Nebraska Rural Community Schools Association

STATE LEGISLATIVE ADVOCACY

NRCSA is active in representing rural public schools in the Unicameral. The Executive Director is the main spokesperson for NRCSA, but is also represented by the lobbying firm of Nowka and Edwards. NRCSA's Legislative Committee includes 20 Superintendents/ESU Administrators and 6 Board of Education members from member schools/ESUs. Former NRCSA Presidents serve as ex officio members.

PLANNING WORKSHOPS

The NRCSA Planning Support Service is an elective service that assists districts in planning and goal-setting. The service is conducted by veteran Superintendents whose professional lives were involved in rural education in Nebraska.

COMMUNICATIONS

NRCSA provides regular updates from the Executive Director to member schools. A more in-depth update is provided to all members just prior to monthly Board of Education meetings. The NRCSA webpage is www.nrcsa.net. NRCSA also has a social media presence on Twitter (@NRCSA1980) and on Facebook (www.facebook.com/nrcsahome).

DIGITAL CITIZENSHIP

NRCSA recently partnered with a-plum creative to provide an opportunity for rural districts to provide monthly digital citizenship materials to their students, parents, and staff. This is a purchased service.

NRCSA EXECUTIVE BOARD

The 10-member Executive Board provides leadership and direction for the organization. Each of the six NRCSA districts is represented by at least one Superintendent from a district within the district.

NEBRASKANS UNITED

NRCSA is a strong member of this group which includes most education and ag-related organizations in the State. The purpose is to work to provide property tax relief, as well as to protect and promote funding to public education.

EDUCATION ASSOCIATIONS COALITION

NRCSA is an active member of this group that is comprised of all of the major education associations in the state. The purpose of the group is to work together on legislative issues facing public education.

RURAL ADVOCACY

NRCSA is the only organization that speaks solely on behalf of public rural schools in the State of Nebraska. Other groups do a great job of representing their members, but at times cannot take a stand as they represent both very large and smaller districts. NRCSA is not necessarily tied down along those lines.

NATIONAL ADVOCACY

NRCSA is a member of the National Rural Education Advocacy Consortium (NREAC), which represents the interests of rural public schools in national forums where education issues are decided.

SPRING CONFERENCE

NRCSA offers an annual conference in Kearney in March. The conference targets issues and interests of rural schools. An opportunity is created to network with other rural school districts and to interact directly with policymakers and NRCSA leaders.

US BANK ONE CARD PROGRAM

NRCSA has partnered with US Bank to provide this unique purchase card program for school districts. Individual school districts decide which staff members receive purchase cards. The district has control over where purchases can be made and for what amounts. This can be especially helpful when sending sponsors out with student groups.

NRCSA SCHOLARSHIPS

NRCSA annually awards 23 \$2,000 scholarships to high school seniors from NRCSA-member schools who are entering college with the goal of becoming school teachers. NRCSA also presents two \$2,000 Gary Fisher Scholarships to high school seniors going into the fine arts.

NEW LEAF TELETHERAPY

Beginning with the 2023-24 school year, NRCSA has partnered with New Leaf to provide another tool in helping to provide cost effective Mental Health teletherapy services for their staff and students.

NATIONAL RURAL EDUCATION ASSOCIATION

NNRCSA is a strong member of the NREA. The NREA provides leadership on issues facing rural education on the national level.

SUPERINTENDENT / PRINCIPAL SEARCHES

NRCSA's Superintendent and Principal Search Services are conducted by veteran Superintendents whose professional lives were involved in rural education in Nebraska. The service is available to all Nebraska school districts, with member districts paying a lower rate than non-member districts. A professional cost effective proposal and fee structure is available upon request.

DISTRICT MEETINGS

Each fall NRCSA conducts a meeting in each of the six membership districts. These meetings provide an opportunity for rural schools to connect with NRCSA leadership on a face-to-face basis.

TEACHER SCHOLARSHIPS

NRCSA provides six \$1,000 scholarship to employees of member districts/ESUs who are working to attain teacher certification either through a recognized "para to teacher" program such as offered by the state colleges or a transitional program such as offered by UNK.

NRCSA AWARDS

NRCSA annually recognizes individuals who are outstanding at serving member districts. At the Spring Conference each year NRCSA recognizes an Outstanding Elementary Teacher, Secondary Teacher, Classified Staff Member, ESU Staff Member, Music Teacher, Principal, Board of Education Member, and Superintendent/ESU Administrator.

