A representative from First National Bank gave a presentation on the services they provide which involves understanding school finance and a more detailed look at the budget, among other topics. They generally meet with the Superintendent, Business Manager and Board Members so all parties have the same understanding of the finances. Some local schools and other schools of our size have contracted their services.

Elementary Principal, Mark Grove, informed the board that beginning the 2021-2022 school year Mr. Dexter Becker will be teaching High School PE and Miss Madi Gilg will be teaching Elementary PE, Renae Brooks will be the Head Title Teacher, 4th and 5th grade will be single classrooms with Mrs. Gina Ellis and Mrs. Molly Wendland splitting Math and Reading. Mr. Grove also gave an update on Summer Camp which is averaging around 50 students per day.

Secondary Principal, Jeff Linden, updated the board that the administration attended the NEE training at the end of May and the teachers will have a more detailed training on August 12th. Time was spent with an NDE representative on improving the MTSS process for the district. There is PBIS training on June 16th and Educlimber training will be on June 28th-29th. Mr. Linden wanted to again thank the teachers/employees that resigned or retired for their hard work and wish them well.

Activities Director, Brandon Marquez, recognized the following:

Congrats to all track and golf members for a great season!

Congrats to Brianna Quinn, Clayton Berry and Brianna Russell on qualifying for the State Track meet as well as Colton Burgeson for qualifying for the State Golf Meet.

Congrats to Clayton Berry on winning a medal in every event he participated in at the State Meet and for breaking the school long jump record.

Congrats to Brianna Russell for winning a medal in the high jump at State Track and for breaking her own school record that she previously set early in the season.

Congrats to Cauby Preitauer for qualifying for the State High School Rodeo Finals in Team Roping.

Congrats to Aubrey Brown for participating in the Masonic All Star Marching Band .

FFA had their COLT Leadership Training a couple weeks ago and it went very well. Summer workouts are underway and there has been good numbers so far with great participation from the coaches. Many students have been to team camps and many more in the coming weeks. Everything is scheduled on the school calendar for the 2021-2022 school year for that we are aware of at this point.

Some new things that are being worked on are trying to get a High School Track Meet in the spring of 2023 and the Jr. High Wrestling Invite for 2021.

Superintendent, Bryce Jorgenson, attended the NASB School Law Conference which included information on passed laws, changes to the open meetings act and school policy updates. Other discussions were held regarding girls wrestling, the COVID Relief grant money and the 2021-2022 Budget.

There was discussion on the Preschool – First Grade playground with more options that are still expected from a couple other companies. As soon as all of the drawing and quotes come in, the administration and those teachers will meet to decide which options they think will be the best for that age of students.

The proposed updated policies for the 2021-2022 school year were given to the board for review. These changes/additions will be discussed at the July board meeting.

Reading Instruction and Intervention Services

The purpose of this policy is to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia. It is the school district's goal that each student be able to read at or above grade level by third grade.

Effective Reading Teachers. It is the intent of the school district to employ teachers for kindergarten through third grade who are effective reading teachers as evidenced by (a) evaluations based on classroom observations and student improvement on reading assessments or (b) specialized training in reading improvement.

Reading Assessment. The school district will administer a reading assessment approved by the Nebraska Department of Education three times during the school year to all students in kindergarten through third grade. Exceptions to this requirement include:

- Any student receiving specialized instruction for limited English proficiency who has been receiving such instruction for less than two years;
- Any student receiving special education services for whom such assessment would conflict with the individualized education plan; and
- Any student receiving services under a plan pursuant to the requirements of section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. 794, or Title II of the federal Americans with Disabilities Act of 1990, 42 U.S.C. 12131 to 12165, as such acts and sections existed on January 1, 2018, for whom such assessment would conflict with such section 504 or Title II plan.

The first assessment for kindergarten students must occur within the first 45 calendar days that school is in session of each school year. For all other grades, the first assessment must occur within the first 30 calendar days that school is in session of each school year.

