CITY MANAGER'S REPORT
JUNE 22, 2020 BOARD OF ZONING ADJUSTMENT MEETING

Item A Public Hearing - request for a variance of the front yard setback requirements in a Residential Medium Density (RM) District (1103 Country Club Drive, McCook, NE), from 20'0" to 0'0"; applicant: David and Carrie Junker.

Item B Consider request for a variance of the front yard setback requirements from 20'0" to 0'0" in a Residential Medium Density (RM) District; applicant: David and Carrie Junker - 1103 Country Club Drive, McCook, NE; and that the applicants have satisfactorily demonstrated that the variance criteria have been met.

BACKGROUND:

A variance application has been submitted by David and Carrie Junker. The applicants request a variance of the front yard setback requirement from 20 feet to 0 feet. David and Carrie Junker would like to build a carport 24 feet off of their garage, which would be 13 feet past the closest property pin. The Board of Zoning Adjustment doesn't have the power to issue an encroachment permit to allow a carport to extend past the property line, but it does have original jurisdiction over front yard setback variance requests. The reason for the 0 foot variance request is explained below.

The lot has a number of odd characteristics which makes the property a viable candidate for a variance. The house sits extremely close to the front property line. If you compare Mr. and Mrs. Junker's house to their neighbors' houses, the pronounced frontal location of their residence is extremely noticeable. As for the layout of the house on its lot, while the lot itself is normal in length, there is a sharp elevation change that would have made it difficult to build a house further to the east at the time of construction. This elevation change more than likely forced the house to be built closer to the property line. Another abnormality is that the house doesn't run parallel to the property line. The residence is significantly closer to the southernmost property pin. The house is adjacent to the intersection of East K Street and Country Club Drive. The intersection of these two streets creates an unusual property line angle for the properties located east of the intersection due to the curve of Country Club Drive relative to the easternmost homes. As a result of the odd street layout and the lack of a parallel property line, it is difficult to establish a standardized variance distance for the applicants' request. This is the reason Staff listed the request as a 0 foot variance. On both sides of the driveway, the end of the carport would extend beyond the property line and an encroachment permit would have to be issued by the City Council. The drawing attached to the application and the GIS aerial map provide a good approximation of the location of the property line relative to Mr. and Mrs. Junker's house. Lastly, the property doesn't have rear street access. If the property could be accessed from the back, there would be plenty of room for a garage or carport. However, there are no streets or alleys adjacent to the back side of the house.

City Staff reviewed the request relative to the City's variance criteria. The primary concern during the review was to determine whether the request

EXHIBIT #1

PAGE(S) - 2

could be granted without substantial detriment to the public good. Staff believes relief can be granted without sacrificing safety. Mr. and Mrs. Junker's house has no other intersections near it other than the East K Street and Country Club Drive intersection. There are no site triangle concerns nor are there any site impediments attributable to the street or neighboring properties. The neighbors on both sides of Mr. and Mrs. Junker's house have signed the certification form stating they don't have any objection or reservations about the granting of the variance requested.

If the Board of Zoning Adjustment grants the requested variance, the City Council will still have to issue an encroachment permit. The encroachment permit will have to be more particular than the variance permit in order to assure the correct encroachment distances are recorded.

RECOMMENDATION:

Item A Public Hearing - request for a variance of the front yard setback requirements in a Residential Medium Density (RM) District (1103 Country Club Drive, McCook, NE), from 20'0" to 0'0"; applicant: David and Carrie Junker.

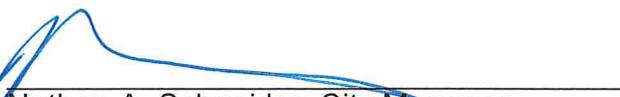

Item B Consider request for a variance of the front yard setback requirements in a Residential Medium Density (RM) District (1103 Country Club Drive, McCook, NE), from 20'0" to 0'0" applicant: David and Carrie Junker.

ARTICLE 25

BOARD OF ZONING ADJUSTMENT

Article 25 - Board of Zoning Adjustment

Section 2501. Creation, Members, Meetings, Rules.¹ There is hereby established a Board of Zoning Adjustment. The word BOARD, when used in this Zoning Ordinance, shall be construed to mean the Board of Zoning Adjustment. The Board of Zoning Adjustment is appointed by the City Council and shall consist of five (5) regular members, plus one (1) additional member designated as an alternate who shall attend and serve only when one of the regular members is unable to attend for any reason.

One (1) member only of the City Board of Zoning Adjustment shall be appointed by the City Council from membership of the Planning Commission and the loss of membership on the Planning Commission by such member shall also result in the immediate loss of membership on the Board of Zoning Adjustment and the appointment of another Planning Commissioner to the Board of Zoning Adjustment. One (1) member of the board of adjustment shall reside outside of the corporate boundaries of the City but within its extraterritorial zoning jurisdiction.

