Board Evaluation Standards:

Shelby-Rising City Public Schools
Innovation, Integrity, Accountability, & Service

Standard I: Mission, Vision, & Goals

- Continuous Improvement wrapping up in Year 2. Surveys given to students and staff with CIP team then breaking down the top priorities. With those top priorities, we will be asking each grade level to elaborate, in their point of view, how we can improve as a staff/school.
- MAP and NSCAS data will be collected over the next month and evaluated by our data team. Schoolzilla will also help with the data collection.
- Addressing possible barriers moving forward as

Standard II: Policy

- Monthly policy review or updates when necessary during BOE meetings.
- Access to all public material is viewable via website.
- Handbooks will be evaluated during the end of May and into June by Administration team with insight given from staff/board.

Standard III: Budget Planning & Management

- I have been in contact with Michelle Cartwright of NDE and will be working with her via zoom and live sessions through this summer to update budget and make a seemly transition from FNBO to NDE help with budget.
- Budget for staff was given and COOP/EAKES orders are coming in.
- ESSERS is back on track with refunds coming in for

in big numbers in MS/HS which may require an additional teacher or two.

- Curriculum had a deep dive this past April PD day with staff as we reviewed our priority standards.

May with ESSER II being officially wrapped up by the end of May.

Standard IV: Educational Leadership

- Student Board Advisory has been a great group and look forward to next year establishing this right away in August.
- Students have had a great say with their learning with the past questions that have come from our CIP team.
- Title 1 night was a great success for our families! (apologies for my kids running around the entire time.)
- DOK was a great PD for us to deep dive into our standards (shout out to Ms. Thompson for the organization)!
- Our selection of classes gives many choices and offers many career and ready opportunities.
- New Evaluation tool for our staff will be submitted to the state (end of the month is the goal).
- Many items provided for our staff and students that align our curriculum and assessments to support student success

Standard V: Organizational & Cultural Leadership

- Emphasis on this summer on how we can continue to become a more cohesive group in 23-24 (example were the appreciation comments, letters to selves, etc.)
- EOP plan aligns with the responsive district crisis and safety plans
- Recruiting and Hiring has been a positive this year. We continue to learn on why some may choose to leave and how we can improve our school to keep teachers here.
- PBIIS and policy have been effective for conflict resolution.
- Will continue to look into supporting the health and well-being of staff and students by taking in opinions, thoughts and active listening. Our ESU has been a great help with this as well.
- We are learning to trust each other when it comes to communication. As I

Standard VI: Community Relations

- Many activities going on but making a conscious effort to coordinate with our admin team to get to all when we can (calendar created for organization between us). Personally try to attend as many events that are possible.
- Track meets have been fun to attend (hot and windy so far), was part of FFA Officer Interviews, looking forward to Spring Play, Prom (late after Cohen's Bday but will be there), our track meet, music concerts and graduations!
- Continuing to build relationships with students but feel I have feel short this last semester but still in hallways and calling all by name.
- I'm continuing to build a positive relationship with parents and community members by getting out to more events outside of "school" events.

(HAL/STEAM/Sensory Room/IXL)

easy to say to come to me but when I have the "boss" label, we can assume that I will use that later against. Not the case but we still continue to grow together.

Standard VII: Professional Leadership

- Many conversations have occurred throughout the year that have been challenging yet have been good to have. Continuing to follow policy/handbook when making decisions. Our staff continues to grow together in my short time here.
- PD opportunities have included NCSA admin days, ESU 7 Superintendent Meetings, Region 1 Superintendent Meetings, NASBO conference (this week), and NCSA extras like Legislative Day.
- Evaluation process will continue to develop for myself, principals, activities director, counselors and classified staff.
- ESU 7 continues to provide support on evidence-based practices for teaching and learning and seeks to develop others in this area.

Other:

Standard VIII: Board Relations

- Looking to continue to grow board relationships at events outside of "school related" events. However, still enjoy talks during those events as well.
- Weekly newsletter to public
- Biweekly updates to board members on happens in the school (give or take on events)!
- Emails detailing of what discussions are coming up for board meetings to be prepared as much as we can.
- Will continue to be more involved with legislation. Have been part of zoom conferences with Senator Hughes of our district bi-weekly.

May Report

We have a few quotes for this months meeting:

1st is for replacing all of the ipads in k-2. You have already passed and I have bought enough for 1 grade but since we have ESSR funds left, we are asking that we just do the other 2 grades also. The ones that will be removed from those rooms will go to things like Pre-school, Title, and a few other places.

2nd I have the quote for the new computer for the business department.

3rd I have the quote for the new computers for next years Freshmen. We will be using this model for at least 3 years.

4th I have a quote for computers for computers for the industrial tech department. They require a better graphics card and processor which is why they are more expensive than the ones for the business department.

Last, camera quotes. We have the one from Genetec from before Christmas. Diode Tech still hasn't submitted a complete quote. I reached out to Verkada who does cloud cameras also. They have submitted a complete quote for the school. The camera quality is about the same between Verkada and Genetec. The biggest difference is that genetec uses onsite servers and Verkada would be all in the cloud. The genetec one has a yearly cost for software renewal of \$2329.00. The yearly cost for Verkada or most any cloud camera is 199.00 a device in the cloud. We would be looking at around 10,000.00 or more a year. The quote that is included is for 3 year licenses for all devices so that cost is less. The warranty on the camera is for 5 years for genetec and 10 years for Verkada.

Police/Other Questioning and Apprehension

Police, other law enforcement officers, persons of the court, or DHHS may be called to the school at the request of school administration or may initiate contact with the school in connection with a criminal/neglect/other investigation. The school district shall inform parents when such officials seek access to their student prior to the student being questioned unless the investigating may include charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police/other questioning of students. Minor students shall only be released into the custody of law enforcement upon presentation of a court order or warrant for the student's arrest, or under conditions for temporary custody of a juvenile without a warrant as provided by state statutes.

SEARCHES, SEIZURES AND ARRESTS

School district property is held in public trust by the board. School district authorities may, without a search warrant, search students or protected student areas based on a reasonable and definable suspicion that a school district policy, rule, regulation or law has been violated.