Diagnostic assessments used within a supplemental reading intervention program do not require Nebraska Department of Education approval.

Deficiency Identification. Any student in kindergarten through third grade performing below the threshold level as determined by the Nebraska Department of Education shall be identified as having a reading deficiency for purposes of the Nebraska Reading Improvement Act and this policy. A student who is identified as having a reading deficiency shall remain identified as having a reading deficiency until the student performs at or above the

threshold level on an approved reading assessment. Nothing in the Nebraska Reading Improvement Act or this policy shall prohibit a school district from identifying any other student as having a reading deficiency.

Supplemental Reading Intervention Program. The school district will provide a supplemental reading intervention program to ensure that students can read at or above grade level at the end of third grade. The school district may work collaboratively with a reading specialist at the Nebraska Department of Education, with educational service units, with learning communities, or through interlocal agreements to develop and provide such supplemental reading intervention programs. Each supplemental reading intervention program must be:

- Provided to any student identified as having a reading deficiency;
- Implemented during regular school hours in addition to regularly scheduled reading instruction unless otherwise agreed to by a parent or guardian; and
- Made available as a summer reading program between each summer for any student who has been enrolled in grade one, grade two, or grade three or in a higher grade and is identified as continuing to have a reading deficiency at the conclusion of the school year preceding such summer reading program. The summer reading program may be held in conjunction with existing summer programs in the school district or in a community reading program not affiliated with the school district or offered online.

The supplemental reading intervention program may also include:

- Reading intervention practices that are evidence-based;
- Diagnostic assessments to identify specific skill-based strengths and weaknesses a student may have;
- Frequent monitoring of student progress throughout the school year with instruction adjusted accordingly;
- Intensive intervention using strategies selected from the following list to match the weaknesses identified in the diagnostic assessment:
 - Development in phonemic awareness, phonics, fluency, vocabulary, and reading comprehension;
 - Explicit and systematic instruction with detailed explanations, extensive opportunities for guided practice, and opportunities for error corrections and feedback; or
 - Daily targeted individual or small-group reading intervention based on student needs as determined by diagnostic assessment data subject to planned extracurricular school activities;

- Strategies and resources to assist with reading skills at home, including parent-training workshops and suggestions for parent-guided home reading; or
- Access to before-school or after-school supplemental reading intervention with a teacher or tutor who has specialized training in reading intervention.

Parent/Guardian Notification. The school will give notice in writing or by electronic communication to the parent(s) or guardian(s) of any student identified as having a reading deficiency within 15 working days of such identification that the student has been identified as having a reading deficiency and that an individual reading improvement plan will be established and shared with the parents or guardians.

Reading Improvement Plan. Any student who is identified as having a reading deficiency will receive an individualized reading improvement plan, that shall include a supplemental reading intervention program, no later than 30 days after the identification of the reading deficiency. The reading improvement plan may be created by the teacher, the principal, other pertinent school personnel, and the parents or guardians of the student and shall describe the reading intervention services the student will receive through the supplemental reading intervention program to remedy the reading deficiency. The student must receive reading intervention services through the supplemental reading intervention program until the student is no longer identified as having a reading deficiency.

Reading Progress. Each student in kindergarten through third grade and his or her parent(s) or guardian(s) will be informed of the student's reading progress within a reasonable time after the school district receives the results from the student's approved reading assessment.

5063 Audio and Video Recording

Students and their parents or guardians should assume that any class in which students are enrolled may be recorded by the school district or other students for legitimate educational purposes. Recordings permitted pursuant to this policy may only be used for authorized purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy “recording” includes still photographs, video, audio, and other similar data captured in any medium.

Recordings Made by The District. The district may use cameras or other devices for purposes of making security, safety, or other recordings without a specific purpose or for a specific purpose when such recordings are deemed necessary or appropriate by the administration. The district will not maintain the recordings unless the recording is purposefully copied and saved, and the recordings will only be available for review for a limited time based on the district’s then-current recording capacity. The district administrators estimate that this is approximately 10 days but may change at any time.

