This contract is subject to the standard conditions outlined in the applicable solicitation, grant application and the signed Certified Assurances. In addition, the subrecipient must comply with the Nebraska Commission on Law Enforcement and Criminal Justice (Crime Commission) Guidelines and the following special conditions:

1. **Funding Availability**

NCC may terminate the Grant Agreement, in whole or in part, in the event funding is no longer available. Should funds not be appropriated, NCC may terminate the award with respect to those payments for the fiscal years for which such funds are not appropriated. NCC shall give full credit to Subrecipient for noncancelable obligations properly incurred by Subrecipient prior to termination, and costs incurred on, or prior to, the termination date. If the amount contained in any approved budget is greater than the amount contained in the Grant Funding Attachment, that additional amount does not represent a guarantee of additional funding. Budgets attached to the Grant Agreement may be based on the total amount of expected funding, and not actually available funding awarded to NCC from the Federal Funding Agency. Any attached budget only represents a guarantee of the amount of funding included in the Grant Funding Attachment.

2. **Compliance with Restrictions On The Use Of Federal Funds For Prohibited And Controlled Equipment**

Consistent with Executive Order 14074, “Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety,” OJP has prohibited the use of federal funds under this award for purchases or transfers of specified equipment by law enforcement agencies. In addition, OJP requires the recipient, and any subrecipient (“subgrantee”) at any tier, to put in place specified controls prior to using federal funds under this award to acquire or transfer any property identified on the “controlled equipment” list.

The details of the requirement are posted on the OJP web site at <https://www.ojp.gov/funding/explore/prohibited-and-controlled-equipment>, and are incorporated by reference here.

Prohibited equipment. Consistent with Executive Order 14074 of May 25, 2022, “Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety,” OJP has prohibited the use of OJP grant funds for the purchase or transfer of the following equipment:

6. Grenade launchers (including launchers for stun and flash-bang)
7. Explosives (except for explosives and percussion actuated non-electric disruptors used for accredited bomb squads and explosive detection canine training)
8. Any vehicles that do not have a commercial application, including all tracked and armored vehicles, unless the law enforcement agency certifies that the vehicle will be used exclusively for disaster-related emergencies; active shooter scenarios; hostage or other search and rescue operations; or anti-terrorism preparedness, protection, prevention, response, recovery, or relief
9. Weaponized drones and weapons systems covered by DOD Directive 3000.09 of November 21, 2012, as amended (Autonomy in Weapon Systems)

13. Camouflage-patterned uniforms intended for law enforcement use in urban or populous areas. 1. A general description of the requesting agency;

2. A detailed justification for acquiring the controlled equipment, including a clear and persuasive explanation of the need for and appropriate criminal justice purpose that it will serve. (If applicable, please describe any previous instance in which the controlled equipment was used in a manner that deviated from the detailed justification supporting the application for that equipment.);
3. The number of units of the requested controlled equipment that are currently in your agency's inventory;
4. Categories of other controlled equipment acquired through Federal programs during the past three (3) years that the requesting agency currently has in its inventory;
5. Whether the requested controlled equipment currently could reasonably be accessed through loans or mutual assistance or mutual aid agreements;
6. Certification (written assurance) that the requesting agency has adopted required protocols or will adopt those protocols before physical acquisition or purchase of controlled equipment or transfer of funds (See POLICIES AND PROTOCOLS below);
7. Certification (written assurance) that the requesting agency has provided required training or will provide that training before physical acquisition or purchase of controlled equipment or transfer of funds (See TRAINING below);
8. Evidence of civilian governing body's review and approval or concurrence of the requesting agency's acquisition of the requested controlled equipment; Or, if the requesting agency's chief executive is popularly elected (e.g., a Sheriff), evidence of official written notice to the civilian governing body at least 30 days in advance of the application to acquire controlled equipment;

LEAs must also disclose any admissions of liability they have made regarding violations of Federal civil rights law in their policing functions.

Requirements that apply to Controlled Equipment. Following prior written approval from the NCC and OJP grant making component to use award funds to acquire an item listed on the Controlled Equipment list, the following requirements apply:

1. Policies and Protocols: Law enforcement agencies (LEAs) that acquire controlled equipment through Federal programs must adopt robust and specific written policies and protocols governing General Policing Standards and Specific Controlled Equipment Standards.
 - a. General Policing Standards includes policies on (a) Community Policing; (b) Constitutional Policing; and (c) Community Input and Impact Considerations.
 - b. Specific Controlled Equipment Standards includes policies specifically related to (a) Appropriate Use of Controlled Equipment; (b) Supervision of Use; (c) Effectiveness Evaluation; (d) Auditing and Accountability; and (e) Transparency and Notice Considerations.
 - c. Record-Keeping Requirement. Upon request, LEAs must provide a copy of the General Policing Standards and Specific Controlled Equipment Standards, and any related policies and protocols, to the Federal agency that supplied the equipment/funds.