The search shall be in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities. The furnishing of a locker, desk or other facility or space owned by the school and provided as a courtesy to a student, even if the student provides the lock for it, shall not create a protected student area and shall not give rise to an expectation of privacy with respect to the locker, desk, or other facility.

School authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to, nonprescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons, stolen property and dangerous objects as defined in Policy 504.11. Such items are not to be possessed by a student without specific permission of the building principal while they are on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated transportation; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district.

Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials. The board believes that illegal, unauthorized or contraband materials may cause material and substantial disruption to the school environment or presents a threat to the health and safety of students, employees, or visitors on the school district premises or property within the jurisdiction of the school district.

The superintendent or building principal shall only release minor students into the custody of a law enforcement officer upon presentation of a court order or warrant for the student's arrest, or under conditions for temporary custody of a juvenile without a warrant as provided by state statutes.

The principal or designee will attempt to notify the parent/guardian or responsible relative prior to the student's release and the place to which the student is reportedly to be taken, except in cases of child abuse.

It shall be the responsibility of the superintendent, in conjunction with the administrative team, to implement this policy.

COMPULSORY ATTENDANCE

Any child who will reach six years of age prior to January 1 of the current year and who has not reached eighteen years of age shall meet the requirements of mandatory school attendance. Any such child shall attend the academic program on a regular basis, unless a written request to drop the child from the school rolls is made by the parent, guardian or other person having charge, control or custody of the child.

Any child of mandatory attendance age must by law regularly attend a public, private, denominational, parochial school or a combination of such schools not less than the entire school term of the school(s) which the child attends. This does not apply to a child who has obtained a high school diploma or received a General Equivalency Diploma, completed the program of instruction offered by a non-accredited or non-approved school, has reached the age of 18, or who is at least 16 years old and whose parent or guardian has withdrawn the child from school in the manner prescribed by state statute.

Excusal from the "full-time" requirement of the compulsory education law can be granted by the superintendent for a child between 14 and 16 years of age having completed the work of the eighth grade when legal employment due to necessity has been obtained by the student and such a request has been made by a parent/guardian.

Withdrawal To Age 6

The parent/guardian of any child who will not reach six years of age prior to January 1 of the current school year and who is enrolled, may discontinue that enrollment according to procedures provided by the district.

Minimum Age

The district shall admit any child into kindergarten if:

1. the child will reach the age of five years on or before July 31, or
2. the child will reach the age of five years by October 15, and;
 - a. the parent provides an affidavit stating that the child attended kindergarten in another district, or
 - b. the family will be relocating to another district that allows admission within the current year, or
 - c. the child can demonstrate through recognized assessment procedures approved by the board his/her capability of carrying the work of the beginner grade. Each school board shall approve and make available a recognized assessment procedure for determining if a child is capable of carrying the work of kindergarten.

Approved _____ Reviewed _____ Revised _____

The district will use the Developmental Indicators for the Assessment of Learning (DIAL-4) to meet the requirement for a recognized assessment procedure to determine if a child not 5 years of age on or before October 15 of the current year is capable of carrying the work of kindergarten. The board shall update these procedures as the board deems appropriate.

Early Withdrawal at Age Sixteen

A person who has legal or actual charge or control of a child who is at least sixteen years of age may withdraw the child from school if an exit interview is conducted as required below, or if a signed notarized release form is filed with the Commissioner of Education as required by law for a child enrolled in a school that elects not to meet accreditation or approval requirements.

The exit interview shall be conducted at the time and place selected by the superintendent or the superintendent's designee upon receiving the written request of any person who has legal or actual charge or control of a child who is at least sixteen years of age if the child is enrolled in a school operated by the school district or resides in the school district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the superintendent or the superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include other school district personnel or the child's principal or such principal's designee if the child is enrolled in a private, denominational, or parochial school.

At the exit interview, the person making the written request shall present evidence that the person has legal or actual charge or control of the child and that the child would be withdrawing due to either:

- a) financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- b) an illness of the child making attendance impossible or impracticable.

The superintendent or superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign the withdrawal form provided by the school district agreeing to the withdrawal of the child or may rescind the written request for the withdrawal.

Any withdrawal form signed by the person making the written request shall be valid only if:

- a) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- b) the superintendent or superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the superintendent or the superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either:
 - 1) financial hardships requiring the child to be employed to support the child's family or dependents of the child, or
 - 2) an illness making attendance impossible or impracticable.

STUDENT ATTENDANCE RECORDS

As part of the school district's records, the daily attendance of each student shall be recorded and maintained on file with the permanent records of the district. The district will collect information pertaining to secondary attendance at the beginning of each period to calculate the same to the nearest one-fourth (1/4) day. For the elementary students, attendance shall be collected on a daily basis and calculated to the nearest one half (1/2) day.

It shall be the responsibility of the principals to ensure that such reports contain all information required by law and are filed with the administrative office.

ADDRESSING BARRIERS TO ATTENDANCE

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center. This policy, developed and annually reviewed in collaboration with the county attorney for the district's principal office location, is an attempt to address the barriers to student attendance. This policy shall include a provision indicating how the district and the county attorney will handle cases in which excessive absences are due to illness and shall state the circumstances and number of absences or hourly equivalent upon which the school shall render all services to address barriers to attendance.

Any superintendent, principal, teacher, or member of the school board who knows of any violation of the state school attendance laws (79-201) shall report that violation to the school attendance officer within 3 days.

The superintendent shall designate an attendance officer. The attendance officer will immediately investigate the report of any child who may be in violation of the state's compulsory attendance statutes.

