Annotations

- Nebraska's public meetings laws do not apply to school board deliberations pertaining solely to disputed adjudicative facts. *McQuinn v. Douglas Cty. Sch. Dist. No. 66*, 259 Neb. 720, 612 N.W.2d 198 (2000).
- The primary purpose of the public meetings law is to ensure that public policy is formulated at open meetings. *Marks v. Judicial Nominating Comm.*, 236 Neb. 429, 461 N.W.2d 551 (1990).
- The public meetings law is broadly interpreted and liberally construed to obtain the objective of openness in favor of the public, and provisions permitting closed sessions must be narrowly and strictly construed. *Grein v. Board of Education of Fremont*, 216 Neb. 158, 343 N.W.2d 718 (1984).
- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- A county board of equalization is a public body whose meetings shall be open to the public. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1409. Terms, defined.

For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

Annotations

- A township is a political subdivision, and as such, a township board is subject to the provisions of the public meetings laws. *Steenblock v. Elkhorn Township Bd.*, 245 Neb. 722, 515 N.W.2d 128 (1994).
- A county agricultural society is a public body to which the provisions of the Nebraska public meetings law are applicable. *Nixon v. Madison Co. Ag. Soc'y*, 217 Neb. 37, 348 N.W.2d 119 (1984).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943, and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).
- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- Although the Open Meetings Act does not define "subcommittee," a subcommittee is generally defined as a group within a committee to which the committee may refer business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- The Open Meetings Act does not require policymakers to remain ignorant of the issues they must decide until the moment the public is invited to comment on a proposed policy. By excluding nonquorum subgroups from the definition of a public body, the Legislature

has balanced the public's need to be heard on matters of public policy with a practical accommodation for a public body's need for information to conduct business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).

- As an administrative agency of the county, a county board of equalization is a public body. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- The electors of a township at their annual meeting are a public body under the Open Meetings Act. *State ex rel. Newman v. Columbus Township Bd.*, 15 Neb. App. 656, 735 N.W.2d 399 (2007).
- The meeting at issue in this case was a "meeting" within the parameters of subsection (2) of this section because it involved the discussion of public business, the formation of tentative policy, or the taking of any action of the public power district. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).
- Informational sessions in which the governmental body hears reports are briefings. *Johnson v. Nebraska Environmental Control Council*, 2 Neb. App. 263, 509 N.W.2d 21 (1993).

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close

passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

- Negotiations for the purchase of land need not be conducted at an open meeting but the deliberations of a city council as to whether an offer to purchase real estate should be made should take place in an open meeting. *Pokorny v. City of Schuyler*, 202 Neb. 334, 275 N.W.2d 281 (1979).

- A county board of commissioners and a county board of equalization are not required to give separate notices when the notice states only the time and place that the boards meet and directs a citizen to where the agendas for each board can be found. *Wolf v. - An agenda notice which merely stated "work order reports" was an inadequate notice under this section because it did not give interested persons knowledge that plans for a 345 kv transmission line through the district was going to be discussed and voted upon at the meeting. Inadequate agenda notice under this section meant there was a substantial violation of the public meeting laws; however, later actions by the board of directors cured the defects in notice, and such actions were in substantial compliance with the statute. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).

84-1412. Meetings of public body; rights of public; public body; powers and duties.

(1) Subject to the Open Meetings Act, the public has the right to attend and the right to speak at meetings of public bodies, and all or any part of a meeting of a public body, except for closed sessions called pursuant to section 84-1410, may be videotaped, televised, photographed, broadcast, or recorded by any person in attendance by means of a tape recorder, a camera, video equipment, or any other means of pictorial or sonic reproduction or in writing. Except for closed sessions called pursuant to section 84-1410, a public body shall allow members of the public an opportunity to speak at each meeting.

(2) It shall not be a violation of subsection (1) of this section for any public body to make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, televising, photographing, broadcasting, or recording its meetings, including meetings held by virtual conferencing.

(3) No public body shall require members of the public to identify themselves as a condition for admission to the meeting nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. The body shall require any member of the public desiring to address the body to identify himself or herself, including an address and the name of any organization represented by such person unless the address requirement is waived to protect the security of the individual.

(4) No public body shall, for the purpose of circumventing the Open Meetings Act, hold a meeting in a place known by the body to be too small to accommodate the anticipated audience.

(5) No public body shall be deemed in violation of this section if it holds its meeting in its traditional meeting place which is located in this state.

(6) No public body shall be deemed in violation of this section if it holds a meeting outside of this state if, but only if:

(a) A member entity of the public body is located outside of this state and the meeting is in that member's jurisdiction;

(b) All out-of-state locations identified in the notice are located within public buildings used by members of the entity or at a place which will accommodate the anticipated audience;

(c) Reasonable arrangements are made to accommodate the public's right to attend, hear, and speak at the meeting, including making virtual conferencing available at an in-state location to members, the public, or the press, if requested twenty-four hours in advance;

(d) No more than twenty-five percent of the public body's meetings in a calendar year are held out-of-state;

(e) Out-of-state meetings are not used to circumvent any of the public government purposes established in the Open Meetings Act; and

(f) The public body publishes notice of the out-of-state meeting at least twenty-one days before the date of the meeting in a legal newspaper of statewide circulation.

(7) Each public body shall, upon request, make a reasonable effort to accommodate the public's right to hear the discussion and testimony presented at a meeting.

(8) Public bodies shall make available at the meeting or the in-state location for virtual conferencing as required by subdivision (6)(c) of this section, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed at an open meeting, either in paper or electronic form. Public bodies shall make available at least one current copy of the Open Meetings Act posted in the meeting room at a location accessible to members of the public. At the beginning of the meeting, the public shall be informed about the location of the posted information.

Annotations

- To preserve an objection that a public body failed to make documents available at a public meeting as required by subsection (8) of this section, a person who attends a public meeting must not only object to the violation, but must make that objection to the public body or to a member of the public body. *Stoetzel & Sons v. City of Hastings*, 265 Neb. 637, 658 N.W.2d 636 (2003).

84-1413. Meetings; minutes; roll call vote; secret ballot; when; agenda and minutes; required on website; when.

(1) Each public body shall keep minutes of all meetings showing the time, place, members present and absent, and the substance of all matters discussed.

(2) Any action taken on any question or motion duly moved and seconded shall be by roll call vote of the public body in open session, and the record shall state how each member voted or if the member was absent or not voting. The requirements of a roll call or viva voce vote shall be satisfied by a public body which utilizes an electronic voting device which allows the yeas and nays of each member of such public body to be readily seen by the public.

(3) The vote to elect leadership within a public body may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.

(4) The minutes of all meetings and evidence and documentation received or disclosed in open session shall be public records and open to public inspection during normal business hours.

(5) Minutes shall be written or kept as an electronic record and shall be available for inspection within ten working days or prior to the next convened meeting, whichever occurs earlier, except that cities of the second class and villages may have an additional ten working days if the employee responsible for writing or keeping the minutes is absent due to a serious illness or emergency.

(6) Beginning July 31, 2022, the governing body of a natural resources district, the city council of a city of the metropolitan class, the city council of a city of the primary class, the city council of a city of the first class, the county board of a county with a population greater than twenty-five thousand inhabitants, and the school board of a school district shall make available on such entity's public website the agenda and minutes of any meeting of the governing body. The agenda shall be placed on the website at least twenty-four hours before the meeting of the governing body. Minutes shall be placed on the website at such time as the minutes are available for inspection as provided in subsection (5) of this section. This information shall be available on the public website for at least six months.

- Under prior law, if a person present at a meeting observes and fails to object to an alleged public meetings laws violation in the form of a failure to conduct rollcall votes before

taking actions on questions or motions pending, that person waives his or her right to object at a later date. *Hauser v. Nebraska Police Stds. Adv. Council*, 264 Neb. 944, 653 N.W.2d 240 (2002).

- Subsection (2) of this section does not require the record to state that the vote was by roll call, but requires only that the record show if and how each member voted. Neither does the statute set a time limit for recording the results of a vote, after which no corrections of the record can be made. If no intervening rights of third persons have arisen, a board of county commissioners has power to correct the record of the proceedings had at a previous meeting so as to make them speak the truth, particularly where the correction supplies some omitted fact or action and is done not to contradict or change the original record but to have the record show that a certain action was taken or thing done, which the original record fails to show. *State ex rel. Schuler v. Dunbar*, 214 Neb. 85, 333 N.W.2d 652 (1983).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943, and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).
- There is no requirement that a public body make a record of where notice was published or posted. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1414. Unlawful action by public body; declared void or voidable by district court; when; duty to enforce open meeting laws; citizen's suit; procedure; violations; penalties.

(1) Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in violation of the Open Meetings Act shall be declared void by the district court if the suit is commenced within one hundred twenty days of the meeting of the public body at which the alleged violation occurred. Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in substantial violation of the Open Meetings Act shall be voidable by the district court if the suit is commenced more than one hundred twenty days after but within one year of the meeting of the public body in which the alleged violation occurred. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

(3) Any citizen of this state may commence a suit in the district court of the county in which the public body ordinarily meets or in which the plaintiff resides for the purpose of requiring compliance with or preventing violations of the Open Meetings Act, for the purpose of declaring an action of a public body void, or for the purpose of determining the applicability of the act to discussions or decisions of the public body. It shall not be a defense that the citizen attended the meeting and failed to object at such time. The court may order payment of reasonable attorney's fees and court costs to a successful plaintiff in a suit brought under this section.

