale is high on the part of:

The school library's book fair was a tremendous success! We distributed books to 66 students to establish their home libraries, spending \$755 to accomplish this goal. We also fulfilled teacher wishlists for their classroom libraries, providing 136 books at a cost of over \$1500. School personnel and board members received a 15% discount, resulting in a total discount of \$296. The school library obtained nearly \$735 in Scholastic rewards books, accessible to all library users.

The book fair generated gross sales of \$4916.40, including funds for students, classroom libraries, and the school library. Our Scholastic partners were impressed by our exceptional performance, noting that they have not seen such high sales from any other tabletop fair this school year. We have approximately \$1000 remaining in Scholastic reward dollars, which we plan to use to acquire additional resources.

In previous years, our Scholastic rewards have allowed us to purchase early chapter book bins, spinning leveled reader units, and library-bound copies of popular series. We have also invested in a machine to re-bind books that have been damaged, allowing us to extend their usefulness. Thank you for supporting the SRC Husky Library!

Attachment: Photo of the teacher wishlist books purchased.

If I stacked everything on top of each other, that stack would be about 61 inches high!

# Elementary Administrator Report

## → Summer School

- ◆ I will be discussing summer school with teachers tomorrow.
- ◆ We will be looking at purchasing a formal summer school curriculum for reading this year - and using Bridges (our math intervention curriculum)
- ◆ We are looking at three weeks in June - Summer School to be held M-TH, planning days for teachers on Friday.

## → IXL

- ◆ Elementary students have mastered 1,835 additional skills in the past month!
- ◆ Elementary students are proficient in 2,614 additional skills!
- ◆ Elementary students have practiced a total of 4,888 skills over the past month!

## → Triad Information

- ◆ Principals and ESU7 will be back in the building Monday, March 27th to look into data, walk through classrooms, debrief, and problem solve with me.
- ◆ The problem statement that we will be looking at is: ***K-3 students who start and end the year with an IRIP are not meeting grade level proficiency by the end of the year (as identified by MAP and Acadience Assessments)***

## → Interventions/Extensions

- ◆ 41 students are currently receiving math **interventions** from MeLinda
  - These interventions are broken into 14 groups
  - Each group meets once a week and is pulled from a NON CORE subject
- ◆ 24 students are receiving STEAM **extensions**
  - These extensions are based on grade levels and are pulled from their MATH CORE
- ◆ 23 students are receiving HAL **extensions**
  - These extensions are based on grade levels and are pulled from their READING CORE
- ◆ 30+ students are pulled for Title I interventions with Kelly
  - These interventions take place during small group reading
  - These are considered Tier II interventions
  - As a School Wide Title School - we are able to serve all students (other than SPED students) in our Title I classrooms

## → Title I Family Movie Night

- ◆ We have joined with the S-RC Public Library to host a Family Movie Night on Friday!

LAST FEW MILES  
OF A MARATHON,  
IT'S TIME TO DIG  
DEEP AND GIVE IT  
ALL YOU'VE GOT.  
FINISH THE YEAR  
STRONG.**

SPIRITUAL INSPIRATION

## How do you want to finish?

"Like a runner finishing the last few miles of a marathon, it's time to dig deep and give it all you've got. Finish the year strong." - Unknown

Running sucks but it is good for you (so I am told). We have been having a great year but of course there is ups and downs as we continue to run our race. In the end, we have to look inside of ourselves and ask what we want to accomplish. Looking forward to seeing how our students and staff continue to push forward and

what we can do together. It is going to be a great challenge but I feel we are up for it!

Goals for the start of the 4th quarter:

1. How can we close better than we started?
2. State Assessments around the corner, how to push motivation?
3. How to continue to improve and grow in our profession?

## NDE Update

- *State Board.*
  - March State Board Meeting - The State Board of Education met on March 2 and 3, 2023 in Lincoln. A full recap of their meeting can be found [here](#). Briefly, the State Board considered the following:
    - ESSER Impacts - NDE staff shared an update on the evaluation of statewide investments of ESSER funds as we near the two-year anniversary of the American Rescue Plan. Resources on ESSER can be found here: <https://www.education.ne.gov/esser/>
    - Updates to Rules 10 and 14 - The Board approved changes to these rules to clarify and update language in compliance with recent legislation,
    - Repeal of Rule 23 - This regulation pertains to the basic skills competency requirement. The Board unanimously approved the repeal of this rule, which will now

go to Governor Pillen for his signature and approval.

- Legislative Positions - The State Board adopted several positions on pending legislation. More information can be found [here](#).
- Commissioner Search - Applications for commissioner closed on March 2. Next steps include:
  - The Ad Hoc Search Committee of the State Board will meet during the week of March 6-10 to discuss the commissioner candidate schedule, and on March 14th to review applications to identify finalists to be interviewed.
  - Finalists will be interviewed at the end of March.
  - Information on the search process is on the NDE website [here](#).
- NRCSA State Conference - Members of the State Board will be in Kearney at the NRCSA conference on March 23rd to engage in a listening session.

*Department Updates:*

I have been working on erate category 2 for some replacement switches and access points along with some battery backups. The rfp's are do by the end of the month and am hoping that equipment will be available this summer to we actually get what I am hoping to have. The tech area for some companies is still running behind as far as production.

I have included a quote for Classlink. ClassLink is a single sign-on solution that gives students access to everything they need to learn, anywhere, with just one password. It solves the problem of too many passwords and too many files scattered about. It provides OneClick single sign-on into web and applications, and instant access to files at school and in the cloud. It will organize all of the different applications that we have into one login. There are 2 different quotes included. The first one is a one time set up cost, that would need to be approved and paid now so we can start getting that part done. The second is the yearly cost which could be approved in June or July before school starts. The setup cost is \$1495.00 and the yearly cost is \$2295.50. With the number of online applications we are using and seem to be adding every year, this would make a quick, efficient way to get kids in all grades into those applications.