Classroom Recordings by Staff. Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator.

Prohibited Recordings by Students. Unless otherwise authorized by this policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district’s appropriate use and student discipline policies.

For example, this policy does not prohibit students from making recordings of an athletic event for their personal use similar to a parent or other patron, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

Permitted Classroom Recordings by Students. Students may make audio or video recordings of classroom lectures or discussions:

- (1) For their convenience after providing notice to the classroom teacher and receiving the teacher’s permission;
- (2) For the benefit of another student who is absent after providing notice to the classroom teacher and receiving the teacher’s permission;
- (3) If recording is necessary to accommodate the student’s disability and is required by the student’s Individualized Education Plan (IEP) or Section 504 Plan.

Staff may revoke permission to record if the recording distracts from or disrupts the classroom environment, unless the recording is necessary to accommodate a student’s disability.

Permitted Non-classroom Recordings. Students may make audio or video recordings otherwise prohibited by this policy outside the classroom only with the permission of a teacher or school administrator, provided that such recordings otherwise comply with any applicable state and federal laws and district policy. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Naming School Facilities and Property

The purpose of this policy is to establish the criteria and procedures for naming and renaming school district facilities or property.

Authority. The board shall have the authority to name all school district facilities or property. The board reserves the right to refuse to name any facility or piece of property and to make name changes at any time.

Definition. "Facilities or property" means any physical structure owned by the school, including any new, existing, or leased building; a wing of a building; any room; or other significant features or portion thereof such as a fountain, monument, plaza, garden, landscaped area, street, running course, running track, playing field, practice field, playing court, practice court, bench, memorial, or stage.

Committee or Administrative Review. Prior to formal naming action by the board, the matter may be referred to the superintendent or a school committee for consideration, review, and recommendation to the board.

Naming Criteria. The district may name facilities or property after the community, subdivision, or street on which the school is located; the geographic location of the school; or any significant landmark. The district may name facilities or property for an individual, family, or entity meeting at least one of the following criteria:

1. A faculty member, staff member, board member, alumni, volunteer, or other community member who has made an outstanding contribution to education, humanity, or community; or have displayed outstanding leadership; or be a person of historical significance; and who has been deceased for at least five years;
2. Financial donors who make a significant financial contribution to the school generally or to a specific school activity or program; and
3. Financial donors who make a significant financial contribution toward the construction of a new facility/property or facility/property renovation.

The district will not grant a naming right without the informed consent of the named party or his/her/its authorized representative.

Due Diligence Review. The board or its designee shall conduct a due diligence review of any proposed facility or property name to consider whether it is and will continue to be a positive and appropriate reflection on the school,

whether the name conforms with the purpose and mission of the school, and whether there are any conflict of interest issues. The board or its designee shall also consult with district legal counsel to ensure that any proposed name complies with applicable policies, laws, and regulations and to determine if any proposed name would have an adverse impact on existing or future tax-exempt bond issues.

Renaming Facilities. Once established, the name of school district facilities or property generally shall not be changed absent compelling reason to do so as determined by the board. Compelling reasons include, but are not limited to, the person or entity or any of its officers, agents, or employees committing any act or doing anything which might tend to bring the person or entity or any of its officers, agents, or employees into public disrepute, contempt, scandal, or ridicule, or which might tend to reflect unfavorably on the district or if the continued use of the name is contrary to the educational mission of the district. The named party may, without refund of any consideration paid or provided, terminate his/her/its acceptance of the naming rights prior to the scheduled termination date upon request to and approval of the board. If the request is granted, the named party shall be solely responsible for all costs of removal of the names.

This policy is adopted pursuant to the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. § 13-2901 through § 13-2914).

The board shall adopt a resolution by a two-thirds affirmative vote selecting the design-build contract delivery system prior to proceeding with any of the steps involved with solicitation or execution of any construction contract. For a project authorized under subsection (3) of section 13-2914, the resolution shall include a statement that the political subdivision has made a determination that the design-build contract delivery system is in the public interest based, at a minimum, on one of the following criteria: (a) Savings in cost or time or (b) requirement of specialized or complex construction methods suitable for the design-build contract delivery system.