(4) Any member of a public body who knowingly violates or conspires to violate or who attends or remains at a meeting knowing that the public body is in violation of any provision of the Open Meetings Act shall be guilty of a Class IV misdemeanor for a first offense and a Class III misdemeanor for a second or subsequent offense.

4.E. Annual renewal of computer-aided dispatch and report management system maintenance, subscriptions, and licenses in the amount of \$92,042.79 from Central Square Technologies for the joint communications center.

Accountability - Dedication

MEMORANDUM

DATE: July 25, 2025
TO: Tara Vasicek, City Administrator
FROM: Rachel Pensick, Communications Director
RE: Renewal of CAD and RMS Maintenance, Subscription, and License Fees

RECOMMENDATION: To maintain secure, compliant, and uninterrupted public safety operations, it is recommended to renew the annual Central Square Technologies invoice covering computer aided dispatch (CAD) and report management system (RMS) maintenance, subscription, and license fees.

DISCUSSION: The Columbus-Platte County Joint Communications Center (JCC) purchased Public Safety Suite Professional, a public safety software solution, from Central Square Technologies (formerly Zuercher) in 2019. Included in the contract was four years of recurring costs associated with subscription, maintenance, and license fees. The recurring costs began after the product went live in 2020, with 2024 being the last included.

This software forms the technological backbone of our 911 operations, law enforcement records, CAD mapping, automatic vehicle location, jail records, civil processes, and interagency communications. Maintaining uninterrupted access and support for these platforms is essential to the safety and effectiveness of public safety operations.

Allowing the agreement to lapse would expose the JCC to considerable risk, including potential system failure, legal liability, data loss, and potential higher costs for reinstatement or support services.

FISCAL IMPACT: The total cost is \$92,042.79. Each agency using the system is responsible for costs associated with items specific to that agency. The cost per agency is as follows: JCC \$52,742.08, Columbus Police Department \$10,522.68, Columbus Fire Department \$3,459.89, Platte County Sheriff's Office \$12,591.77, Platte County Detention Facility \$12,726.37. The attached invoice is color-coded to indicate which items are paid by each agency. This is a budgeted maintenance agreement cost.

CONCURRENCE: The Columbus-Platte County Joint Communications Committee reviewed and approved the invoice.

MEMORANDUM

DATE: July 29, 2025
TO: Tara Vasicek, City Administrator
FROM: Richard J. Bogus, P.E. City Engineer
RE: EagleView Master Services Agreement for Aerial Imagery and Licenses

RECOMMENDATION:

I recommend approval of the Master Services Agreement with Pictometry International Corp. dba EagleView in the amount of \$18,150 per year from 2026 through 2031.

DISCUSSION:

Services include for two-flight aerial high resolution imagery services of the Columbus corporate limits, extraterritorial jurisdiction area, and addressing area. Aerial digital imagery flights are scheduled for early in 2026 and 2029 and includes the associated license and services through 2031 for the City's Pictometry EagleView account. EagleView is used by several City departments and the City Computerized Maintenance Management System (CMMS) – Lucity.

The City requires the use of updated digital orthophotos, oblique imaging, and related digital mapping products for use in the CMMS and Geographic Information Systems (GIS) used by several City departments: Engineering Department; Community Development Department; Stormwater Utility; Public Works Department (Water, Wastewater, Streets); Parks and Recreation Department (Parks, Cemetery, Golf); Joint Communications; Police Department; and Fire Department. The most recent digital mapping is becoming outdated and affecting the accuracies and efficiencies needed for these departments.

The agreement includes access to historical imagery and disaster response additional flights after an emergency or disaster.

FISCAL IMPACT:

2025-2026 CIP 20-06 budgeted amount of \$19,000 and future fiscal years budgets for the next five years thereafter. Pictometry International Corp. will invoice the City each year.

1.10. “Products and Services” means EagleView’s proprietary products, services and content, whether or not identified in an Order Form, developed and owned or licensed by EagleView, its Affiliates (defined as its directors, officers, employees, agents, representatives, advisors, and persons or entities which are controlled by or are under common control with EagleView), and/or their licensors.

2. ACCESS AND USE OF THE PRODUCTS AND SERVICES

2.1. Access to the Products and Services. Subject to Customer’s compliance with the terms of this Agreement, EagleView hereby grants to Customer the right to access and use the Products and Services identified on an Order Form(s) for its internal business purpose on a limited, revocable, non-exclusive, non-transferable basis in accordance with the scope of use identified in the Order Form. Unless a different term of the license grant to Products and Services is set forth in an Order Form, the right to access and use the Products and Services for its internal business purpose during the term of any Order Form(s) is the only right granted to Customer under this Agreement and any Order Form(s). EagleView will have no liability for any loss or damage arising from Customer’s failure to comply with the terms of this Agreement. EagleView will provide Customer a primary administrator Account for managing and granting access to its Authorized Users. Customer will be responsible for activating Authorized Users through use of the Account. Customer and its Authorized Users are responsible for maintaining the confidentiality of all passwords.

2.2. Access Restrictions. Access by Customer and its Authorized Users to the Products and Services is subject to the following conditions:

2.2.1. Customer will not access the Products and Services or Confidential Information of EagleView in a way that might adversely affect the security, stability, performance, or functions of the Products and Services.

2.2.2. Customer will not directly or indirectly: (a) resell or sublicense the Products and Services, (b) modify, disassemble, decompile, reverse compile, reverse assemble, reverse engineer, or translate any portion of the software related to the Products and Services; (c) create derivative works from the Products and Services; (d) use the Products and Services in violation of applicable law or the rights of others; (e) perform any vulnerability or penetration testing of the Products and Services; (f) cause harm in any way to the Products and Services or cause Malware to harm the Products and Services; (g) work around the Products and Services’ technical limitations; (h) remove any proprietary notices from the Products and Services, software related to the Products and Services, documentation or any other EagleView materials furnished or made available hereunder; (i) access the software related to the Products and Services in order to build a competitive product or service; or (j) copy any features, functions or graphics of the software related to the Products and Services.

2.2.3. Customer will not use the Products and Services in connection with any data that: (a) may create a risk of harm or loss to any person or property; (b) constitutes or contributes to a crime or tort; (c) is illegal, unlawful, harmful, pornographic, defamatory, infringing, or invasive of personal privacy or publicity rights; (d) contains any information that Customer does not have the right to use; or (e) use the Products and

Services, or any software or documentation related to the Products and Services, in violation of export control laws and regulations.

2.2.4. Customer and its Authorized Users shall only use the Products and Services for the use and purpose set out in this Agreement, and for no other purpose.

2.2.5. EagleView may suspend the Products and Services if EagleView determines, in its reasonable discretion, that suspension is necessary to protect Customer or the Products and Services from operational, security, or other material risk, or if the suspension is ordered by a court or other tribunal. In such event(s), EagleView will provide notice of suspension to Customer as soon as reasonably practicable.

2.3. Account Use. Customer is responsible for maintaining and keeping confidential its Account information, including passwords, usernames, and email addresses. If Customer becomes aware of: (i) any violation of the terms of this Agreement by an Authorized User or unauthorized access to an Account, or (ii) any compromise to an Account including unauthorized access to or disclosure of any Account information, passwords, usernames or login credentials, then Customer must promptly suspend any relevant access and notify EagleView.

2.4. Reservation of Rights. Except for the limited rights expressly granted herein, EagleView and its Affiliates retain all right, title and interest in all Intellectual Property Rights and technology related to EagleView's proprietary Products and Services. Customer will preserve and keep intact all EagleView copyright, patent, and/or trademark notices presented in connection with the Products and Services. Customer will not assert any implied or other rights in or to any of EagleView's Intellectual Property Rights or Products and Services. From time to time, Customer may provide suggestions, ideas, enhancement requests, or other information on its use of the Products and Services ("Feedback"). Customer agrees that EagleView will have all right, title, and interest to use such Feedback without any restrictions and without any payment or other compensation to Customer.

3. PAYMENT

3.1. Fees. Customer will pay the Fees within thirty (30) days of receipt of invoice. EagleView will have the right to assess a late payment charge on any overdue amounts equal to the lesser of: (i) one and one-half percent (1.5%) per month, or (ii) the maximum rate allowed by applicable law. Additional or different payment terms may be set forth in the Order Form. All Fees paid pursuant to this Agreement and any applicable Order Form are non-refundable and all Products and Services ordered pursuant to an Order Form are non-cancelable, unless expressly stated to the contrary in the Order Form. In the event that EagleView seeks legal recourse for the collection of any unpaid Fees from Customer, Customer will be responsible for all of EagleView's costs of such collection action if EagleView is the prevailing party. If any Fees are overdue by more than thirty (30) days, EagleView may, without limiting its other rights and remedies, suspend the Products and Services until such amounts are paid in full, provided that, EagleView will give Customer at least ten (10) days' prior notice that its account is overdue.

