Terms & Conditions

1. Finance and Late Charges. A finance charge of one and one-third (1 1/3%) percent per month sixteen (16%) percent per year will apply to all obligations not paid pursuant to the terms contained herein. Payment terms are NET 30 unless otherwise stated. Customer shall also pay to SEI an administrative fee (late charge) of five (5%) percent of any payment due hereunder received by SEI after the date on which such payment is due as liquidated damages and not as a penalty.

2. Automatic Renewal. This Agreement shall automatically renew under the same terms and conditions for successive periods equal to the initial period unless either party gives written notice to the other at least thirty (30) days prior to the expiration date of their intention to terminate this Agreement. In the event this renewal provision is not effective, this Agreement automatically renews from month to month unless either party gives at least thirty (30) days written notice to terminate at the expiration of any such term.

3. Right to Terminate. Notwithstanding anything contained herein to the contrary, SEI may, in its sole discretion, terminate this Agreement, with or without cause and without any liability whatsoever, upon thirty (30) days notice to Customer. In the event such termination is without cause, SEI shall, upon the written request of Customer, refund any unearned service charges. If the termination is for a monetary default, Customer understand and agrees that SEI shall not release any data related to the System or any Services unless and until all amounts owed are paid in full.

4. Increase in Charges. SEI shall have the right to increase periodic charges at any time or times after the expiration of one (1) year from the date of this Agreement upon giving Customer written notice thirty (30) days in advance of the effective date of such change. If Customer is unwilling to pay the increased charge, Customer must notify SEI in writing twenty (20) days prior to the otherwise effective date of the change that this Agreement will be terminated on the effective date of the charge. SEI may at its sole discretion rescind the charge at which time the previous term will be binding on the Customer to the full remaining term of this Agreement.

5. Breach by Customer. In the event of any breach of this Agreement by Customer, without limiting the rights of SEI under this Agreement at law or equity, SEI shall be entitled to retain all prepayments received and Customer shall immediately pay to SEI (1) all payments then due and payable, (2) all charges for labor, material and equipment incurred by SEI due to such default based on a time and material basis at SEI's then prevailing charges, and (3) since actual damages upon Customer's breach are difficult to determine, Customer agrees to pay one hundred percent 100% of all payments which would be due hereunder for the unexpired term as liquidated damages and not as a penalty. Upon Customer's breach SEI shall have no further obligation to perform under this Agreement. In addition, if any suit or alternative dispute resolution proceeding is instituted and SEI is the substantially prevailing party by judgment, award, finding or settlement, Customer shall pay directly or reimburse SEI for all of its costs and expenses including, without limitation or example; consultants' and professionals' fees and costs including, without limitation or example; reasonable attorneys' fees and costs as allowed by law.

6. Right to Notice and Cure. In the event of any breach of this Agreement by SEI, Customer agrees to provide written notice to SEI specifically identifying the nature of the breach and the provisions of this Agreement affected thereby, and to permit SEI to cure the breach within five (5) business days after receipt of the written notice or; if the breach cannot be reasonably cured within said period, to promptly commence to cure and diligently proceed until cured. If SEI cures any said breach as provided herein, this Agreement shall continue unabated and SEI shall not be liable to Customer for any loss, damage or expense arising out of or from, resulting from, related to, in connection with or as a consequence of any said breach.

7. Title; Suspension of Service; Shut-Down; Lock-Out. If equipment is leased by or loaned to Customer, title to any such equipment shall at all times hereafter remain in SEI. Customer understands and agrees that SEI may, in its sole and absolute discretion, electronically lock out access to the control panel or alarm communicator (collectively, the "Panel") in order to limit access to the Panel to SEI only. Should Customer breach hereunder, or upon expiration or termination of this Agreement for any reason, or if the System excessively sends video images or data to SEI's monitoring facility as a result of any cause other than SEI's sole negligence, Customer authorizes SEI to: (1) suspend service; (2) shut down the Panel and/or the System; and (3) render some or all of the equipment incapable of sending a signal locally or communicating with any monitoring facility, and refuse to unlock the Panel. The exercise of such rights shall not be deemed a waiver of SEI's right to damages, and SEI shall have the right to enforce all other legal or equitable remedies or rights.

