This Agreement is entered into between Independent School District No. 27 of Canadian County, Oklahoma, also known as Yukon Public Schools ("Resident District") and Independent School District No. 41 of Oklahoma County, Oklahoma, also known as Western Heights Public Schools ("Receiving District"), as to the above-named student ("Student") for the remainder of the 2018-2019 school year (the "Operative School Year").

Recitals:

- A. The Student, a child with a disability as defined by the Individuals with Disabilities Education Act ("IDEA"), 20 U.S.C. §§ 1400, *et seq.*, is a resident of the Resident District for educational purposes and is entitled to receive a free appropriate public education ("FAPE") in accordance with the requirements of the IDEA.

- B. The Resident District desires to enter into this IEP Service Agreement with the Receiving District to satisfy its legal obligation to provide the Student with FAPE, in accordance with the IDEA, during the Operative School Year.
- C. The Receiving District desires to enter into this Agreement with the Resident District to provide the Student with the special education and related services as identified in the Student's then-current Individualized Education Program ("IEP") in order to provide FAPE in accordance with the requirements of the IDEA during the Operative School Year.
- D. The Resident and Receiving Districts understand that if they enter into IEP Service Agreements for three (3) consecutive years for this Student, the Agreement will be automatically renewed for each subsequent year, and that, in that event, the Resident District will continue to pay tuition to the Receiving District as provided by law.
- E. The Resident and Receiving Districts understand that compliance with any requirements of Section 504 of the Rehabilitation Act and the Americans with Disabilities Act during the Operative School Year shall solely be the responsibility of the Resident District even though the Student is attending school in the Receiving District.

Therefore, the parties agree as follows:

- 1. The term of this Agreement extends from March 13, 2019, through June 30, 2019. During the term of this Agreement, either party may terminate the Agreement upon thirty (30) days' advance notice in writing to the other party. The terminating party will also notify the Student's parent(s) or guardian(s) in writing thirty (30) days in advance of the termination date.
- 2. During the term of this Agreement, the Receiving District will provide all special education and related services identified in the Student's then-current IEP for the purpose of providing FAPE as required by the IDEA, except as specifically set forth in paragraph 3 of this Agreement. The parties to this Agreement understand that the Student's IEP may be amended and that a new IEP may be developed during the term of this Agreement, and the parties intend that the Receiving District implement the amended, interim or subsequent IEP as well as the IEP in place at the time this Agreement takes effect.
- 3. The Resident District will provide the following special education and related services to the Student as identified in the Student's then-current IEP:
 - a. Transportation to and from school at the Receiving District
- 4. The Receiving District will issue the Student progress reports and report cards, following the same procedures it applies to all other students, or as otherwise required under the Student's then-current IEP.
- 5. The Student will have the opportunity to participate in all educational and extra-curricular programs, events and activities available to other students of the same age and grade attending the Receiving District, subject to all eligibility

requirements applicable to similarly situated students residing in the Receiving District. To the extent that the Student requires accommodations in order to be provided FAPE under Section 504 of the Rehabilitation Act, or accommodations pursuant to the Americans with Disabilities Act, all such accommodations, plans and related expenses shall be responsibility of the Resident District and at the sole expense of the Resident District.

