2025-2026 School Budget Presentation

Presented by Superintendent Tejkl

General Fund:

Is the account used for the annual operations of the school district. This fund receives revenue from property tax (levy), various county taxes, state reimbursements, net-option funding, and federal program support. The expenditure limit for this account is called budget authority and set through the TEEOSA formula established by the Nebraska Legislature and managed by the Nebraska Department of Education. The General Fund has a levy limit of \$1.05.

Depreciation Fund:

Is the account established in order to facilitate the eventual purchase of costly capital outlay by reserving such monies by transferring unused funds from the General Fund. The purpose of this fund is to spread replacement costs (by accumulation of funds over time) in order to avoid a disproportionate tax effort in a single year to meet such an expense. Typical expenditures include buses, vans, technology, track/field surfacing, HVAC equipment, and IT equipment.

Tax Valuation of District:

When taxing, the District uses the certified valuations of all property established by the Assessors Office(s) in both Polk County and Butler County. Shelby-Rising City Schools does not have influence or input on the decisions regarding property valuation. The tax asking for each fund is determined by the valuation multiplied by the levy, with \$0.01 of levy accounting for \$10 per \$100,000 of property valuation.

Tax Proposal:

This proposal is up 100k more on the chance to hire someone for another FTE Special Education Teacher

Drop Levy by: .108947

\$ Saved = 1,013,601 of Unused Tax Request Authority

\$ Saved over the past 5 years = 2,148,601

Levy from .825100 (2021) to .579963 (2025)

- Estimate that we would finish, if all estimates are on, with \$2.0 million

Transfers and End Result:

- 625k to Depreciation
- 140k to Activities
- General = \$2,019,763.58

2025-2026 School Budget Proposal

- **Fiscally Sound**
- **Depreciation is replenished and makes me feel much better after running it down to 58k. It has what it needs for replacing vehicles (3 vans/2 vans & Microbus), HVAC repair, and looking into retrofitting other sections of our roof if needed (JH hallway would be next on deck)**
- **Cut .108947 off Levy**
- **NDE approved**
- **Allows to replenish deficits in Depreciation and Activities**
 - **Activities should be in a better spot for next year without having to spend 10k on a wrestling mat and 17k on football jerseys**
 - **By this time next year, I am hopeful we are in the 2.6 million range before transfers**

Executive Summary

This document is to assist the School Board and Stakeholders in assessing the financial condition and needs of the Shelby-Rising City School District.

The District utilizes the following funds and an explanation of each is included:

GENERAL FUND – Is the account used for the annual operations of the school district. This fund receives revenue from property tax (levy), various county taxes, state reimbursements, net-option funding, and federal program support. The expenditure limit for this account is called budget authority and set through the TEEOSA formula established by the Nebraska Legislature and managed by the Nebraska Department of Education. The General Fund has a levy limit of \$1.05.

SPECIAL BUILDING FUND – is the account used for new construction or building improvements. This account generates revenue from property tax (separate levy) and/or bond funds. Expenditures should not include unplanned repairs; it is designed for specific improvement projects. The Building Fund has a levy limit of \$0.14.

DEPRECIATION FUND – is the account established in order to facilitate the eventual purchase of costly capital outlay by reserving such monies by transferring unused funds from the General Fund. The purpose of this fund is to spread replacement costs (by accumulation of funds over time) in order to avoid a disproportionate tax effort in a single year to meet such an expense. Typical expenditures include buses, vans, technology, track/field surfacing, HVAC equipment, and IT equipment.

BOND FUND – is the account that is used to accumulate property tax funds that are levied in order to pay back general obligations bonds that are taken out by the school district to make improvements to a building(s) or certain infrastructure needs. There is no limit on the amount that can be levied, as long as it does not substantially exceed the annual bond obligation payments.

SCHOOL NUTRITION FUND – This was formerly called the Lunch Fund. The fund is designed to take receipts and make payments for the operation of the school nutrition program. Any deficit that would occur becomes the responsibility of the General Fund.

ACTIVITIES FUND – is required to account for the fiscal operations of student organizations, inter-school athletics, and other self-supporting or partially self-supporting school activities. This account does not count toward the annual expenditure limits established in the Budget Authority.

EMPLOYEE BENEFIT FUND – An employee benefit fund may be established in order to specifically reserve General Fund money for the benefit of school district employees. This is typically used to manage a 125 plan, unemployment compensation, early retirement, or HSA contributions.

CONTINGENCY FUND – A contingency fund is authorized by statute and may be used to fund uninsured losses and legal fees incurred by the district for the defense against public losses. This fund may not exceed 5% of the total budgeted general fund expenditures.