1. Excessive Absence:

- 1.1 It shall be the policy of the district to report as truant any student enrolled in the district for exceeding the number of non-school excused absences as defined in the student handbook. For purposes of this policy, such reporting shall not be required of any student who is at least 18 years of age at the time excessive absenteeism occurs. The term "excessive absenteeism," as used herein, shall mean non-school excused absences that exceed eight (8) days cumulatively per semester year or the hourly equivalent.
- 1.2 Students are subject to disciplinary action for excessive absenteeism including suspension and expulsion. It shall be within the discretion of the principal to determine, in light of the circumstances, whether a student may make up work missed because of non-school excused absences. Disciplinary action for students receiving special education services will be assigned in accordance with the goals and objectives of the student's Individualized Education Program.
- 1.3 For any semester in which the number of non-school excused absences exceeds eight (8) days or its hourly equivalent, the Superintendent or his/her designee shall see that services which shall include, but not limited to, the following are provided to the student and his/her parent or guardian:
 - 1.3.1 Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
 - 1.3.2 One or more meetings between a school attendance officer, school social worker or other person designated by the school administration if such school does not have a school social worker, the person who has legal or actual control of the child, and the student to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
 - 1.3.2.1 Illness related to physical or behavioral health of the child;
 - 1.3.2.2 Educational counseling;

- 1.3.2.3 Educational evaluation;
 - 1.3.2.4 Referral to community agencies for economic services;
 - 1.3.2.5 Family or individual counseling; and
 - 1.3.2.6 Assisting the family in working with other community services.
- 1.4 The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by statutes, that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and that the child has been absent more than twenty days per year. The school shall notify the child's family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.
- 1.5 The superintendent shall report to the Commissioner of Education as directed by the commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials other than school resource officers by the district relative to a student enrolled in the district. The superintendent shall report annually to the Commissioner the required data for the number of students who have dropped out of school.

2. Hearing for the Habitually Absent

- 2.1 The parent or guardian may request a hearing. If a hearing is requested, the recommendation of expulsion will be delayed until the hearing process has been exhausted. The request for a hearing must be submitted, in writing, to the building principal within five (5) school days from the date of receipt of notice of intent to recommend expulsion.
- 2.2 The building principal must schedule the hearing within ten (10) school days of receipt of request for a hearing.
- 2.3 A hearing committee will be formed by the Principal.
- 2.3.1 The hearing committee will consist of the following:
 - 2.3.1.1 The Building Principal
 - 2.3.1.2 The Guidance Counselor
 - 2.3.1.3 Two (2) teachers, who have the student in class during the current semester.
- 2.4 The hearing committee, after hearing all information presented by the student, parent and involved teachers has the following options:
- 2.4.1 Recommend to the Superintendent to continue with the filing of the intent to expel with the Board of Education.
 - 2.4.2 Recommend to the Superintendent to withdraw the intent to expel.
- 2.5 The hearing committee must reduce its finding to writing and submit a copy of the finding to the student, the parent and or guardians, and the Superintendent within five (5) school days of the conclusion of the hearing.

3. Appeal of the Finding of the Hearing Committee

- 3.1 The student or his parents may appeal the finding of the hearing to the Superintendent. The request for a review of the finding must be made in writing and presented to the Superintendent within five (5) school days from receipt of receiving the findings of the Hearing Committee.
- 3.2 The Superintendent will review the minutes of the Hearing Committee, the written comments of the students and his/her parent, and other pertinent information. The Superintendent will reduce his/her finding to writing and mail a

copy of the finding to the student, parent, and the Hearing Committee within five (5) school days from receipt of the request for a review of the finding of the Hearing Committee.

- 3.3 If the Superintendent determines that the absences were unnecessary, the Superintendent will file the intent to expel with the board at the next scheduled board meeting.
- 3.4 The student and/or parent may ask to be on the board agenda for the purpose of appealing the finding of the Superintendent.
- 3.5 The decision of the board will be final.

STUDENT ABSENCES - EXCUSED

1. Statement of Philosophy

- 1.1 It is the philosophy of the board that it is the responsibility of the parent and/or guardian, the student, and the school to establish and maintain desirable habits of punctuality and attendance.
- 1.2 Parents and/or guardians are expected to account for student's absences.

2. Definitions

- 2.1 For the purpose of this policy the following definitions will be used;
 - 2.1.1 Elementary student will be a student enrolled in grades Kindergarten through grade five.
 - 2.1.2 Secondary student will be a student enrolled in grades 6 through 12.
 - 2.1.3 All students will be held accountable to all sections of this policy unless there is a designation of elementary or secondary.
 - 2.1.4 Pre-arranged absences are those absences for which the school and teachers are notified a minimum of one day in advance that the student will be absent.
 - 2.1.5 Any student whose absences exceeds ten (10) days or the hourly equivalent per semester may be in violation of state compulsory attendance laws. Additionally, those students jeopardize their opportunity to earn credits or be promoted to the next grade.
 - 2.1.6 School Excused- The parent must provide the school documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to illness documented by a doctor, college visits, court, death of a family member, or suspension.
 - 2.1.7 Not School Excused- Parent acknowledged absences that include but are not limited to illness, vacations, and other situations where the parent notifies the school that the child will be gone.

3. Notification of absence

- 3.1 The parent and/or guardians of each student are required to notify the school each day that a student is to be absent.
- 3.2 Parents are required to call the district office before 9:00 a.m. on the day their child is absent or the district will attempt to call the parent.
- 3.3 If advanced notice cannot be given, then a parent/guardian should call the school stating why their child is absent. The school will call parent(s)/ guardian(s) when a note or call has not been received to inquire the reason for the student's absence. If no contact was able to be made before the student returns to school, the student must bring a signed note by the parent/guardian explaining the absence.

4. Attendance and Excuses

- 4.1 District
- 4.2 Elementary
 - 4.2.1 The following schedule is used to determine if an absence is to be counted as a full or half day on a regular school day. Student absences will be categorized as either school excused, or as not school excused based on the situation. **Parent excused absences will count toward the 10-day limit.**
 - 4.2.1.1 Students need to be in their classrooms by 8:30 AM.
 - 4.2.1.2 If a student arrives at school after 8:30 AM and before 9:15 AM, it will be considered a tardy.