2. Training: LEAs that acquire controlled equipment through Federal programs must ensure that its personnel are appropriately trained before using or authorizing the use of controlled equipment and that training meets the following requirements:
 - a. Required Annual Training on Protocols. On an annual basis, all LEA personnel who may use or authorize use of controlled equipment must be trained on the LEA's General Policing Standards and Specific Controlled Equipment Standards. (For purposes of this Requirement, "annual" training – after an initial comprehensive session – may be accomplished through, for example, an in-service, presentations at roll call, or as part of other training refreshers.)
 - b. Required Operational and Technical Training. LEA personnel who use controlled equipment must be properly trained on, and have achieved technical proficiency in, the operation or utilization of the controlled equipment at issue.
 - c. Scenario-Based Training. To the extent possible, LEA trainings related to controlled equipment should include scenario-based training that combines constitutional and community policing principles with equipment-specific training. LEA personnel authorizing or directing the use of controlled equipment should have enhanced scenario-based training to examine, deliberate, and review the circumstances in which controlled equipment should or should not be used.
 - d. Record-Keeping Requirement. LEAs must retain comprehensive training records, either in the personnel file of the officer who was trained or by the LEA's training division or equivalent entity, for a period of at least three (3) years, and must provide a copy of these records, upon request, to the Federal agency that supplied the equipment/funds.
3. After-Action Review: (1) LEAs must collect and retain "Required Information" (described below) when law enforcement activity that involves a "Significant Incident" requires, or results in, the use of any controlled equipment that was acquired under this award. (2) When unlawful or inappropriate police actions are alleged and trigger a Federal compliance review, and the Federal agency determines that controlled or prohibited equipment was used in the law enforcement activity under review, the LEA must produce or generate a report(s) containing Required Information.
 - a. "Significant Incident" Defined: Any law enforcement operation or action that involves (a) a violent encounter among civilians or between civilians and the police; (b) a use-of-force that causes death or serious bodily injury; (c) a demonstration or other public exercise of First Amendment rights; or (d) an event that draws, or could be reasonably expected to draw, a large number of attendees or participants, such as those where advanced planning is needed.
 - b. "Required Information" to Be Collected and Retained: (a) Identification of controlled equipment used (e.g., categories and number of units of controlled equipment used, make/model/serial number); (b) description of the law enforcement operation involving the controlled equipment; (c) identification of LEA personnel who used the equipment and, if possible, civilians involved in the incident; and (d) result of controlled equipment use (e.g., arrests, use-of-force, victim extraction, injuries).
 - c. Format of Information Collection and Retention. No new form or format is required as long as the Required Information is retained in a manner that is easily accessible and organized. For example, information about the use of controlled equipment can be included in an Operations Plan, detailed in officer daily logs, or described in use-of-force reports.
 - d. Record-Keeping Requirement: LEAs must retain "Significant Incident" reports and Required Information for a period of at least three (3) years and must provide a copy of these records, upon request, to the Federal agency that supplied the equipment/funds. This information also should be made available to the community

the LEA serves in accordance with applicable policies and protocols including considerations regarding the disclosure of sensitive information.

4. **Transfer/Sale of Award-Funded Controlled Equipment to Other LEAs:** LEAs may transfer or sell any controlled equipment acquired under this award to another LEA. Prior to finalizing any transfer or sales agreement, the transferor/seller-LEA must inform and obtain approval from the Federal agency that supplied the controlled equipment/funds. The acquiring-LEA must submit the same information that was required of the transferor/seller-LEA to, and receive approval from, the Federal agency.
5. **Transfer/Sale of Award-Funded Controlled Equipment to Non-LEAs:** LEAs may transfer or sell only the following types of controlled equipment to non-LEAs: (a) Fixed Wing Aircraft; (b) Rotary Wing Aircraft; (c) Command And Control Vehicles; and (d) Tactical Vehicles. All law enforcement-related and other sensitive or potentially dangerous components, and all law enforcement insignias and identifying markings, must be removed prior to transfer or sale. The transferor/seller-LEA must inform and receive approval from the Federal agency from which the controlled equipment or funding to purchase the equipment was acquired prior to the finalization of any transfer or sale.
6. **Disposal of Controlled Equipment:** LEAs must abide by all applicable Federal, State and local laws, regulations, and programmatic terms when disposing of controlled equipment acquired under this award. Prior to disposal, LEAs must notify the Federal agency that supplied the controlled equipment/funds.
7. **Sanctions for Violations of Controlled Equipment Programs:**
 - a. **For Programmatic Violations.** For violations of any programmatic term or condition related to controlled equipment (e.g., failure to adopt required protocols, unauthorized transfers), the LEA will be suspended from acquiring additional controlled equipment through Federal programs for a minimum of 60 days. The suspension will continue until the Federal agency determines that the violation has been corrected. This does not prohibit a Federal agency from imposing other applicable sanctions according to applicable program parameters.
 - b. **Statutory Violations.** For alleged violations of law, including, where applicable, civil rights laws, the matter will be referred for investigation to the Federal agency's Office of Civil Rights (OCR) or other appropriate compliance office, or the U.S. Department of Justice. If the investigation results in a finding that the LEA violated a civil rights or other relevant statute, the LEA will be sanctioned according to statute and/or the Federal agency's governing rules and policies. At a minimum, the LEA will be suspended from acquiring additional controlled equipment through Federal programs for a minimum of 60 days.

3. Exceptions regarding Prohibited and Controlled Equipment under OJP awards

Notwithstanding any provision to the contrary in the other terms and conditions of this award, including in the condition regarding "Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards," the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to Other LEAs" and the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to NON-LEAs" do not apply to this award.

(See *Special Condition #7d* for further subrecipient guidance)

Pursuant to Records Retention and Disposition Schedule 124, Section 63 - Grant Records, grant records shall be retained for 5 years.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

9. Compliance with Applicable Rules Regarding Approval, Planning, and Reporting of Conferences, Meetings, Trainings, and Other Events

The subrecipient agrees to comply with the DOJ Grants Financial Guide.

12. Compliance with General Appropriations-Law Restrictions On The Use Of Federal Funds (FY 2022)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions, including from various "general provisions" in the Consolidated Appropriations Act, 2022, are set out at <https://www.ojp.gov/funding/Explore/FY22AppropriationsRestrictions.htm>, and are incorporated by reference here.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Award Conditions: Each recipient subrecipient ("subgrantee") at any tier under an OJP award, must comply with all applicable restrictions, as set out below.

1. Publicity or propaganda. Federal funds are not legally available, and may not be used (whether directly or indirectly, including by private contractors), for publicity or propaganda purposes not authorized by the Congress.

2. Certain employee trainings. Federal funds are not legally available, and may not be used, for any employee training that--does not meet identified needs for knowledge, skills, and abilities bearing directly upon the performance of official duties; contains elements likely to induce high levels of emotional response or psychological stress in some participants; does not require prior employee notification of the content and methods to be used in the training and written end-of-course evaluation; contains any methods or content associated with religious or quasi-religious belief systems or "new age" belief systems as defined in Equal Employment Opportunity Commission Notice N-915.022, dated September 2, 1988; or is offensive to, or designed to change, participants' personal values or lifestyle outside the workplace.

Nothing in this provision prohibits, restricts, or otherwise precludes an agency from conducting training bearing directly upon the performance of official duties.