3.2. Pricing Changes. If any Order Form is subject to renewal or extension, automatic or otherwise, EagleView may adjust the pricing for any Products and Services upon any renewal or extension of an Order Form by providing notice thereof at least ninety (90) days prior to the date for such renewal or extension.

3.3. Taxes. The Fees do not include any levies, duties excise, sales, use, value added or other taxes, tariffs, or duties that may apply to the Products and Services ("Taxes"). Customer is responsible for paying all Taxes associated with its purchases hereunder. If EagleView has the legal obligation to collect Taxes from Customer, Customer will pay that amount to EagleView unless Customer provides EagleView with a valid tax exemption certificate authorized by the applicable taxing authority prior to billing. For clarity, EagleView is solely responsible for taxes assessable against it based on its income, property, and employees.

4. TERM AND TERMINATION

4.1. Term. The term of this Agreement will commence on the Effective Date and will remain in effect for so long as there exists an open Order Form and for a period of twelve (12) months thereafter ("Term"). After expiration or early termination, Customer will not have any access to content or any Products and Services.

4.2. Termination; Suspension. Either Party may terminate this Agreement or any Order Form upon written notice to the other Party if: (i) the non-terminating Party materially breaches this Agreement or any Order Form and fails to cure such breach within thirty (30) days of delivery of written notice; or (ii) if the other Party becomes the subject of a petition in bankruptcy or any other proceeding relating to insolvency, receivership, liquidation, or assignment for the benefit of creditors. EagleView may suspend access to the Products and Services in the event Customer is in material breach of this Agreement and such breach has not been cured within thirty (30) days' written notice to Customer. In the event of suspension due to Customer's material breach of this Agreement, Customer will remain liable for all Fees applicable to the Term that would have been paid had access to the Products and Services not been suspended.

4.3. Effect of Termination on Fees: EagleView Breach. In the event this Agreement is terminated by Customer for a material breach by EagleView, (a) where EagleView has fully delivered imagery to Customer, no refund of fees will be made, or (b) where Customer, at the time of termination, is accessing on-line imagery and data access and/or software related to any Products and Services, EagleView will refund any unused prorated, prepaid fees for the Products and Services.

4.4. Effect of Termination on Fees: Customer Breach. In the event this Agreement is terminated by EagleView for a material breach by Customer or due to section 4.2 (ii) applying, Customer will be responsible for all Fees and Taxes under any current Order Form(s).

4.5. Survival. Upon any expiration or termination of any Order Form or this Agreement, the following sections will survive with respect thereto: 2.4 (Reservation of Rights), 3 (Payment), 5 (Confidentiality), 7 (Indemnification), 8 (Limitation of Liability), and 9 (General Provisions).

5. CONFIDENTIALITY

5.1. Obligations. Each Party will hold the other Party's Confidential Information in confidence with at least as much care as it holds its own Confidential Information, and neither Party will disclose any of the other Party's Confidential Information to any third party. Each Party may use the Confidential Information solely for purposes of its performance under this Agreement, and may disclose such information to its employees, subcontractors and professional advisors only on a need-to-know basis, provided that such employees, subcontractors and professional advisors are bound by obligations of confidentiality at least as restrictive as those set forth in this Agreement.

5.2. Required Disclosure. The Recipient may disclose Confidential Information as required by court order, Freedom of Information Act request, or otherwise by law, provided that it gives the Discloser prior written notice of such disclosure (to the extent legally permitted) as well as reasonable assistance if Discloser seeks a protective order to prevent the disclosure. Any disclosure pursuant to this Section 5.2 will be restricted to include the least amount of Confidential Information necessary to comply with the law or order. All costs incurred by the Recipient in connection with complying with such order will be paid solely by the Recipient.

6. WARRANTIES

6.1. Mutual Warranties. Each Party represents and warrants to the other Party that: (i) it is an organization duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation, has all requisite power and authority to carry on its business and to own and operate its properties and assets; and (ii) the individual signing this Master Services Agreement and any Order Forms has the requisite authority to bind the party to this Agreement and the Order Form, respectively.

6.2. EagleView Warranty. EagleView warrants that (i) it will provide the Products and Services with commercially reasonable care and skill; and (ii) the Products and Services will conform to the then-current Documentation in all material respects. In the event of a breach of this warranty, Customer's sole and exclusive remedy will be as described in Section 4.3 Payments Upon Termination.

6.3. Disclaimer. EXCEPT FOR EXPRESS WARRANTIES SET FORTH IN THIS AGREEMENT, EAGLEVIEW MAKES NO ADDITIONAL REPRESENTATION OR WARRANTY OF ANY KIND, WHETHER

EAGLEVIEW DOES NOT WARRANT THAT THE PRODUCTS AND SERVICES (INCLUDING ANY SUPPORT SERVICES) WILL BE ERROR FREE, WILL MEET CUSTOMER'S REQUIREMENTS, OR WILL BE TIMELY OR SECURE. CUSTOMER WILL NOT HAVE THE RIGHT TO MAKE OR PASS ON ANY REPRESENTATIONS OR WARRANTY ON BEHALF OF CUSTOMER TO ANY THIRD PARTY. TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PRODUCTS AND SERVICES AND SUPPORT SERVICES ARE PROVIDED "AS IS."

7. INDEMNIFICATION

7.1. EagleView Indemnification. EagleView will defend Customer against any claim, demand, suit or proceeding made by a third party alleging that the Products and Services infringes the intellectual property rights of such third party and will pay all costs or damages that are finally awarded by a court of competent jurisdiction (including reasonable attorneys' fees) or agreed to in a written settlement signed by EagleView; provided, however, that Customer will: (i) notify EagleView in writing within ten (10) calendar days of its receipt of notice of the claim, (ii) give EagleView sole control of the defense and settlement of the claim (except that EagleView will not settle any claim that results in liability or an admission of liability by Customer without Customer's prior written consent), and (iii) provide EagleView with all reasonable assistance, information, and authority necessary to perform EagleView's obligations under this paragraph. Notwithstanding the foregoing, EagleView will have no liability for any claim of infringement or misappropriation to the extent such claim arises from: (i) use of the Products and Services in combination with materials including software, hardware, or content not furnished by EagleView; or (ii) Customer's breach of this Agreement.

7.2. Remedies. In the event the Products and Services are held or is believed by EagleView to infringe or misappropriate any Intellectual Property Rights of a third party, EagleView will have the option, at its expense, to: (i) replace the Products and Service with a non-infringing equivalent, (ii) modify the Products and Services to be non-infringing, (iii) obtain for Customer a license to continue using the Products and Services; or (iv) terminate this Agreement or any relevant Order Form and refund any prepaid, prorated fees for the remainder of the Term. The foregoing remedies constitute Customer's sole and exclusive remedies and EagleView's sole liability with respect to any third-party infringement claim.

7.3. Customer Indemnification. Customer will, at its expense, defend EagleView from and against all third party claims and will pay any costs, losses or damages that are finally awarded (including reasonable attorneys' fees) or agreed to in settlement to the extent arising out of Customer's breach of this Agreement, provided that (i) EagleView notifies Customer in writing within ten (10) calendar days of its receipt of written notice of the claim, (ii) Customer has sole control of the defense and settlement of the claim (except that Customer will not settle any claim that results in liability or an admission of liability by EagleView without EagleView's prior written consent), and (iii) EagleView provides Customer with all reasonable assistance, information, and authority necessary to perform Customer's obligations under this paragraph.

8. LIMITATION OF LIABILITY

8.1. Consequential Damages. TO THE EXTENT PERMITTED BY LAW, IN NO EVENT WILL EITHER PARTY OR ITS AFFILIATES BE LIABLE TO THE OTHER FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, COVER, BUSINESS INTERRUPTION, SPECIAL, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING, BUT NOT LIMITED TO, LOSS OF USE, DATA, PROFITS, REVENUE, OR GOODWILL, WHETHER AN ACTION IS BASED IN CONTRACT, TORT, OR OTHERWISE, REGARDLESS OF WHETHER EITHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

8.2. Limitation of Liability. EXCLUDING EITHER PARTY'S INDEMNIFICATION OBLIGATIONS PURSUANT TO SECTION 7, TO THE EXTENT PERMITTED BY LAW, THE AGGREGATE AND CUMULATIVE LIABILITY OF EITHER PARTY INCLUDING ALL THEIR AFFILIATES REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT OR TORT (INCLUDING BUT NOT LIMITED TO

NEGLIGENCE) WILL IN NO EVENT EXCEED THE TOTAL AMOUNT OF FEES PAID AND PAYABLE BY CUSTOMER IN THE TWELVE MONTHS PRECEDING THE ACTIONS GIVING RISE TO THE CLAIM.

9. GENERAL PROVISIONS

9.1. Export Laws. The Products and Services and derivatives thereof may be subject to export laws and regulations of the United States and other jurisdictions. EagleView and Customer each represent that it is not named on any U.S. government denied-party list. Customer will not permit any user to access, use, export, reexport, or transfer, directly or indirectly, any Products and Services or content in a U.S.-embargoed country or region (including but not limited to Cuba, Iran, North Korea, Sudan, Syria, Crimea, or Russia) or in violation of any U.S. export law or regulation.