I am also proposing a different way to do comptuers for the High School. Starting with this coming years Freshman, we would purchase a new computer for each of them that they would keep for 4 years and then have the option to buy the device after they graduate. The device I am looking at would be a 360° flip design chromebook, so you can fold it over on itself, it will also be touchscreen. The cost per device would be between 330 to 380 depending on a couple of options. The cost would be at most about \$19000.00. We would use reap money to cover the cost of the devices.

## COMPULSORY ATTENDANCE

Any child who will reach six years of age prior to January 1 of the current year and who has not reached eighteen years of age shall meet the requirements of mandatory school attendance. Any such child shall attend the academic program on a regular basis, unless a written request to drop the child from the school rolls is made by the parent, guardian or other person having charge, control or custody of the child.

Any child of mandatory attendance age must by law regularly attend a public, private, denominational, parochial school or a combination of such schools not less than the entire school term of the school(s) which the child attends. This does not apply to a child who has obtained a high school diploma or received a General Equivalency Diploma, completed the program of instruction offered by a non-accredited or non-approved school, has reached the age of 18, or who is at least 16 years old and whose parent or guardian has withdrawn the child from school in the manner prescribed by state statute.

Excusal from the "full-time" requirement of the compulsory education law can be granted by the superintendent for a child between 14 and 16 years of age having completed the work of the eighth grade when legal employment due to necessity has been obtained by the student and such a request has been made by a parent/guardian.

### **Withdrawal To Age 6**

The parent/guardian of any child who will not reach six years of age prior to January 1 of the current school year and who is enrolled, may discontinue that enrollment according to procedures provided by the district.

### **Minimum Age**

The district shall admit any child into kindergarten if:

1. the child will reach the age of five years on or before July 31, or
2. the child will reach the age of five years by October 15, and;
  - a. the parent provides an affidavit stating that the child attended kindergarten in another district, or
  - b. the family will be relocating to another district that allows admission within the current year, or
  - c. the child can demonstrate through recognized assessment procedures approved by the board his/her capability of carrying the work of the beginner grade. Each school board shall approve and make available a recognized assessment procedure for determining if a child is capable of carrying the work of kindergarten.

Approved \_\_\_\_\_ Reviewed \_\_\_\_\_ Revised \_\_\_\_\_

The district will use the Developmental Indicators for the Assessment of Learning (DIAL-4) to meet the requirement for a recognized assessment procedure to determine if a child not 5 years of age on or before October 15 of the current year is capable of carrying the work of kindergarten. The board shall update these procedures as the board deems appropriate.

### **Early Withdrawal at Age Sixteen**

A person who has legal or actual charge or control of a child who is at least sixteen years of age may withdraw the child from school if an exit interview is conducted as required below, or if a signed notarized release form is filed with the Commissioner of Education as required by law for a child enrolled in a school that elects not to meet accreditation or approval requirements.

The exit interview shall be conducted at the time and place selected by the superintendent or the superintendent's designee upon receiving the written request of any person who has legal or actual charge or control of a child who is at least sixteen years of age if the child is enrolled in a school operated by the school district or resides in the school district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the superintendent or the superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include other school district personnel or the child's principal or such principal's designee if the child is enrolled in a private, denominational, or parochial school.

At the exit interview, the person making the written request shall present evidence that the person has legal or actual charge or control of the child and that the child would be withdrawing due to either:

- a) financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- b) an illness of the child making attendance impossible or impracticable.

The superintendent or superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign the withdrawal form provided by the school district agreeing to the withdrawal of the child or may rescind the written request for the withdrawal.

Any withdrawal form signed by the person making the written request shall be valid only if:

- a) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- b) the superintendent or superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the superintendent or the superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either:
  - 1) financial hardships requiring the child to be employed to support the child's family or dependents of the child, or
  - 2) an illness making attendance impossible or impracticable.

## STUDENT ATTENDANCE RECORDS

As part of the school district's records, the daily attendance of each student shall be recorded and maintained on file with the permanent records of the district. The district will collect information pertaining to secondary attendance at the beginning of each period to calculate the same to the nearest one-fourth (1/4) day. For the elementary students, attendance shall be collected on a daily basis and calculated to the nearest one half (1/2) day.

It shall be the responsibility of the principals to ensure that such reports contain all information required by law and are filed with the administrative office.

## ADDRESSING BARRIERS TO ATTENDANCE

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center. This policy, developed and annually reviewed in collaboration with the county attorney for the district's principal office location, is an attempt to address the barriers to student attendance. This policy shall include a provision indicating how the district and the county attorney will handle cases in which excessive absences are due to illness and shall state the circumstances and number of absences or hourly equivalent upon which the school shall render all services to address barriers to attendance.

Any superintendent, principal, teacher, or member of the school board who knows of any violation of the state school attendance laws (79-201) shall report that violation to the school attendance officer within 3 days.

The superintendent shall designate an attendance officer. The attendance officer will immediately investigate the report of any child who may be in violation of the state's compulsory attendance statutes.