6. If the IEP team or Review of Existing Data group determines that reevaluation or further evaluation of the Student is necessary under the IDEA, the Resident and Receiving Districts will jointly determine who will administer the evaluation, how it will be administered, and who shall bear all related expenses.
7. The Resident District is legally and financially responsible for the provision of FAPE to the Student, as the term "FAPE" is defined under the IDEA and Section 504 of the Rehabilitation Act. The Resident District is responsible for the development and implementation of the Student's IEP(s) and any Section 504 Accommodation Plans. In the event a due process complaint initiated under the IDEA or Section 504 of the Rehabilitation Act ("Complaint") is filed concerning the Student, the Resident District will be legally and financially responsible for that Complaint and, to the extent permitted by law, will indemnify and hold harmless the Receiving District for any expenses the Receiving District incurs in responding to that Complaint, including but not limited to attorney's fees and costs.
8. The Receiving District will use reasonable efforts to comply with the procedural safeguards set out in the IDEA and the then-current versions of the Oklahoma Special Education Handbook and Special Education Policies promulgated by the Oklahoma State Department of Education in its delivery of special education and related services to the Student under the IDEA.
9. The Primary Contact or designee for the Receiving District will schedule IEP and IEP Review meetings for the Student. To provide the Resident District the opportunity to participate, the Primary Contact or designee for the Receiving District will provide reasonable advance notice of every such meeting to the Primary Contact at the Resident District.
10. The Primary Contact or designee at the Receiving District will promptly notify the Primary Contact at the Resident District of every proposed disciplinary removal that would constitute a change of placement for the Student under the IDEA or Section 504 before that disciplinary removal is implemented.
11. The Primary Contact or designee at the Receiving District will use reasonable efforts to advise the Primary Contact at the Resident District of concerns about the Student's special education and related services expressed by the Student's parent(s) or guardian(s). Personnel at the Resident and Receiving Districts will use reasonable efforts to cooperate and resolve disagreements concerning appropriate special education and related services for the Student, implementation of the Student's then-current IEP, and any other issues that may arise.

12. All funds generated for the Student from local, state or federal funds will remain with the Resident District. The Resident District will include the Student on its Child Count. The Student's average daily membership will be credited to the Resident District.
13. The Resident District will pay the Receiving District the sum of \$7456.58 as tuition for the delivery of special education and related services to the Student provided in accordance with the requirements of the IDEA on the following payment schedule: end of the 2018-2019 school year. This amount includes the cost of all educational and related services that the Receiving District could reasonably anticipate based upon review of the Student's current IEP. The Receiving District will promptly provide the Resident District a detailed breakdown of the tuition amount upon request. If the IEP team amends the Student's IEP or develops another IEP that increases the cost of services to the Receiving District, the parties to this Agreement will mutually consider and negotiate any increase in the tuition amount sought by the Receiving District to cover the increased cost of services.
14. Any amounts the Receiving District receives as the result of billing Medicaid for IDEA associated services it provides to the Student during the term of this Agreement will be credited against the Resident District's tuition obligation.
15. The parties will not identify the Student as a transfer student for student information purposes.
16. This Agreement contains the entire agreement of the parties. Any changes to this Agreement will be made in writing and signed by both parties.

ITEM FOR CONSIDERATION
Board of Education Meeting
April 8th, 2019

TOPIC: Time and Attendance Software (and hardware)

ADMINISTRATIVE RECOMMENDATION: The Administration recommends approval of implementing Time and Attendance solution with Frontline Education.

RATIONALE FOR RECOMMENDATION: To provide dynamic, efficient, and accurate time keeping solutions for non-exempt employees primarily, with the opportunity to expand to an unlimited number of positions/employees.

Yukon Public Schools has devoted considerable effort to collect accurate employee data including hours worked and time away from work by method of paper time sheets. Due to the District's growth, our goal is to streamline the process of obtaining the data while ensuring the accuracy of the information. The District currently has two pay periods per month; one for hourly employees and substitutes and the other for full-time contracted employees.

- A. The District currently uses Frontline for absence management of certified employees and coordination of substitutes. This data is exported into Infinite Visions accounting software for payroll purposes on a monthly basis.
- B. Support staff currently enter absences into the Infinite Visions accounting software and fill out paper timesheets to turn in to payroll each month for processing and reconciliation.
- C. Employees with more than one position turn in a paper timesheet for each position.
- D. Extra duty jobs are recorded on paper timesheets and turned in monthly to payroll for processing.
- E. Verification of hours including overtime, flex-time, and leave docking are currently being calculated manually.

