INTRODUCTION

The purpose of this handbook is to assist you during your tenure with the Southern Valley School District. It most certainly will not answer all of your questions, but some basic points are clearly stated. The Board of Education has a written and adopted set of board policies -- a copy of these policies, and the administrative rules and regulations are available to the staff. It is strongly suggested that each teacher read the board policies and administrative rules and regulations. These will also assist you in understanding how our school district functions.

All questions and/or problems cannot be covered in this handbook, the board policies, or the administrative rules and regulations. When you are in a situation not covered by the policies, rules and regulations, or this handbook, arrange a conference with your principal or the superintendent.

The Southern Valley School District does not discriminate on the basis of race, color, national origin, gender, marital status, disability, or age in admission or access to, or treatment of employment, in its programs and activities. The following person has been designated to handle inquiries regarding complaints, grievance procedures or the application of these policies of nondiscrimination: Superintendent Darren Tobey, 43739 Highway 89, Oxford, NE 68967, (308) 868-2222.

PERSONNEL POLICIES

Reports and Records

You will be asked to make certain reports and keep and maintain certain records for the office and the principal. Please attempt to get them in on time and correctly done. Your cooperation will increase the efficiency of the entire school.

Teachers Files

The administration, according to statute, maintains a file on each teacher. Contained in those files is a variety of information: the teacher's teaching certificate, transcript, employment data, teacher evaluations, teaching credentials, professional growth, and in limited occurrences, documentation of disciplinary or commendations episodes. Completed teacher evaluation forms and other documentation of teacher performance is only placed in the file if it, has previously been shared with the teacher. Those files are accessible to each respective teacher. If a teacher requests access to his or her file, it shall be shared in its entirety. The only exception is if that teacher has requested letters of recommendation which were included as confidential. In such instances, the college credentials will be removed before the teacher is given the file to review. The administration maintains only one file on each teacher, and it is open to inspection by that teacher at any time. If you have questions about the content of your file, please inspect that file in the office.

Teachers Certificates

Certificates of new teachers should be registered with the Superintendent as soon as possible. All teachers must have an official transcript of credits filed in the school office.

Additional Hours

The deadline for placement on the salary schedule for additional hours earned in the summer will be September 1st. Hours earned following that date will apply for the following school year. All additional hours of credit require the superintendent's approval before movement will be allowed on the salary schedule.

Professional Growth

The Southern Valley School District #540 recognizes the significance of professional growth and shall encourage the continued growth and development of certificated personnel subject to the regulations adopted by the Board of Education.

Each tenured teacher shall have a six year professional growth period during which time the permanent staff member is required by statute to give evidence of professional growth. Each permanent staff member must submit evidence showing completion of acceptable professional growth activities totaling 24 points. Excessive points earned during one growth period may not be carried over into succeeding professional growth periods.

Application for the approval of professional growth activities shall be made on the prescribed forms. A separate application shall be submitted for each activity for which growth points are requested.

Extra Duties

From time to time all teachers will be asked to assist with extra duties such as selling tickets at games or other events. Teachers have been very cooperative in the past, and it is sincerely appreciated. The administrator will make an effort to equalize the number of assignments.

Paychecks

Teachers shall be paid in twelve equal installments, unless requested otherwise. Payday is usually the 20th day of each month.

Absence Without Pay

If you find that you must be absent for reasons other than those listed, you may request permission to do so. Please refer to the master agreement between the SVEA and School Board to see how this will be handled. ~~Salary deductions for those days will be determined at the per day rate of your annual salary.~~

Workmen's Compensation

All employees of this school are covered by workmen's compensation. Should you sustain any injuries while on duty be sure to report it to the superintendent immediately so that proper claims can be made for any medical cost involved.

Teacher's Hours

Tardiness on the part of the teacher in reaching school or the classroom results in many problems. Promptness is also an indication of one's interest and professional attitude. **TEACHERS ARE TO BE IN SCHOOL AND AVAILABLE FOR STUDENT AND HALL SUPERVISION BY 8:00 A.M.,** and are to remain until 4:00 P.M. unless they have coaching or other duties.

Teacher Attire

As professionals, our certificated staff is requested to dress the part. Appropriate, professional attire is expected of our teachers and administrators. **Blue jeans will be allowed for a fee on Friday's and some other special occasions.** ~~and other such casual attire don't fit into the dress expectations for most professions, nor should they be considered acceptable for the education profession.~~ The attire of teachers and administrators does have an impact on the important interactions common in our business.