### **1. Excessive Absence:**

- 1.1 It shall be the policy of the district to report as truant any student enrolled in the district for exceeding the number of non-school excused absences as defined in the student handbook. For purposes of this policy, such reporting shall not be required of any student who is at least 18 years of age at the time excessive absenteeism occurs. The term "excessive absenteeism," as used herein, shall mean non-school excused absences that exceed eight (8) days cumulatively per semester year or the hourly equivalent.
- 1.2 Students are subject to disciplinary action for excessive absenteeism including suspension and expulsion. It shall be within the discretion of the principal to determine, in light of the circumstances, whether a student may make up work missed because of non-school excused absences. Disciplinary action for students receiving special education services will be assigned in accordance with the goals and objectives of the student's Individualized Education Program.
- 1.3 For any semester in which the number of non-school excused absences exceeds eight (8) days or its hourly equivalent, the Superintendent or his/her designee shall see that services which shall include, but not limited to, the following are provided to the student and his/her parent or guardian:
  - 1.3.1 Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
  - 1.3.2 One or more meetings between a school attendance officer, school social worker or other person designated by the school administration if such school does not have a school social worker, the person who has legal or actual control of the child, and the student to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
    - 1.3.2.1 Illness related to physical or behavioral health of the child;
    - 1.3.2.2 Educational counseling;

- 1.3.2.3 Educational evaluation;
  - 1.3.2.4 Referral to community agencies for economic services;
  - 1.3.2.5 Family or individual counseling; and
  - 1.3.2.6 Assisting the family in working with other community services.
- 1.4 The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by statutes, that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and that the child has been absent more than twenty days per year. The school shall notify the child's family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.
- 1.5 The superintendent shall report to the Commissioner of Education as directed by the commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials other than school resource officers by the district relative to a student enrolled in the district. The superintendent shall report annually to the Commissioner the required data for the number of students who have dropped out of school.

## **2. Hearing for the Habitually Absent**

- 2.1 The parent or guardian may request a hearing. If a hearing is requested, the recommendation of expulsion will be delayed until the hearing process has been exhausted. The request for a hearing must be submitted, in writing, to the building principal within five (5) school days from the date of receipt of notice of intent to recommend expulsion.
- 2.2 The building principal must schedule the hearing within ten (10) school days of receipt of request for a hearing.
- 2.3 A hearing committee will be formed by the Principal.
- 2.3.1 The hearing committee will consist of the following:
    - 2.3.1.1 The Building Principal
    - 2.3.1.2 The Guidance Counselor
    - 2.3.1.3 Two (2) teachers, who have the student in class during the current semester.
- 2.4 The hearing committee, after hearing all information presented by the student, parent and involved teachers has the following options:
- 2.4.1 Recommend to the Superintendent to continue with the filing of the intent to expel with the Board of Education.
  - 2.4.2 Recommend to the Superintendent to withdraw the intent to expel.
- 2.5 The hearing committee must reduce its finding to writing and submit a copy of the finding to the student, the parent and or guardians, and the Superintendent within five (5) school days of the conclusion of the hearing.

## **3. Appeal of the Finding of the Hearing Committee**

- 3.1 The student or his parents may appeal the finding of the hearing to the Superintendent. The request for a review of the finding must be made in writing and presented to the Superintendent within five (5) school days from receipt of receiving the findings of the Hearing Committee.
- 3.2 The Superintendent will review the minutes of the Hearing Committee, the written comments of the students and his/her parent, and other pertinent information. The Superintendent will reduce his/her finding to writing and mail a

## STUDENT ABSENCES - EXCUSED

### 1. Statement of Philosophy

- 1.1 It is the philosophy of the board that it is the responsibility of the parent and/or guardian, the student, and the school to establish and maintain desirable habits of punctuality and attendance.
- 1.2 Parents and/or guardians are expected to account for student's absences.

### 2. Definitions

- 2.1 For the purpose of this policy the following definitions will be used;
  - 2.1.1 Elementary student will be a student enrolled in grades Kindergarten through grade five.
  - 2.1.2 Secondary student will be a student enrolled in grades 6 through 12.
  - 2.1.3 All students will be held accountable to all sections of this policy unless there is a designation of elementary or secondary.
  - 2.1.4 Pre-arranged absences are those absences for which the school and teachers are notified a minimum of one day in advance that the student will be absent.
  - 2.1.5 Any student whose absences exceeds ten (10) days or the hourly equivalent per semester may be in violation of state compulsory attendance laws. Additionally, those students jeopardize their opportunity to earn credits or be promoted to the next grade.
  - 2.1.6 School Excused- The parent must provide the school documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to illness documented by a doctor, college visits, court, death of a family member, or suspension.
  - 2.1.7 Not School Excused- Parent acknowledged absences that include but are not limited to illness, vacations, and other situations where the parent notifies the school that the child will be gone.

### 3. Notification of absence

- 3.1 The parent and/or guardians of each student are required to notify the school each day that a student is to be absent.
- 3.2 Parents are required to call the district office before 9:00 a.m. on the day their child is absent or the district will attempt to call the parent.
- 3.3 If advanced notice cannot be given, then a parent/guardian should call the school stating why their child is absent. The school will call parent(s)/ guardian(s) when a note or call has not been received to inquire the reason for the student's absence. If no contact was able to be made before the student returns to school, the student must bring a signed note by the parent/guardian explaining the absence.

### 4. Attendance and Excuses

- 4.1 District
- 4.2 Elementary
  - 4.2.1 The following schedule is used to determine if an absence is to be counted as a full or half day on a regular school day. Student absences will be categorized as either school excused, or as not school excused based on the situation. **Parent excused absences will count toward the 10-day limit.**
    - 4.2.1.1 Students need to be in their classrooms by 8:30 AM.
    - 4.2.1.2 If a student arrives at school after 8:30 AM and before 9:15 AM, it will be considered a tardy.