8. Installation; Service; Delays. Customer acknowledges and agrees that SEI and Representatives have no knowledge of existing hidden pipes, wires or other like objects within walls, floors, ceilings and other concealed spaces, and it is Customer's obligation to advise SEI of such hidden objects, failing which SEI and Representatives are released for any damages, losses or expenses arising out of or from, in connection with, as a result of, related to or as a consequence of such hidden objects. SEI and Representatives make no representation of delivery and installation of equipment or commencement of services by any particular date. Any cost or expense incurred as a result of any such delay including, without limitation, any guard services required, shall be borne by and be the sole responsibility of the Customer.

9. Cross-Default. In the event SEI and Customer are parties to any other agreement, Customer acknowledges and agrees that a default by Customer under this Agreement or any other agreement between the parties shall be deemed to be a default by Customer under all such agreements between the parties permitting SEI to exercise any or all of its rights under any or all of such agreements in the sole and absolute discretion of SEI.

10. SEI Duty Concerning Property of Others. Customer agrees that SEI has no responsibility for the condition or operation of any equipment, device, or property of any sort belonging to Customer, the communications provider or others ("Property"). If SEI provides service to Property, Customer agrees that all relevant terms and conditions of this Agreement shall apply to all such service and Customer shall pay for such service on a time and material basis.

11. Additional Equipment or Service. If, at any time after the date hereof, additional equipment or services are requested or authorized by Customer, all sales, leases, installation and services supplied by SEI shall be subject to the terms of this Agreement only, except that additional charges shall be made for such additional sales, leases, installation or services.

12. Customer's Duty to Pay for Increased Costs. Notwithstanding anything to the contrary contained herein, if (a) any pass-through cost increase, or (b) any state or Federal statute or regulation, or (c) any trade union jurisdictional dispute results in SEI incurring any extra expense including, without limitation, paying higher compensation or wage rates to perform the installation and/or service, Customer hereby consents and authorizes SEI to incur such extra expense on behalf of and for the account of the Customer, and Customer shall pay SEI for all such costs incurred by SEI.

13. Communications Equipment and Services. Customer understands and acknowledges that the System may transmit data to a monitoring facility or elsewhere using one or more forms of communication equipment or services, including, without limitation, a telephone network, broadband over power lines ("BPL"), voice (or data) over the Internet ("VOIP"), cable system or some form of wireless communications (e.g., cellular or another form of radio transmission). Some or all of these communications equipment or services may access or incorporate the Internet, electric company lines, a local area network or some other form of computer network to transmit or retrieve data. For data transmitted by a telephone network, there are various types of telephone line service including, without limitation, direct wire, derived channel, multiplex, DSL, T-1, ISDN and various other forms of service. For data transmitted by a wireless communications service or equipment, such services and equipment are probabilistic by their nature and can be affected or delayed by interference (e.g., ground interference), atmospheric conditions, static, transmission system operation, etc. Customer acknowledges that for data transmitted or received via DSL, BPL, VOIP or other broadband or internet-based communication service, the System's ability to transmit or receive data or SEI's monitoring facility's ability to receive, or understand, data will be dependent upon the electric company's lines, Internet, Internet providers or computer network, and/or any such installation of broadband or internet-based communication service may interfere with the telephone line-seizure feature of the System. All broadband or internet-based communication services should use a telephone number that is different than the telephone number used by the System. Accordingly, Customer understands, acknowledges and agrees that the System is not infallible and the transmission and receipt of data from the System, regardless of the communications equipment or type of service used, may be interrupted, circumvented or otherwise compromised.