3. Nondisclosure policies, forms, and agreements.

(a) General rule - Federal funds are not legally available, and may not be used, to implement or enforce any nondisclosure policy, form, or agreement, if such policy, form, or agreement does not contain the following provisions:

"These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing [federal] statute or Executive order relating to: (1) classified information; (2) communications to Congress; (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety; or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and [federal] statutory provisions are incorporated into this agreement and are controlling."

Notwithstanding the above provision, a nondisclosure policy, form, or agreement that is to be executed by a person connected with the conduct of an intelligence or intelligence-related activity, other than an employee or officer of the United States Government, may contain provisions appropriate to the particular activity for which such document is to be used. Such form or agreement shall, at a minimum, require that the person will not disclose any classified information received in the course of such activity unless specifically authorized to do so by the United States Government. Such nondisclosure forms shall also make it clear that they do not bar disclosures to Congress, or to an authorized official of an executive agency or the United States Department of Justice, that are essential to reporting a substantial violation of law.

(b) Certain exceptions. Under certain circumstances, a nondisclosure agreement that does not contain the provisions set out in subsection (a) above nevertheless may continue to be implemented and enforced. Should a question arise as to whether an exception to the general rule set out in subsection (a) may be available for a particular nondisclosure agreement, the recipient is to contact OJP for guidance, and the recipient may not use federal funds to implement, continue to implement, or enforce the nondisclosure agreement without the express prior written approval of OJP.

B. Restrictions applicable only to certain federal funds under OJP awards:

1. Nondiscrimination in programs involving students. Funds appropriated under the Department of Justice Appropriations Act, and awarded by OJP are not legally available, and may not be used, to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from those funds, or those of their parents or legal guardians.

2. Blocking of pornography on computer networks. Funds appropriated under the Department of Justice Appropriations Act, and awarded by OJP are not legally available, and may not be used, to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

Nothing in this provision limits the use of funds necessary for any federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, adjudication, or other law enforcement- or victim assistance-related activity.

3. Award or incentive fees to contractors. Funds appropriated under the Department of Justice Appropriations Act, and awarded by OJP are not legally available, and may not be used, to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or for performance that does not meet the basic requirements of a contract.

4. Use of funds in connection with abortion. Funds appropriated under the Department of Justice Appropriations Act, and awarded by OJP are not legally available, and may not be used-- (1) to pay for an abortion, except where the life of the mother would be endangered if the fetus were carried to term, or in the case of rape or incest; or (2) to require any person to perform, or facilitate in any way the performance of, any abortion.

5. "Pay-to-stay" at local jails. Funds appropriated to the Department of Justice through an annual appropriations statute and awarded by OJP are not legally available to, and may not be provided to, any local jail that runs a "pay-to-stay" program. (Monies in the Crime Victims Fund are not appropriated through an annual appropriations statute.)

13. **Effect of Failure to Address Audit Issues**

Subrecipient understands and agrees that if the subrecipient does not satisfactorily and promptly address outstanding issues from monitors and/or audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with monitors, audits, investigations or reviews of DOJ awards that funds may be withheld, suspended or other related requirements imposed.

penalties and administrative remedies for false claims or otherwise (including under 31 USC 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or –unenforceable, such provision shall be deemed severable from this award.

15. Requirements Related to “de minimis” Indirect Cost Rate:

A subrecipient (at any tier) that is eligible under the Part 200 Uniform Requirements to use the de Minimis indirect cost rate, must advise the Crime Commission in writing (in the grant application) of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. 24. All Subawards (“subgrants”) Must Have Specific Federal Authorization

The subrecipient (“subgrantee”) at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that – for purposes of federal grants administrative requirements – OJP considers a “subaward” (and therefore does not consider a procurement “contract”).

The details of the requirement for authorization of any subaward are posted on the OJP web site at <https://ojp.gov/funding/Explore/SubawardAuthorization.htm>, and are incorporated by reference here.

25. Specific Post-Award Approval Required To Use A Noncompetitive Approach In Any Procurement Contract That Would Exceed \$250,000

The subrecipient (“subgrantee”) at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$250,000). This condition applies to agreements that – for purposes of federal grants administrative requirements – OJP considers a procurement “contract” (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under OJP award are posted on the OJP web site <https://www.ojp.gov/funding/explore/noncompetitiveprocurement.htm> (Award condition: Specific

post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$250,000)), and are incorporated by reference here.

27. Requirement to Report Potentially Duplicative Funding

If the subrecipient currently has other active awards of federal funds, or if the subrecipient receives any other award of federal funds during the period of performance for this award, the subrecipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the subrecipient must promptly notify the Crime Commission in writing of the potential duplication, and, if so requested by the awarding agency, must seek a budget-modification or change-of-project scope subgrant adjustment to eliminate any inappropriate duplication of funding.

28. Reporting Potential Fraud, Waste, and Abuse, and Similar Misconduct

The subrecipients (“subgrantees”) must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee agent, subrecipient, contractor, or other person, has in connection with funds under this award – (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

No agency may receive a subaward (“subgrants”) under this award unless the agency has provided its unique entity identifier to the Crime Commission.

An inactive SAM registration will result in a suspension of funds that will last until the SAM registration becomes active. It is the obligation of the subgrantee to maintain regular communication with their Crime Commission Point of Contact regarding the status of their SAM registration becoming reactivated. Inactive SAM registrations that are not resolved in a reasonable and timely manner may

result in a denial of expenses incurred during the suspension period and/or a termination of the entire subgrant.

30. Restrictions On “Lobbying”

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the subrecipient (“subgrantee”) at any tier, either directly or indirectly, to support or oppose the enactment, repeal modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the subrecipient at any tier, to pay any person to influence (or attempt the influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a subrecipient would or might fall within the scope of these prohibitions, the subrecipient is to contact the Crime Commission for guidance, and may not proceed without the express prior written approval of OJP.

Within 120 calendar days of award approval, each current member of a law enforcement task force funded with award funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, must complete required on line (internet-based) task force training. Additionally, all future task force members must complete this training once during the period of performance for this award, or once every four years if multiple OJP awards include this requirement.

The required training is available free of charge online through the BJA-funded Center for Task Force Integrity and Leadership (www.ctfli.org). The training addresses task force effectiveness, as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability.