- 4.2.1.3 If a student arrives after 9:15 AM, but by or before 11:00 AM, the absence will be counted as ½ (one-half) day.
- 4.2.1.4 Entry after 11:00 AM will be counted as a full-day absence.
- 4.2.1.5 If a student leaves before 11:00 AM and does not return, the absence is counted as a full day
- 4.2.1.6 If a student leaves after 11:51 AM and does not return, the absence is counted as ½ (one-half) day.
- 4.2.1.7 No absence is counted if a student leaves after 2:57 PM.
- 4.2.2 Special allowances may be made on days with late starts or early dismissals.
- 4.3 Secondary
  - 4.3.1 Student absences will be categorized as either school excused, or as not school excused based on the situation. When possible, students shall notify their teachers in advance of pending absences by completing a pre-arranged absence sheet to the attendance secretary prior to the absence. **Parent excused absences, other than college visits arranged through the guidance office, will count toward the 10-day limit.**
  - 4.3.2 Students participating in school sponsored activities under the direction of a school approved sponsor during the school day will not be counted as absent. In order to practice or participate in any activity the student must be in attendance all day on the day of the activity. Students arriving to school after the first 15 minutes will be considered absent rather than tardy. An exception to this rule would be a pre-arranged absence approved by the Principal. Extenuating circumstances must be approved by the administration.
  - 4.3.3 If the principal suspends a student, the days for which the student is suspended shall not be counted in the total of ten (10) days of allowable absences per semester.
  - 4.3.4 Secondary students arriving to class after the bell rings and before the first 15 minutes will be considered tardy.
  - 4.3.5 Exceptions may be made to the attendance policy with the approval of the secondary principal.
- 4.4 Notification of Student Attendance by the School
  - 4.4.1 Upon reaching the following limits during a semester, the parent and/or guardian will be notified as follows:
    - 4.4.1.1 On the 4<sup>th</sup> ‘not school excused absence’ a notification letter, e-mail, or phone call will be sent to the parent and/or guardian.
    - 4.4.1.2 On the 6<sup>th</sup> ‘not school excused absence’ a notification letter will be sent to the parent and/or guardian.
    - 4.4.1.3 On the 8<sup>th</sup> ‘not school excused absence’ a Barrier to Attendance letter outlining the attendance policy and consequences for additional absences will be mailed to the parent and/or guardian. A meeting will be scheduled, per board policy 503.04, to determine the barriers leading to the attendance issue.
- 4.5 Loss of Credit
  - 4.5.1 Ten (10) days of ‘not school excused absences’ from a class during any one (1) semester will constitute justification for an incomplete or the loss of credit for that semester in that class. Parent excused absences, unexcused absences, or trancies, will be counted toward the ten day

limit. Students who miss the equivalency of ten (10) full days of school per semester are subject to consequences relating to Nebraska compulsory attendance law.

#### 4.6 Reinstatement of Credit/Appeals

4.6.1 When a student has lost credit for a class, the student has two procedures from which to regain the credit.

4.6.1.1 Procedure 1 – In cases of extreme hardship (accidents, extended illness, or other exceptional health related problems such as therapy on a weekly basis) or extenuating circumstances, a student may appeal, in writing, to the Principal for reinstatement of credit.

4.6.1.2 Procedure 2 – When a student is notified of a loss of credit due to absences, an appeal may be made to the Attendance Review Committee. At least four (4) members of the committee need to be present to each meeting. The committee will have the authority to reinstate credit if a majority of the committee agrees sufficient reason for a waiver of the policy exists, place the student's credit on hold based on an attendance improvement plan outlined by the committee, or deny the appeal. The purpose of the meeting is to allow the student and parents/guardian(s) the opportunity to present any information or argument as to why the attendance policy provisions should be waived. A tie vote will result in a decision in the student's favor.

4.6.2 If the student and/or parent/guardian is unsatisfied with the decision of the attendance committee, they will have seven (7) calendar days to appeal the decision to the Superintendent. The Superintendent will conduct a review and within five (5) calendar days will provide a written response to the student. The Superintendent has the authority to reinstate credit, or uphold the decision of the committee. A final appeal may be made to the board within seven (7) calendar days of the Superintendent's decision. The board will have forty five (45) calendar days to provide a written response. The decision of the board is final.

### 5. Make-up Work

#### 5.1 Elementary

5.1.1 Elementary students will have two (2) school days from the date of their return to school following an absence to make-up the work missed.

5.1.2 If the work is not made up within two (2) school days, a zero (0) will be entered into the grade book for all work missed and not made-up.

5.1.3 Any student who has make-up work may appeal the amount of time to make up the work to the Elementary Principal.

5.1.3.1 The Elementary Principal's decision is final.

#### 5.2 Secondary

5.2.1 Secondary students are to complete all pre-arranged "make-up" work before the absence, or by the due date set by the teacher. Teachers are not required to allow students the opportunity to earn credit for assignments that are not completed prior to the due date set for absences classifying as pre-arranged.

5.2.2 If a secondary student is absent on the day that an assignment is due, the student will be required to turn in the assignment on the first day of his/her return to school. If the student fails to turn in the assignment, the instructor

will enter a grade of zero for that assignment.

5.2.3 Students will have two (2) days from the date of their return to school following an absence to make up work missed as a result of the absence. Students may ask for and receive extra time from their teachers should extenuating circumstances exist.

5.2.4 Any student who has make-up work may appeal the amount of time to make up the work to the teacher or the Secondary Principal.

5.2.4.1 The Secondary Principal's decision is final.

## **6. College Visitation**

6.1 Seniors are allowed two (2) days for college visitation, per school year, if the Guidance Office coordinates the visitation and the parent accompanies the student on the visit. Juniors are allowed one (1) during the second semester for a college visitation. Additional days for college visits must be requested and approved by the principal.

## **7. Extra-Curricular Participation:**

7.1 In order to practice or participate in any activity held outside of school hours the student must be in attendance all day on the day of the activity. The only exception to this section would be a pre-arranged absence approved by the principal.

## **8. Truancy**

8.1 Truancy will be defined as any absence without prior knowledge and/or permission of the school and/or parents. Under these circumstances, a student will be considered truant, whether the absence is for a full day or more, part of the day, or all or part of any class. Truancy will not be tolerated. Truant students will be subject to appropriate disciplinary action. See Board Policy 504.03, The Code of Conduct.

## **9. Physical Education**

9.1 Excuses from home to keep a student out of physical education must be on a day-to-day basis unless accompanied by a doctor's written excuse.