Initials: _____

A. Transmission of Data, Video or Voice. Customer understands and agrees that the System including, without limitation, the communications equipment or service used in the System is not supervised. If the transmission medium for delivery of data ("Signals") video images or voice or other audio communications from your system to the monitoring facility is incompatible with the System or is inoperative, circumvented, compromised or interrupted by any natural or human cause including, without limitation, any sort of interference (e.g., ground interference or otherwise), loss of a telephone line or dial tone (either because the line is cut or otherwise), radio transmission interference, power line surges or outages, Internet or broadband problems and Internet or broadband provider problems, there will be no indication of such interruption at the monitoring facility. Further, if the communications equipment or service is incompatible, inoperative or interrupted, no Signal will be received at the monitoring facility. Customer may elect to use some form of redundant communication equipment or service (e.g., telephone combined with some form of wireless communication) or some other form of communication service or equipment as part of the System at additional cost. Further, Customer understands that (1) a video system enables SEI to record, store and review images of the Premises and the area outside of the Premises, (2) video and audio capability enables SEI to record, store and review oral communications from inside and outside of the Premises and (3) a two-way voice system enables SEI to listen-in to the Premises and to record, store and review such oral communications. Customer authorizes and consents to SEI viewing the Premises and the area outside the Premises and listening-in to the Premises and releases SEI for all claims, losses, damages, costs and expenses due to SEI viewing the Premises and the area outside of the Premises and listening-in to the Premises.

B. Monitoring Service. Monitoring service consists solely of monitoring service personnel ("Operator") communicating with First Responders or calling by telephone the telephone numbers supplied by the Customer in writing for First Responders and persons identified by Customer as Customer's emergency contacts ("Call List") within a reasonable period of time under the circumstances at the monitoring facility including, without limitation or example, (1) the priority of the data that has been previously identified in writing ("Listed Codes"), (2) when the Listed Code appears on the Operator's computer screen, or (3) when any voice communication or voice transmission is received from the Premises. No monitoring service shall be rendered for Signals received which are not Listed Codes or for voice communication which does not request assistance or for video transmission which does not clearly and conspicuously reveal the necessity for monitoring services. In the event a Signal is received at the monitoring facility which is not a Listed Code, Customer agrees that SEI's sole duty and obligation is for SEI to log the Signal. If "multiple zone delayed dispatch service" is requested, no monitoring service will be rendered for any burglar alarm System unless Listed Codes from more than one zone of the burglar alarm System are received within five (5) minutes of each other. When "no repeat dispatch service" is active, no monitoring service will be rendered for the same Listed Codes or zones received from the System within sixty (60) minutes after SEI has contacted Proper Authorities to report receipt of Listed Codes at the Premises. If the Premises is located in a jurisdiction requiring a personal verified onsite response ("Verified Response") prior to dispatching a First Responder, it is Customer's sole responsibility to engage a service to provide such Verified Response. All fees, costs and expenses in connection with Verified Response shall be borne by Customer only. Customer understands and agrees that First Responders may not be dispatched or respond to Customer's Premises after notice to First Responders of receipt of a burglar alarm signal or fire alarm signal by SEI unless there is independent confirmation of a burglary or fire at Customer's Premise, (e.g., an on-site witness' report that a point of entry exists or a fire exists). Notwithstanding anything contained herein to the contrary, (1) upon receipt of a Listed Code or video transmissions and prior to communicating electronically or by telephone to First Responders or the Call List, SEI may, in its sole and absolute discretion and without any liability, contact or attempt to contact the Premises or other telephone numbers, electronic mail, text messages or other similar means of communication at numbers or addresses provided by Customer in writing as frequently as SEI deems appropriate to verify the necessity to report the receipt of a Listed Code to First Responders or the Call List, and (2) upon receipt of an abort code or oral or electronic advice to disregard the receipt of the Listed Code or video images from any person at the Premises, Customer's representative or any of the personal contacts on the Call List, all of whom have Customer's authority and consent to direct SEI to disregard receipt of a Listed Code or video images, SEI may, in its sole and absolute discretion and without any liability, refrain from contacting First Responders, or the Call List, or advise anyone previously notified of a Listed Code or video images of receipt of an abort code, or oral, or electronic advice to disregard the receipt of the Listed Code or video images. SEI's efforts to notify First Responders or the Call List shall be satisfied by advice electronically or by telephone to any person answering the telephone at the telephone number(s) provided to SEI in writing or by leaving a message with a telephone answering service or any mechanical, electrical, electronic or other technology permitting the recordation of voice or data communications. Customer acknowledges and agrees that (3) all software, hardware, firmware, codes, Signals, audio and voice communications, video images, information and documentation arising out of or from, in connection with, related to, as a consequence of or resulting from this Agreement or the Services (collectively, the "IP Property") are the sole and exclusive property of SEI and Customer has no rights whatsoever in any of the IP Property, and (4) SEI shall have the right in its sole and absolute discretion to destroy, delete, erase, etc. (collectively "Destruction") the IP Property at any time without notice to Customer: provided that upon written request of Customer, received prior to the Destruction of the IP Property, to retain any specific IP Property, SEI shall use commercially reasonable efforts to store the specific IP Property as requested by Customer on the condition precedent that Customer pay all fees, costs and expenses related to any such request.