EXCESS EQUIPMENT CLEARINGHOUSE

A free service to member districts and ESUs is the opportunity to post items for sale to all other members. Items such as vehicles, scoreboards, weight equipment, school furniture, and text books have been posted on behalf of members.

LEADERSHIP OPPORTUNITIES

Each year there are over 70 leadership positions on the Executive Committee or other NRCSA committees that provide opportunities for member Superintendents/ESU Administrators.

RURAL TEACHER SHORTAGE

NRCSA has started a Rural Teacher Committee that was established to find ways to address the shortage of teachers in rural schools. Twelve member Superintendents work with representatives from Chadron State College, Wayne State College, and Peru State College in this work.

Communicable Disease

The district strives to provide a safe environment for both students and staff while safeguarding the rights of all students and employees, including those with communicable diseases. The district complies with Neb. Rev. Stat. §§ 79-217 to 79-223 and Title 173 Nebraska Administrative Code, Chapter 3.

Definitions. Terms used in this policy have the meanings given in 173 NAC 3-002. A “reportable communicable disease” means a disease that must be reported under 173 NAC, Chapter 1.

Signs and Symptoms; Sending Students Home. Staff will watch for signs and symptoms of contagious or infectious disease. These signs and symptoms include fever, flushed face, headache, body aches, unexplained tiredness, loss of appetite, stomachache, nausea, vomiting, diarrhea, convulsions, sore throat, nasal congestion or discharge, unexplained skin eruption, and sore or inflamed eyes. The district will notify the parent or guardian of the student’s signs or symptoms. Upon notice, the parent or guardian must immediately cooperate with the district to arrange safe transportation home or another appropriate caregiver for the student. The district will report any failure to reasonably cooperate with the district to the Department of Health and Human Services or local law enforcement as appropriate.

Notice to School Authority. When the district sends a student home for a suspected contagious or infectious disease, the principal or school nurse will notify the superintendent or designee without delay.

Reports to Public Health. The school nurse, or a person acting in the capacity of a school nurse, will report each case or suspected case of a reportable communicable disease. The report must go to the local public health department or the Nebraska DHHS Division of Public Health as provided in 173 NAC 1-007.04.

Exclusion From School. The district will exclude a student with a confirmed communicable disease for at least the minimum isolation period in Attachment 1 to 173 NAC, Chapter 3. The student must be free of acute signs and symptoms. The student must be fever-free for 24 hours without fever-reducing medication before returning to school.

School Attendance and Participation in School Sponsored Activities. The district will provide educational services to a student diagnosed with a

communicable disease as required by law. The district will restrict the student as needed to prevent the spread of disease, to protect the student's health and privacy, and to protect others. Participation in Nebraska School Activities Association (NSAA) events is subject to NSAA rules and the provisions of the district activity handbook.

Infection and Exposure Control Procedures/Universal Precautions.

The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plans will be modified, if appropriate, based upon the best new medical information provided by the above sources.

Outbreaks. In an outbreak or epidemic of a communicable disease, the superintendent may exclude students, reassign students, or close one or more schools. The superintendent will coordinate with the local health department and the Nebraska Department of Health and Human Services as needed.

Confidentiality. The district will keep information about a person's communicable disease confidential. The district will share information only with staff on a need-to-know basis. When the district must inform a person about another person's condition, the district will inform that person of the duty to keep the information confidential. The district will communicate about a student's communicable disease consistent with the student's IEP or Section 504 Plan, if any.

Staff Training. Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

ACH Originator

The District sends electronic payments through the ACH (Automated Clearing House) Network such as payroll direct deposits and/or vendor payments. Because of these payments, the District is classified as an ACH Originator. As an ACH Originator, the District complies with the National Automated Clearing House Association (NACHA) Operating Rules which govern the ACH Network. The District's bank requires compliance with the Rules as a condition of the District's ability to send ACH Payments.

Responsibilities. The District follows all terms of its Originating Depository Financial Institution/Originator Agreement with its bank. The District obtains a written authorization before sending any ACH payment. The District meets all processing deadlines set by the bank and NACHA. The District gives authorization records to the bank upon request within NACHA's required timeframes. The District keeps all sensitive banking information secure. When the District receives a Notification of Change, it updates the payment record before the next ACH transaction. When the District receives a return due to an error or unauthorized activity, it stops all related subsequent payments until instructions are received from the Bank. The District keeps its computer systems and network secure in line with its bank agreement. The District uses procedures to spot unauthorized payments. All employees with ACH duties will complete training, if required by the Bank or NACHA, and respond to audit requests. The District will implement internal controls and procedures to mitigate errors and risk of unauthorized ACH entries.