## **10. Tardy to School**

### **10.1 Elementary**

10.1.1 Students are considered tardy when school begins at 8:30 AM and they are not in their assigned rooms. Any time a student enters the building after 8:30 AM they must report first to the office for a pass to class. Additional definitions of being tardy are outlined in the Student Handbook.

### **10.2 Secondary**

10.2.1 For the purpose of this policy, a student reporting to school within the first fifteen (15) minutes of the first period of the school day without a pre-excused absence will be considered to be tardy. A student that is more than fifteen (15) minutes late for the first period will be considered to be absent or truant for that period. See the Student Handbook for additional definition of tardy.

10.2.2 The make-up time will be at the discretion of the Principal.

## **11. Admit Slips**

11.1 The office will collect attendance through Power School.

11.2 Students must have an admit slip/planner signed when arriving late to first period class.

## **12. Late Enrollment**

12.1 Students entering school after the third week of the semester will be prorated on the number of days of allowed absences. Instead of ten (10) days for the

semester, students will have one-half (1/2) day for each week of school left in the semester.

**13. Withdrawing from School**

- 13.1 Any student who has withdrawn from school and has re-entered, shall not gain nor lose days, but will be reinstated with the same number of days of approved absences as they processed at the time of withdrawal.

## Elementary Administrator Report

### → ELL After School Plan is a HUGE SUCCESS!

- ◆ They will be having their end of year celebration on May 5th - we are asking all BoE members to come celebrate and have conversations!!
- ◆ Success Story
- ◆ The more we can get families into our building, the more we can continue to strengthen our bonds!

### → Title I School Improvement

- ◆ We are currently in an “off year” for our S-RC Improvement Plan to be peer evaluated, which means we may be called on by NDE to act as evaluators for other schools.
- ◆ Kelly Willis and I went to ESU8 in Neleigh to work with NDE personnel and other Title I teachers and administrators from across the state to evaluate plans.
- ◆ We came away from this time with connections and with ideas to bring back to S-RC

### → WIN Time

- ◆ After seeing WIN Time run a bit differently in CPS when we were there doing observations, teachers requested to change WIN for the second semester. They are liking the changes - and are meeting with students in their grade levels. Each grade level is assigned a specialist teacher so they can continue to differentiate outside of the grade band.

### → Testing Calendar

- ◆ NSCAS Testing is almost complete at the Elementary level (with minimal make-up testing to do)
- ◆ MAP Growth Testing will begin tomorrow for lower grades and in two weeks for 3-5.

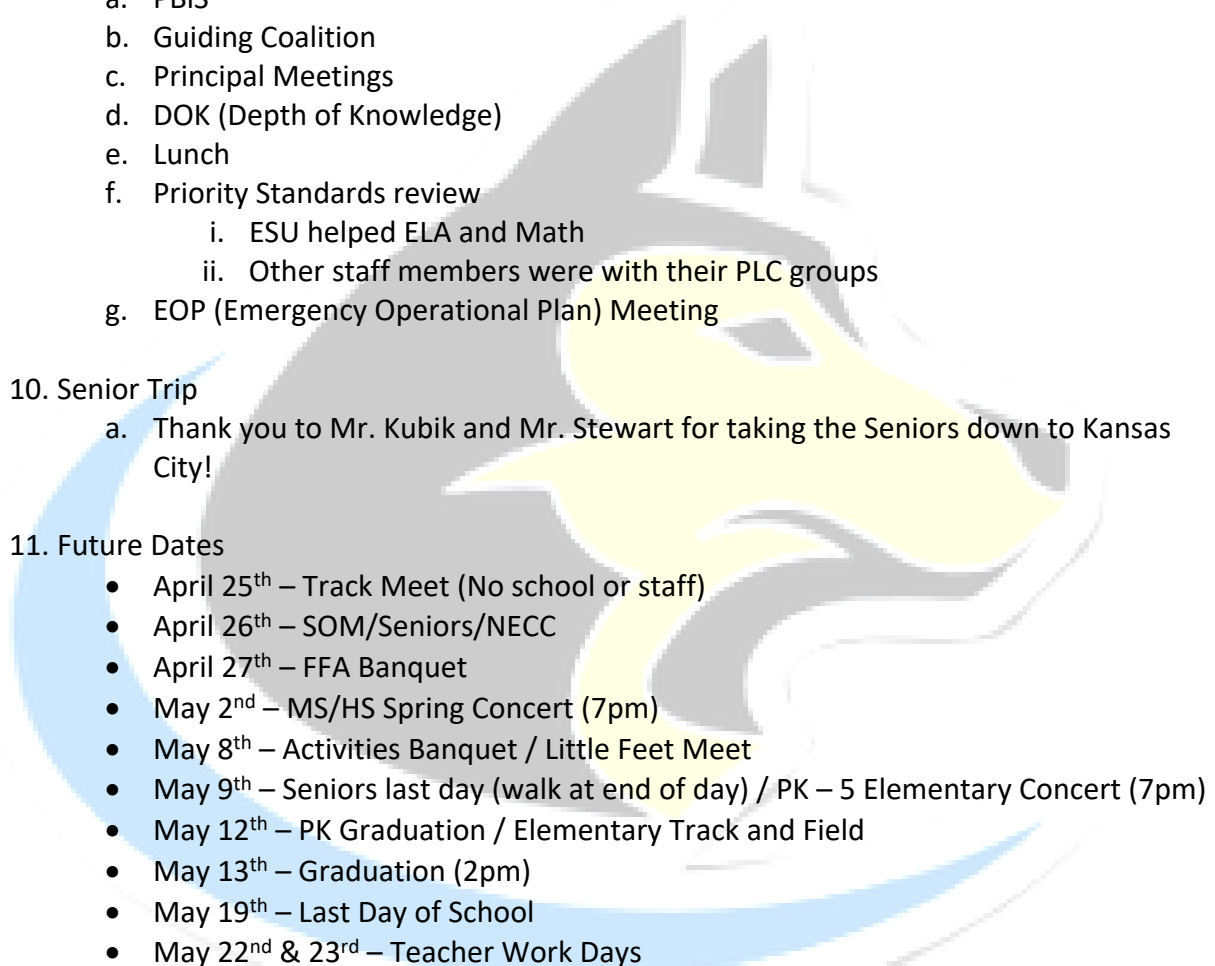

### → Book-It

- ◆ We had our year-end Book-It celebration today!!
- ◆ We are sending surveys to third grade families and students to get feedback about the changes that were made this year.
- ◆ We are still brainstorming possibilities for next year.