C. SEI as Agent; Revocation; Ratification; Retroactive Date. Customer hereby appoints SEI as its exclusive agent for the term of this Agreement to give direction to any monitoring facility which is a subcontractor of SEI, as if done by Customer concerning any and all matters arising out of, from, in connections with, or related to the performance of monitoring services. The authority granted to SEI under this Section shall continue to be binding upon Customer until revocation in writing from Customer shall have been actually received by SEI. No such notice shall affect anything done by (1) SEI in reliance hereon or pursuant hereto or (2) the monitoring facility pursuant to the request or demand of SEI prior to actual receipt by SEI of said written revocation. Customer hereby ratifies and confirms all prior and contemporaneous acts of (3) the monitoring facility pursuant to the request of SEI (4) SEI pursuant to this section which Customer acknowledges and agrees shall be and is deemed to be retroactive to the initial date SEI or the monitoring facility performed monitoring services on Customer's behalf.

D. Internet Services. If accepted, SEI hereby grants to Customer a non-exclusive, non-transferable license to use the SEI portal via the Internet to access, input, delete and modify information through the Internet. Except for Customer's 1) failure to keep confidential all information, passwords, etc., 2) use of the license or the information in any manner that negatively affects SEI, (3) use of the license or the information for any illegal purpose, or (4) violation of any applicable law, this license shall continue and be coextensive with the term of this Agreement or termination or suspension of the license by SEI. **SEI may immediately, and without notice, disable Customer's access to the Internet site and cancel all passwords or other access codes.**

E. Email Notice. In the event Customer elects to receive automatic email notice of certain System events, (e.g., the arming or disarming of the System), Customer acknowledges, understands and agrees that any such notice is conditioned on (1) receipt of the data at SEI's central station, (2) the proper operation of communication equipment, services, systems and networks including, without limitation, the Internet, and (3) any failure, malfunction or delay in processing or transmitting the data by SEI's equipment or software. SEI is hereby released from any liability arising out of or from, resulting from or in connection with the failure, malfunction or delay of any such notice for any reason, including SEI's or Representative's sole, joint or several negligence of any kind or degree.