9.2. No Third-Party Beneficiaries. Except as specifically identified in this Agreement, nothing in this Agreement is intended to confer upon any person other than the Parties and their respective successors or permitted assigns, any rights, remedies, obligations, or liabilities whatsoever.

9.3. Independent Contractors. Nothing contained in this Agreement will be deemed or construed as creating a joint venture or partnership between any of the Parties hereto. Neither Party will have the power or authority to control the activities or operations of the other. At all times, the status of the Parties will be that of independent contractors.

9.4. Force Majeure. Except with respect to Customer's payment obligations, each Party will be excused from performance under this Agreement, will not be deemed to be in breach hereof, and will have no liability to the other Party whatsoever if either Party is prevented from performing any of its obligations hereunder, in whole or in part, as a result of a Force Majeure Event. A "Force Majeure Event" means an event or occurrence beyond the control of the nonperforming Party, such as an act of God or of the public enemy, embargo or other act of government in either its sovereign or contractual capacity, government regulation, travel ban or request, court order, civil disturbance, terrorism, war, quarantine restriction, epidemic, virus, fire, weather, flood, accident, strike, slowdown, delay in transportation, electrical power outage, interruption or degradation in electronic communications systems, inability to obtain necessary labor, materials or manufacturing facilities, and other similar events. In the event of any delay resulting from a Force Majeure Event, any date of delivery hereunder will be extended for a period equal to the time lost because of the delay.

9.5. Security Assessment. Upon reasonable request, EagleView will assist Customer in its EagleView security risk assessments by completing forms and providing reports that provide Customer with generally available information relating to EagleView's information security practices. Such information will include high level overviews of implemented security measures, such as access controls, encryption, or other means, where appropriate, and will provide details relating to how Customer's Confidential Information is disclosed, accessed, processed, and stored (as applicable).

9.6. Assignment. Neither Party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the other Party's prior written consent (not to be unreasonably withheld); provided, however, either Party may assign this Agreement in its entirety (including all Order Forms), without the other Party's consent to its Affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets. Subject to the foregoing, this Agreement will bind and inure to the benefit of the Parties and their respective successors and permitted assigns.

9.7. Governing Law. This Agreement will be governed by the laws of the state the Customer is located in without regard to conflict of law principles. The Parties agree that any claims, legal proceedings, disputes and litigation arising out of or in connection with this Agreement will be brought solely in the state or federal courts located in the jurisdiction in which the Customer is based.

9.8. Severability & Waiver. The failure of either Party to exercise any right or the waiver by either Party of any breach, will not prevent a subsequent exercise of such right or be deemed a waiver of any subsequent breach of the same, or any other provision of this Agreement. All waivers must be in writing and signed by the Party waiving

its rights. If any section of this Agreement is held to be invalid or unenforceable, the remaining sections of this Agreement will remain in force to the extent feasible.

9.9. Notices. Notwithstanding anything to the contrary in this Agreement, notices and other communications may be given or made pursuant to this Agreement via electronic mail. Notwithstanding the foregoing, any notice concerning a material breach, violation, or termination hereof must be in writing and will be delivered: (a) by certified or registered mail; or (b) by an internationally recognized express courier or overnight delivery service. All written notices or other written communications to EagleView will be provided to the address listed above and addressed to: ATTENTION: LEGAL DEPARTMENT. All written notices to Customer will be sent to the address identified on the Order Form and addressed to the individual signing said Order Form and will be deemed to have been duly given when delivered personally, when deposited in the U.S. mail, certified or registered mail, or when deposited with an overnight courier or delivery service. With respect to notices and other communications regarding EagleView's privacy policy, support plan, or other similar provisions, such notices will be deemed given when posted to EagleView's website (www.eagleview.com) or e-mailed to the Customer's Account administrator(s).

9.10. Execution in Counterparts. This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original and all of which together will constitute only one agreement. The execution and delivery of counterparts of this Agreement by electronic mail, electronic form (including execution by way of an electronic or other signature stamp), website submission, facsimile, or by original manual signature, regardless of the means or any such variation in pagination or appearance will be binding upon the Parties executing this Agreement.

9.11. Order of Precedence. In the event of any conflict, or inconsistency among the terms and conditions contained in documents comprising the Agreement, such conflict or inconsistency shall be resolved according to the following order of precedence, with the first document listed having the highest precedence: any exhibits in the order of their attachment (for example, Exhibit A, then Exhibit B, etc.), the Order Form, and this Agreement.

9.12. Entire Agreement. This Agreement, along with the Order Form(s), and any attached exhibits, which are all incorporated into this Agreement by reference, contains the entire understanding of the Parties with respect to the subject matter hereof and supersedes all prior agreements, oral or written, and all other communications between the Parties relating to such subject matter. The Parties agree that any term or condition stated in a Customer purchase order is null and void. This Agreement may not be amended or modified except by mutual written agreement. In the event that any court holds any provision of this Agreement as null, void, or otherwise ineffective or invalid, such provision will be deemed to be restated to reflect as nearly as possible the original intentions of the Parties in accordance with applicable law, and the remaining provisions will remain in full force and effect. The unenforceability of any provision of this Agreement will not affect the validity of the remaining provisions hereof. A waiver by either Party of a breach or failure to perform hereunder will not constitute a waiver of any subsequent breach or failure.

Columbus Fire Department
Compassionate-Faithful-Dedicated

MEMORANDUM

DATE: 4 August 2025
TO: Tara Vasicek, City Administrator
FROM: Ryan Gray, Fire Chief
RE: Surplus Declaration & Authorization to Sell

RECOMMENDATION: Declare the items contained in the attached list as surplus and allow the fire department to accept sealed bids with the intent of selling to the highest bidder.

DISCUSSION: With the fire department moving to the Nebraska Statewide Radio System (SRS), we have a surplus of equipment that we can no longer utilize. I am requesting that this equipment be designated as surplus and that we be allowed to sell these items through a sealed bid process.

FISCAL IMPACT: Revenue is unknown, but minimum bids for each lot have been established on the attached list.

ALTERNATIVE: None recommended at this time.

13.B. Authorization to move service of all city-owned wireless devices from Verizon to FirstNet.

Columbus Fire Department
Compassionate-Faithful-Dedicated

MEMORANDUM

DATE: 4 August 2025
TO: Tara Vasicek, City Administrator
FROM: Ryan Gray, Fire Chief
RE: FirstNet

RECOMMENDATION: Approve the request to switch all City-owned wireless devices from Verizon to FirstNet.

DISCUSSION: For many months, we have been working to determine if, as a City, there was any benefit to moving to FirstNet from Verizon. Having gone through the process and discussed this multiple times with the Department Heads, we believe making the switch to FirstNet is beneficial.

According to FirstNet's website, "FirstNet is the only nationwide wireless broadband communications platform built with and for America's first responders and the public safety community. This reliable, highly secure communications platform brings public safety agencies and first responders the prioritized connectivity they need to help them keep themselves and their communities safe. Public safety's sensitive communications are routed through a dedicated evolved packet core, so they never have to compete with commercial traffic."

If approved, I will coordinate with FirstNet and all City departments on implementation. Implementation will span over a few weeks and include FirstNet sending a team to program devices and complete the transition.

FISCAL IMPACT: Estimated annual savings of \$9,810 to \$11,674.

ALTERNATIVE: Keep Verizon wireless service.

13.C. Quote from Confluence in the amount of \$29,130 for downtown wayfinding strategy. CIP #23-01

Accountability - Dedication
Honesty - Integrity - Respect

MEMORANDUM

DATE: July 28, 2025
TO: Tara Vasicek, City Administrator
FROM: Jean Van Iperen, Planning & Economic Development Coordinator
RE: Approval of Quote for Downtown Wayfinding Strategy

RECOMMENDATION: Approval of the quote from Confluence in the amount of \$29,130 for a Downtown Wayfinding Strategy

DISCUSSION: With three key entities—the City, the Business Improvement District (BID), and the Creative District—all expressing interest in installing Wayfinding signage throughout downtown Columbus, it is crucial we develop a unified, cohesive approach. Consistent and well-designed signage enhances visitor experience, strengthens the downtown district's identity, and reduces visual clutter.

A key recommendation from our 2022 Downtown Study was the development of a comprehensive Wayfinding signage system. This system is intended to direct visitors from major highways and other community destinations into the downtown area and, once there, facilitate easy navigation to parking, amenities, and key points of interest. The signage must effectively serve mid-speed vehicle traffic, slow-moving vehicles, pedestrians, and cyclists alike.

Signage Goals:

- Provide clear directional information from highways and key community entry points to downtown.
- Help visitors navigate the district with ease to reach parking lots, businesses, and attractions.
- Inform about downtown amenities and enhance overall visitor engagement.
- Reduce visual clutter by identifying signs that can be consolidated or removed, minimizing the addition of new poles.
- Final designs will need to be approved by City Council

Process:

We issued a request for proposals to four firms qualified to develop a wayfinding strategy. Two proposals from Confluence and RDG Planning and Design were received. HRD sent an email indicated they would not be sending in a proposal. We received no word from Olsson. After thorough review, my recommendation is to accept the proposal from Confluence in the amount of \$29,130.00.