## *Board Evaluation Standards:*

### Standard I: Mission, Vision, & Goals

- Continuous Improvement wrapping up in Year 2. Surveys given to students and staff with CIP team then breaking down the top priorities. With those top priorities, we will be asking each grade level to elaborate, in their point of view, how we can improve as a staff/school.

### Standard II: Policy

- Monthly policy review or updates when necessary during BOE meetings.
- Access to all public material is viewable via

### Standard III: Budget Planning & Management

- I have been in contact with Michelle Cartwright of NDE and will be working with her via zoom and live sessions through this summer to update budget

- MAP and NSCAS data will be collected over the next month and evaluated by our data team. Schoolzilla will also help with the data collection.
- Addressing possible barriers moving forward as in big numbers in MS/HS which may require an additional teacher or two.

- website.
- Handbooks will be evaluated during the end of May and into June by Administration team with insight given from staff/board.
- Curriculum had a deep dive this past April PD day with staff as we reviewed our priority standards.

- and make a seemingly transition from FNBO to NDE help with budget.
- Budget for staff was given and COOP/EAKES orders are coming in.
- ESSERS is back on track with refunds coming in for May with ESSER II being officially wrapped up by the end of May.

### Standard IV: Educational Leadership

- Student Board Advisory has been a great group and look forward to next year establishing this right away in August.
- Students have had a great say with their learning with the past questions that have come from our CIP team.
- Title 1 night was a great success for our families! (apologies for my kids running around the entire time.)
- DOK was a great PD for us to deep dive into our standards (shout out to Ms. Thompson for the organization)!
- Our selection of classes gives many choices and offers many career and ready opportunities.
- New Evaluation tool for our staff will be submitted

### Standard V: Organizational & Cultural Leadership

- Emphasis on this summer on how we can continue to become a more cohesive group in 23-24 (example were the appreciation comments, letters to selves, etc.)
- EOP plan aligns with the responsive district crisis and safety plans
- Recruiting and Hiring has been a positive this year. We continue to learn on why some may choose to leave and how we can improve our school to keep teachers here.
- PBiS and policy have been effective for conflict resolution.
- Will continue to loo into supporting the health and well-being of staff and students by taking in

### Standard VI: Community Relations

- Many activities going on but making a conscious effort to coordinate with our admin team to get to all when we can (calendar created for organization between us). Personally try to attend as many events that are possible.
- Track meets have been fun to attend (hot and windy so far), was part of FFA Officer Interviews, looking forward to Spring Play, Prom (late after Cohen's Bday but will be there), our track meet, music concerts and graduations!
- Continuing to build relationships with students but feel I have feel short this last semester but still in hallways and calling all by name.
- I'm continuing to build a positive relationship with parents and community

to the state (end of the month is the goal).

- Many items provided for our staff and students that align our curriculum and assessments to support student success (HAL/STEAM/Sensory Room/IXL)

active listening. Our ESU has been a great help with this as well.

- We are learning to trust each other when it comes to communication. As I told the MS/HS staff, it is easy to say to come to me but when I have the "boss" label, we can assume that I will use that later against. Not the case but we still continue to grow together.

members by getting out to more events outside of "school" events.

### **Standard VII: Professional Leadership**

- Many conversations have occurred throughout the year that have been challenging yet have been good to have. Continuing to follow policy/handbook when making decisions. Our staff continues to grow together in my short time here.
- PD opportunities have included NCSA admin days, ESU 7 Superintendent Meetings, Region 1 Superintendent Meetings, NASBO conference (this week), and NCSA extras like Legislative Day.
- Evaluation process will continue to develop for myself, principals, activities director,

### **Other:**

### **Standard VIII: Board Relations**

- Looking to continue to grow board relationships at events outside of "school related" events. However, still enjoy talks during those events as well.
- Weekly newsletter to public
- Biweekly updates to board members on happens in the school (give or take on events)!
- Emails detailing of what discussions are coming up for board meetings to be prepared as much as we can.

- counselors and classified staff.
- ESU 7 continues to provide support on evidence-based practices for teaching and learning and seeks to develop others in this area.

- Will continue to be more involved with legislation. Have been part of zoom conferences with Senator Hughes of our district bi-weekly.

*Days Worked: 183 (April 17th)*

## CURRICULUM DEVELOPMENT

Curriculum development shall be an ongoing process in the school district. Each curriculum area shall be reviewed and revised when necessary according to the timelines set out by the superintendent. These timelines will provide for periodic review of each curriculum area.

The superintendent shall be responsible for curriculum development and for determining the most effective way of conducting research of the school district's curriculum needs and a long-range curriculum development program. In making recommendations to the board, the superintendent shall propose a curriculum that will:

- fulfill the philosophy of the school district;
- reflect the educational and operational needs assessment of the school district;
- articulate courses of study from kindergarten through grade twelve;
- identify minimum objectives for each course and, at the elementary level, for each grade;
- provide for the evaluation of the procedures and methods for attaining the objectives;
- provide for objective monitoring of a student's progress;
- provide for the needs of vocational and college bound students;
- include, if feasible, the course offerings requested by the students;
- provide measurable quality academic content standards that are the same as, equal to or more rigorous than the adopted state standards of the Nebraska Department of Education within one year.