Fraud Monitoring. The District reviews ACH transactions for unusual patterns or amounts before submitting each file. If the District suspects an error or unauthorized ACH transaction, the District will: determine whether the problem is fraud, a scam, or an internal error; notify the bank right away; contact law enforcement if needed; and stop all related future ACH transactions.

Employee Training. All employees with ACH duties will complete any ACH origination training required by the District's designated bank(s).

Relations with Employee Collective Bargaining Associations

The board of education recognizes the right of staff members to belong to professional employee organizations. The board will negotiate with organizations that have been certified or recognized in accordance with public employee bargaining statutes. The board or administration will coordinate with certified or recognized organizations for purposes of collective bargaining.

The district will allow professional employee organizations to make reasonable use of district facilities for meetings outside the district's and the employees' work hours. With administrative approval, organizations may use district resources, post notices of meetings, and provide other information on bulletin boards designated for this purpose, and use district email and mailboxes for delivery of information specific to the organization. Organizations must pay for all supplies used, damage caused, or the loss or theft of borrowed property.

For purposes of recruiting new members, organizations may host or attend certain meetings of certificated staff outside the district's and the employees' work hours. Attendance at any staff meetings does not include all-staff, building-level, committee, or other meetings called by the district, unless those meetings are open to other organizations or if required by law.

Unless otherwise specified in this policy or permitted law, organizations will be treated equally, and the district will not designate any day or break by reference to any specific organization.

Staff Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district’s policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district’s administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor’s privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;

8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

Compulsory Attendance and Excessive Absenteeism

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the

documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences – Others

The following additional absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Severe weather
2. Medical appointments for the student
3. Death or serious illness of the student's family member
4. Attending a funeral, wedding or graduation
5. Appearance at court or for other legal matters
6. Observance of religious holidays of the student's own faith
7. College planning visits
8. Personal or family vacations

Excessive Absenteeism

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer may send written notification of the student's total absences to the student's parent or guardian. When a student receives 10 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and offer to meet with the student's parents or guardians to discuss any barriers to the student's attendance. When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer

Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district;
3. is a resident of another school district attending a private, denominational, parochial, or exempt school, but only if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity; or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
4. has not graduated from high school; and
5. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by May 1st prior to the year of enrollment. For second semester high school courses, the application must be filed by September 15th. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The part-time enrollment of students is subject to limitations for grades, classes, courses, and programs based on the

limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Students accepted for part-time enrollment shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Students accepted for part-time enrollment shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Students accepted for part-time enrollment are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and staff. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course, course-related activity, or an extracurricular activity or sport, unless the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district if they participate in extracurricular sports and activities at any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 total credit hours per semester, when combining the exempt school credit hours and credit hours taken on a part-time basis at the school district. Exempt school students are not eligible to participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. Option Student Defined.** Option student means a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. Resident School District Defined.** Resident school district means the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. Option School District Defined.** Option school district means the school district that a student chooses to attend other than his or her resident school district.
- d. Elementary School Defined.** Elementary school means grades K – 5.
- e. Middle School Defined.** Middle school means grades 6 – 8.
- f. High School Defined.** High school means grades 9 through 12.
- g. Individual Student Defined.** Individual Student means the individual person seeking to begin attendance as an option student in the school district and who such person's parent or legal guardian has identified in a written application for option enrollment submitted to the school board.
- h. Applicants Defined.** Applicants means the Individual Student together with all siblings of the Individual Student.
- i. Siblings Defined.** Siblings means all children residing in the same household on a permanent basis who have the same mother or father or who are stepbrother or stepsister to each other who have not received a high school diploma or its equivalent.

2. **Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.
3. **Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.
4. **Automatic Acceptance.** The option school district must automatically accept applications of Individual Students under the following circumstances:
 - a. The Individual Student relocates in a different school district but wants to continue attending his or her original resident school district and the Individual Student has been enrolled in his or her original resident school district for the immediately preceding two years (in which case the time deadlines are waived);
 - b. The Individual Student relocates in a different school district but wants to continue attending the option school district (in which case the time deadlines are waived); or
 - c. The Individual Student is a sibling of an option student enrolled in the option school district.
5. **Standards for Acceptance or Rejection of All Other Option Students.** For Individual Students not entitled to automatic acceptance as described in the preceding section, no application for option enrollment may be accepted if enrollment in the school district if any of the Applicants would exceed the school district's capacity as described in this section.
 - a. **Special Education Capacity.** Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that any of the Applicants has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been identified as a student with a disability as defined in section 79-1118.01, the application will be evaluated by the director of special education services or the director's designee who must determine if the

school district and the appropriate class, grade level, or school building has the capacity to provide all of the Applicants the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