- 4.2.1.3 If a student arrives after 9:15 AM, but by or before 11:00 AM, the absence will be counted as ½ (one-half) day.
- 4.2.1.4 Entry after 11:00 AM will be counted as a full-day absence.
- 4.2.1.5 If a student leaves before 11:00 AM and does not return, the absence is counted as a full day
- 4.2.1.6 If a student leaves after 11:51 AM and does not return, the absence is counted as ½ (one-half) day.
- 4.2.1.7 No absence is counted if a student leaves after 2:57 PM.
- 4.2.2 Special allowances may be made on days with late starts or early dismissals.
- 4.3 Secondary
 - 4.3.1 Student absences will be categorized as either school excused, or as not school excused based on the situation. When possible, students shall notify their teachers in advance of pending absences by completing a pre-arranged absence sheet to the attendance secretary prior to the absence. **Parent excused absences, other than college visits arranged through the guidance office, will count toward the 10-day limit.**
 - 4.3.2 Students participating in school sponsored activities under the direction of a school approved sponsor during the school day will not be counted as absent. In order to practice or participate in any activity the student must be in attendance all day on the day of the activity. Students arriving to school after the first 15 minutes will be considered absent rather than tardy. An exception to this rule would be a pre-arranged absence approved by the Principal. Extenuating circumstances must be approved by the administration.
 - 4.3.3 If the principal suspends a student, the days for which the student is suspended shall not be counted in the total of ten (10) days of allowable absences per semester.
 - 4.3.4 Secondary students arriving to class after the bell rings and before the first 15 minutes will be considered tardy.
 - 4.3.5 Exceptions may be made to the attendance policy with the approval of the secondary principal.
- 4.4 Notification of Student Attendance by the School
 - 4.4.1 Upon reaching the following limits during a semester, the parent and/or guardian will be notified as follows:
 - 4.4.1.1 On the 4th ‘not school excused absence’ a notification letter, e-mail, or phone call will be sent to the parent and/or guardian.
 - 4.4.1.2 On the 6th ‘not school excused absence’ a notification letter will be sent to the parent and/or guardian.
 - 4.4.1.3 On the 8th ‘not school excused absence’ a Barrier to Attendance letter outlining the attendance policy and consequences for additional absences will be mailed to the parent and/or guardian. A meeting will be scheduled, per board policy 503.04, to determine the barriers leading to the attendance issue.
- 4.5 Loss of Credit
 - 4.5.1 Ten (10) days of ‘not school excused absences’ from a class during any one (1) semester will constitute justification for an incomplete or the loss of credit for that semester in that class. Parent excused absences, unexcused absences, or trancies, will be counted toward the ten day

limit. Students who miss the equivalency of ten (10) full days of school per semester are subject to consequences relating to Nebraska compulsory attendance law.

4.6 Reinstatement of Credit/Appeals

4.6.1 When a student has lost credit for a class, the student has two procedures from which to regain the credit.

4.6.1.1 Procedure 1 – In cases of extreme hardship (accidents, extended illness, or other exceptional health related problems such as therapy on a weekly basis) or extenuating circumstances, a student may appeal, in writing, to the Principal for reinstatement of credit.

4.6.1.2 Procedure 2 – When a student is notified of a loss of credit due to absences, an appeal may be made to the Attendance Review Committee. At least four (4) members of the committee need to be present to each meeting. The committee will have the authority to reinstate credit if a majority of the committee agrees sufficient reason for a waiver of the policy exists, place the student's credit on hold based on an attendance improvement plan outlined by the committee, or deny the appeal. The purpose of the meeting is to allow the student and parents/guardian(s) the opportunity to present any information or argument as to why the attendance policy provisions should be waived. A tie vote will result in a decision in the student's favor.

4.6.2 If the student and/or parent/guardian is unsatisfied with the decision of the attendance committee, they will have seven (7) calendar days to appeal the decision to the Superintendent. The Superintendent will conduct a review and within five (5) calendar days will provide a written response to the student. The Superintendent has the authority to reinstate credit, or uphold the decision of the committee. A final appeal may be made to the board within seven (7) calendar days of the Superintendent's decision. The board will have forty five (45) calendar days to provide a written response. The decision of the board is final.

5. Make-up Work

5.1 Elementary

5.1.1 Elementary students will have two (2) school days from the date of their return to school following an absence to make-up the work missed.

5.1.2 If the work is not made up within two (2) school days, a zero (0) will be entered into the grade book for all work missed and not made-up.

5.1.3 Any student who has make-up work may appeal the amount of time to make up the work to the Elementary Principal.

5.1.3.1 The Elementary Principal's decision is final.

5.2 Secondary

5.2.1 Secondary students are to complete all pre-arranged "make-up" work before the absence, or by the due date set by the teacher. Teachers are not required to allow students the opportunity to earn credit for assignments that are not completed prior to the due date set for absences classifying as pre-arranged.

5.2.2 If a secondary student is absent on the day that an assignment is due, the student will be required to turn in the assignment on the first day of his/her return to school. If the student fails to turn in the assignment, the instructor

will enter a grade of zero for that assignment.

5.2.3 Students will have two (2) days from the date of their return to school following an absence to make up work missed as a result of the absence. Students may ask for and receive extra time from their teachers should extenuating circumstances exist.

5.2.4 Any student who has make-up work may appeal the amount of time to make up the work to the teacher or the Secondary Principal.

5.2.4.1 The Secondary Principal's decision is final.

6. College Visitation

6.1 Seniors are allowed two (2) days for college visitation, per school year, if the Guidance Office coordinates the visitation and the parent accompanies the student on the visit. Juniors are allowed one (1) during the second semester for a college visitation. Additional days for college visits must be requested and approved by the principal.

7. Extra-Curricular Participation:

7.1 In order to practice or participate in any activity held outside of school hours the student must be in attendance all day on the day of the activity. The only exception to this section would be a pre-arranged absence approved by the principal.

8. Truancy

8.1 Truancy will be defined as any absence without prior knowledge and/or permission of the school and/or parents. Under these circumstances, a student will be considered truant, whether the absence is for a full day or more, part of the day, or all or part of any class. Truancy will not be tolerated. Truant students will be subject to appropriate disciplinary action. See Board Policy 504.03, The Code of Conduct.

9. Physical Education

9.1 Excuses from home to keep a student out of physical education must be on a day-to-day basis unless accompanied by a doctor's written excuse.

10. Tardy to School

10.1 Elementary

10.1.1 Students are considered tardy when school begins at 8:30 AM and they are not in their assigned rooms. Any time a student enters the building after 8:30 AM they must report first to the office for a pass to class. Additional definitions of being tardy are outlined in the Student Handbook.

