1. Thank you for the Staff Holiday Party. It's always nice getting everyone together and having the opportunity to visit with others.
2. Students and staff are getting back into the routines of school again. Teachers are calm and ready to tackle standards. Students have caught on quickly and 3rd quarter is always a time of really pushing new material to make growth happen.
3. The elementary MTSS team continues to meet on a weekly basis. Since we've been back from break, we've had the opportunity to compare data between Acadience scores and iReady assessments. It's been great seeing the two different assessments are getting similar results. We've also been able to dive into what standards students aren't grasping in order for teachers to focus on those to fill in the gaps.

4. We will be welcoming one student teacher from Wayne State College. This partnership provides an invaluable opportunity to support future educators as they gain authentic, hands-on experience in the classroom. In addition, the collaboration often results in professional growth for the mentor teacher, as reflecting and modeling best practices strengthens their own instruction. An added benefit is the additional support the student teacher can provide with classroom coverage when needed.

The mission of Madison Public Schools is to prepare students to be competent, confident, productive, and responsible citizens.

Filing deadline for incumbents is February 17 and Nonincumbent is March 2.

The main items we will discuss will be the reorganization of the board at the January meeting. We will also have opportunity to set up a few house keeping things like depository and legal representation.

I interviewed six internal candidates for the HS principal job. We have some talented leaders in this district and it really showed up in the interviewing process. Mr. Travis Jordan will be the new principal with the boards approval on Monday night.

We are getting very close to getting some big drawings for the complex. I will have the complex layout and what the concession stand, restroom, team room building will look like and we can discuss at the meeting.

I have attached a yearly calendar to the admin reports, as well as a sheet that give an idea of what happens each month.

Board negotiations team has meet with MEA a few times over the last couple months. If the MEA brings an offer on Monday before the meeting, I have it listed as an action item that we can discuss as a whole board. If nothing gets done before the meeting, it will wait until the Feburary meeting.

60 Day legislative session started this week. I will do my best to keep you up to date with anything that affects schools.