- b. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.
- c. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- d. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept any application for option enrollment when enrollment of any of the Applicants:

 - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to any of the Applicants;
 - ii. Would require the procurement of new equipment, technology, or furnishings;
 - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;
 - iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;

- v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- e. **Prohibited Standards.** The school district shall not base the decision to accept or reject the application of the Individual Student on any of the Applicants' previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.
- f. **Order of Acceptance.** If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted
 - i. in the order in which written applications were received by the school district.
- g. **Maximum Capacity Report.** The school district will annually establish, publish, and report the capacity for each school building under the district's control pursuant to procedures, criteria, and deadlines established by the Nebraska Department of Education.
- 6. **False or Misleading Option Applications.** If, prior to the Individual Student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information about any of the Applicants, the option application will be rejected.
- 7. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.
- 8. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.
- 9. **Procedure for Students Optioning Into or Out of the School District.**

- a.** The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
- b.** On or before April 1st, the school district shall notify the parent or legal guardian of any Individual Student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

10. Late Applications and Requests for Release

- a.** The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i.** When the district has already entered into contracts with teaching staff for the following school year;
 - ii.** When the district has already contracted for the performance of specific services for the student;
 - iii.** When the release of the student would have a negative financial impact or loss of revenue for the district.
- b.** The board of education will approve late applications to option into the district under the following conditions:
 - i.** When the resident district has released the student, or if the student is an option student at the time of such application and applying to become an option student at a subsequent option school district, a release approval from the option school district the student is attending at the time of such application;

- ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;
- b. The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

11. District Students Who Do Not Need a Release from the Resident

- a. A student does not need to be released from his/her resident district or the option school district the student is attending at the time of application under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b. Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

12. Authority of Superintendent.

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a

determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.

2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of

changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Grade Placement and Academic Credits of Transfer Students

The district will use the criteria outlined below to determine both the grade-level placement and the academic credit awarded to transfer students. The administration is the final decision-maker and decisions made pursuant to this policy may not be appealed to the board of education.

Transfer from an Accredited School District

A student transferring from an accredited school generally will be placed at the grade level that is comparable to the placement in the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

The student's building principal may place a student into a grade level that is different from the accredited school from which the student is transferring after considering the following information:

- Student's chronological age
- Previous school experience
- Academic transcript received from the accredited school of origin
- Testing data from the accredited school of origin, including but not limited to, standardized achievement test data, criterion-referenced test data, classroom testing data, and diagnostic test data
- Testing data from any tests or assessments conducted by the school district

All credits awarded to a student by an accredited institution will be counted towards applicable graduation requirements for the transferring student.

Transfer From a Non-Accredited School

A student or a parent/guardian of a student who is transferring into the district from a non-accredited school must provide the district with copies of all materials that have been used to provide instruction to the student that the family would like the district to consider in determining the appropriate grade level at which to place the student and credits to be awarded to the student. The student's building principal will then consider those materials and the following factors in determining the grade level placement for the student:

- Student's chronological age
- Previous school experience
- Materials submitted by the student or family pursuant to this policy

- Testing data from any tests or assessments conducted by the school district

The district will only award credit toward graduation from courses while the student was in a non-accredited school if the student can demonstrate mastery of the concepts required for completion of that course. Mastery will be assessed by standard and nonstandardized testing, at the discretion of the administration.

Multiple Enrollments and Re-enrollments In the Same Semester

Students from non-accredited schools who disenroll and then re-enroll in the district multiple times during the same semester will be permitted to resume the grade placement that the student was in at the time of the prior enrollment. However, students who fail to attend the total number of days per semester required of enrolled students will not be eligible to receive credit for the partial semester of enrollment.

The district will not retroactively award credit for time spent in exempt or non-accredited status.

A student's eligibility to participate in extracurricular activities upon re-entry is subject to all eligibility rules and the district's policies governing extracurricular eligibility.

Placement of International Students.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a country other than the US.

Graduation Requirements

Regardless of the school(s) previously attended, a student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements to be awarded a diploma from the district.

Student Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student’s work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;

- d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.