If award funds are used to support a task force, the subrecipient must compile and maintain a task force personnel roster and submit with course completion certificates to the Crime Commission within 150 calendar days after award approval (by the Crime Commission). Not complying within this condition could result in a suspension of funding until training verification is received and approved by the Crime Commission.

The subrecipient understands that, in accepting this award, the Authorized Representative declares and certifies, among other things, that he or she possesses the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accepts (or adopts) all material requirements that relate to conduct throughout the period of performance under this award. The subrecipient further understands and agrees that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

63. **Financial Or Programmatic-Related Documentation**

The sub-recipient agrees to promptly provide, upon request, financial or programmatic-related documentation related to this award, including documentation of expenditures and achievements. The sub-recipient understands that it will be subject to additional financial and programmatic in-depth or on-site monitoring, which may be on short notice, and agrees that it will cooperate with any such monitoring. The sub-recipient agrees to develop or maintain effective internal controls to manage federal awards (see 2 C.F.R. 200.303) and effective financial management policies and procedures to manage federal awards (see 2 C.F.R. 200.302).

In order to affirmatively accept the Grant Award and Special Conditions:

- b. The **Special Conditions** must be signed by the subrecipient's Authorized Official, Project Point of Contact, and the Fiscal/Financial Point of Contact, and returned to the Crime Commission within fifteen (15) calendar days from the date the Special Conditions are sent to the subrecipient.

Exceptions to this requirement may be allowed when an extension has been approved by the Federal Grants and Programs Director. Applicants failing to submit signed documentation by the deadline will be considered withdrawn.

65. **Limitation on use of funds to approved activities**

The subrecipient agrees that funds will be used only for the purposes described in the funding opportunity announcement unless the Crime Commission determines that any of these activities are out of scope or unallowable. The subrecipient must not undertake any work or activities that are not described in the subrecipient's funding opportunity announcement, award documents, or approved budget, and must not use staff, equipment, or other goods or services paid for with grant funds for such work or activities, without prior written approval by the Crime Commission.

The subrecipient (“subgrantee”) at any tier, must adhere to grant procedures and regulations of the most recent Crime Commission Operating Instruction Number 10: *Grant Procedures* (OI#10) and comply with all applicable Certified Assurances requirements passed on to the administering agency. The most recent OI#10 can be located at: <https://ncc.nebraska.gov/grant-apps> under “Policies and Procedures: Grant Procedures”. Details regarding these Certified Assurances can be found on the Standard Application Form submitted to the Crime Commission at the time of applying for **SFY 2026 JAG** grant funds.

66. Use of Designated Grant Management System (AmpliFund):

This condition addresses access to and the dissemination and use of the information stored within the designated grant management system. AmpliFund is the online grant management system currently utilized by NCC. AmpliFund provides a space for electronic information sharing between the Crime Commission and the subrecipient agency for the purpose of managing grant funds obligated by this federal subaward.

State and federal laws, statutes, and regulations govern the use of the designated grant management system. Violation of complying with this condition and/or unauthorized or improper use of the grant management system may result in temporary or permanent removal of access. NCC retains the right to impose reasonable restrictions on access to the grant management system and the release and use of information stored within. The subrecipient agency agrees to be subject to all such restrictions. Any subsequent conditions implemented by NCC will be provided to the subrecipient agency. Non-agreement to subsequent conditions will void the subrecipient agency’s access to the designated grant management system.

The designated grant management system is for authorized use only. Unauthorized use and access is prohibited. Users shall not share their log in credentials or passwords with others. The subrecipient agency shall implement safeguards to ensure that only authorized users will have access within the system as appropriate. Responsibility for user access and assignments within AmpliFund lies with the subrecipient agency and its Organizational Administrators (OA). For additional information on managing user access and assignments, see the AmpliFund Administration Guide located here:

<https://ne-amplifund.zendesk.com/hc/en-us/articles/9141367460627-Administration-Guide>

The subrecipient agency shall assign users to fulfill the financial and programmatic duties of the Financial Point of Contact and Project Point of Contact for reporting purposes only. These duties do not replace the contractual duties and obligations of the Project Point of Contact, Financial Point of Contact, or the Authorized Official as set forth by the signed Grant Award, Special Conditions, or other Certified Assurances made with the Crime Commission. The subrecipient agency’s users represent and assume responsibilities on behalf of the subrecipient agency while accessing the designated grant management system. Users that access the grant management system certify that all submitted financial and programmatic reports and requests are true, complete, and accurate by way of submission and that users are acting with authority to do so. The act of users submitting reports and requests in the designated grant management system is an authorization of the submitted report or request in place of a certifying signature stating such; this does not supersede the Crime Commission’s authority to request or require signatures.

Users shall have no explicit or implicit expectation of privacy. The subrecipient agency and its users accessing the grant management system are required to adhere to Crime Commission rules, as well as state and federal statutes. Any false, fictitious, or fraudulent information (or the omission of any material fact) submitted in the designated grant management system, may subject the user and the subrecipient agency to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).

67. Subawarded Agency and Required Monitoring of Subawards:

Each agency (subgrantee at 3rd tier) subawarded funds under this project shall receive a signed Grant Subaward and Special Conditions agreement from your organization (subgrantee at 2nd tier). The 2nd tier subgrantee will provide the Crime Commission a copy of the 3rd tier subgrantee's signed Subaward and Special Conditions before the Crime Commission will disburse funds to 2nd Tier subgrantee for the purpose of reimbursing the 3rd tier subawarded agency. The subgrantee must monitor subawards under this award in accordance with all applicable statutes, regulations, award conditions, and the DOJ Grants Financial Guide, and must include the applicable conditions of this award in any subaward. Among other things, the subrecipient is responsible for oversight of 3rd tier subrecipient spending and monitoring of specific outcomes and benefits attributable to use of award funds by subrecipients. The subrecipient agrees to submit, upon request, documentation of its policies and procedures for monitoring of subawards under this award.