Yukon Public Schools has interacted with four potential solutions for a comprehensive time worked system over the past 8 weeks. Of those four, three submitted a formalized quote. Frontline Education is the same system we already use for our substitute management. They also provided the cheapest five year average quote within the parameters we requested (750 employees). However, unlike the other two quotes, Frontline Education allows us to expand to an unlimited number of employees with no additional charge. The other quotes would charge additional fees for employees over 750.

OPTIONS:

1. Approve purchase of software and initial start-up costs to implement a digital time keeping solution.

2. Do not approve purchase of software and initial start-up costs to implement a digital time keeping solution.

FISCAL NOTE:

Funding for startup costs and annual software license is from bond project funds.

Initial startup cost (one time expense)	\$ 8,000
First year license	\$17,670
Second year licence	\$17,670
Third year license	\$17,670
Fourth year license (negotiated max increase of 5%)	\$18,553
Fifth year license (negotiated max increase of 5%)	\$19,481
Average annual cost of software (5 years)	\$19,808.80

Hardware costs

We currently have budgeted \$15,000, but are still considering solutions.

Hardware costs are associated with the actual “device” on which employees log their time. Solutions range from using all existing devices to log time worked to installing a device at every work location.

YPS GOALS:

- **Personnel-** We will recruit, retain, and compensate highly motivated educators that are committed to professional growth and excellence.
- **Communication** – We will develop a communication plan that provides transparent, accurate, and timely information to meet the needs of our District stakeholders, including employees, parents, students, and community members.
- **Finance-** Our District will establish a financial plan that will inform and benefit all stakeholders.

Customer acknowledges and agrees that (a) Frontline is authorized to provide the Customer Content to a specified third party or permit such third party to have access to the Customer Content in connection with Third Party Materials; and (b) Frontline does not control and is not responsible for, does not warrant, support, or make any representations regarding (i) Third Party Materials (ii) the Customer Content provided in connection with such Third Party Materials, including a third party's storage, use or misuse of the Customer Content; or (iii) Customer's uninterrupted access to Third Party Materials. - 1.7. **Hosting.** The Software will be hosted by an authorized subcontractor (the "Hosting Service Provider") that has been engaged by Frontline and shall only be accessed by Customer on websites, using Customer's computers. As part of the Services, the Hosting Service Provider shall be responsible for maintaining a backup of the Customer Content. The Hosting Service Provider is an independent third party not controlled by the Frontline. Accordingly, IN NO EVENT WILL FRONTLINE BE LIABLE FOR ANY DIRECT, GENERAL, SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING BUT NOT LIMITED TO LOSS OR DAMAGE TO DATA, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF INFORMATION OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, DUE TO PROBLEMS (INCLUDING BUT NOT LIMITED TO ERRORS, MALFUNCTIONS) ASSOCIATED WITH THE FUNCTIONS OF SERVERS MAINTAINED BY THE HOSTING SERVICE PROVIDER, EVEN IF FRONTLINE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
- 1.8. **Customer Responsibilities.** Customer understands and agrees that (a) Customer shall have sole responsibility for administering access security (e.g. the granting of rights to Customer's users); (b) Customer shall review any calculations made by using the Services and satisfy Customer that those calculations are correct; and (c) if Customer uses the Services for reimbursement or payment from Medicaid and other government agencies, Frontline shall have no responsibility, and Customer shall have sole responsibility, to submit information and claims for such reimbursement or payment. Frontline does not warrant that the Services, or the results derived there from, will meet Customer's requirements, or that the operation of the Services will be uninterrupted or error-free. Customer is solely responsible for obtaining and maintaining, at its own expense, all hardware, software and services needed to use the Software, including any and all servers, computers, and Internet access services. In connection with the performance of the Services, Customer shall provide Frontline's personnel with all such cooperation and assistance as they may reasonably request, or otherwise may reasonably be required, to enable Frontline to perform its obligations (including the provision of the Services), and exercise its rights, under and in accordance with the terms and conditions of this Agreement.
2. **Invoicing and Payment.** All fees and charges will be set forth in the applicable Order Form(s). The Startup Cost set forth on the first page of an Order Form will be invoiced to Customer by Frontline upon execution of the applicable Order Form. Startup Costs are priced with the assumption that implementation will be completed within 120 days after signing. Frontline reserves the right to charge Customers additional service fees for added project costs due to Customer-caused delays occurring after the 120 day implementation period. The Annual Subscription will be invoiced to Customer by Frontline based on the Subscription Start Date (as set forth in the Order Form) unless otherwise stated on the front of an Order Form. The Subscription Start Date shall be defined as thirty (30) days after Customer's signature of an applicable Order Form. Except as otherwise provided, Frontline shall invoice Customer in US Dollars and Customer shall pay all fees, charges, and expenses within thirty days of the date of an invoice via check or ACH. By so doing, the School District agrees to be bound by these Terms and Conditions and for purposes of its order is considered "Customer" as that term is used in these Terms and Conditions. In the event that Customer and Frontline amend these Terms and Conditions (each an "Amendment"), any and all such Amendments will be enforceable against each School District that has executed an Order Form which references and is subject to these Terms and Conditions upon notice of such Amendment from Frontline unless Frontline has agreed in writing with School District that the Amendment, or specific provisions within the Amendment, do not apply to such School District.