10.2 Secondary

10.2.1 For the purpose of this policy, a student reporting to school within the first fifteen (15) minutes of the first period of the school day without a pre-excused absence will be considered to be tardy. A student that is more than fifteen (15) minutes late for the first period will be considered to be absent or truant for that period. See the Student Handbook for additional definition of tardy.

10.2.2 The make-up time will be at the discretion of the Principal.

11. Admit Slips

11.1 The office will collect attendance through Power School.

11.2 Students must have an admit slip/planner signed when arriving late to first period class.

12. Late Enrollment

12.1 Students entering school after the third week of the semester will be prorated on the number of days of allowed absences. Instead of ten (10) days for the

semester, students will have one-half (1/2) day for each week of school left in the semester.

13. Withdrawing from School

- 13.1 Any student who has withdrawn from school and has re-entered, shall not gain nor lose days, but will be reinstated with the same number of days of approved absences as they processed at the time of withdrawal.

PROPOSAL NAME:

Access Control and Surveillance

PROPOSED TO:

Shelby Rising City Public Schools

PREPARED BY:

Chandler Sandman

DATE PROPOSED:

4/14/2023

Scope of Work

Thank you for choosing Diode Technologies for your Surveillance needs. This surveillance proposal is for a cloud system with on-premise PTZ's.

Rhombus

The last section of the proposal is to add three Rhombus cameras to the facility. Rhombus is a feature rich cloud based camera system with 20 days of onboard storage and 30 days of cloud storage and full of advanced features like motion, vehicle, person and facility detection. This solution is also setup to send event emails, texts or badges when actives are captured at certain times of the day or days of the week. This solution also connects to Openpath access control allowing a fully integrated solution. This solution is also cloud based so requires no onsite recorder.

Interior Cameras:

Diode will install 6 – 4K dome cameras and 35 – 5 mega pixel cameras in the interior of the school. We will be using the existing wire where possible and will add new cat6 plenum to new camera locations and where previous analog cameras were located.

Exterior Cameras:

Diode will install 8 – 4K dome cameras on the exterior of the school along with 2 – 2 mega pixel PTZ's.

Football Field:

Diode will install 3 – 2 mega pixel PTZ's at the existing locations.

Parking lot:

Diode will install 1 – 2 mega pixel PTZ's at the existing locations.

Recorder:

Diode will install 1 – 64 Channel 50TB network video recorder.

Bus Barn:

Diode will install 2 – 4K dome cameras and 5 – 5 mega pixel cameras along with a 16 port switch. Diode will work with the school for final placement locations of the cameras.

The camera system will require network switch ports for each camera. This is not included in this proposal for the main building, but can be proposed if needed.

Additionally, the camera system will require a monthly license of \$929. The first year is included in this proposal.

Terms and Conditions

This proposal is valid for a period of up to 30 days from the date of the proposal.

Payment Schedule:

- 50% down payment is required to initiate the project.
- Completed work will be billed monthly.
- Remaining balance due after completion of the project.

*Prewiring for system installation will be billed at 100% after completion. No ordering of equipment will be made until 100% payment of prewire is received.

Final payments are due upon receipt of final invoice. Failure to pay in full will accrue 16% APR.

****3% credit card processing fee applies for invoices paid over \$3,000.**

Project Process:

1. Signed Proposal
2. 50% down payment
3. Ordering, Staging, and Programming of equipment
4. Scheduling of Project
5. Final Payment Billed at Completion of Project
6. Introduction and Handoff to Service Team for Future Assistance

Service Process:

1. Contact Diode Technologies at 402-793-5124
2. All Service Requests are documented by Diode Customer Service Representatives
3. Support Specialists will contact customer to determine best course of action to resolve the issue.
 - a. Remote support will be provided as a first course of action.
 - b. An on-site technician will be scheduled and dispatched if needed.

Warranties:

•For a period of one (1) year following the installation date, we will warranty equipment and components that are related to our workmanship. This does not include negligence by the customer or anyone who is not Diode Technologies. After this 1 year period, any product warranties will be deferred to the manufacturer's warranties. If Diode Technologies needs to come and replace equipment or troubleshoot after the 1 year period, the customer will be invoiced for a service call. At this time, there will be an opportunity to sign up for a service plan for ongoing support and maintenance of your system.

•For a period of six (6) months following the installation date, we will guarantee any changes made to software or programming. After this 6 month period, if changes to programming needs to be made, the customer will be invoiced for a service call at the programming rate. At this time, there will be an opportunity to sign up for a service plan for ongoing support and maintenance of your system.

License Renewals:

Software licenses will renew automatically at their end of term. The licenses will be renewed at one year terms and can be billed monthly or annually. Licenses can be canceled up to 30 days prior to renewal.

The following conditions or circumstances may affect the final billing amount and/or project timeline.

1. DT does not provide 110v electrical service to power our system design. A properly licensed electrical contractor may be needed, and the Customer is responsible for providing code and load compliant power outlets as detailed in this proposal.
2. Change orders to the original scope of work will typically incur additional material and potential labor costs and will be provided upon request.
3. Change orders may also require a delay in original estimated completion dates and additional return trip labor costs. Original project will be billed as completed, and additional change orders will be billed separately.
4. DT has estimated normal above ceiling wiring access routes for cabling to meet local codes. If unusual installation circumstances (excessive firewalls or depth of walls deeper than 8" masonry block above ceiling) that require additional labor hours, customer will be advised by DT PM during the installation process.
5. Normal material order, shipping, handling and staging of equipment is begun after the down payment is received and typically takes 4-5 weeks for scheduling and delivery; however, a manufacturer may occasionally have a delay sourcing parts which may result in a delay. The DT project manager will advise if this situation occurs.
6. Expedited installation requests require overtime scheduling of technicians which may increase the costs of the project and will be handled on a case-by-case basis depending on current installation commitments to our customers at the time.
7. If underground trenching is required, any unusual or unanticipated impediments can significantly impact our proposal estimate subcontractors and ultimately the cost to the customer. The customer will be advised of additional cost factors before works proceeds.
8. Aerial cable runs may be subcontracted out and priced separately from our proposal.
9. Weather conditions, lightning strikes or other acts of God may impact estimated completion date and DT will not be responsible for costs associated with these types of delays.
10. Every effort will be made to complete our installations as planned; however, unforeseen circumstances or delays out of our control will be communicated as quickly as possible.
11. Delays in site availability or agreed upon payment schedule may result in DT rescheduling delivery and adjusting completion dates.