Preparation for Classes

Every child under your instruction has the right to expect you to be prepared every time you face the class. This is one of the best ways to gain and keep the respect of your pupils.

Preparation for Substitute Teachers

Substitute teachers will normally be hired to take the place of teachers absent from duty. Your lesson plans should reflect the fact that your substitute may have few, if any, hours in your subject area.

Each teacher should have the following items available at all times:

- a. Complete lesson plans
- b. Daily instructional schedule
- c. Current seating chart
- d. Fire drill procedures
- e. Special duties and directions to cover each individual class

Activity During School Days

When students are going to be absent from school for a school sponsored activity, the teacher/sponsor should duplicate a complete list of students who will be absent. This list should be turned in to the principal's office, in advance, so that it can be circulated to teachers.

Teacher Meetings

There will be teacher meetings held at the discretion of the building administrator. Other faculty meetings may be called when needed. All teachers are expected to attend unless they are absent from school. Teacher meetings are designed to be helpful and to promote understanding of education and the school system.

Leaving the Building

During the normal school day, excluding a teacher's lunch period, any faculty member who finds it necessary to leave the building should so notify the office personnel.

Testing System

All secondary teachers are to give semester exams unless excused by the administration.

Ethics

Loyalty is an integral part of most any code of ethics. If you work for an organization, support that organization. If there are things you cannot support, bring them out and discuss them with those in charge of the organization. Anything less than that will be considered unethical by the school; gossiping, talking behind one's back, or causing unrest with fellow teachers are undesirable examples.

Employee Compliance with Drug Free School Act Policy #1.32

Southern Valley School District #540 is committed to providing an employment environment that is safe and provides appropriate motivation to ensure a creative and productive workforce. To this end, the District unequivocally endorses the philosophy that the workplace should be free from the detrimental effects of illicit drugs and alcohol.

In compliance with federal public law, our schools must notify employees and students that it is unlawful and, therefore, absolutely prohibited for any employee or students of the District to engage in the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities.

See definitions and procedures printed in the policy book located in the office of the Superintendent.

School Records

A cumulative record shall be maintained for each student from the time of entrance into school through the twelfth grade. Such records may be used only for the benefit, promotion, or welfare of the pupil. A separate confidential record shall be maintained for each student having records such as psychological reports; individual testing reports; medical records of a confidential nature; etc.

All material in each cumulative record and in each student record shall be treated as confidential and shall be directly accessible only to the professional staff of the school, to the student, to the student's parents or guardians, and to those persons who will use the information for the professional purpose of helping the student.

The student records are maintained under the direction and supervision of the building principal and counselor. All individuals responsible for working with students' records have an obligation to update these records and provide a continuous evaluation of the contents.

Student records information will not be released to individuals, agencies, or institutions unless the request is accompanied by a written consent from the student and the parent/guardian of a student under 18 years of age.

Records of handicapped students shall remain confidential in accordance with P.L. 93-380. This confidentiality shall apply to all personally identifiable data.

Report Cards and Parent Contacts

Report Cards are designed primarily to help pupils achieve the educational goals of the school system and secondly, to help parents understand the progress their child is making toward achieving the goals and objectives of the various courses.

No report card can convey complete understanding of the total school program or adequately explain the progress of every pupil. Conferences, letters to the home, and telephone conversations to the home must be made to supplement the report card. Whenever special contacts are made by a teacher with a student's home, please notify your building principal and maintain open and consistent lines of communication.

Whenever you make a contact with home concerning a student in academic difficulty, request that the parents make a return call to you later in that same grading period to check on the child's academic progress. This will shift part of the child's academic responsibility to the parent and improve the teacher's position at the end of the grading period if questions arise.

Grade Book

The PowerSchool program is the district's official means of recording and keeping accurate records of grades. A Grade Book can still be used by any staff member to keep a hard copy of their grades, however, it is not required.

It is acknowledged that in a staff of our size, there will be a variety of ways in which the grade book is kept. This is perfectly acceptable. However, regardless of the method used, the grade book must accurately contain at least the following information:

1. Complete class roster with all students names entered completely, accurately and in alphabetical order;
2. Record grades of all assignments that are used to determine quarterly and

semester grades. Also, record total points possible for each assignment. When number or letter grades are given, be sure to give the numerical scale;

3. An explanation as to how a teacher arrives at his or her quarterly or semester grades is also to be noted.
4. Grades are to be recorded via PowerSchool on a weekly basis. **Grades are to be updated no later than 9:00 a.m. each Friday.**

Grading

At the end of the first four and one half weeks of each grading period, each JR-SR High teacher is to mail down slips to those students who are failing, or are in jeopardy of failing, in their classroom performance. At that time, the teacher is to indicate to the parents that a conference is deemed necessary.