This Agreement may be amended only by written agreement of the Parties, and any attempted amendment, including any handwritten changes on this Agreement in violation of this Section shall be void. LEGAL DESCRIPTION

Post-Issuance Tax Compliance Procedures For Tax-Exempt Bonds
Adopted: 8th day of April, 2019

The purpose of these Post-Issuance Tax Compliance Procedures is to establish policies and procedures in connection with tax-exempt obligations (the “Bonds”) issued by the Canadian County Educational Facilities Authority (the “Authority”) on behalf of Independent School District Number 27 of Canadian County, State of Oklahoma (the “District”), so as to maximize the likelihood that all applicable post-issuance requirements of the Internal Revenue Code of 1986, as amended (the “Code”) and applicable Treasury Regulations (the “Regulations”) needed to preserve the tax-exempt status of the Bonds are met. The District reserves the right to use its discretion as necessary and appropriate to make exceptions or create additional provisions as circumstances warrant. The District also reserves the right to change these policies and procedures from time to time.

General

The Authority is acting as a conduit issuer authorizing the issuance of Bonds for the District, who operates certain exempt facilities (e.g. Public School Facilities), the District now identifies post-issuance tax compliance procedures for all Bonds issued on its behalf by the Authority.

Proceeds of the Authority’s Bonds are used to finance certain facilities and equipment of the District. Federal tax law limitations apply to the Authority’s Bonds. These limitations apply throughout the life of the outstanding Bonds. Some of these “over the life” limitations relate to the investment of proceeds of the Bonds, and others relate to the use and expenditure of the proceeds of the Bonds. A failure to meet these “over the life” limitations at any time during the life of the Bonds could result in the retroactive and prospective loss of the tax-exempt status of the Bonds or the imposition of additional taxes or assessments on the District.

The Board of Education of the District has the overall, final responsibility for monitoring whether the District is in compliance with post-issuance federal tax requirements for the Authority’s Bonds. However, the Board of Education assigns to the Superintendent of Schools (the “Compliance Officer”) the primary operating responsibility to monitor the compliance with post-issuance federal tax requirements for the Authority’s Bonds.

The Compliance Officer shall be aware of options for voluntary corrections for failure to comply with post-issuance compliance requirements (such as remedial actions under Section 1.141-12 of the Regulations and the United States Treasury’s Tax-Exempt Bonds Voluntary Closing Agreement Program) and take such corrective action when necessary and appropriate.