Additional Terms

Diode Technologies makes no guarantee and assumes no liability for the use, operation and maintenance of any installed equipment and any associated equipment.

The customer agrees to fully and completely indemnify and hold harmless Diode Technologies, LLC, its successors and assigns, from and against any and every claim loss, damage, suit or liability arising out of the furnishing equipment including, without limitation, any claim, loss, damage, suit or liability involving damage to or destruction of property or personal injury to or death of livestock or persons which arises, or is claimed to arise, directly or indirectly, with or without negligence, out of the installation, use, maintenance, operation, failure of operation, or malfunction of equipment on the premises of the customer. Equipment is not actively monitored by Diode Technologies, LLC or any other 3rd party service.

Customer acknowledges by signature below that customer has read, understands and accepts the above conditions for services provided by Diode Technologies, LLC.

Media Release

I, Shelby Rising City Public Schools, hereby grant permission to Diode Technologies hereinafter known as the "Media" to use my image or images taken of my project (photographs and/or video) for use in Media publications in places that include, but are not limited to, their website, social media accounts, or email.

I hereby waive any right to inspect or approve the finished photographs or electronic matter that may be used in conjunction with them now or in the future, whether that use is known to me or unknown, and I waive any right to royalties or other compensation arising from or related to the use of the image.

Upon signing this proposal, I agree to the paragraph below which is applicable to my present situation:

I have read this release before signing the proposal, and I fully understand the contents, meaning and impact of this release. I understand that I am free to address any specific questions regarding this release by submitting those questions in writing prior to signing, and I agree that my failure to do so will be interpreted as a free and knowledgeable acceptance of the terms of this release.

At KCAV, we help our clients succeed by providing audio-visual solutions that deliver results. We look forward to partnering with you to create engaging spaces to learn, work and share!

COMPANY HISTORY

Kansas City Audio-Visual (KCAV) was founded in 1953 by Mickey Adler, who offered his clients innovative solutions of the time - dictating machines, opaque projectors, and overhead projectors. Today, KCAV remains family-owned and run by Jerry & Lisa Bernard, Mickey's son-in-law and daughter. And while technology has definitely changed since 1953, KCAV's commitment to the customer has not.

At KCAV, we are committed to:

- Integrity at the core of everything we do.
- Innovative, reliable solutions that help our customers succeed.
- Long-term relationships based on trust, proactive communication, and high-quality service.

In 2018, KCAV acquired Engaging Technologies, a family-owned audio-visual technology company based in Omaha, further expanding KCAV's footprint into Nebraska and Iowa. Now, over sixty-five years later, KCAV is one of the largest suppliers of audio-visual technologies in the Midwest.

THE KCAV TEAM

We believe that people choose to do business with people. Our business model is based on offering our clients personal service from AV professionals at every stage of your experience. The KCAV Sales Team is distributed throughout Kansas, Nebraska and Missouri, allowing us to offer local, personalized service. Our Sales Team will partner with you, investing the time and resources to understand your needs, goals and realities. With that understanding, the KCAV Team will design, install, and support solutions that will transform your learning, working and sharing spaces - including meeting and collaboration spaces, classrooms and training rooms, and larger venues such as auditoriums, gymnasiums, and more.

Our full-time, industry-certified Design and Engineering Team takes pride in providing cost-effective systems that provide quality, worry-free operation. Big or small, each project receives individual attention from experienced professionals. In addition, our strong relationships with hundreds of manufacturers allow us to offer the latest technology at a cost you will appreciate.

Our KCAV Operations Team includes full-time engineers, project managers, and technical staff that hold industry-recognized certifications and strive to provide you with an exceptional client experience. In addition to providing thorough, quality, on-site installation, we place great value on providing you with proactive communication so that there are no surprises throughout the process.

After installation is complete, you'll receive on-site training in the operation of your installed systems. In addition, we offer optional high-quality professional development delivered by our Implementation Specialist, a trained educator experienced in helping users of all levels better utilize your technology investment.

Finally, the KCAV Service Team will provide you with "peace-of-mind" support, offering both telephone-based support with after-hours paging service, as well as on-site service to maximize the utilization of your new audio-visual system.

We look forward to welcoming you to the KCAV family of clients.

I. SUMMARY: Shelby-Rising School is in need of an upgrade to their current security system. They would like a combination of cameras, entry card readers and door controls throughout the facility.

II. SYSTEM DESCRIPTION: KCAV will partner with Verkada to install and implement a comprehensive security system that will provide viewing of many areas of the building including entry and exit points, hallways, parking areas and other locations that are identified on the included layout of the building. KCAV will install 47 security cameras, 11 card readers, and 3 door control units. The cameras are marked and identified on the included building layout. The units are cloud based and will be configured for use by the district security point of contact. Existing cable will be used in some existing locations. New cabling will be pulled to locations where needed. This quote does not include network switches and is intended to use customer provided network infrastructure. If network switches are needed, KCAV can provide pricing for appropriate switches for this design. This quote includes three-year licensing for all products. Cameras have 30-day on-board storage that can be recalled for up to 30 days from time of event occurrence. PLEASE NOTE: This quote does not include ant new door strikes. Existing door strikes will be use where applicable.

GENERAL TERMS AND CONDITIONS

These Terms & Conditions are by and between Kansas City Audio-Visual, Inc. (the "Company") and the undersigned Customer (the "Customer").