The above mentioned standards include the English Language Arts Standards (2014), Mathematics Standards (2015), Science Standards (2017) and Social Studies Standards (2012) as approved by NDE. Any changes from the specific standards as approved by NDE in those four areas will be attached to this policy.

It shall be the responsibility of the superintendent to keep the board apprised of necessary curriculum changes and revisions and, if needed, to develop administrative regulations for curriculum development and recommendations to the board.

## CURRICULUM ADOPTION

Curriculum of the school district must be recommended by the superintendent and approved by the board.

The board may authorize the use of curriculum guides when it adopts the curriculum. Such guides will be used when, in the opinion of the superintendent, they will be of assistance to the instructional program and will provide a consistent approach in the instructional program.

## CURRICULUM EVALUATION

When a new program is proposed or significant changes occur, a report will be made to the board describing the process employed and the reasons for the curriculum change.

The board shall review the students' performance on standardized tests, courses, and other indicators of student achievement deemed relevant by the board as a guideline for the effectiveness of the curriculum. It shall be the responsibility of the superintendent to provide the board with the test scores and grades along with the superintendent's comments about the school district's curriculum.

**A Parent Guide to the Family Educational Rights and Privacy Act (FERPA)**

*Other than statutory and regulatory requirements included in the document, the contents of this guidance do not have the force and effect of law and are not meant to bind the public. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.*

The Family Educational Rights and Privacy Act or FERPA (20 U.S.C. § 1232g; 34 CFR Part 99) provides certain rights for parents regarding their children’s education records. FERPA gives these rights to custodial and noncustodial parents alike, unless there is a court order, legally binding document, or State law that specifically provides to the contrary. When a student reaches 18 years of age or attends an institution of postsecondary education at any age, he or she becomes an “eligible student,” and all rights under FERPA transfer from the parent to the student. Given the target audience for this document is parents, this guide is intended to discuss parents’ rights under FERPA. Under FERPA, the term “parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian. A companion document discussing eligible students’ rights under FERPA is available on our website at <https://studentprivacy.ed.gov/resources/ferpa-general-guidance-students>.

FERPA is a Federal law that is administered by the Student Privacy Policy Office (SPPO) in the U.S. Department of Education (Department). FERPA protects “education records,” which are generally defined as records that are directly related to a student and maintained by an educational agency or institution or by a party acting for the agency or institution. An “educational agency or institution,” herein after referred to as a “school,” generally means a school district, a public elementary or secondary school, or an institution of postsecondary education such as a college or university. There are also a few exceptions to the definition of education records, such as law enforcement unit records and sole possession records. More information is available at <https://studentprivacy.ed.gov/faq/what-records-are-exempted-ferpa>.

FERPA applies to schools that receive funding under any program administered by the Department. Private and faith-based schools at the elementary and secondary levels generally do not receive such funding and are, therefore, generally not subject to FERPA. In addition, the confidentiality of personally identifiable information (PII) in the education records of children with disabilities is further protected by Part B of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1417(c) and 34 CFR §§ 300.610-300.626). These regulations contain confidentiality provisions that are similar to, but broader than, FERPA. The IDEA-FERPA crosswalk contains additional information comparing IDEA and FERPA and is available at <https://studentprivacy.ed.gov/resources/ferpaidea-cross-walk>.

The rights provided by FERPA to a parent include, but are not limited to:

- **Access to Education Records**

Under FERPA, a school or State educational agency (SEA) must provide a parent with an opportunity to inspect and review their child's education records within a reasonable period of time, but not more than 45 calendar days following receipt of a request. A school or SEA is generally not required to provide *copies* of the education records unless circumstances effectively prevent the parent from exercising the right to inspect and review the education records. For example, if a parent who does not live within commuting distance of their child's school requests that the school provide access to his or her child's education records, the school would be required to make other arrangements for the parent to inspect and review the requested records, or to provide a copy of the requested records.

- **Amendment of Education Records**

Under FERPA, a parent has the right to seek amendment or correction of their child's education records that the parent believes to be inaccurate, misleading, or in violation of the child's rights of privacy. However, while a school is not required to amend an education record in accordance with a parent's request, a school is required to consider the request for amendment, to inform the parent of its decision, and, if the request is denied, to advise the parent of his or her right to a hearing on the matter. If, as a result of the hearing, a school decides not to amend the education records, then the parent has the right to insert a statement in the record commenting on the contested information or stating why the parent disagrees with the decision, or both. That statement must remain with the contested part of the education record for as long as the record is maintained and be included whenever the contested part is disclosed.

While a parent has the right to seek to amend non-substantive factual errors in the student's education records, the right is not unlimited, and a school is not required by FERPA to afford a parent the right to seek to change substantive decisions made by school officials, such as substantive decisions made in the context of grades given to a student based on their performance, other evaluations of the student's performance, or disciplinary decisions. These substantive decisions also include evaluations of whether a student has a disability and is eligible for special education and related services, disagreements about the content of a student's Individualized Education Program (IEP), or the student's educational placement under Part B of IDEA. While under FERPA a parent may seek amendment to correct a non-substantive factual error in an IEP, a parent should utilize the Part B of IDEA dispute resolution procedures (State complaints, mediation, or due process hearing procedures) to resolve disputes with a school regarding substantive matters. Each State has resources to help parents to participate effectively in their children's education and development. State contact information is available at <https://sites.ed.gov/idea/contacts/#state>.

- **Disclosure of Education Records**

Under FERPA, a school generally may not disclose PII from a student's education records to a third party unless the student's parent has provided prior written consent. However,

there are a number of exceptions to FERPA's general consent requirement, some of which are described below. Under these exceptions, schools are *permitted* to disclose PII from education records without consent, but they are not *required* to do so by FERPA.