The Compliance Officer shall review post-issuance compliance procedures and systems on a periodic basis, but not less than annually.

The District will cooperate with the Authority in responding to the Internal Revenue Service (“IRS”) regarding post-issuance tax compliance on the Bonds, including IRS examinations and audits. The District shall be aware of the availability of the United States Treasury’s Tax-Exempt Bonds Voluntary Closing Agreement Program (“TEB VCAP”) and other remedial actions to resolve violations, and shall cooperate with the Authority to take such corrective action when necessary or appropriate. The District is responsible for any all costs, including but not limited to attorney’s fees, associated with or related to post-issuance tax compliance, including but not limited to costs to respond to an IRS examination or for TEB VCAP.

Post-Issuance Compliance Requirements

External Advisors / Documentation

The District shall consult with bond counsel and other legal counsel and advisors, as needed, throughout the Bond issuance process to identify requirements and to establish procedures necessary or appropriate so that the Bonds will continue to qualify for tax-exempt status. The District also shall consult with bond counsel and other legal counsel and advisors, as needed, following issuance of the Bonds to ensure that all applicable post-issuance requirements in fact are met. This shall include, without limitation, consultation in connection with any potential changes in use of Bond-financed or refinanced assets.

The District shall be responsible to determine (or obtain expert advice to determine) whether arbitrage rebate calculations have to be made for the Bond issue. If it is determined that such calculations are or are likely to be required, the District shall engage expert advisors (each a “Rebate Service Provider”) to assist in the calculation of arbitrage rebate payable in respect of the investment of Bond proceeds, or else shall ensure that it has adequate financial, accounting and legal resources of its own to make such calculations. The District shall make any rebate payments required on a timely basis, and shall involve the Authority as necessary and appropriate, including the signing and filing of appropriate IRS forms (e.g., Form 8038-T).

Unless otherwise provided by the indenture (or similar document) relating to the Bonds, unexpended Bond proceeds shall be held by a trustee or other financial institution, and the investment of Bond proceeds shall be managed by the District. The District shall prepare (or cause the trustee or other financial institution to prepare) regular, periodic statements regarding the investments and transactions involving Bond proceeds and such statements shall be delivered to the Authority upon request and at least annually.

Arbitrage Yield Restriction and Rebate Requirements

The Compliance Officer shall be responsible for overseeing compliance with arbitrage yield restriction and rebate requirements under federal tax regulations, as follows:

1) Monitor compliance with the applicable “temporary period” (as defined in the Code and Regulations) exceptions for the expenditure of Bond proceeds, and provide for yield restriction on investments including “yield reduction payments” (as defined in the Code and Regulations) where applicable. Generally, there is a 3-year temporary period for capital projects.

2) Ensure that investments acquired with Bond proceeds are purchased at fair market value. In determining whether an investment is purchased at fair market value, any applicable safe harbor under the Code and Regulations may be used.

3) In the case of any issue of Bonds for an “advanced refunding” (as defined in the Code and Regulations), coordinate with the District’s financial advisor and any escrow agent to arrange for the purchase of the refunding escrow securities, arrange for the computation of the yield on such escrow securities by an outside verification agent, and monitor compliance with applicable yield restrictions.

4) If at the time of Bond issuance, based on reasonable expectations set forth in the tax certificate/agreement executed at the time of Bond issuance (the "Tax Certificate"), it appears likely that the Bond issue will qualify for an exemption from the rebate requirement, the District may defer taking any of the actions set forth in subsection (5). Not later than the time of completion of construction or acquisition of the project (or, in the case of a refunding, the redemption of the refunded bonds), and depletion of all funds from the borrowed money fund, the District shall make a determination if expenditure of the Bond proceeds qualified for exemption from the rebate requirements based on the "small issuer" exception or spending within 6 months, 18 months or 24 months after issuance. As of the adoption of these procedures, the Issue will qualify for the "small issuer" or "spending exceptions" to the general rebate requirements under the following circumstances:

<u>Exception</u>	<u>Circumstances</u>
Small Issuer	An issue (other than a refunding issue) qualifies for the small issuer exception only if the issuer reasonably expects as of the issue date to issue, or in fact issues, \$5M or less in tax-exempt governmental bonds during that calendar year. The aggregation rules of section 148(f)(4)(D) of the Code should be considered when determining whether this exception applies. The \$5M limit shall be increased when financing public school capital expenditures by the lesser of \$10M or so much of the aggregate face amount of the bonds attributable to financing the construction.
6-Month	Section 1.148-7(c) of the Treasury regulations provides an exception to rebate if the gross proceeds of the bond issue are allocated to expenditures for governmental or qualified purposes that are incurred within 6 months after the date of issuance.
18-Month	Section 1.148-7(d) of the Treasury regulations provides an exception to rebate if the gross proceeds of the bond issue are allocated to expenditures for governmental or qualified purposes which are incurred within the following schedule: 1) 15% within 6 months after the date of issuance; 2) 60% within 12 months after the date of issuance; and 3) 100% within 18 months after the date of issuance.
2-Year	Section 1.148-7(e) of the Treasury regulations provides that an exception to rebate is available with respect to construction issues financing property to be owned by a governmental entity or 501(c)(3) organization when certain available construction proceeds are allocated to construction expenditures within the following schedule: 1) 10% within 6 months after the date of issuance; 2) 45% within 12 months after the date of issuance; 3) 75% within 18 months after the date of issuance; and 4) 100% within 24 months after the date of issuance.

If a rebate exemption is determined to be applicable, the District shall prepare and keep in the permanent records of the Bond issue a memorandum evidencing this conclusion together with records of expenditure to support such conclusion. If the transaction does not qualify for rebate exemption, the District shall initiate the steps set forth in (5) below.

5) If at the time of Bond issuance, it appears likely that arbitrage rebate calculations will be required, or upon determination that calculations are required pursuant to (4) above, the District shall:

- engage the services of a Rebate Service Provider and, prior to each rebate calculation date, cause the trustee or other financial institution investing Bond proceeds to deliver periodic statements concerning the investment of Bond proceeds to the Rebate Service Provider;
- provide to the Rebate Service Provider additional documents and information reasonably requested by the Rebate Service Provider;
- monitor efforts of the Rebate Service Provider;
- assure payment of required rebate amounts, if any, no later than 60 days after each 5-year anniversary of the issue date of the Bonds, and no later than 60 days after the last Bond of each issue is redeemed;
- during the construction period of each capital project financed in whole or in part by Bonds, monitor the investment and expenditure of Bond proceeds and consult with the Rebate Service Provider to determine compliance with any applicable exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months, 18 months or 24 months, as applicable, following the issue date of the Bonds; and
- retain copies of all arbitrage reports as described below under “Record Keeping Requirements.”
- in lieu of engaging an outside Rebate Service Provider, the District may make a determination that it has sufficient capabilities using its own personnel, supported by its regular accounting and legal advisers, to be able to make the required rebate calculations. Such determination shall be evidenced in writing with specific reference to the personnel and advisers to carry out the calculations, and such written determination shall be maintained in the records of the bond transaction.

Use of Bond Proceeds and Bond-Financed or Refinanced Assets:

The Compliance Officer shall be responsible for:

- monitoring the use of Bond proceeds (including investment earnings and including reimbursement of expenditures made before bond issuance) and the use of Bond-

financed or refinanced assets (e.g., facilities, furnishings or equipment) throughout the term of the Bonds to ensure compliance with covenants and restrictions set forth in the Tax Certificate relating to the Bonds;