QUALIFIED CAPITAL PURPOSE UNDERTAKING FUND (QCPUF) – This fund may be established for the removal of environmental hazards and the reduction or elimination of accessibility barriers to schools. The tax levy for and duration of this fund is restricted to \$0.03 over five years.

COOPERATIVE FUND – The Cooperative Fund may be used by the school district acting as the fiscal agent for any cooperative activity between two or more political subdivisions. All school districts, including the school district acting as fiscal agent, shall show the payment for services to the cooperative in their General Fund.

STUDENT FEES FUND – as authorized by statute, is a separate fund not supported by tax revenue. Includes all moneys collected from students pursuant to the Public Elementary and Secondary Student Fee Authorization Act. Included are the fees for Extracurricular Activities, Postsecondary Education, and Summer/Night School.

Tax Valuation of District

When taxing, the District uses the certified valuations of all property established by the Assessors Office(s) in both Polk County and Butler County. Shelby-Rising City Schools does not have influence or input on the decisions regarding property valuation. The tax asking for each fund is determined by the valuation multiplied by the levy, with \$0.01 of levy accounting for \$10 per \$100,000 of property valuation.

Additional revenue for the General Fund comes in the form of State or Federal Program Grants (qualifications and limitations apply), county taxes, and local property tax. All other funds receive their revenue from direct property tax or general fund transfers. The exception is our building fund, which received revenue from the Bond Issue passed in 2015.

Factors that impact Tax Asking include State Aid, State/Federal Program Grants, and SPED Reimbursements. The tax asking is the difference between that total and the total anticipated expenditures from the General Fund. In 2013-2014 the district had a Cash Reserve that was calculated into the formula for necessary revenue. The District attempts to carry enough Cash Reserve to operate for three months to offset the delayed timeline for receipts from Property Tax and the State of Nebraska.

General Fund

The General Fund cash balance on August 30, 2025 was **\$2**, compared to **\$1,958,914.48** at the end of the 2024 fiscal period. We transferred 350k to depreciation and 100k to activities leaving **\$1**. This is considered a required cash reserve and is not factored into the revenue for the 2025-2026 fiscal period.

Below is a comparison of annual budgeted expenditures by year and actual expenditures and transfers by year. The percentage change will show the budget expenditure (planned and actual) increase or decrease by year.

Depreciation Fund

The balance at the end of the 2024-2025 fiscal year was \$855,853.13, which includes a cash balance of \$683,853.13 (625k from transfer) and a certificate of deposit with Pinnacle Bank of \$172,000. Annually the increase in the account comes from the sale of surplus equipment that is depreciated out, interest, and General Fund transfers.

A \$625,000 transfer from the General Fund was made at the end of the 2024-2025 fiscal year. Expenditures are anticipated for the 2025-2026 fiscal period. The goal of the account balance is to address the replacement of our activities vans.

This report was compiled on June 2nd, 2025 to show the current status of all of our vehicles that are housed in our Bus Barn. The purpose of this report is to show you the mileage and years of our vehicles and to tentatively make recommendations for a Replacement Plan.

Bond Fund

The District passed a \$14.9 million bond issue in March of 2015. The first payment occurred in December of 2015 and will occur annually at the full amount starting with this fiscal period (2016-2017). One of the two bonds was reissued in 2020 with a considerable savings to the district which resulted in the reduction of the levy by nearly one cent.

The current balance of the Bond Fund (August 29, 2025) is **\$808,154.26** compared to **\$822,817.64** in 2024, with a tax receipt coming in September as part of the 2025-2026 fiscal period.

School Nutrition Fund

The District's Food Program received approximately \$80,000 in federal funds to reimburse free and reduced lunch qualified students. The program is self-sufficient with all expenditures including staffing, benefits, supplies, and equipment being paid from program receipts. Meal prices are set by formula from the Federal Program based on student meal participation. Meal prices increased for the 2024-2025 school year. **The balance at the end of the 2024-2025 fiscal school year was \$40,497.48.**

Activities Fund

Annually the District transfers funds from the General Fund to balance out expenses from school activities that do not generate revenue. At the end of the 2024-2025 school year the General Fund transferred \$140,000 to activities. Additional funds will be used to offset accounts that come up **red** each year. At the beginning of the year, our activities account had 197,134.70 (cash). The end of fiscal period balance, including the transfer (August 29, 2025) for the Activity Fund was as follows:

Cash Balance	\$ 172,964.57
Transfer	\$ 140,000.00
Pinnacle Bank CD	\$ 38,000.00
Total	\$ 350,964.57

The Pinnacle Bank CD is to support the Activity Fund when revenue does not meet the needs and to offset non-revenue athletic and activity programs.