2. Department means the Nebraska Department of Education.
3. Design-Build Contract (DB Contract) means a contract which is subject to qualification-based selection between the District and a Design-Builder to furnish (a) architectural, engineering, and related design services for a project pursuant to the Nebraska Political Subdivisions Construction Alternatives Act (Act) and (b) labor, materials, supplies, equipment, and construction services for a project pursuant to the Act.
4. Design-Builder means a legal entity which proposes to enter into a DB Contract which is subject to qualification-based selection pursuant to the Act.

7. Performance-Criteria Developer (PCD) means any person licensed or any organization issued a certificate of authorization to practice architecture or engineering pursuant to the NEARA who is selected by the District pursuant to this policy to assist the District in the development of Project Performance Criteria, Requests For Proposals, evaluation of Proposals, evaluation of construction under

a DB Contract to determine adherence to the Project Performance Criteria, and any additional services requested by the District to represent its interests in relation to a project.

8. Project Performance Criteria means the performance requirements of the project suitable to allow the Design-Builder to make a Proposal. Performance requirements include the following, if required by the project: capacity, durability, standards, ingress and egress requirements, description of the site, surveys, soil and environmental information concerning the site, interior space requirements, material quality standards, design and construction schedules, site development requirements, provisions for utilities, storm weather retention and disposal, parking requirements, applicable governmental code requirements, and other criteria for the intended use of the project.
9. Proposal means an offer in response to a Request For Proposals ("RFP") by a Design-Builder to enter into a DB Contract for a project pursuant to the Act.
10. Act means the Nebraska Political Subdivisions Construction Alternatives Act.
11. Request for Proposals (RFP) means the documentation by which the District solicits Proposals.
12. Superintendent means the District's Superintendent of Schools.

Procedures. The District shall follow the procedures below in connection with any DB Contract.

- 1. Rules and Procedures for Selecting and Hiring a PCD for a Specific Project.**
 - A. The District shall encourage eligible persons or organizations who desire to provide services to the District as a PCD to submit a statement of qualifications and performance data to the District. At least thirty days prior to selecting and hiring a PCD, the District shall publish notice in a newspaper of general circulation in the District that it is seeking a PCD for a design-build project. The notice shall include the following:

- (1) A general description of the Design-Build project;

- (2) Directions regarding how interested persons or organizations can apply for consideration by the District;
 - (3) The date by which persons or organizations must submit their applications; and
 - (4) A statement that any person or organization applying for consideration by the District must obtain a copy of the District's Design-Build Contract Policy from the Superintendent.
- B. To apply to be the District's PCD, applicants must submit a current statement of qualifications and performance data to the District. The statement of qualifications must include evidence that the applicant is licensed or certified to practice architecture or engineering pursuant to the NEARA. Applicants must update any information provided to the District to reflect any changed conditions of the applicant.
- C. Applicants shall first be certified by the Superintendent as qualified to act as a PCD for the District. In order to certify an applicant, the Superintendent shall make a finding that a PCD is fully qualified to render the required service. Factors to be considered in making this finding shall include capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; experience; equipment and facilities; promptness, and the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it strictly in accordance with its terms capabilities to perform.
- D. The Board shall evaluate each qualified applicant's current statement of qualifications and performance data. The Board shall conduct discussions with, and may require public presentations by no less than three applicants regarding their qualifications, approach to the project, ability to furnish the required service, and other factors identified above.
- E. The Board shall select, in order of preference, at least three applicants deemed to be most highly qualified to perform the required services after considering the factors outlined above.

- F. The Board shall negotiate a contract with the most qualified applicant for compensation which the Board determines is fair and reasonable. In making this determination, the Board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For all lump-sum or cost-plus-a-fixed-fee professional service contracts, the Board shall require the applicant receiving the award to execute a certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any contract under which such a certificate is required shall contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the Board determines the contract price had been increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within one year following the end of the contract.