### School Official

FERPA allows "school officials," including teachers, within the school to obtain access to PII from education records without consent, provided that the school has determined the officials have a "legitimate educational interest" in the information. The school's annual notification of rights under FERPA must specify the criteria for determining who constitutes a "school official" and what the school considers to be a "legitimate educational interest." Typically, a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Also, under the "school officials" exception to the consent requirement, FERPA permits a school to disclose education records to contractors (e.g., software/application vendors, lawyers), consultants (e.g., nutritional or information technology consultants), volunteers (e.g., home room parent volunteers, field trip chaperones, student volunteers), or other third parties to whom the school has outsourced institutional services or functions, provided that the outside party:

1. Performs an institutional service or function for which the school would otherwise use employees;
2. Is under the direct control of the school with respect to the use and maintenance of education records;
3. Is subject to the requirements in FERPA that PII from education records may be used only for the purposes for which the disclosure was made, and which govern the redisclosure of PII from education records; and
4. Meets the criteria specified in the school's annual notification of FERPA rights for being a school official with a legitimate educational interest in the education records.

More information regarding the use of school volunteers and FERPA is available at <https://studentprivacy.ed.gov/training/school-volunteers-and-ferpa>.

### Seeks or Intends to Enroll

Another exception to FERPA's general consent requirement permits a school to disclose PII from a student's education records, without consent, to another school in which the student seeks or intends to enroll, or where the student is already enrolled, as long as the purpose of the disclosure is related to the student's enrollment or transfer. A school that discloses education records under this exception must make a reasonable attempt to notify the parent of the disclosure, unless the disclosure is initiated by the parent, or the school's annual notification of rights under FERPA includes a notice that it forwards education records to other schools that have requested the records and in which the student seeks or intends to enroll or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. A school that discloses education records under this exception also must provide the parent, upon request, a copy of the records that were

disclosed or, upon request, an opportunity for a hearing to amend the records that were disclosed. Under this exception, a school has the discretion to disclose academic, disciplinary, or any other PII from the student's education records to the new school. Further, a parent does not, under FERPA, have the right to prevent a school from disclosing such PII from the student's education records, or from communicating information about a student more generally, to the school in which the student seeks or intends to enroll.

### Directory Information

FERPA also permits a school to disclose PII from a student's education records, without consent, when such information has been appropriately designated as "directory information" and the parent has not opted out of the disclosure of such designated information. The FERPA regulations define directory information as information in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information may include information such as the student's name, address, telephone number, email address, photograph, date and place of birth, major field of study, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), dates of attendance (i.e., the period of time during which the student attends or attended the school), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent school attended. FERPA provides that a school may disclose, without consent, directory information if the school has given public notice to parents of the types of PII that it has designated as directory information and the process, including period of time, for parents to opt out of certain directory information disclosures. This notice is often included in the annual notification discussed below. For more information regarding directory information, visit <https://studentprivacy.ed.gov/training/b-cs-student-directory-information>.

### Dependent Student

FERPA provides ways in which a school may share education records on an eligible student with their parents. Schools may, but are not required to, disclose any and all education records to parents, without the consent of the eligible student, if the student is a "dependent student," as that term is defined in Section 152 of the Internal Revenue Code. Generally, if either parent has claimed the student as a dependent on the parent's most recent income tax return, a school may disclose the student's education records to either parent, without the eligible student's consent.

This exception to FERPA's general consent rule also permits institutions of postsecondary education to share information with parents of students who are enrolled in both a high school and a college or university (dually enrolled). In this situation, the parents retain the rights over the student's education records maintained by the high school, if the student is under the age of 18 years, and the student retains the rights over the education records maintained by the college or university.

### Other Exceptions

Provided certain conditions are met that are not included in the summary below, other exceptions to FERPA's general consent requirement that would permit the disclosure of PII from education records include, but are not limited to, the following:

- To authorized representatives of, among others, State and local educational authorities, such as a State department of education, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs
- To a representative of a State or local child welfare agency or Tribal organization regarding a child in foster care
- To State and local officials or authorities pursuant to a State statute concerning the juvenile justice system and the system's ability to effectively serve the student whose records are being disclosed
- To organizations conducting studies for, or on behalf of, the school for specified purposes including improving instruction
- To comply with a judicial order or a lawfully issued subpoena
- In connection with a health or safety emergency

### **Annual Notification of FERPA Rights**

Under FERPA, a school must annually notify parents of their rights under FERPA. There are separate annual notifications and other rights under IDEA. The FERPA annual notification must include information regarding a parent's right to inspect and review his or her child's education records, the right to seek to amend the records, the right to consent to disclosure of PII from the records (except in certain circumstances), and the right to file a complaint with SPPO regarding an alleged failure by a school to comply with FERPA. The notification must also inform parents of the school's criteria for the terms "school official" and "legitimate educational interest" in certain instances. A school is not required to notify parents individually, but rather is required to provide the notice by any means that are reasonably likely to inform parents of their rights. These means could include publication in a school activities calendar, newsletter, student handbook, or on a school's website.

### **Complaints of Alleged Violations with FERPA**

Parents who believe that their FERPA rights may have been violated may file a complaint with SPPO at <https://studentprivacy.ed.gov/file-a-complaint>. SPPO will review the complaint to ensure the complaint:

- Is filed, in writing, by a parent who maintains FERPA rights over the education records that are the subject of the complaint;
- Is submitted to SPPO within 180 days of the date of the alleged violation or of the date that the parent knew or reasonably should have known of the alleged violation; and
- Contains specific allegations of fact giving reasonable cause to believe that a violation of FERPA has occurred.

SPPO will then make a case-by-case determination to determine the best mechanism for resolving the underlying situation. Sometimes the action will be a formal investigation; for other complaints, consistent with the statute and applicable regulations, we will take other appropriate actions, such as acting as an intermediary or providing resolution assistance. More information regarding our complaint process is available at <https://studentprivacy.ed.gov/file-a-complaint>.