Funding:

The project will be funded jointly by the Creative District and the City. Additionally, the BID plans to allocate funds in their upcoming budget specifically for signage installation and maintenance.

FISCAL IMPACT: \$14,565.00 from CIP Downtown Improvements 100-100-57200-23001 and **\$14,565.00** from the Creative District Grant Funds.

ALTERNATIVE: Not approve.

Scope of Services: Columbus, Nebraska Downtown Signage Strategy

This project will support the City of Columbus and the Business Improvement District (BID) in developing a cohesive, functional, and visually unified signage and wayfinding system for the downtown area. The consultant team will provide the following services:

Project Kickoff & Stakeholder Meeting (Month one)

Facilitate a kickoff meeting with City staff and BID representatives to confirm project goals, roles, and communication protocols. Coordinate with City staff to establish members of the BID best to represent, and any public/private stakeholders that may have interests in project to ensure alignment on signage placement and design intent. Utilize this meeting to establish vision, look and feel, and sign types for the project. **(one in person meeting)**

Site Assessment & Inventory (Month one)

Conduct a field assessment of existing signage, poles, and infrastructure within the downtown area and along key corridors such as 23rd, 13th, and 26th Streets. Identify opportunities for sign consolidation to reduce visual clutter and avoid adding unnecessary poles. **(one site visit)**

Design Concept & Cohesive Visual Identity (Month two)

Create up to two signage design concepts that reflect a unified aesthetic between City and BID branding. Ensure that signage is legible, durable, and contextually appropriate for downtown Columbus. Develop a comprehensive wayfinding plan that includes both vehicular and pedestrian signage. Prioritize destinations such as the new Children's Museum, Library, Frankfurt Square, and public parking areas. Provide recommendations on sign types, placement, and hierarchy to improve navigation and visibility.

Sign Placement Plan (Month two)

Prepare a placement plan identifying proposed sign locations, including directional signs to parking lots. Coordinate with property owners where signage may need to be installed on private property.

Client + Stakeholder Review Meeting (Month three)

Review the concept design and sign placement plan with the client and stakeholder group. Make minor revisions to finalize into implementation strategy and phasing plan. **(one in person meeting)**

Implementation Timeline & Cost Estimate (Month three)

Provide a phased implementation schedule aligned with the BID's budget cycle (beginning October). Include a fee schedule and cost estimate for fabrication and installation to support budgeting and grant applications.

Final Deliverables (Month four)

Deliver a final sign elevation and plan of each sign type with supporting notes, a sign location plan, and cost estimate. No formal report will be provided. Present the signs and sign location plan to City and BID leadership for approval and next steps. **(one in person meeting)**

Hi Jean,

Please find attached draft scope of services for your review. Let me know if this sounds right based on your assumptions and conversation from last week. Confluence can provide the attached scope of services for a lump sum of \$29,130.00 (includes reimbursables) and expect for the project to be wrapped up in four months after notice to proceed.

Thank you for the opportunity to provide scope and fee on this exciting project for the City of Columbus and its downtown!

PROJECT SCOPE & FEE

Project Scope & Fee

Our team has extensive experience creating signage within the guidelines of the Manual of Uniform Traffic Control Devices (MUTCD), Americans with Disabilities Act (ADA), Department of Transportation (DOT) and city guidelines. We know how to work with each of these bodies separately and together. We choose to look at the requirements from these institutions as an enhancement on the usability of the signage. Often times taking into consideration the amount of color contrast and light reflectivity, typography selection, font sizes and iconography—all important to the visibility, legibility and understanding of the signage.

- **Field Assessment.** Following a project kick-off meeting, RDG will conduct an inventory of existing signs within the Columbus, NE downtown core. Particular attention will be given to the potential for reducing visual clutter. Though poles may be assessed for sign placement potential, this assessment does not include a structural analysis. No force analysis is included in this assessment. Steering committee should anticipate 2 meetings with the design team.
- **Concept Development.** Working within the City of Power & Progress' established brand parameters and utilizing comments and feedback from the steering committee RDG will develop two distinct design concepts. Conceptual designs will include a limited number of sign types. This diverse representation of signage will provide a strong sense of the entire package as well as the ability to select a design to move forward. Steering committee should anticipate 1 meeting with the design team.
- **Concept Refinement.** After selecting one of the concepts presented, we will work with the steering committee to make one round of design edits to the chosen concept before it is finalized. Steering committee should anticipate 1 meeting with the design team.
- **Preliminary Wayfinding System.** This design will then be expanded upon to create a comprehensive sign family. This draft system will be predicated by meetings with the Steering Committee which aim to improve and uphold destination nomenclature, circulation routes, decision points, priority destinations, sign locations and the messaging on each sign. Steering Committee should anticipate 2 meetings with the design team.
 - » **Sign Family.** The series of signs will include vehicular directional, pedestrian directional, interpretive signage, and a gateway.

- » **Nomenclature.** Consistency between how residents and visitors refer to spaces is essential. We will evaluate your signage to make sure the naming conventions are consistent and clear. We will also point out any areas of concern.
- » **Circulation.** We rely heavily on how users of the city get around. Visitors may travel differently than residents. Employees and service companies may have a third and fourth route of accessing the space. By determining who the prime audience is and the various ways different groups circulate through Columbus, we can prioritize destinations, sign locations and the sign messages.
- » **Location Schedule.** With the circulation path(s) of users provided, we will place our suggested locations for optimal wayfinding.
- » **Message Schedule.** Each newly proposed sign will include the message on said signage, provided as an excel document.

Project Scope & Fee

- **Opinion of Probable Costs.** RDG will work with you to develop an Opinion of Probable Costs for proposed improvements delineated herein.
- **Finalized Wayfinding System.** Edits to the Preliminary Wayfinding System will be made and each sign will be provided with specifications to allow a vendor to produce an appropriate bid—sign size, materiality, colors, typography and mounting methodology. The final report will also include discovery outcomes on aesthetics, nomenclature and destinations. Design team is able to make a final presentation to City Council or other identified groups, if needed.

03 EXPERIENCE & QUALIFICATIONS

City of Casper, Wyoming Wayfinding

Casper, WY

RDG spent several days in Casper familiarizing themselves with the city and its residents. This led to the development of a robust public outreach program, providing valuable insights for design. Collaborating with representatives from each district, custom illustrations were created highlighting the region's natural beauty. These illustrations were incorporated into signage designs, creating a unique identity for each area while maintaining a cohesive brand. Adhering to MUTCD and WYDOT guidelines ensured compliance with both national and local signage rules. The outcome is a comprehensive wayfinding master plan book, serving as design guidelines for future use.

13.D. Quote from Holiday Outdoor Decor in the amount of \$24,500 for downtown Christmas decorations using funds from the Downtown Business Improvement District budget.

Accountability - Dedication
Honesty - Integrity - Respect

MEMORANDUM

DATE: July 30, 2025
TO: City Administrator
FROM: Jean Van Iperen, Planning & Economic Development Coordinator
RE: Approval of Quote for Downtown Christmas Pole Lights

RECOMMENDATION: Approval of the quote from Holiday Outdoor Décor in the amount of \$24,500.00 for 50 Triple Candle Wreath Pole Decorations.

DISCUSSION: The Business Improvement District (BID) would like to move forward with the purchase of new Christmas light pole decorations for the Trackside District. This initiative has been in discussion for the past two years as part of the BID's long-term plan to update and enhance the holiday decorations throughout the downtown area.

Currently, there are a total of 68 wreaths installed on light poles during the holiday season. Of those, approximately 25 are in poor condition and in need of replacement. In addition to phasing out the older, deteriorating decorations, this new purchase will also allow the BID to expand the decorated area bringing additional holiday cheer to more parts of the district.

This purchase is a budgeted item and reflects the BID's ongoing commitment to beautifying and enhancing the visitor and shopper experience in the downtown area during the holiday season.

Designs were evaluated from four vendors:

- Carpenter Decorating
- Holiday Outdoor Decor
- Creative Displays
- Downtown Decorations

Care was taken to select a style that closely complements the existing decorations to maintain a cohesive and unified look across the district as the transition takes place over the coming seasons.

This investment marks a significant step in improving the downtown atmosphere and supports our collective effort to make the Trackside District a vibrant and welcoming destination during the holidays.

FISCAL IMPACT: \$24,500.00 from the BID budget.

ALTERNATIVE: Not approve.

MEMORANDUM

DATE: June 9, 2025

TO: City Administrator

FROM: Jeri Kay Hopkins, Library Director

RE: Columbus Public Schools Memorandum of Understanding on issuing library cards to students.

RECOMMENDATION: To approve a Memorandum of Understanding with the Columbus Public Schools (CPS) to facilitate issuing library cards to all CPS students.

DISCUSSION: This partnership will allow the library to receive student contact information from CPS, enabling the creation of library cards for all students. While parents will have the choice to opt their children out, this program aims to ensure the vast majority of students can readily access the library's extensive collection and services to support their studies. Participation in the MOU is not obligatory for either party.