- 1. GRANT OF SECURITY INTEREST:** By signing below, Customer acknowledges that this contract serves as a security agreement within the meaning of the Uniform Commercial Code (UCC), and Customer agrees that Company may file such UCC financing statements as are appropriate to perfect Company's security interest in the equipment.
- 2. INSTALLATION:** Customer hereby grants to Company or its agent the right to install the equipment, to the extent such installation is specified above. Customer represents and warrants that all necessary governmental and third-party approvals for installation of the equipment have been obtained, unless otherwise specified. Delays in installation caused by public agencies, manufacturers, suppliers, acts of God, pandemics, strikes or other union bargaining, and all acts not directly attributable to Company, shall not in any way affect the obligations of Customer, and Company's obligations with respect to such installation shall be suspended during the event causing the delay. Company shall not be responsible for damages from any such delay.
- 3. TAXES, FEES, AND PERMITS:** Customer agrees to pay Company all applicable Federal, State, and local taxes, excises, permits, and fees. All dollars in this Agreement are pre-tax, unless otherwise stipulated.
- 4. SHIPPING:** All shipments of equipment are FOB Company's distribution facilities.
- 5. RESPONSIBILITY:** Until balance is paid, Customer agrees to take proper care of the equipment on premises and to be responsible for any damage or loss by fire, theft, casualty, or any other cause whatsoever, and will not permit or suffer same to be removed from the place of its location at address of Customer, without written consent of Company or assigns.
- 6. GENERAL:** This Agreement constitutes the sole and entire understanding between the parties with respect to the subject matter hereof and supersedes all prior conversations, agreements, representations and promises, whether verbal or written. No modification of this Agreement shall be valid, unless made in writing and properly signed by each party. The provisions of this Agreement are severable; if any clause or provision shall be held invalid or unenforceable, in whole or in part, then such invalidity shall attach only to such clause or provision. Customer shall pay all attorneys' fees and other costs and charges incurred by Company in the collection of debt.
- 7. INFRASTRUCTURE:** In the event that Company is installing equipment or systems that require connectivity to the Customer's network including, but not limited to, VOIP connectivity, internet access, wireless network access, firewall traversal, and/or port forwarding, Company may advise Customer as to the network requirements, but any responsibility for infrastructure on the part of Company stops at the installed equipment's network jack or wireless connection and configuration of the network settings on the device sold by Company. Company is not responsible for updating network settings in the event the Customer's network changes. If the Customer's network is not "Plug and Play," then any custom network settings must be supplied by Customer to Company before the start of installation.
- 8. INSTALLATION AND SITE PREPARATION:** Installation (field assembly, interconnection, equipment calibration and checkout) is to be performed by the Company's trained technical employees. The Company shall be entitled to employ subcontractors and/or agents to assist in or carry out, in whole or in part, the installation. In the event installation by Company employees is prevented by trade unions, Customer shall arrange with the trade unions at its own expense to complete installation. The Company is thereafter liable only for supervision of installation.

Company agrees to coordinate with other trades to facilitate satisfactory work progress. If Company's work in progress is impeded by other trades and/or contractors (excluding Company's own subcontractors) or by scheduling delays due to Customer, time delays in the final installation as well as additional charges including labor, travel and reasonable expenses may result.

Customer shall be responsible for preparing, at its own expense, the installation site in accordance with the Company's instructions, including the requirements specified in the proposal. Company shall not be responsible for any high-voltage electrical work, ceiling modifications, structural modifications, or mechanical systems modifications.

Unless otherwise specified, Customer shall provide the Company with source code for any non-Company programmed remote control system required to be modified under the terms of this Agreement.

Customer shall provide the Company with reasonable access to the installation site before delivery, based upon a mutually agreed upon project schedule, for purposes of determining site readiness for installation. Customer will designate an individual on Customer's staff to serve as a contact person for all site preparation and installation issues. Customer shall indemnify the

Company against any loss, damage or claim arising out of the condition of the storage and installation premises.

Customer shall obtain at its expense and keep effective all permissions, licenses, and permits whenever required for the installation and/or use of the equipment and the premises where the equipment shall be situated.

9. LIMITATIONS OF WARRANTY - PRODUCTS OF OTHERS: Unless otherwise specified, no warranty is provided for "consumables," including batteries, lamps, glassware and evacuated devices.

Company's sole obligation with respect to any material or part identified in the quotation, literature, or specifications furnished to the Customer as manufactured or supplied by others, shall be to pass on to Customer the applicable manufacturer's warranties, if any.

10. CHOICE OF LAW AND SEVERABILITY: This agreement shall be interpreted in accordance with and governed in all respects by the law of Missouri. Venue shall be Kansas City, Missouri. Should any provision of this Agreement be found invalid or unenforceable by a court of competent jurisdiction or by operation of any applicable law, it shall not affect the validity of any other provision contained herein.

11. PROJECT/ORDER CANCELLATION: Customer must notify Company via both orders@kcav.com and sales representative in writing to cancel a project or order. Upon receipt of the notice, Company will acknowledge in writing Customer's order cancellation and provide the official date of cancellation. Customer agrees to pay Company for any labor expended or scheduled up to the order cancellation date, including but not limited to engineer time, design time, labor and travel completed, shipping costs, and other expenses related to the order. Assuming the equipment can be returned to the vendor, Customer agrees to pay a 25% restocking fee in addition to any applicable shipping charges. If the vendor will no longer accept the return of the equipment, Customer agrees to be responsible for the full cost of the equipment. Custom items may be noncancellable and are not returnable.

12. RESTOCKING FEES: In the event Customer wishes to return any equipment, Customer agrees to pay restocking fees of 25% of the sale price in addition to any applicable shipping charges.

13. CHANGE ORDERS: Any changes of scope made to the design of the system or the contractual agreements in implementation or functionality will require a mutually agreed upon "Change Order" form signed by an authorized representative for the Customer.

14. TARIFFS: If any products included in the proposal are impacted by international tariff changes, the Company reserves the right to adjust or cancel the proposal.

15. PROFESSIONAL DEVELOPMENT SERVICES: Unless specified otherwise, any purchased training or professional development services must be conducted within 12 months of placement of the sales order, unless mutually agreed upon otherwise in writing. Company will consider any contract to deliver professional development services fulfilled on the date 12 months after placement of sales order.

16. DESIGN SERVICES: All designs are the property of the Company. If Customer contracts with the Company to implement the design, the design shall become the property of Customer. If Customer wants to use the Company's design for an RFP, bid or any other purposes without implementation by the Company, the Company will advise Customer of the fee to purchase the design. Upon payment of the fee, the design becomes the property of Customer.