- G. If the Board is unable to negotiate a satisfactory contract with the applicant considered to be the most qualified at a price the Board determines to be fair and reasonable, it shall terminate negotiations with that applicant. The Board may then undertake negotiations with the second most qualified applicant. If the Board fails to reach an agreement with the second most qualified applicant, it shall terminate negotiations with that applicant. The Board shall then undertake negotiations with the third most qualified applicant.

- H. If the Board is unable to negotiate a satisfactory contract with any of the selected applicants, it shall either select additional applicants in order of their competence and qualification and continue negotiations in accordance with this policy until an agreement is reached or review the agreement under negotiation to determine the possible cause for failure to achieve a negotiated agreement.

- I. The Board may designate a committee to carry out any or all of the Board's duties under the PCD selection section of this policy, provided that the Board must approve any agreement with an applicant prior to its execution. Any such committee must have among its membership at least one person who is licensed to practice architecture or engineering pursuant to the NEARA.

- J. The public shall not be excluded from the meetings or proceedings under this section of this policy in accordance with the Open Meetings Act.
- K. The contract between the District and the PCD shall contain a prohibition against contingent fees as follows: "The PCD warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the PCD, to solicit or secure this agreement and that the PCD has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the PCD, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or the making of this agreement." Upon violation of such provision, the District shall have the right to terminate the agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, or consideration.
- L. The PCD is ineligible to be included as a provider of any services in a Proposal for the project on which it has acted as a PCD.
- M. A PCD may not be employed by or may not have a financial or other interest in a Design-Builder that will submit a Proposal.

2. Procedures and standards to be used to prequalify Design-Builders.

- A. The District, with the help of the PCD, shall prepare a request for letters of interest. The request for letters of interest shall:
 - (1) Describe the project in sufficient detail to permit a Design-Builder to submit a letter of interest;
 - (2) Be published in a newspaper of general circulation within the District at least 30 days prior to the deadline for receiving letters of interest; and
 - (3) Be sent by first-class mail to any Design-Builder upon request.
- B. Letters of interest shall be reviewed by the District in consultation with the PCD. The District and the PCD will evaluate prospective Design-Builders based on the information submitted to the District in response to the request for letters of interest.

- C. The District shall select at least three prospective Design-Builders, except that if only two Design-Builders have submitted letters of interest, the District shall select at least two prospective Design-Builders. Such selected Design-Builders shall be considered prequalified and eligible to receive and respond to the RFP.
- D. The District and PCD shall use the following standards when selecting which prospective Design-Builders to prequalify: capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; experience; equipment and facilities; promptness, and the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it strictly in accordance with its terms capabilities to perform.

3. Procedures for the preparation and content of RFPs.

- A. The District, with the help of the PCD, shall prepare the RFP, which shall contain:
 - (1) The identity of the school district for which the project will be built and will execute the Design-Build Contract;
 - (2) A copy of this Design-Build Contract Policy and all other policies adopted by the District relating to the DB Contract;
 - (3) The proposed terms and conditions of the DB Contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the Design-Builder selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;
 - (4) A project statement which contains information about the scope and nature of the project;
 - (5) Project Performance Criteria;
 - (6) Budget parameters for the project;