Employee Benefit Fund

The District uses this fund to manage the 125-plan for certificated employees. Funds are withheld from monthly paychecks and deposited here. The expenditures equal claims made by participating employees. The cash balance for the end of the 2024-2025 fiscal year is **\$28,414.13.**

Contingency Fund

Is not used by the District.

Qualified Capital Purpose Undertaking Fund (QCPUF)

Is not used by the District.

Cooperative Fund

Is not used by the District.

Student Fee Fund

Had a balance of \$3,268 that was annually collected and distributed back into the Laptop Fees because no expenditures were required.

Inter-Fund Loans

Currently the District does not have any inter-fund loans outstanding.

Total Levy of District Historical

The total levy is the combined tax asking for all above funds. For the 2020-2021 school year the total tax levy will be approximately \$0.8251 cents. This year's tax asking is less than the prior year for the fifth time since the consolidation in 2011.

Reasons we can decrease our overall asking in levy:

- State Aid
- 80% Reimbursement on SPED purchases
- Cash reserve (cash flow in bank) was at 1,958,914.48 million at the end of the fiscal year.
 - 625K was transferred at the end of August 2025
 - 140k to Activities
 - 625k to Depreciation
- Under the .80 cent that was told to our public when this bond first initiated
 - .598696
- Cash on hand above 2 million dollars (end of 2025) compared to 1.7 million (beginning of 2024)

Tax Season: Where does your money go?

Shelby-Rising City Public Schools

01

All Instruction Except Special Education Programs (52%)

This is the largest portion of our budget and is dedicated to what happens inside the classroom. This includes teacher and support staff salaries, curriculum development, textbooks, educational technology, and classroom supplies.

Special Education Instructional Programs (including Pre-School) (9%)

This funding ensures all students have the resources they need to succeed. It covers costs for special education services, school counselors, nurses, and safe transportation to and from school.

02

03

Maintenance & Operation of Buildings & Sites (8%)

Is the essential funding that keeps our schools clean, safe, and ready for learning. It covers the daily costs of running our facilities, like utilities and cleaning supplies, as well as the salaries of our custodial and maintenance staff who work to keep everything in good working order.

Federal & State Categorical Programs (6%)

This includes Federal Programs, State Categorical Programs, Categorical Grant from Corporation, Food Services, Special Education Pupil Transportation, and Building Improvements.

04

05

Support Services Instructional (5%)

This budget category is the money we spend to directly support student learning beyond the classroom. This includes professionals like school counselors, librarians, psychologists, and speech pathologists, as well as resources like curriculum development, staff training, and instructional technology.

What is a Tax Levy & How does it affect me?

Shelby-Rising City Public Schools

01

What is a tax levy?

A tax levy is the amount of money a school district requests from local property taxes to fund its budget. It is not the same as the tax rate you see on your property tax statement.

What is a levy?

The levy is a specific dollar amount the school board approves to meet the district's financial needs for the upcoming school year. Think of it as the district saying, "We need 'X' million dollars from property taxes to operate."

02

03

What is a tax rate?

The tax rate is a number—expressed in cents per \$100 of taxable value—that is a result of the levy. The county then uses this rate to calculate the taxes for each property.

How this affects your property taxes:

Your personal property tax bill is calculated by taking your property's taxable value and multiplying it by the tax rate set by the school district and other local government entities (county, city, etc.).

04

05

Taxable Value of Your Property x Tax Rate = School District Property Tax Bill

For example, if your home has a taxable value of \$200,000 and the school district's tax rate is \$1.00, you'll pay \$2,000 in school district property taxes. Keep in mind that your property's taxable value is determined by the county assessor, not the school district.

What can I do and what does this mean?

Shelby-Rising City Public Schools

01

Budget Hearing

- **What it is:** This is the public meeting where the school board and superintendent present the district's detailed spending plan for the upcoming school year.
- **What's covered:** We show you where all our money comes from (state aid, property taxes, etc.) and where it all goes, including teacher salaries, technology, student programs, and facility maintenance.
- **Your role:** This is your chance to ask questions and provide feedback on our spending priorities.

Tax Asking Hearing: Our Tax Request

02

- **What it is:** This is the public meeting where the school board officially requests a specific dollar amount from local property taxes.
- **What's covered:** We present the total amount of money we need to collect from property taxes to fund our budget. This number, combined with the total value of all property in our district, determines the school's portion of your property tax rate.
- **Your role:** You can comment and ask questions specifically about the amount of money we are asking for from taxpayers.

03

What have we done over the years?

- Drop our current levy by .108947
 - This means that over a million dollars was dropped from the tax asking (\$1,013,601)
- Over the past 5 years, our levy has dropped from 0.825100 (2021) to 0.579963 (pending approval)
- The district has saved over \$2,148,601 over the past 5 years with the assistance of the state as well as valuations.