Failure to report progress on objectives and submit reimbursement requests by the 15th of the reporting month they are due will be counted as late reporting. Grant payments are on a reimbursement basis. Reimbursements cannot be made until financial documentation from the subrecipient has been approved by the Crime Commission as outlined in the Monitoring Plan for the agency based on the Operational Assessment Tool (OAT). Reimbursements will not be made unless the subgrantee has also provided the update on objectives in the grant management system, to include objective progress. Subrecipients must submit quarterly performance metrics reports through BJA's Performance Measurement Tool (PMT) website: <https://bjapmt.ojp.gov/v>. For more detailed information on reporting and other JAG requirements, refer to the JAG reporting requirements webpage (<https://bjapmt.ojp.gov/help/jagdocs.html>). Failure to submit required JAG reports by established deadlines may result in the freezing of grant funds and future High Risk designation.

Regardless of the start date of the grant project, quarterly PMT report data is due on the 15th of the following month the activity occurred for normal quarters as listed:

January – March (due no later than April 15)

April – June (due no later than July 15)

July – September (due no later than October 15)

Failure to submit required JAG reports by established deadlines may result in the suspension of grant funds and future high OAT designation for monitoring.

j. **National Incident Based Reporting System (NIBRS)/Uniform Crime Reporting (UCR) Reporting Requirements for Law Enforcement Agencies**

Nebraska State Rules and Regulations Title 78 Chapter 5 requires Nebraska Law Enforcement Agencies (LEAs) to submit criminal data to the National Incident Based Reporting System (NIBRS) and Uniform Crime Reporting (UCR) program. The FBI UCR Program and NIBRS is a nationwide, cooperative statistical effort of federal, state, county, city, university and college, and tribal law enforcement agencies reporting data on offenses reported or known in their respective jurisdictions. NIBRS/UCR data is compiled at both the state and national level as part of a collaborative effort to produce a more detailed, reliable, and modern view of crime based on statistics in NIBRS.

Nebraska State Rules and Regulations Title 78 Chapter 5 requires Nebraska LEAs to submit monthly reports within seven (7) working days following the end of the month that the offense was reported. (i.e. **Offenses reported throughout July 2024 must be submitted no later than August 9th**). Agencies that fail to submit required reports risk having these award funds suspended until they become compliant. Repeated non-compliance with this condition could result in an adjustment to your agency's OAT monitoring tier and/or termination of funding.

Any questions regarding NIBRS/UCR reporting should be directed to the NIBRS helpdesk at NCC.UCR@nebraska.gov.

- k. Non-profit subrecipients must submit a copy of their non-profit certification to the Crime Commission. This can include: 1) a copy of 501(c)(3) designation letter; 2) a letter from the subrecipient's state taxing body or attorney general stating that the recipient is a non-profit organization operating within the state; or 3) a copy of the subrecipient's state certificate of incorporation that substantiates its non-profit status.
- l. Delinquent, inaccurate, incomplete, and/or fraudulent program and fiscal reports will be considered a material breach of the grant agreement. NCC's remedies include, but are not limited to, identifying the grantee as high risk, de-obligated funding, termination of the grant, disqualification from future funding, and/or referral to the U.S. Office of Inspector General. The subgrantee agrees to comply with any additional requirements that may be imposed during the grant period if the State determines that the subgrantee is deemed to be high risk pursuant to 28 C.F.R. parts 66, 70.

72. Accounting Procedures

- a. Subrecipients (at any tier) must adhere to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. For further information regarding the standards of these requirements: http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.
- b. Subrecipient (at any tier) shall implement and maintain an accounting system which accurately reflects income received expenditures, and documentation of expenditures. Each source of income must be accounted for separately and a clear audit trail for each source of funding must be maintained, to include match.
- c. Any award with matching funds, both cash or in-kind, must document match in the agency's accounting system. Match need not be applied at the exact time or in the required proportion to the obligation of Federal funds. However, 50% of the match must be met by the end of the first 6 months of the budget year and the full matching share must be obligated by the end of the project period.
- d. A private non-profit agency awarded funds shall have two (2) members of the Board of Directors review, on a quarterly basis, all expenditures for the agency. Board minutes shall reflect this review and be provided upon request.
- e. If at any time an impropriety is found in the accounting or use of any funds received by the subrecipient (at any tier), the Crime Commission must be notified immediately and informed about how the agency will address the problem.
- f. Subrecipients (at any tier) will maintain time records that comply with the DOJ Financial Guide to clearly document the hourly activity of each grant funded or match funded position to show the actual percentage of time charged to the funding source. Records will be maintained by the subrecipient to document any differences between budgeted and actual federal and match personnel grant costs. Timesheets for grant devoted positions should include the signature of the employee and their supervisor. Volunteer positions used as match are to be documented and, to the extent feasible, supported by the same methods used for employees. Refer to the following website for further details on the guidelines on accounting for personnel and other cost principles: https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf
- g. Office of Justice Program Financial Guidelines and Federal and/or State guidelines must be followed for the purchase of equipment and or services and for the property management or

disposal of equipment purchased with Federal funds. Property records for equipment purchased must be maintained which include a description, serial number, source, title holder, acquisition date, cost, percentage of federal dollars funded, location, and use and condition of the equipment. 75. Grant Management Training Requirements

Subrecipient agrees that the Project Point of Contact (PPOC) and the Financial Point of Contact (FPOC) will complete FG&P Grant Management Training (GMT) sponsored by the Crime Commission. Any new PPOCs or FPOCs will be required to complete the training within 120 days from the effective date of taking over the position. All PPOCs and FPOCs are required to complete the training every three years. At the discretion of the Director of Federal Grant Programs, failure to comply with this condition may result in 1) an immediate suspension of award funds with a potential for a denial of expense incurred 2) may result in adjustments being made to the subrecipient's OAT monitoring tier; and/or a denial of expenses incurred until training compliance is met

76. Civil Rights Training

NCC requires that all grant Project Point of Contact and the Civil Rights Compliance Officers provide evidence of having completed Civil Rights training provided on the NCC training portal annually. To be in compliance with NCC's training requirement on Civil Rights, subrecipient agencies must train other staff members by using the Office of Civil Rights training program or another training program that includes information on Civil Rights compliance. Project Point of Contact is responsible for maintaining documentation showing that staff members completed the required Civil Rights training annually.