FISCAL IMPACT: None in the near future. The only impact will be an increase in the number of library cards issued. The library already has the plenty of cards in stock.

ALTERNATIVE: We continue to send home paper brochures on the library and its resources which requires busy parents to come to the library before a card may be issued.

MEMORANDUM

DATE: 21 July 2025
TO: Tara Vasicek, City Administrator
FROM: Ryan Gray, Fire Chief
RE: EMS Billing Provider Contract

RECOMMENDATION: Approve the change in EMS billing providers. Enter into a contract with Digitech Computer LLC.

DISCUSSION: In 2019, the City entered into a contract with EMS Billing LLC to handle all aspects of billing. Shortly after entering into that contract, the company sold to Quick Med Claims, which is our current provider. In recent years, we have had numerous issues with QMC, including insufficient communication, QMC staff turnover, lack of follow-up, and general dysfunction. Our processes are not streamlined for efficiency or effectiveness.

Due to this, a decision was made to put out a Request for Proposal (RFP) to billing companies. After reaching out to Fire Chiefs across the State, a list of 5 EMS billing providers was established. The RFP was sent out on 06/12/2025. We received 4 proposals, which are on file with the City Clerk's office.

We are hopeful to streamline our billing process, reduce the workload on City staff, and increase our revenue by making this change.

After reviewing proposals by the selection committee, which consisted of City Administrator Tara Vasicek, Finance Director Heather Lindsley, Councilman Troy Hiemer, Councilwoman Kat Lopez, and me, we selected Digitech Computer LLC.

The effective date would be **09/01/2025**. QMC will have a 90-day runoff period following the effective date of the new contract, during which they will undergo the closeout process. At the end of the 90-day runoff period, they will provide the city with all records.

Digitech Computer LLC is the EMS billing provider for the Lincoln and Omaha Fire Departments.

FISCAL IMPACT: 7.75% of net collections. We are currently paying 10% of net collections with QMC. Digitech has stated that, on average, they see a 10% to 20% increase in collections when clients switch providers.

ALTERNATIVE: None recommended at this time.

WITNESSETH:

The parties hereby agree as follows:

I. SERVICES

- A. DIGITECH will provide CLIENT the services ("Services") specified in Sections I, II and III of Rider A.

II. PAYMENT

- A. CLIENT agrees to compensate DIGITECH for the Services as described in Rider A, as applicable.
- B. DIGITECH shall invoice CLIENT based upon the invoicing information provided by CLIENT in Rider A-1.
- C. All payments will be due within thirty (30) days of receipt of DIGITECH's invoice.
- D. In the event an invoice is disputed in good faith, CLIENT is entitled to withhold only that part of the invoice that is in dispute. If an invoice is in dispute, the parties agree to consult in good faith to resolve any disputes regarding the invoice.
- E. If the uncontested invoice or uncontested portion of an invoice remains unpaid thirty (30) days from the invoice date, DIGITECH, at its option, may elect to suspend its Services under this Agreement upon fifteen (15) days prior written notice to CLIENT or terminate this contract upon thirty (30) days prior written notice to CLIENT.

III. CONFIDENTIALITY

- A. With regard to CLIENT's Protected Health Information ("PHI"), DIGITECH will perform the Services hereunder in accordance with the HIPAA Business Associate Agreement set forth in Rider B and applicable law.
- B. DIGITECH acknowledges and agrees that any and all information and material supplied by CLIENT to DIGITECH hereunder shall remain the property of CLIENT. DIGITECH will not make copies of such information or material, except to the extent

necessary to perform the Services under this Agreement. DIGITECH, its employees, agents, assigns, subcontractors and successors shall keep strictly confidential all information designated by CLIENT as "confidential".

- C. CLIENT acknowledges and agrees that the software, and all other systems and documentation, including training materials, related to the provision of Services hereunder, are DIGITECH's confidential proprietary information, and CLIENT agrees that it will disclose such material only to those of its employees and agents who have a need to know, that it will use such material only in connection with the Services hereunder, and that it will take all reasonable precautions to prevent the disclosure of such confidential information to, or use by, any other party. CLIENT acknowledges and agrees that all software and documentation developed by DIGITECH for CLIENT using CLIENT's specifications, or DIGITECH's specifications, or a combination of both, will remain DIGITECH's confidential proprietary property, unless the parties have otherwise agreed in writing.
- D. CLIENT will not be obligated to provide DIGITECH with any information, which by law or its own policy may not be provided to DIGITECH. Upon any termination of this Agreement, PHI will be treated as set forth in Rider B and applicable law.
- E. Each party agrees that during the term of this Agreement, and for a period of one year thereafter, it shall not hire or retain, as an employee or otherwise, any of the other party's employees, unless the parties have otherwise agreed in writing.

IV. TERM, TERMINATION AND RENEWAL

- A. The term ("Term") of this Agreement shall comprise the following: (i) a pre-go-live implementation period commencing with the Effective Date of this Agreement, which period may be extended for good faith reasons upon mutual agreement of the parties, ending with a go-live date, on which claim processing commences ("Go-Live Date"); and (ii) a THREE (3) year claim processing period commencing with the Go-Live Date. DIGITECH will be entitled to its fees as described in Rider A for all collections for transports with dates of service from the Go-Live Date through those transports with dates of service prior to the end of the Term. The target Go-Live Date is 9-1-2025.
- B. Provided that this Agreement has not been terminated, at the end of the Term described in IV.A above, this contract will automatically renew for successive one-year renewal periods, extending the Term, unless either party notifies the other party, in writing, at least ninety (90) days before the end of the then current term that it elects to cancel this Agreement. DIGITECH, at its option, may send a renewal notice to CLIENT one hundred and twenty (120) days prior to the end of the then current term stipulating new pricing for the next renewal period. If CLIENT does not

agree in writing to the new pricing within thirty (30) days of the date of the renewal notice, then this Agreement shall be deemed terminated at the end of the then current term.

- C. Except as otherwise provided in the Business Associate Agreement regarding a basis for termination for violation of the obligations of the Business Associate Agreement, either party may, upon thirty (30) days written notice, via certified mail, identifying specifically the basis for such notice, terminate this agreement for breach of a material term or condition of this Agreement, provided that the party in breach shall not have cured such breach, or taken substantial steps toward curing such breach, within the thirty (30) day period of being notified in writing, via certified mail, of the breach. This paragraph does not apply to nonpayment, which is addressed in paragraph II (E) above.
- D. Notwithstanding anything to the contrary in this Agreement, either party may immediately terminate this Agreement upon five (5) days prior written notice in the event:
 - 1. The other party becomes insolvent, bankrupt, files a voluntary petition in bankruptcy, makes an assignment for the benefit of creditors, or consents to appointment of a trustee or receiver, or has an involuntary petition of bankruptcy filed against it; or
 - 2. The legal authority of the other party to operate its facility or provide services as required hereunder is suspended or terminated; or
 - 3. A party hereto is excluded from participation in any state and/or federal health care program; or
 - 4. The Business Associate Agreement between DIGITECH and CLIENT is terminated.
- E. Upon the expiration (by non-renewal or otherwise) or termination of this Agreement, the parties shall proceed in accordance with Section XI – Transition Following Termination or Expiration below.
- F. Either party may terminate this Agreement, without cause, with 120 days prior written notice.
- G. If CLIENT terminates early, CLIENT shall reimburse DIGITECH for the unamortized cost of any hardware purchased by DIGITECH for CLIENT.

V. INDEMNITY AND LIABILITY

- A. Each party to this Agreement shall indemnify and hold harmless the other party and its agents, employees and subcontractors ("Indemnified Party") from and against losses, liability, fines, suits, demands, arbitration fees, damages and expenses (including reasonable attorney's fees) due to claims made by third parties against an Indemnified Party arising from any act, omission, misrepresentation, fraud, violation of any law, breach of confidentiality, breach of the Business Associate Agreement, intellectual property violation, or any willful, wanton, reckless, or grossly negligent act committed by the defaulting party, or its agents, employees and subcontractors. Notwithstanding the foregoing, the defaulting party's liability shall be limited as set forth below in paragraphs V(B) through (J).
- B. To the extent permitted by law, DIGITECH's liability shall be limited to amounts paid by DIGITECH's errors and omissions insurance policy, excluding any applicable deductible or retention under that policy, for which DIGITECH shall remain liable. DIGITECH agrees to maintain no less than \$3,000,000 in errors and omissions insurance covering the performance of its duties set forth herein for the duration of this Agreement. Except as covered by insurance, in no event shall either party be liable to the other for any loss in profits, or for any special, incidental, indirect, consequential or other similar damages (but excluding penalties and fines) suffered in whole, or in part, in connection with this Agreement, even if a party or its agents have been advised of the possibility of such damages. Except as covered by insurance, in no event shall either party be liable for any delay or failure of performance that is due to causes or conditions beyond that party's reasonable control (this clause does not apply to CLIENT's payment obligations).
- C. Both DIGITECH and CLIENT are independent contractors. Neither party, by virtue of this Agreement, assumes any liability for any debts or obligations of either a financial or legal nature incurred by the other party, except as set forth herein.
- D. CLIENT specifically agrees that it is responsible to repay any overpayments, denials, recoupments and/or offsets, including interest, penalties and other fees, sought, demanded or initiated by any governmental or commercial carrier, payer or insurer in the event it is determined that CLIENT is not entitled to payment for its services rendered, or if any such carrier, payer or insurer determines that CLIENT has been paid any amounts in excess of what is otherwise due and payable under the terms of the applicable governmental or commercial benefit program or insurance policy. Except to the extent covered by insurance (including payment of deductible), DIGITECH's liability regarding any such bill or claim will not exceed the fee paid to DIGITECH to process such item.
- E. DIGITECH will not be liable in the event of a recoupment caused by a change in

federal or state regulations, a change in the interpretation of federal or state regulations, a refund caused by an EMS crew member's or CLIENT's expired license or certification, or if DIGITECH is directed by the CLIENT to bill against DIGITECH's advice and an audit determines that a Claim should not have been billed. CLIENT will not be entitled to any refund or credit of any fee paid to DIGITECH, and DIGITECH will have no liability whatsoever in the event of such recoupment.