An “interim” report is used by teachers to identify in writing, radical changes in progress of a student. Such a report should be viewed by parents as a clear signal of concern.

Each teacher will be given a grade book which is to be kept up to date at all times. The grade book should indicate clearly the grade(s) for each student. All grades should be registered according to the grading scale by the school district.

The grading scale is as follows:

93 - 100	A
85 - 92	B
77 - 84	C
70 - 76	D
Below 70	F

Teacher grade reports are to be in the office not later than 4:00 p.m. on the following dates: October 21, January 7, March 16, and May 20. All grades recorded on the Jr. Sr. High grade reports are to be NUMERICAL & LETTER. The grades reported on the Elementary report cards are to be LETTER GRADES. Report cards will be **mailed** to the elementary students and mailed to the Jr. Sr. High students following the close of the nine-week grading periods.

Communications

Many hard feelings and misunderstandings can be eliminated or minimized with a more concerted communications effort. Progress reports are time-consuming, but they are important. Parents must be kept informed about their child’s progress. Parents find it difficult to understand and accept below-standard student academic marks at the standard grading periods when the teacher has not previously apprised the parents of inferior student work. Teachers are expected to regularly report student progress by means of the weekly and mid-term progress reporting system. Communications with parents about student successes is likewise important. Phone calls to parents are excellent means of expressing positive comments about students, but that means may be somewhat threatening to some teachers.

Supervision of Students

DISCIPLINE IS EVERYBODY’S BUSINESS AND CONCERN. As a teacher you have authority over every student, and not just in your own classroom. Don’t ever hesitate to stop

trouble in halls, lunchroom, restrooms, etc. If you feel a neighboring classroom is noisy and that it disturbs your class, tell the teacher yourself. Many times we allow noise to build up without even realizing it. **Teachers are not to leave the class unattended for any length of time.** You run the risk of being held liable for any accidents which may occur while you are out of the room. Supervision during school activities is a joint responsibility of all teachers present. If you detect pupil misbehavior during a school activity, it is appropriate that you correct the situation. Supervision of hallways between classes is the responsibility of all teachers. Be in position to supervise in the mornings when the students enter the building as well as at noontime.

Supervision After Hours

A teacher is never to allow students to use any part of the school building before or after school unless the teacher is there to supervise. Whenever a group participates in any activity, practice, or games, the teacher should be the last to leave the facility. All lights should be extinguished and the doors locked.

IT IS NOT GOOD POLICY TO ALLOW STUDENTS TO USE YOUR KEYS.

Technology Systems Use Policy

Membership in such a community requires awareness and practice of acceptable behaviors. These behaviors apply to all levels of technology, whether using a single computer or using Internet resources. In addition, the school district is bound by contract to other providers of services to require certain acceptable behaviors.

Individuals must apply for access to our technology systems. Applicants must be aware of the stipulations of this policy and its related administrative policies and agree to them before access will be granted. **A copy of current specific administrative policies is available from the office at request.**

Procedures for Drug/Alcohol Problems

1. In cases where a student's actions are abnormal enough to suggest the use of drugs or alcohol, but no direct evidence is present, all instructors are to:
 - a. Notify the building administration of your observations and reason for a concern in all cases; then, follow this up with a brief written statement.
 - b. If you are suspicious of a student's actions in class, send a note to the office and an administrator will come to your classroom. Do not make any accusations.
 - c. The student will be brought to the office where the issue will be discussed further and appropriate action will be taken.
 - d. If you have reason for concern about a student's actions and wish to deal with them on a personal basis, please feel free to do so. However, make the problem and your actions known to the administration. This protects you and your actions and it also brings a possible issue into better focus in the event more than one person is seeing the same thing.
2. In cases where a student is obviously under the influence of drugs or alcohol, you are obligated to notify the building administration at once. The student will be removed from the school pending appropriate action.
3. Where specific information pertaining to drug abuse outside of school comes to your attention, please make this available. This will be discreetly monitored in the office to determine

if further action should be taken.