- (7) Any bonds or insurance required by law or as may be additionally required by the District;
- (8) The criteria for evaluation of Proposals and the relative weight of each criterion;
- (9) A requirement that the Design-Builder provide a written statement of its proposed approach to the design and construction of the project, which may include graphic materials illustrating the proposed approach to design and construction but shall not include price proposals;
- (10) A requirement that the Design-Builder agree to the following conditions:
 - (i) An architect or engineer licensed to practice in Nebraska will participate substantially in those aspects of the offering which involve architectural or engineering services;
 - (ii) At the time of the design-build offering, the Design-Builder will furnish to the Board a written statement identifying the architect or engineer who will perform the architectural or engineering work for the design-build project;
 - (iii) The architect or engineer engaged by the Design-Builder to perform the architectural or engineering work with respect to the design-build project will have direct supervision of such work and may not be removed by the Design-Builder prior to the completion of the project without the written consent of the Board;
 - (iv) A Design-Builder offering design-build services with its own employees who are design professionals licensed to practice in Nebraska will: (a) comply with the NEARA by procuring a certificate of authorization to practice architecture or engineering and (b) submit proof of sufficient professional liability insurance; and
 - (v) The rendering of architectural or engineering services by a licensed architect or engineer employed by the Design-Builder will conform to the NEARA and rules and regulations adopted under the Act; and
- (11) Other information the District chooses to require.

- B. At least 30 days prior to the deadline for receiving and opening Proposals, the notice of the RFP shall be:
 - (1) Published in a newspaper of general circulation within the District;
 - (2) Filed with the Department; and
 - (3) Sent by first-class mail to the prequalified Design-Builders only.

4. Procedures for preparing and submitting Proposals.

- A. Prequalified Design-Builders shall prepare and submit Proposals as required by the RFP.
- B. All Proposals shall be sealed. Proposals shall not be opened until expiration of the time established for making Proposals as set forth in the RFP.
- C. Proposals may be withdrawn at any time prior to acceptance.
- D. The District has the right to reject any and all Proposals except for the purpose of evading the law. The District may thereafter solicit new Proposals using the same or a different Project Performance Criteria.

5. Procedures for evaluating Proposals.

- A. The District may only proceed to negotiate and enter into a DB Contract if there are at least two proposals from prequalified Design-Builders.
- B. The District shall refer the proposals for recommendation to a selection committee. The selection committee shall be a group of at least five persons designated by the District. Members of the selection committee shall include (1) members of the school board, (2) members of the school administration or staff, (3) the school's architect or engineer (4) any person having special expertise relevant to selection of a design-builder under the Act, and (5) a resident of the District other than an individual included in subdivisions (1) through (4) of this subsection. A member of the selection committee designated under subdivision (4) or (5) of this subsection shall not be employed by or have a financial or other interest in a design-builder who has a proposal being evaluated and shall not be employed by the District or the school's architect or engineer.

- C. The selection committee and the District shall evaluate proposals taking into consideration the criteria enumerated in subdivisions (1) through (7) of this subsection with the maximum percentage of total points for evaluation which may be assigned to each criterion set forth following the criterion. The following criteria shall be evaluated, when applicable:
- (1) The financial resources of the design-builder to complete the project **(up to ten percent)**;
 - (2) The ability of the proposed personnel of the design-builder to perform **(up to thirty percent)**;
 - (3) The character, integrity, reputation, judgment, experience, and efficiency of the design-builder **(up to thirty percent)**;
 - (4) The quality of performance on previous projects **(up to thirty percent)**;
 - (5) The ability of the design-builder to perform within the time specified **(up to thirty percent)**;
 - (6) The previous and existing compliance of the design-builder with laws relating to the contract **(up to ten percent)**; and
 - (7) Such other information as may be secured having a bearing on the selection **(up to twenty percent)**.

~~NOTE TO BE DELETED: The percentages listed above must be modified so that they add up to 100%. This can be done directly in the policy, at the time the school board designates the Design-Build method for a specific project, or at a later time but before the RFP is published and sent out.~~

The records of the selection committee in evaluating proposals and making recommendations shall be considered public records for purposes of NEB. REV. STAT. § 84-712.01.

- D. The District shall then evaluate and rank each proposal on the basis of best meeting the criteria in the request for

proposals and taking into consideration the recommendation of the selection committee.

6. Procedures for Negotiations between the District and Design-Builders Submitting Proposals Prior to the District's Acceptance of a Proposal.