- F. In the event that an internal or external audit of paid claims determines that there was an overpayment for which DIGITECH collected a fee based on claims given a disputed level of service and/or inaccurate rates, DIGITECH will issue a credit to CLIENT for an amount equal to the DIGITECH fee earned on the amount overpaid and returned. Except as set forth above, the credit will be capped at the amount of the fee paid to DIGITECH for each adjusted claim.
- G. In the event that the CLIENT receives a duplicate payment or overpayment and must refund the payer (e.g., the insurance company paid the same invoice twice, or the insurance company and patient paid the same claim, or two different insurance companies paid the same claim), DIGITECH will give the CLIENT a credit in an amount equal to the portion of DIGITECH's fee that applies to the duplicate payment or overpayment after CLIENT has refunded the payer.
- H. CLIENT acknowledges that DIGITECH is not a guarantor of collection, and that it shall not be responsible for any uncollected bills. CLIENT may subcontract with any third party to follow up regarding accounts that DIGITECH deems uncollectible after attempting to collect pursuant to the terms of this Agreement and Rider A.
- I. CLIENT acknowledges that DIGITECH is not a debt collector. CLIENT shall indemnify, defend, and hold DIGITECH harmless from any and all costs and damages, including attorneys' fees, resulting from (i) any violations of the Federal Debt Collections Practices Act (FDCPA), (ii) any violations of state level debt collection legislation, and (iii) violations caused by CLIENT's failure to identify a claim as a workers' compensation claim.
- J. The rights and remedies in this Section constitute the exclusive rights and remedies of the parties with respect to matters identified under this Section.

- B. DIGITECH agrees to comply with all applicable federal and state laws, including "anti-kickback," "excessive charges," and other regulations relevant to this Agreement.
- C. CLIENT represents and warrants that it is not excluded from participation in any state and/or federal health care programs. CLIENT further agrees that they shall be responsible for verifying that none of CLIENT's employees are excluded from participation in any state and/or federal health care program and that every EMS crew member's license and certification are current and valid. - J. Where possible, CLIENT agrees to flag non-billable claims prior to submission to DIGITECH for procedure coding.
- K. CLIENT agrees to email DIGITECH cash posting manager with EFT/ACH amounts deposited and deposit dates for each payer paying via EFT/ACH on a daily basis.

- L. CLIENT acknowledges and accepts that it is responsible for acquiring any and all Physician Certification Statements (PCS) and prior authorizations required for non-emergency transports.

XI. TRANSITION

- A. In the event this Agreement terminates or expires under the provisions described in Section IV of this Agreement, the following four phases shall occur (during the Winding Down Period, DIGITECH will only perform the services outlined in this Section):

1. **Phase I** - DIGITECH shall continue with services until the Termination Date. The "Termination Date" shall be defined as the last date of service/transport that DIGITECH shall be responsible for processing.
2. **Phase II** – DIGITECH shall cease all processing including the collection services described in Rider A, Section II above, sixty (60) days from the Termination Date. For greater clarity, DIGITECH shall cease importing new claims with dates of service after the Termination Date, but for sixty (60) days after the Termination Date, DIGITECH shall continue processing claims with dates of service prior to the Termination Date.
3. **Phase III** – Upon the conclusion of Phase II, DIGITECH shall cease all claim processing and collections. For an additional sixty (60) days, CLIENT will continue to provide DIGITECH with remittance advice or cash receipt data, as described in Section X.B., for all deposits within this 120 day Winding Down Period, and shall pay to DIGITECH its fees on these receipts pursuant to Section IV of Rider A. DIGITECH will be entitled to all fees for its Services for the full 120 days of deposits after the Termination Date for which CLIENT receives remittances. Should the parties agree in writing to extend the Winding Down Period, DIGITECH shall be entitled to all fees for its Services for the entire time that the Winding Down Period is extended.
4. **Phase IV** - Subsequent to the conclusion of Phase III and the Winding Down Period, DIGITECH will provide client with its data in SQL format once DIGITECH has been fully paid for services rendered.
5. Upon expiration or termination of this Agreement, all additional services under Sections V and VI of Rider A shall cease, unless the parties agree in writing to extend the term of such services to include the Winding Down Period.
6. Upon termination or expiration of this Agreement, DIGITECH agrees to

reasonably cooperate with CLIENT in transitioning from DIGITECH to another service provider of CLIENT's choosing.

7. At the expiration of the Winding Down Period, CLIENT shall cease using all of DIGITECH'S materials and products, including training manuals. CLIENT shall either return all materials to DIGITECH or delete such materials.

- B. This Agreement shall be governed by the laws of the State of Nebraska without giving effect to any choice of law or conflicts of laws, rules or provisions.
- C. Omitted.
- D. This Agreement, including the attached rider(s) and exhibit(s), contains the entire agreement between the parties relating to this transaction and supersedes all previous understandings and agreements between the parties relating to this subject matter. - I. The signatories below have the authority to sign on behalf of the respective parties.
- J. This Agreement shall be binding on, and will inure to the benefit of, the parties hereto and their respective successors and assigns.

Article 2: Duties of Business Associate

- 2.1 Compliance with Privacy Provisions.** Business Associate shall only use and disclose PHI in performance of its obligations under the Billing Service Agreement and as permitted or required by law. Business Associate's written report shall be promptly supplemented with any new or additional information. Business Associate agrees to cooperate with Covered Entity in meeting Covered Entity's obligations under the HITECH Act and other applicable law with respect to such Breach. Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s) or others as required by the HITECH Act and other applicable law.

2.4 Permitted Uses of PHI. Satisfactory performance of its obligations under the Billing Service Agreement by Business Associate may require Business Associate to receive or use PHI obtained from Covered Entity, or created or received by Business Associate on behalf of Covered Entity; provided, however, that Business Associate shall not use PHI other than for the purpose of performing Business Associate's obligations under the Billing Service Agreement (including this Agreement), as permitted or required under the Billing Service Agreement (including this Agreement), or as required by law. Business Associate shall not use PHI in any manner that would constitute a violation of HIPAA if so used by Covered Entity.

2.5 Permitted Disclosures of PHI. Business Associate shall not disclose PHI other than for the purpose of performing Business Associate's obligations under the Billing Service Agreement (including this Agreement), as permitted or required under the Billing Service Agreement (including this Agreement), or as required by law. Business Associate shall not disclose PHI in any manner that would constitute a violation of HIPAA if so disclosed by Covered Entity. To the extent that Business Associate

discloses PHI to a third party in carrying out its obligations under the Billing Service Agreement, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from such third party that such PHI will be held confidential as provided pursuant to this Agreement and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (ii) an agreement from such third party to immediately notify Business Associate of any breaches of confidentiality of the PHI, to the extent the third party has obtained knowledge of such breach.

- 2.6 Minimum Necessary.** Business Associate shall limit its use, disclosure or request of PHI to only the minimum necessary as required by law.
- 2.7 Retention of PHI.** Unless otherwise specified in the Billing Service Agreement, Business Associate shall maintain and retain PHI for the term of the Billing Service Agreement, and make such PHI available to Covered Entity as set forth in this Agreement.
- 2.8 Safeguarding PHI.** Business Associate shall use appropriate safeguards to prevent the use or disclosure of PHI other than as permitted by the Billing Service Agreement and this Agreement. Business Associate will appropriately safeguard electronic PHI in accordance with the standards specified at 45 CFR § 164.314(a). In particular, Business Associate will implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of electronic PHI that it creates, receives, maintains or transmits on behalf of Covered Entity.
- 2.9 Agents and Subcontractors.** Business Associate shall ensure that any agents (including subcontractors) of Business Associate to whom Business Associate provides PHI received from Covered Entity, or PHI created or received by Business Associate on behalf of Covered Entity, agree in writing to the same restrictions and conditions that apply to Business Associate with respect to such PHI, including the requirement to implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of PHI. Business Associate shall implement appropriate sanctions against agents and subcontractors that violate such restrictions and conditions, including termination of the agency or subcontractor relationship, if feasible, and shall mitigate the effects of any such violations.
- 2.10 Reporting Unauthorized Use or Disclosure.** Business Associate shall report in writing to Covered Entity any use or disclosure of PHI not provided for under the Billing Service Agreement or this Agreement as soon as possible after Business Associate becomes aware of such an incident but in no case later than five (5) days after the

date on which Business Associate becomes aware of any such incident; provided, however, that the Parties acknowledge and agree that this Section constitutes notice by Business Associate to Covered Entity of the ongoing existence and occurrence of attempted but Unsuccessful Security Incidents (as defined below). "Unsuccessful Security Incidents" will include, but not be limited to, pings and other broadcast attacks on Business Associate's firewall, port scans, unsuccessful log-on attempts, denials of service and any combination of the above, so long as no such incident results in unauthorized access, use or disclosure of PHI. Business Associate shall take (i) prompt corrective action to cure any deficiencies that caused the unauthorized use or disclosure, and (ii) any corrective action required by applicable federal and state law.