17. CONFIDENTIALITY: This Agreement and all drawings, specifications, and designs are the property of the Company. Proprietary information provided to Customer (or its agents) is for the sole purpose of demonstrating the Company's capabilities and shall be held in confidence. These materials may not be copied, distributed or disclosed in any way without the sole written permission of an authorized representative of the Company. Any effort to do so will be considered a violation of copyright law.

18. PARAGRAPH HEADINGS: The paragraph headings contained herein are for the convenience of reference only and shall not be construed to affect the interpretation or construction of any substantive provision of this Agreement.

KCAV PROJECT WARRANTY

KCAV offers a 90-day warranty on labor and workmanship, beginning on the date of substantial completion of your project. In the event there is a service issue, and it is determined that the issue is due to project workmanship, KCAV will rectify the issue at no cost to the client. KCAV offers a 90-day warranty on any manufacturer's components included in the project and purchased directly from KCAV. KCAV will work with the manufacturer and client to remove, replace, and reinstall the defective equipment at no charge to the client. KCAV supports the manufacturer's warranty on all hardware. Manufacturer warranties range in time and may be as long as five years. Most manufacturer warranties are based upon depot service. As such, the manufacturer warranty does not cover such items as travel and labor to remove defective equipment, or to reinstall replacement equipment. In the event of a service call which turns out to be related to issues outside of warranty (act of God, user-error, etc.), KCAV will submit an invoice for travel, time, and materials related to the service call. KCAV can provide more information regarding handling of hardware-based warranty situations upon request. KCAV is not responsible for warranty or support of existing Owner Furnished Equipment (OFE).

Maintenance and service agreements are available for extended periods of time. If you have interest in learning more, please contact KCAV at (service@k cav.com) for more information.

KCAV SERVICE OPTIONS

KCAV offers three levels of hourly service, in order to address a full range of situations that require timely, high-quality service of our clients' AV system.

Standard-Level Service

Standard-level service takes place between the hours of 8:00am - 5:00pm, Monday-Friday. Standard-level services requires a minimum of two business days' advance notice for scheduling purposes. While KCAV will make every effort to perform standard service sooner than two days from the client's request, this will not always be possible.

Priority-Level Service

Priority-level service takes place between the hours of 8:00am - 5:00pm, Monday-Friday. Priority-level service will be performed with less than two business days' advance notice. Priority-level service is designed for time-sensitive service needs which do not allow for two or more business days' advance notice.

After-Hours Service

After-hours service takes place outside of 8:00am - 5:00pm, Monday-Friday, and also takes place on federal holidays. After-hours service is designed for service needs which cannot be addressed during standard business hours.

Please note the following which apply to all levels of service provided by KCAV:

- Service time is portal-portal. The time is calculated from the time the service technician departs the KCAV office until the time the service technician returns to the KCAV office.
- A two-hour minimum will be charged for all service calls.
- A dispatch fee is added to each service call to account for the costs of operating the service vehicle.

1. **DELAYS:** All orders are subject to the Company's ability to make delivery at the time specified, and the Company shall not be liable for damages for failure to make partial or complete delivery. The Company shall not be liable for delays in delivery caused by forces not reasonably within Company's control (including but not limited to delays or defaults by carriers, extreme cold weather, floods, fires, storms, or other acts of God, war or act of public enemy or civil disturbance, strikes, lock-outs, shortages of labor or raw materials and supplies, action of any governmental authority, or any other force majeure event). Customer shall be liable for any added expenses incurred by the Company because of, including but not limited to, Customer's delay furnishing requested information to the Company; delays resulting from order changes by Customer; delays related to Customer's network configuration or other systems issues; or conditions affecting installation duration, off-hours or continuous workdays of 8 am to 5 pm.

2. **EQUIPMENT AND MATERIALS PRICE INCREASE:** Company shall be entitled to additional compensation from Customer in the event there is a significant increase in price of any specific item of equipment or materials of seven percent (7%) or more between the date the Agreement is signed and the date that equipment and materials are purchased for the work to be performed on the project.

3. **DELIVERY COSTS & CLAIMS:** Customer agrees to pay for all shipping or transportation costs of the equipment as and if stated on Company's proposal and/or the invoice. Company shall not be liable to Customer for any damage to or loss of equipment in transit. Company's only recourse as to such damage or loss shall be with or against carrier, and all claims must be filed with the carrier. Upon delivery, Customer must inspect and verify that contents match the packing list and are without damage. If there are any discrepancies or damages, Customer must notify Company in writing within three (3) business days, or such claims shall be waived.

4. **HARDWARE-ONLY ORDERS:** Orders over \$50,000 consisting of hardware only require a 50% deposit.

5. **INSTALLATION PROJECTS:** In keeping with industry standards, payment terms for projects over \$50,000 that involve installation are as follows:

- 50% deposit in advance of start of project
- 40% invoiced following delivery of hardware
- 10% remaining invoiced following completion of project

6. **PAYMENT & PAST DUE ACCOUNTS:** All payments are due within thirty (30) days of the invoice date unless an advance deposit is required on Company's quote. A finance charge of the lesser of 1.5% per month (18% - APR) or the highest rate permitted by law will be assessed on all past due accounts. Interest charged on a past due invoice will be assessed from the date of the invoice. Customer agrees to reimburse Company for all attorneys' fees and court costs in connection with default of these payment terms by Customer.

7. **CREDIT & CREDIT CARD PURCHASES:** Credit payment terms must have the prior approval of Company. Company reserves the right to stop delivery of equipment or provision of services if Customer's financial condition becomes impaired or unsatisfactory to the Company. Additionally, Company may require payment in advance or other security, and, in the absence thereof, may cancel, without liability, the unfilled portion of an order. Credit card purchases shall be subject to a four percent (4%) convenience fee where allowed.

REINSPECTION SUMMARY

During the current re-inspection (2021) of asbestos containing building materials (ACBM), in the building in Shelby it was found that the material conditions in general had not changed since the previous re-inspection (2018).

The main school building in Rising City was razed in 2017. The Village of Rising City has taken over ownership of the remaining school property.