- maintaining records identifying the assets or portion of assets that are financed or refinanced with proceeds of each issue of Bonds (including investment earnings and including reimbursement of expenditures made before bond issuance), including, if necessary a final reallocation of Bond proceeds within 18 months after each project financed by the Bonds is placed in service in accordance with Section 1.148-6(d) of the Regulations;
- consulting with bond counsel and other legal counsel and advisers in the review of any change in use of Bond-financed or refinanced assets to ensure compliance with all covenants and restrictions set forth in the Tax Certificate relating to the Bonds;
- conferring at least annually with personnel responsible for Bond-financed or refinanced assets to identify and discuss any existing or planned use of Bond-financed or refinanced assets, to ensure that those uses are consistent with all covenants and restrictions set forth in the Tax Certificate relating to the Bonds;
- to the extent that the District discovers that any applicable tax restrictions regarding use of Bond proceeds and Bond-financed or refinanced assets will or may be violated, consulting promptly with bond counsel and other legal counsel and advisers to determine a course of action to remediate all nonqualified bonds, if such counsel advises that a remedial action is necessary;
- with respect to exempt facilities, adopting any such procedures that bond counsel deems appropriate to periodically assess whether such facility continues to qualify as an exempt facility (e.g., maintaining less than 10% private use)

All relevant records and contracts shall be maintained as described below.

Qualified Tax-Exempt Obligations

If the District issues “qualified tax-exempt obligations” in any year, the Compliance Officer shall monitor all tax-exempt financings (including lease purchase arrangements and other similar financing arrangements) to assure that the “small issuer” limit (currently, \$10,000,000) is not exceeded.

Record Keeping Requirement

The Compliance Officer shall be responsible for maintaining the following documents for the term of each issue of Bonds (including refunding Bonds, if any) plus at least six years:

- a copy of the Bond closing transcript(s) and other relevant documentation

delivered to the Issuer at or in connection with closing of the issue of Bonds;

- a copy of all material documents relating to capital expenditures financed or refinanced by Bond proceeds, including (without limitation) construction contracts, purchase orders, invoices, requisitions and payment records, as well as documents relating to costs reimbursed with Bond proceeds and records identifying the assets or portion of assets that are financed or refinanced with Bond proceeds, including a final allocation of Bond proceeds; and
- a copy of all records of investments, investment agreements, arbitrage reports and underlying documents, in connection with any investment agreements, and copies of all bidding documents, if any.

While document retention is typically accomplished through the maintenance of hard copies, records may be kept in electronic format so long as applicable requirements, such as Revenue Procedure 97-22, are satisfied. IRS bond agents have been instructed to request documents and information in electronic format. IRM 4.81.5.7.2.4 (11-01-09). For this reason, it is advisable to retain records relating to the Authority's bonds in electronic format whenever practical.

Continuing Disclosure

Under the provisions of SEC Rule 15c2-12 (the "Rule"), underwriters are required to obtain an agreement for ongoing disclosure in connection with the public offering of securities in a principal amount in excess of \$1,000,000. Unless the Authority is exempt from compliance with the Rule as a result of certain permitted exemptions, the Transcript for each issue of Bonds will include an undertaking by the District to comply with the Rule. The Compliance Officer will monitor compliance by the District with respect to the Authority's undertakings on behalf of the District, which may include the requirement for an annual filing of operating and financial information and will include a requirement to file notices of listed "material events." As of the adoption of these procedures, the District is required to give notice of the occurrence of any of the following events:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the security, or other events affecting the tax status of the security (including Build America Bonds);
7. Modification to rights of security holders;
8. Bond calls;
9. Defeasances;
10. Release, substitution, or sale of property securing repayment of the securities;

11. Rating changes;
12. Tender offers;
13. Bankruptcy, insolvency, receivership or similar event of the obligated person;
14. Consummation of a merger, consolidation, or acquisition involving an obligated person, or the sale of all or substantially all the assets of the obligated person, other than in the ordinary course of business, the entry of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms; and
15. Appointment of a successor or additional trustee or the change of name of a trustee.