The recipient agrees to provide to NCC all documentation necessary for NCC to complete the monitoring tasks, including documentation related to any subawards made under this award upon request at no cost. Further, the recipient agrees to abide by reasonable deadlines set out by NCC for providing the requested documents. Failure to cooperate with NCC monitoring activities may result in actions that affect the recipient's NCC awards, including, but not limited to: withholding and/or other restrictions on the recipient's access to award funds, referral to the NCC designation of High-Risk grantees, or terminate of an award(s).

78. **Subrecipient agrees to comply with any additional requirements that may be imposed as a result of grant performance.**

In either case, the effective date shall be as provided by subrecipient as consistent with the period set forth in the Grant Agreement.

Affidavit

Under penalty of perjury, the undersigned officials certify that they have read and understand their obligations under the *Guide to Equitable Sharing for State, Local, and Tribal Law Enforcement Agencies (Guide)* and all subsequent updates, this Equitable Sharing Agreement, and the applicable sections of the Code of Federal Regulations. The undersigned officials certify that the information submitted on the Equitable Sharing Agreement and Certification form (ESAC) is an accurate accounting of funds received and spent by the Agency.

The undersigned certify that the Agency is in compliance with the applicable nondiscrimination requirements of the following laws and their Department of Justice implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations. Further, agencies are required to collect race and ethnicity data as required by 28 C.F.R. 42.106(b) and 31 C.F.R. 22.6(b).

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the Agency, and (3) the Agency's governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited funds, property, and any interest earned thereon, which are equitably shared with participating law enforcement agencies. By submitting this form, the Agency agrees that it will be bound by the *Guide* and all subsequent updates, this Equitable Sharing Agreement, and the applicable sections of the Code of Federal Regulations. Submission of the ESAC is a prerequisite to receiving any funds or property through the Equitable Sharing Program.

1. Submission. The ESAC must be signed and electronically submitted within two months of the end of the Agency's fiscal year. Electronic submission constitutes submission to the Department of Justice and the Department of the Treasury.

2. Signatories. The ESAC must be signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, administrator, commissioner, and governor. The governing body head cannot be an official or employee of the Agency and must be from a separate entity.

3. Uses. Shared assets must be used for law enforcement purposes in accordance with the *Guide* and all subsequent updates, this Equitable Sharing Agreement, and the applicable sections of the Code of Federal Regulations.

4. Transfers. Before the Agency transfers funds to other state or local law enforcement agencies, it must obtain written approval from the Department of Justice or Department of the Treasury. Transfers of tangible property are not permitted. Agencies that transfer or receive equitable sharing funds must perform sub-recipient monitoring in accordance with the Code of Federal Regulations.

5. Internal Controls. The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury, funds from state and local forfeitures, joint law enforcement operations funds, and any other sources must not be commingled with federal equitable sharing funds.

The Agency certifies that equitable sharing funds are maintained by its jurisdiction and the funds are administrated in the same manner as the jurisdictions's appropriated or general funds. The Agency further certifies that the funds are subject to the standard accounting requirements and practices employed by the Agency's jurisdiction in accordance with the requirements set forth in the *Guide*, any subsequent updates, and the Code of Federal Regulations, including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of equitably shared funds or assets or supplantation of existing resources with shared funds or assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending equitably shared funds. Failure to comply with any provision of the *Guide*, any subsequent updates, and the Code of Federal Regulations may subject the Agency to sanctions.

6. Single Audit Report and Other Reviews. Audits shall be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards. The

Agency must report its equitable sharing expenditures on the jurisdiction's Schedule of Expenditures of Federal Awards (SEFA) under Assistance Listing Number 16.922 for Department of Justice and 21.016 for Department of the Treasury. The Department of Justice and the Department of the Treasury reserve the right to conduct audits or reviews.

7. Freedom of Information Act (FOIA). Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury. Agencies must follow local release of information policies.

8. Waste, Fraud, or Abuse. Saline County Commissioners:

Back on April 15, 2025, I wrote a letter declaring the Dell Latitude E6520 Laptop Computer – DDNW5Q1 as surplus, due to it being replaced by an updated laptop. The intent was to recycle the older laptop. However, that did not happen.

It became apparent during our recent valuation protests that there is still a need to keep the older laptop so that we can use it for these types of situations. Therefore, after the advice from Jeff Schreier, Audit Manager of the Nebraska Auditor of Public Accounts, I had added this item back onto my inventory list and this is my notification to the Board of my intent.

Respectfully,

Brandi Kelly

REQUEST TO BECOME A MEMBER OF THE NEBRASKA REGIONAL INTEROPERABILITY NETWORK (NRIN)

WHAT IS THIS REQUEST? You are receiving this request because your county or municipality is either not a current member of NRIN or the NRIN membership will expire at the end of 2025.

WHAT IS NRIN? NRIN is a regional and statewide data communications sharing network that is owned by Nebraska’s local governments. Its purpose is to connect Public-Safety Answering Points (PSAPs) and other public safety agencies. NRIN allows secure, reliable, efficient sharing of information, improving emergency responses and protecting lives and property. Uses include primary or backup connections to 911 centers, connection to radio networks such as the Statewide Radion System, point to point connections such as operating warning sirens, video transmissions, and many other uses.

WHAT IS THE BENEFIT OF NRIN MEMBERSHIP? A county or municipality can become an NRIN member by signing the attached Interlocal Agreement. Membership allows your county of municipality to vote for a Director on the NRIN Board, and thereby to have a say in how NRIN functions. The NRIN Governance Board is made up of two Directors from each of the eight emergency management regions in the state, and only NRIN Member agencies can vote for these Directors. NRIN is funded through public grants and user fees, so there is no cost for becoming an NRIN Member. Please email your completed Interlocal Agreement to mdekraai@outlook.com . If you have questions, you can email Mark DeKraai at mdekraai@outlook.com, or contact one of the current NRIN Directors.

County Clerk

Dear Ms. Nettifee;

The Adjusted Urban Area Boundary (UAB) for the City of Crete has been approved by the Federal Highway Administration (FHWA), Nebraska Division. Nebraska Department of Transportation (NDOT) is now able to review the National Functional Classification (NFC) System that follows the release of the 2020 United States Census information and the establishment of the UAB.

We are asking for your assistance in the task of updating the NFC Routes within the Crete UAB as well as Saline County, Nebraska. Please coordinate your review of the NFC System with City Officials, in agreement with the current 2020 Census data.