The members appointed shall serve for terms of three (3) years and be removable for cause by the City Council upon written charges and after public hearing. Vacancies shall be filled by appointment for the unexpired term.

The Board of Zoning Adjustment shall annually in October elect one of its members as Chairperson, another as Vice-Chairperson, who shall act as Chairperson in the Chairperson's absence, and appoint a Secretary, who may be an officer or an employee of the City. Each shall serve until his or her successor has been selected. The presence of four (4) members of the Board shall be necessary to constitute a quorum.

All meetings of the Board shall be open to the public. Meetings of the Board shall be held at the call of the Chairperson and at such other times as the Board may determine. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, if absent or failing to vote, indicating the fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record. The Board shall adopt from time to time any rules and regulations as it may deem necessary, to carry the appropriate provisions of this Zoning Ordinance into effect and all of its resolutions and order shall be in accordance therewith.

Section 2502. Appeals to Board, Record of Appeal, Hearing and Stays. Appeals to the Board of Zoning Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the City affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom the appeal is taken and with the Board of Zoning Adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Zoning Adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Zoning Adjustment or by a court of record on application of notice to the officer from whom the appeal is taken and on due cause shown.

PAGE(S) - 3

The Board of Zoning Adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

Section 2503. Powers and Jurisdiction Relating to Administrative Review. The Board of Zoning Adjustment shall have the power to hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official or agency based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures or to interpret any map, except that the authority to hear and decide appeals shall not apply to decisions made under Article 24 of this Ordinance.

Section 2504. Powers and Jurisdiction Relating to Variances. The Board of Zoning Adjustment shall have the power, where by reason of exceptional narrowness, shallowness or shape of a specific piece of property at the time of the enactment of this Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation under this Ordinance would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon the owner of such property, to authorize upon an appeal relating to the property, a variance from such strict application so as to relieve such difficulties or hardship, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of this Ordinance.

1. No such variance shall be authorized by the Board unless it finds that the strict application of the Ordinance would product undue hardship; such hardship is not shared generally by other properties in the same zoning district and the same vicinity; the authorization of such variance will not be of substantial detriment to adjacent property and the character of the district will not be changed by the granting of the variance; and the granting of such variance is based upon reasons of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit or caprice;
2. No variance shall be authorized unless the Board finds that the condition or situation of the property concerned or the intended use of the property is not of so general or recurring nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to this Ordinance.
3. A variance from the terms of this Ordinance shall not be granted by the Board of Zoning Adjustment unless and until a written application for a variance is submitted demonstrating the following:
 - A. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not found in the same zoning district and which were not created by an action of the property owner or the applicant;
 - B. The reduction of the minimum requirements of this Ordinance which would be necessary to permit the proposed use or construction;
 - C. The literal interpretation of the provision of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance;
 - D. The granting of the variance will not adversely affect the rights of adjacent property owners or residents nor will it confer upon the applicant any special privilege denied by this Ordinance to other land or structures in the same district;
 - E. The variance will not adversely affect the public health, safety, morals, order, convenience or welfare;

- F. The variance requested is the minimum variance that will make possible the reasonable use of the land or structure;
 - G. Granting the variance requested will not be opposed to the general spirit and intent of this Ordinance.
4. No non-conforming use of neighboring lands, structures or buildings in the same district, and no permitted structures or buildings in other districts shall be considered grounds for the issuance of variance;
 5. Notice of public hearing shall be given as in Section 2502 above; the public hearing shall be held; any party may appear in person, or by agent or by attorney; the Board of Zoning Adjustment shall make findings that the requirements of this section have been met by the applicant for a variance; the Board shall further make a finding that the reasons set forth in the application justify the granting of the variance; the Board shall further make a finding that the reasons set forth in the application justify the granting of the variance; and that the variance is the minimum variance that will make possible the reasonable use of the land, building or structure; the Board shall further make a finding that the granting of the variance will be in harmony with the general purpose and intent of this Ordinance, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare;
 6. In granting any variance, the Board of Zoning Adjustment may prescribe appropriate conditions and safeguards in conformity with this Ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this Ordinance and punishable under Section 2702 of this Ordinance;
 7. Under no circumstance shall the Board of Zoning Adjustment grant a variance to allow a use not permissible under the terms of this Ordinance in the district involved, or any use expressly or by implication prohibited by the terms of this Ordinance in said district.

Section 2505. Board has Powers of Administrative Officer on Appeals; Reversing Decision of Administrative Officer. In exercising the above-mentioned powers, the Board of Zoning Adjustment may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision or determination of any such officer, or to decide in favor of the applicant on any matter upon which it is required to pass under this Ordinance or to affect any variation in this Ordinance.

Section 2506. Appeals to District Court. Any person or person, jointly or severally, aggrieved by any decision of the Board of Zoning Adjustment, may appeal as provided by Section 19-912 Neb. Rev. Stat., 1943.
