# June Board Meeting

School finished off good with the elementary reward day with the inflatables and other activities.

We had a Short all staff meeting with Mr. Wright going over a few things for next year. Teachers were able to get their rooms ready for the custodians and get items checked in that needed to be turned in before they left for the summer.

Custodial staff is well under way with summer projects. Painting, cleaning, general maintenance, as well as ground maintenance.

Summer weight room and open gyms have begun. I have been told that there has been a great turnout during these times.

.

We will be starting to work on student handbooks and activities handbook revisions and new policies in the upcoming weeks.

## **June Board Report**

### **1. Financial Report**

The year ended extremely well and financially we are sitting well. I am in the continual process of the 2026-27 budget. The 2026-27 budget should be like this and previous years. I do not anticipate any substantial changes in the amount we will need to budget or the level of funding we are set to receive. It is not too early to decide on a date for our annual budget retreat.

### **2. Transportation, Buildings, and Grounds**

Rasmussen has been in the building and working on getting all the schedule fixes completed. Oscar and his crew completed the demo in 2 and ½ days which was done extremely well and efficiently. Snell plumbing is scheduled to be in on Tuesday the 9th to start that process of putting in the new pipe.

The summer maintenance list has begun and the team is doing extremely well and checking things off the list.

### **3. Vacancy Update**

We are still in the process of hiring a custodian. All other positions are currently filled.

#### **4. Superintendents Development**

As we concluded the 2025–2026 school year, May was a month focused on celebrating student success, preparing for summer initiatives, and laying the groundwork for continued improvement next year. I am grateful for the dedication of our students, staff, families, Board of Education, and community members who contributed to another successful year.

Throughout May, our schools completed end-of-year assessments and reviewed student achievement data to evaluate progress toward district goals. Building and district leadership teams began analyzing literacy, mathematics, attendance, and behavioral data to identify strengths and areas for improvement as we plan for the upcoming school year.

We also celebrated numerous student accomplishments through academic awards programs, graduation ceremonies, fine arts performances, athletic competitions, and various end-of-year recognition events.

We also had a great last teacher day where we discussed moving forward. It was a conversation directed towards having great teachers and what we can do to continue to improve and make SEM an even better place!

Thanks!
