CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of Texas

We, do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2024, as certified by the Board of Education of Guymon Public Schools, District Number I-8 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2024 tax and the proceeds of the 2024 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Guymon Public Schools, School District No. I-8 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.

STRONG READERS ACT

To identify students who have a reading deficiency including students with characteristics of dyslexia, every student enrolled in kindergarten, first, second, and third grades shall be assessed at the beginning, middle, and end of each school year using a screening instrument approved by the State Board of Education for reading skills including, but not limited to, phonological awareness, decoding, fluency, vocabulary, and comprehension. Any student who is assessed and found not to be meeting grade level targets shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. The program of reading instruction required shall be based on scientific reading research and shall align with the subject matter standards adopted by the State Board of Education. A program of reading instruction shall also include, but not be limited to:

1. Sufficient additional in-school instructional time for the acquisition of phonological awareness, decoding, fluency, vocabulary, and comprehension;
2. If necessary, and if funding is available, tutorial instruction after regular school hours, on Saturdays, and during the summer; however, such instruction may not be counted toward the 180 day or 1080 hour school year required by law;
3. Assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonological awareness, decoding, fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction;
4. High-quality instructional materials grounded in scientifically based reading research, and
5. A means of providing every family of a student in prekindergarten, kindergarten, first, second, and third grade access to free online evidence-based literacy instruction resources to support the student's literacy development at home.

A student enrolled in kindergarten, first, second, or third grade who exhibits a deficiency in reading at any time based upon the screening instrument shall receive an individual reading intervention plan no later than thirty (30) days after the identification of the deficiency in reading. The reading intervention plan shall be provided in addition to core reading instruction that is provided to all students. The reading intervention plan shall:

1. Describe the research-based reading intervention services the student will receive to remedy the deficiency in reading,
2. Provide explicit and systematic instruction in phonological awareness, decoding, fluency, vocabulary, and comprehension as applicable,
3. Monitor the reading progress of each student's reading skills throughout the school year and adjust instruction according to the student's needs; and
4. Continue until the student is determined to be meeting grade-level targets in reading based on screening instruments or assessments.

The district strong readers plan shall be adopted and annually updated, with input from school administrators, teachers, and parents and legal guardians, and if possible, a reading specialist, and which shall be submitted to and approved by the State Board of Education. This plan shall include a plan for each site that includes an analysis of the data provided

READING SUFFICIENCY ACT, (Cont.)

by the Oklahoma School Testing Program and other reading assessments utilized which outlines how each school site shall comply with the provision of the Strong Readers Act.

Beginning with the 2022-2023 school year, any student enrolled in first, second, or third grade who is assessed through the Strong Readers Act and is not meeting grade level targets in reading after the beginning of the year assessment shall be screened for dyslexia. Screening may also be requested for a student by his or her parent or guardian, teacher, counselor, speech-language pathologist or school psychologist.

REFERENCE: 70 O.S. §1210.508A, et seq.

NOTE: Referenced statute requires each school district to adopt and annually update a district plan that includes a plan for each site and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

STUDENT RETENTION (REGULATION)

In accordance with the policy of the board of education, the following criteria for the selection of students to be retained in their current grade, or denied course credit, will be used in this school district.

Students shall be promoted or receive credit for a course of study if a grade average of 60% has been achieved for an entire course of study as determined by the teacher.

Students in grades one through eight must achieve a grade average of 60% or higher in at least three major courses of study to be promoted to the next higher grade. The major courses of study are math, language arts, science, reading, and social studies.

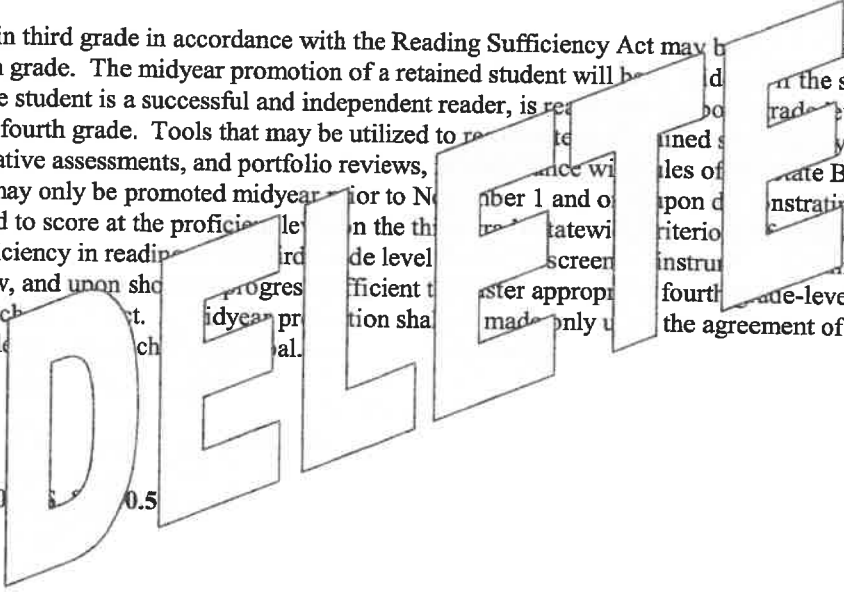

In the elementary and middle schools, a placement committee consisting of at least the principal, counselor, and teacher(s) shall determine if a student is to be assigned to the next higher grade. The committee shall consider standardized test scores and the student's age.

Whenever a teacher or a placement committee recommends that a student be retained at the present grade level or not passed in a course, the parent(s) or guardian, if dissatisfied with the recommendation, may appeal the decision by complying with the district's appeal process. The decision of the board of education shall be final.