- A. The District may attempt to negotiate a DB Contract with the highest ranked Design-Builder selected by the Board and may enter into a DB Contract after negotiations.
- B. The negotiations shall include a final determination of the manner by which the design-builder selects a subcontractor.
- C. If the District is unable to negotiate a satisfactory DB Contract with the highest ranked Design-Builder, it may terminate negotiations with that Design-Builder. The District may then undertake negotiations with the second highest ranked Design-Builder and may enter into a DB Contract with that Design-Builder after negotiations.
- D. If the District is unable to negotiate a satisfactory DB Contract with the second highest ranked Design-Builder, it may terminate negotiations with that Design-Builder. The District may then undertake negotiations with the third highest ranked Design-Builder, if any, and may enter into a DB Contract with that Design-Builder after negotiations.
- E. If the District is unable to negotiate a satisfactory DB Contract with any of the ranked Design-Builders, it may either revise the RFP and solicit new Proposals or cancel the design-build process.
- F. If the District is able to negotiate a satisfactory contract with a design-builder, the District shall file a copy of all design-build contract documents with the State Department of Education within thirty days after their full execution. Within thirty days after completion of the project, the design-builder shall file a copy of all contract modifications and change orders with the State Department of Education.

7. Procedures for Filing and Acting on Formal Protests Relating to the Solicitation or Execution of DB Contracts.

- A. Definitions.
 - (1) Interested party shall mean an actual or prospective bidder whose direct economic interest would be affected by the award of a contract by the District to another party

or by the failure of the District to award a contract to such actual or prospective bidder.

- (2) Protest shall mean a written objection by an interested party on any phase of the bidding process, including specification, preparation, bid solicitation, and intent to award.

B. Right to Protest. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after public notice of the bid. Protests based on alleged apparent improprieties in a solicitation or other request for proposals must be filed before bid opening or the closing date for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the design-builder. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

- (1) The name and address of the interested party;
- (2) Appropriate identification of the relevant solicitation, and if a bid has been opened, its number, and date of opening;
- (3) A detailed statement of reasons for the protest;
- (4) Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
- (5) The action(s) the protestor desires the school district to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The school district shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the District.

- C. Authority to Resolve Protests. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other bidders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.
- D. Board Appeal Procedures. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The school district board of education shall consider the Decision of the Superintendent and shall make the final decision on the protest. The school district board of education's decision shall be final.

8. Refinements and Changes. A DB Contract may be conditioned upon later refinements in scope and price and may permit the District, in agreement with the Design-Builder, to make changes in the project without invalidating the DB Contract. Later refinements shall not, however, exceed the scope of the project statement contained in the RFP.

9. Projects Excluded. The District shall not use a design-build contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

3004.1 Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$10,000 (Micro-Purchases)

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$10,000 and \$250,000 (Small Purchase Procedures)

Small purchases are purchases that, in the aggregate amount, is more than \$10,000 and less than \$250,000 annually. For small purchases, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$250,000

a) Sealed Bids (Formal Advertising)

For purchases over \$250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from

only one source and may be used only when one or more of the following circumstances apply:

- 1) The item is available only from a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$250,000.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed

procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

- 1.** Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
- 2.** Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or

other interest in or a tangible personal benefit from a firm considered for a contract.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$5,000.
2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

- 1.** A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
- 2.** The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that original or replacement equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current FMV of \$5,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency.

V. Financial Management

A. Identification.

These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part. The Superintendent or his/her designee must consider these factors when making an allowability determination.

However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment

quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and § 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

4. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.
5. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.
- c. The prohibition of a conflict of interest or requirement for the board member to make public notice shall apply when the board member, or his or her parent, spouse, or child has a business association with the business involved in the contract or will receive a payment, fee, or commission as a result of the contract.
- d. The prohibition in this section does not apply if the contract is an agenda item approved at a board meeting and the board member:

 - (2) Does not vote on the matters of granting the contract, making payments pursuant to the contract, or accepting performance of work under the contract, or similar matters relating to the contract, except that if the number of members of the school board declaring an interest in the contract would prevent the board with all members present from securing a quorum on the issue, then all members may vote on the matters; and

- c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board.