The District acknowledges that the Authority has undertaken no responsibility, and shall not be required to undertake any responsibility, with respect to any reports, notices or disclosures required by or provided pursuant to the Continuing Disclosure Agreement and shall have no liability to any person, including any holder of the Bonds or Beneficial Owner of the Bonds, with respect to any such reports, notices or disclosures.

Education Policy

It is the policy of the District that the Compliance Officer and his or her staff, as well as the principal operating officials of those departments of the District for which property is financed with Bond proceeds should be provided with education and training on federal tax requirements applicable to tax-exempt bonds. The District recognizes that such education and training is vital as a means of helping to ensure that the District remains in compliance with those federal tax requirements in respect of its Bonds. The District will therefore enable and encourage those personnel to attend and participate in educational and training programs offered by professional trade associations and other entities with regard to the federal tax requirements applicable to tax-exempt bonds.

Title IX Nationally Recognized Training which will result in certification. Dr. McAdoo and myself are the district's co-coordinators for Title IX. This training is three plus days of intensive training geared directly toward PK-12. Much of Title IX has previously been thought to be equal treatment of female athletics and college and university issues. We are learning, and it is important for us to continue to grow, the ins and outs of all that is encompassed with Title IX including discrimination, harassment, etc. for both students and staff. We are told from professionals in other districts that this will equip Dr. McAdoo and myself to train all of our staff on these concepts.

Educational Benefits

This comprehensive course is focused broadly on the role of Title IX Coordinators, all aspects of Title IX compliance, oversight of investigations, and more in the PreK through Grade 12 system.

Every district in the country is required by the Department of Education to have a Title IX Coordinator, and to designate that individual to the community as a contact point for a Title IX communications and grievances. This administrator is responsible for coordination of all your institution's compliance efforts on gender discrimination, sexual harassment, retaliation, sexual assault, athletics equity and related civil rights investigations.

PreK-12 Administrators all over the country continue to share with ATIXA their lack of clarity on the role, responsibilities and the expectations the Department of Education has for their position. There is confusion over whether there is more to the Coordinator role than being a designee for Office for Civil Rights (OCR) communications, who their Administrator is, and what that person is supposed to do. With legislation, resolution letters and open investigations continuing to effect our work as Title IX administrators, the Title IX Coordinator position continues to grow and develop overtime. This course will address these questions and the confusion about the responsibilities of an Administrator in the grade school level system. This comprehensive course is focused broadly on the role of Title IX Administrators, Title IX compliance, investigations, athletics equity, and 504 disability compliance.

Attendees will follow a comprehensive curriculum on how to do the job and do it well. The three days will be intense, practical, and full of case studies and opportunities to apply the skills imparted in the training. You will not only spend these days with trainers who are some of the most knowledgeable experts on the topics, but also who are engaging and dynamic enough to hold your interest, keep you entertained, and take you from theory to practice with compelling case studies and relevant activities that take the content off the page and onto the campus.

Your trainers are not just topic experts, but practitioners. Members of the faculty for this event have negotiated with OCR on behalf of colleges and universities, conducted investigations, run athletics programs, litigated Title IX cases, served as experts and submitted amici in Title IX cases, trained investigators, and have published extensively on this topic. We know it inside out, and after these three days, so will you. This course will place you in the best possible position to respond to and defend district-wide competence on discrimination grievances. As this is the only event of its kind, you can't get this training anywhere else.

As the leading source for Title IX expertise, ATIXA has now trained and certified more than 4,000 Title IX Coordinators across the country.

Educational Benefits

NSTA Conference will provide teachers the opportunity to engage in national professional development designed specifically for science teachers to take back to the classroom. The training NSTA Conference provides includes physical resources to bring back that can then be shared with other teachers who did not attend. This training will make positive impacts on students' critically thinking skills, problem solving skills, science practical skills, and science content. A combination of these positive impacts will lead to students being more science literate upon graduation from high school.