2.11 Access to Information. Within five (5) days of Covered Entity's request, Business Associate shall provide Covered Entity with access to Covered Entity's PHI maintained by Business Associate or its agents or subcontractors to enable Covered Entity to fulfill its obligations under the Privacy Standards, including, but not limited to, 45 CFR § 164.524.

2.12 Availability of PHI for Amendment. The parties acknowledge that the Privacy Standards permit an individual who is the subject of PHI to request certain amendments of their records. Upon Covered Entity's request for an amendment of PHI or a record about an individual contained in a Designated Record Set, but not later than five (5) days after receipt of such request, Business Associate and its agents or subcontractors shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under the Privacy Standards, including, but not limited to, 45 CFR § 164.526. If any individual requests an amendment of PHI directly from Business Associate or its agents or subcontractors, Business Associate must notify Covered Entity in writing within five (5) days of the request. Covered Entity has the sole authority to deny a request for amendment of PHI received or created under the terms of the Billing Service Agreement and maintained by Business Associate or its agents or subcontractors.

2.13 Accounting of Disclosures. Upon Covered Entity's request, Business Associate, its agents and subcontractors shall make available the information required to provide an accounting of disclosures to enable Covered Entity to fulfill its obligations under the Privacy Standards, including, but not limited to, 45 CFR § 164.528. For this purpose, Business Associate shall retain a record of disclosure of PHI for at least six (6) years from the date of disclosure. Business Associate agrees to implement a process that allows for an accounting to be collected and maintained by Business Associate and its agents or subcontractors for at least six (6) years prior to the request, but not before the effective date of the Billing Service Agreement. At a minimum, such

information shall include: (i) the date of disclosure; (ii) the name of the entity or person who received PHI and, if known, the address of the entity or person; (iii) a brief description of PHI disclosed; and (iv) a brief statement of the purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. Where a request for an accounting is delivered directly to Business Associate or its agents or subcontractors, Business Associate shall within five (5) days of a request forward it to Covered Entity in writing. It shall be Covered Entity's responsibility to prepare and deliver any such reply to the requested accounting.

2.14 Agreement to Restriction on Disclosure. If Covered Entity is required to comply with a restriction on the disclosure of PHI pursuant to § 13405 of the HITECH Act, then Covered Entity shall provide written notice to Business Associate of the name of the individual requesting the restriction and the PHI affected thereby. Business Associate shall, upon receipt of such notification, not disclose the identified PHI to any health plan for the purposes of carrying out Payment or Health Care Operations, except as otherwise required by law.

2.15 Accounting of Disclosures of Electronic Health Records ("EHR"). If Business Associate is deemed to use or maintain an EHR on behalf of Covered Entity, then Business Associate shall maintain an accounting of any disclosures made through an EHR for Treatment, Payment and Health Care Operations, as required by law. Upon request by Covered Entity, Business Associate shall provide such accounting to Covered Entity in the time and manner specified by law. Alternatively, if Covered Entity responds to an individual's request for an accounting of disclosures made through an EHR by providing the requesting individual with a list of all business associates acting on behalf of Covered Entity, then Business Associate shall provide such accounting directly to the requesting individual in the time and manner specified by the HITECH Act.

2.16 Access to Electronic Health Records. If Business Associate is deemed to use or maintain an EHR on behalf of Covered Entity with respect to PHI, then, to the extent an individual has the right to request a copy of the PHI maintained in such EHR pursuant to 45 CFR § 164.524 and makes such a request to Business Associate, Business Associate shall provide such individual with a copy of the PHI in the EHR in an electronic format and, if the individual so chooses, transmit such copy directly to an entity or person designated by the individual. Business Associate may charge a fee, not to exceed Contractor's labor costs to respond, to the individual for providing the copy of the PHI. The provisions of 45 CFR § 164.524, including the exceptions to the requirement to provide a copy of PHI, shall otherwise apply and Business Associate shall comply therewith as if Business Associate were Covered Entity. At Covered Entity's request, Business Associate shall provide Covered Entity with a copy of an

individual's PHI maintained in an EHR in an electronic format and in a time and manner designated by Covered Entity in order for Covered Entity to comply with 45 CFR § 164.524, as amended by the HITECH Act.

2.17 Remuneration for PHI. Business Associate agrees that it shall not, directly or indirectly, receive remuneration in exchange for any PHI of Covered Entity except as otherwise permitted by law.

2.18 Governmental Access to Books and Records. For purposes of determining Covered Entity's compliance with the HIPAA, Business Associate agrees to make available to the Secretary its internal practices, books, and records relating to the use and disclosure of PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity.

2.19 Data Ownership. Business Associate acknowledges that Business Associate has no ownership rights with respect to the PHI.

2.20 Insurance. Business Associate shall maintain commercial general liability insurance, with commercially reasonable liability limits, that includes coverage for damage to persons or property arising from any breach of the terms of this Agreement.

2.21 Audits, Inspection and Enforcement. Within ten (10) days of a written request by Covered Entity, Business Associate and its agents or subcontractors shall allow Covered Entity to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of PHI pursuant to this Agreement for the purpose of determining whether Business Associate has complied with this Agreement; provided, however, that (i) Business Associate and Covered Entity shall mutually agree in advance upon the scope, timing and location of such an inspection; (ii) Covered Entity shall protect the confidentiality of all confidential and proprietary information of Business Associate to which Covered Entity has access during the course of such inspection; and (iii) Covered Entity shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by Business Associate. Covered Entity and its authorized agents or contractors, may, at Covered Entity's expense, examine Business Associate's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to Covered Entity the extent to which Business Associate's security safeguards comply with HIPAA, the HITECH Act or this Agreement, to the extent that Covered Entity determines that such examination is necessary to comply with Covered Entity's legal obligations pursuant to HIPAA or the HITECH Act relating to certification of its security practices. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Business Associate of its

responsibility to comply with this Agreement, nor does Covered Entity's (i) failure to detect or (ii) detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practices or a waiver of Covered Entity's enforcement rights under the Billing Service Agreement or this Agreement.

- 2.22 Return of PHI at Termination.** Upon termination of the Billing Service Agreement, Business Associate shall, where feasible, destroy or return to Covered Entity all PHI received from Covered Entity, or created or received by Business Associate or its agents or subcontractors on behalf of Covered Entity. Where return or destruction is not feasible, the duties of Business Associate under this Agreement shall be extended to protect the PHI retained by Business Associate. Business Associate agrees not to further use or disclose information for which the return or destruction is infeasible. Business Associate shall certify in writing the destruction of the PHI and to the continued protection of PHI that is not feasible to destroy.
- 2.23 Retention of PHI.** Business Associate and its contractors or agents shall retain communications and documents required to be maintained by HIPAA for six (6) years after termination of the Billing Service Agreement.
- 2.24 Business Associate's Performance of Obligations of Covered Entity.** To the extent the Business Associate is to carry out one or more of Covered Entity's obligation(s) under the HIPAA Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity when it carries out such obligation(s).

Article 3: Duties of Covered Entity

- 3.1 Using Appropriate Safeguards.** Covered Entity shall be responsible for using appropriate safeguards to maintain and ensure the confidentiality, privacy and security of PHI transmitted to Business Associate pursuant to the Billing Service Agreement, in accordance with the standards and requirements of HIPAA.

Article 4: Term and Termination

- 4.1 Term.** The provisions of this Agreement shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy the PHI, protections are extended to such information in accordance with the termination provisions in Section 4.2 of this Agreement.
- 4.2 Termination by Covered Entity.**

- (a) A breach by Business Associate of any material provision of this Agreement, as determined by Covered Entity, shall constitute a material breach of the Billing Service Agreement and shall provide grounds for immediate termination of the Billing Service Agreement by Covered Entity.
- (b) If Covered Entity knows of a pattern of activity or practice of Business Associate that constitutes a material breach or violation of Business Associate's obligations under the provisions of this Agreement or another arrangement and does not terminate the Billing Service Agreement pursuant to Section 4.2(a) of this Agreement, then Business Associate shall take reasonable steps to cure such breach or end such violation, as applicable. If Business Associate's efforts to cure such breach or end such violation are unsuccessful, Covered Entity shall either (i) terminate the Billing Service Agreement, if feasible or (ii) if termination of the Billing Service Agreement is not feasible, Covered Entity shall report Business Associate's breach or violation to the Secretary.