I have enclosed a copy of the latest Saline County NFC Map and a copy of the Crete NFC Urban Area Map for review by the Saline County Board of Commissioners. If the Board concurs that the NFC System is correct, please have a designated representative sign the signature blocks and return the maps in the enclosed envelope.

However, if there are any changes, please do the following:

1. Describe what the change is and where it is located.
2. If applicable, submit supporting documentation that supports your perspective.
3. Sign the signature block and return the map in the enclosed envelope.

Once NDOT concurs with any revisions to the NFC System, the revisions will be forwarded to FHWA for their review and approval.

In order to accomplish the review in a timely manner, please return the signed map by August 29, 2025.

If you need any further assistance, please contact me at (402) 479-3889 or dana.hartung@nebraska.gov.

County of Saline/ State of Nebraska Agreement

Installation and Operation of Automated License Plate Reader

On State Highway

This agreement is between the State of Nebraska, Department of Transportation (State) and the County of Saline, Nebraska (County). The Agreement is also being signed by the Saline County Sheriff's Office (Sheriff's Office) to confirm the Sheriff's Office understanding of its Statutory and Contractual obligations under this Agreement. The parties to this Agreement may be collectively referred to as the Parties.

Preliminary Statements

Whereas, the Saline County Sheriff's Office is the local law enforcement agency of the County, and for purposes of this Agreement, the County and the Police Department will be referred to as "County", and

Whereas, under the Automatic License Plate Reader Privacy Act (the "Act") (Neb. Rev. Stat. 60-3201 through 60-3209), the County is allowed to install, operate, and maintain automatic license plate reader system ("ALPR System") so long as it is operated for the purposes allowed and as provided in the Act.

Whereas, the County is currently planning to install, operate and maintain and ALPR System on or along the State Highway at or near the location specified below in this Agreement, and

Whereas, part of an ALPR System could potentially be installed on part of the State highway right-of-way, outside the traveled portion of the public property, and for this Agreement, the area of the State highway located outside of the traveled way will be referred to herein as the "State Highway".

Whereas, The State is willing to allow the County to install, operate and maintain some or all of its ALPR System on the State Highway so long as it is accomplished at no cost, obligation or liability for the State, in accordance with the terms of the Act, and consistent with this Agreement, and

Whereas, the County Commissioners authorizes the Chairman to sign this Agreement, as evidenced by the Resolution of the County Commissioners dated the _____ day of _____, 202____, attached as Attachment A and made part of this Agreement.

NOW THEREFORE, in consideration of these facts and the mutual consideration of the Parties, the Parties agree as follows:

Section 1. Purpose of the Agreement. The purpose of this Agreement is to authorize and provide the conditions for the County to use and occupy the State Highway for the installation, operation and maintenance of an ALPR System.

Section 2. Definition of "County's ALPR System". The County's ALPR System includes, but is not limited to, all ALPR related equipment and materials installed by the County on the highway including, but not limited to, ALPR devices, cameras, transmitters, receivers, antennae, power cables and equipment, communication cables and equipment, attachment or connection devices, and other components, materials or equipment related to the ALPR System Project.

Section 3. Description of the Project. The County proposes to install, operate and maintain the County's ALPR System at the locations listed on Attachment B of this Agreement, not to exceed 3 (three) total proposed locations.

Section 4. Duration of the Agreement. This Agreement will be effective beginning on the date it is signed by both Parties and will end on December 31st of the fifth year after the date when the Agreement

was effective. Upon written requests by the County, and upon written approvals by the State, this Agreement may be renewed for up to two (2) additional five (5) year terms.

Section 5. County's Duties. The County agrees to the following terms, conditions and obligations for the County's ALPR System project in exchange for obtaining a limited right to use and occupy the State Highway at no charge:

5.1 Costs, Obligations and Liability. The County will be solely responsible for all costs, obligations and liability arising out of (a) the County's ALPR System, and (b) the County's use and occupation of the State Highway. The County shall notify its insurance carrier, or its official risk management entity, of the County's obligations under this Agreement and the County will ensure it meets its obligations to be fully responsible for its use and occupancy of the State Highway as provided under this agreement.

5.2 ALPR System Location Selection Process. In Attachment B, the County has identified proposed locations for the installation of the County's ALPR System. The County and State will work together in good faith to attempt to identify a location or locations acceptable to the State for the placement of the ALPRs.

5.3 Compliance with the Act. The County will be solely responsible for complying with all applicable terms of the Act and any other State or Federal law related to the County's use or occupancy of the State Highway and operation of the ALPR System.

5.4 Obtain Permit from State. Before taking possession of the State Highway for the installation of the County's ALPR System, the County must apply for and obtain a permit to use or occupy the State Highway from the State's local District Office using the State's standard permitting process.

5.5 ALPR Design, Structural Review, Environmental Review, Purchase, Installation and Traffic Control. The County will be solely responsible for the design and installation of the County's ALPR System. If the County's design includes attachment of any ALPR components to any State personal property or an attachment to the real estate, the County must submit to State the opinion of a licensed structural engineer that the personal property or attachment has sufficient structural strength for installation of such device and shall obtain permission from State to use each such State item of personal property or attachment. The County will be responsible for any environmental review or necessary permitting required for the County's ALPR System Project. The County will be responsible for any traffic control related to the installation, operation, repair, and maintenance of the ALPR System, and such Traffic Control shall conform with the Manual on Uniform Traffic Control Devices and all State's typical requirements for traffic control for projects or operations of this type. The State encourages the County to place ALPR System attachments outside of the clear zone designated for the respective State Highway on which it will be installed. However, placement of ALPR System attachments within the clear zone, while meeting all other requirements of this Section, is not considered negligence by the County.

5.6 Notice to State of Start of Work on the State Highway. The County shall give State's District Engineer two weeks written notice of the date the County or County's representatives will first use or occupy the State Highway as a part of County's project to install County's ALPR System. The County will notify State's District Engineer anytime post-installation work, other than routine inspection or simple repair, will be completed on the State Highway. The County will notify State when the County's installation, repair or maintenance projects are completed.