Excusing Pupils

No teacher will excuse any pupils on request of strangers or on a request coming in writing or over the telephone where the teacher is not certain that it is the parent who is making the request. Any request coming from sources which might not be approved by the parents should not be granted. If the teacher is in doubt at any time about the request to excuse the pupil, it is better to refuse to grant the request than to allow the pupil to be called out of class.

Student telephone calls should be held to those that are essential, and unless it is an emergency call, students will not be called to the telephone. The number will be taken and given to the pupil to call back at the close of the period or after dismissal.

Student passes should be kept to a minimum. The continual movement of students in the hall can be very disruptive to classes. There are very few occasions where students should be given passes to leave the school grounds. In all cases students should check out in the principal's office before leaving.

Community Relations

Your membership in community activities is indicative of your attitude toward the community. Do not spread yourself too thin, but your participation is important. Too often teachers are accused of not taking part in community life.

USE OF TOBACCO ON SCHOOL PREMISES OR AT SCHOOL ACTIVITIES

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property or at school activities at any time.

Custodial Staff

The custodians in each building are responsible to the superintendent or his designee. Teachers should contact their building principal about any repairs which they wish to have made in their rooms.

You can aid the custodians by making sure that your room is cared for. Our custodians are valuable assets to our school. Do all that you can to help them.

Building Appearance

Please take pride in the building and in your room in particular. This includes keeping the room neat and clean and providing something of interest such as pictures, bulletin boards, etc. It is urged that your room be locked at night and any time you will be out for more than just a few minutes.

School Property

Teachers are responsible for property in their department or room. A complete inventory of all items and their condition should be turned in to the superintendent each school year. Teachers are to be on the lookout for damage to school property and to report such damage to the

office. Encourage students to take care of such property. Equipment (chairs, computers, etc.) is not to be taken from the school unless permission is granted from the office. The school will not be responsible for personal items brought to school by staff or students for school use.

Emergencies

In case of an accident where medical help is needed, make sure that the parents are notified. If a child becomes ill and needs to be sent home, contact the office so parents may be notified. In all accidents requiring medical attention you must fill out a report and hand it in to the office. This should be done the same day if at all possible.

General Fund Purchasing

All general fund purchasing will be made through the office and must have the direct approval of the principal/superintendent. Special printed purchase orders are issued by the office for ordering materials from sources outside the school. Purchases will not be made without a purchase order signed by the superintendent. Purchases made without permission are your personal obligation and your responsibility.

Activity Fund Purchasing by Organizations

Purchases made by classes or other organizations must have the approval of the sponsor prior to the approval of the principal. Purchases will not be made without a signed school purchase order.

Dues, Fees, Collections, Funds, etc.

The superintendent's office acts as treasurer for all classes, clubs and other school organizations. All payments are made through that office and receipts are deposited there. Instructors in charge of various groups and organizations should explain this to their groups and see that the policy is carried out. The office reserves the right to approve all collections or the amount of all class or organizations dues, all assessments, collections or request for funds of any nature which are sought from student body, groups, or individuals. Likewise, all fundraisers and other such projects shall be submitted to the principal/superintendent for approval prior to scheduling such events. In departments where materials are sold to pupils, such as shop, music, athletics, etc., the instructor shall collect for all materials and fees and will be required to hand in an itemized list of materials sold.

DO NOT KEEP MONEY IN YOUR ROOM OVERNIGHT.

Mileage

There will be certain times when the school district will pay expenses for teachers who are out of town for school purposes. These trips must be approved before the trips are made. No payment will be made until the proper expense sheet has been filled out and returned to the superintendent's office. The mileage reimbursement rate of \$0.50 per mile will be paid to those approved.

Proper Driving of School Vehicles

School staff members are often required to drive school vehicles for school business. Rules of the road must be followed. Speeding will not be condoned. Not only are unlawful

driving practices unsafe, the public is often understandably concerned.

Class Meetings

All class meetings, group meetings, or any activity meetings which meet during tutorial ~~school time or after school hours~~ must be cleared through the principal's office. Sunday activities are not to be scheduled. No meetings are to be scheduled on Wednesday evenings.

Teaching Supplies

Supplies may be obtained from the office. Do not send students for teaching supplies.

To enable us to maintain proper control of supplies, all supplies will be distributed by the office staff. Teachers are asked to refrain from taking supplies from the storage areas.

Copiers

The use of the school's copiers shall be for necessary school use only. Any copies other than for necessary school use will cost \$.25 per copy.