5.7 Ownership, Inspection, Operations, Maintenance and Data. The County will own the ALPR System and will also be solely responsible for all post installation duties related to the County's ALPR System including but not limited to the inspection, operation, repair, restoration, replacement, maintenance, and control of data.

5.8 Damage to ALPR Property. The County will be responsible for any work to repair or replace damage to the ALPR system caused by highway traffic, pedestrians, or others, including damage caused by vandalism or acts of nature. The County may take collection actions against any wrongdoer who has damaged the County's ALPR System. The County agrees to coordinate its collections efforts with State whenever the County knows that the State Highway real or personal property was also damaged by the same person or during the same incident.

5.9 Protection of State Highway. The County agrees to protect the State Highway real or personal property from damage or destruction arising out or related in any way to the County's use or occupancy of the State Highway under this Agreement. When damage or destruction of highway property occurs related to the ALPR System or the County's use or occupancy of the State Highway, the County shall promptly replace, repair, or restore the State Highway to its pre-existing condition, clean and neat, and safe for public use, in a manner and to a condition acceptable to the State. The State Highway includes all real and personal property and includes fixtures and appurtenances, including, but not limited to, highway pavements, paved or unpaved shoulders, turf or other ground cover, vegetation including trees and bushes, curbs, curb ramps, sidewalks, retaining walls, bricks, pavers, surfacing, bridges, drainage culverts, storm sewers, traffic signs and signals, highway lighting and any other structures and attachments of any kind on the State Highway.

5.10 Duty to Notify the State. The County agrees to notify the State when the County becomes aware of any condition, issue or concern on the State Highway that was caused or developed in any way related to the County's use or occupation of the State Highway under this Agreement.

5.11 Interference with State's Highway Devices. The County will be responsible for assuring that the installation or use of the County's ALPR System will not interfere in a significant way with the signals or operation of any State electronic devices located on or in proximity to the State Highway. The County agrees to work with State in good faith to resolve any electronic interference issues related to the County's ALPR System.

5.12 Removal of the County's ALPR System at end of Agreement. The County will be responsible for the removal of any part of the County's ALPR System from the State Highway within one month after termination or ending of this Agreement, except the State may require faster removal when justified for the safety of highway users or for highway projects. The County will restore the State Highway to a clean, neat, and safe condition, essentially to the same condition as it was prior to the installation of the County's ALPR System.

5.13 State Construction or Maintenance Projects. The County agrees to promptly remove at its own cost any part of the County's ALPR System found to conflict with any future State project to reconstruct, maintain, or repair the segment of highway where the County's ALPR System is located. State will assist the County in relocating any component that must be removed to some other location on the State Highway not in conflict with such project. The County further agrees to cooperate with State and to temporarily remove the County's ALPR System as needed, in good faith, for other State purposes.

5.14 Negligence. Each Party agrees to be responsible for that Party's own negligence or intentional acts, and for the negligence or intentional acts of any employees, contractors, representatives, or any person or entity working with or for that Party's benefit, related to the County's ALPR System or the use or occupancy of the State Highway under this Agreement. Further, this Agreement is not intended to shift from the County to the State any duties or any responsibility, liability or costs arising out of the County's ALPR System or the County's use or occupation of State Highway under this Agreement.

5.15 Liability for Improper Use of ALPR System. The County's ALPR System installation and operation is solely a County project and is not a joint enterprise with State. The County agrees to be solely responsible for any claims or liability related to the alleged improper placement or use of

the ALPR System or the ALPR System data. The County agrees to properly protect all data collected including, but not limited to personally identifiable information. The County agrees to defend the State at the County's sole cost, in the event a claim of any type is brought against the County and/or State related to the installation, operation or maintenance of the ALPR System on the State Highway.

Section 6. State's Limited Responsibility. The County and State agree as follows:

6.1 ALPR System Project. The State will have no duty, liability, or responsibility with respect to the County's ALPR System including but not limited to the design, purchase, installation, operation, repair, or maintenance of the County's ALPR System.

6.2 Proposed Locations. The State will assist the County in good faith to attempt to find a location, or locations, where the County's ALPR System may be installed on the State Highway. The State reserves the right to deny access to the State Highway if, after a good faith attempt to find a location to install the County's ALPR System, a location acceptable to the State cannot be found, in State's sole discretion.

6.3 Cooperation. The State will cooperate in good faith with the County when requested concerning any issues of the County related to the use or occupancy of the State Highway with the County's ALPR Project. The State's cooperation with the County will not be found to create a duty of care on behalf of the State to anyone related to the County's ALPR System or the County's use or occupancy of the State Highway. It is understood that the State's representatives will not have any training, expertise or obligation with respect to the County's ALPR System or related to the County's use or occupancy of the State Highway.

Section 7. Termination. This Agreement will be terminated under the following conditions:

7.1 Change of Law. The Act is changed in a way that will directly or indirectly restrict or prohibit in a significant way the use of the State Highway for the ALPR System as contemplated under this Agreement.

7.2 Removal or Discontinuance of Use. The County removes the ALPR System or discontinues use of the State Highway for the operation of an ALPR System for six-months or longer.

7.3 Failure to Follow the Terms of the Act. Breach of the terms of this act, or failure to follow the terms of the Act, after notice from the State, and a failure by the County to cure the alleged breach within the time allowed in the notice of breach.

7.4 By Order of Court. A court with appropriate jurisdiction finds the installation or operation of the ALPR System is contrary to Nebraska law.

Section 8. Drug Free Workplace. The County shall have an acceptable and current drug-free workplace policy on file with the State.

Section 9. Fair Employment Practices. If the County performs any part of the work on this project itself, the County shall abide by the provisions of the Nebraska Fair Employment Practices Act as provided by Neb. Rev. Stat. §§ 48-1101 to 48-1126.

Section 10. Disabilities Act. The LPA agrees to comply with the Americans with Disabilities Act of 1990 (P. L. 101-366), as implemented by 28 CFR 35, which is hereby made a part of and included in this agreement by reference.

Section 11. Lawful Presence in USA and Work Eligibility Status Provisions. The County agrees to comply with the requirements of Neb. Rev. Stat. §§ 4-108 to 4-114 with its ALPR System project, including, but not limited to, the requirements of § 4-114(2) to place in any contract it enters into with a

public contractor a provision requiring the public contractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.