F. Suspension of Service. Customer agrees that SEI's obligations hereunder are waived automatically without notice, and Customer releases SEI for all loss, damage and expense in the event of (1) a default or breach of this Agreement by Customer; (2) the monitoring facility, transmission medium between the System and the monitoring facility, or the System is destroyed, damaged, inoperable or malfunctions for any reason whatsoever; or (3) delays or interruption of Service(s) due in whole or in part, directly or indirectly, to: riots, strikes, lockouts, other labor disputes, terrorism, war (declared or undeclared), weather, natural phenomenon, acts of God, casualty, government orders, laws, rules or regulations, transportation, environmental conditions or any other reason beyond the reasonable control of SEI ("Force Majeure"), for the duration of such interruption of service, and Customer shall be entitled to reimbursement of the unearned charge paid for the period of interruption on request of Customer and this shall be the limit of SEI's liability. During any interruption of Services for any reason including, without limitation, Force Majeure: SEI has no duty, obligation or liability to supply Customer with alternate or substitute services.

Initials: _____

Customer understands and agrees that (1) a video and/or audio System enables Customer and/or SEI to record, store and review images and/or communications of people in the Premises and outside of the Premises, and Customer hereby agrees, authorizes and consents to SEI recording, storing and reviewing video images and communications recorded and/or transmitted from the video and/or audio System at the Premises; (2) video system services are limited to the area of the Premises covered by the video system images and such coverages and/or images may be adversely affected by the camera angle, glare, lighting, contrast, etc., any of which may result in less than adequate images for the Operator to ascertain the necessity for video system services; (3) SEI is not liable for any delay or failure of notification due to in whole or in part to (a) any Force Majeure event including, without limitation or example, cellular provider transmission or network malfunctions, including overload of the cellular network, or (b) invalid email, text or other electronic addresses, and (4) any and all third party claims related to the video and/or audio system asserted against SEI shall be deemed to be subject to paragraph number 15 of this Agreement.

In the event the System is activated without objective physical evidence of the necessity for the activation and SEI dispatches an agent, Customer shall pay SEI's prevailing charge for dispatch of such agent. U.L. certificated systems satisfy the requirements of U.L. for the stated class and grade as of the date of installation. If in the future U.L. adopts new or different specifications of U.L. for the certificate issued, SEI agrees, upon receipt of written consent of Customer, to perform all services necessary to satisfy the new or different specifications of U.L. for the certificate issued, and Customer shall pay all costs thereof at SEI's then prevailing charges.

DEFINITIONS

BASELINE INFORMATION explains the following:

Who is being affected by a specific injury problem?

What injuries are occurring (type, severity and frequency of fatal and non-fatal injury)? ·
Include at least 3 years of data.

When the injuries are occurring (i.e., time of day, day of week)?

Where the injuries are occurring (specific geographic location)?

Why the injuries are occurring (contributing factors -- i.e., alcohol, speed, lack of belt use, etc.)?

NOTE: The number of deaths is low in most communities. Non-fatal serious injury crash data may provide a more complete picture.

SELECTIVE OVERTIME ENFORCEMENT OBJECTIVE

Every selective overtime enforcement activity must have an objective to reduce fatal and serious injury crashes as outlined by the baseline information. The objective states exactly how much injury reduction will be achieved in a specific period of time. The contributing factors must also be addressed (i.e., alcohol, speed, etc.). Every objective must be SMART: Specific, Measurable, Action oriented, Realistic, and have a Time frame.

SELECTIVE OVERTIME ENFORCEMENT ACTIVITY

The activity must coincide with the problems outlined in the baseline data and respond to the stated objective. The specific locations, time of day, day of week, number of officers and traffic problem (i.e., alcohol, speed, etc.) must be included.

SELECTIVE OVERTIME ENFORCEMENT BUDGET

The budget must include the total number of officers, total number of hours, officer's hourly rate of pay, and the total amount of funding assistance being requested.

IMPACT EVALUATION answers the question "Did we reduce injuries?"

In the application, explain what you will evaluate. In the project summary (submitted after the completion of the activity) answer the following:

Question #1: Did the activity reduce the types of injuries that were targeted?

Question #2: Did the activity reduce those kinds of injuries by as much as predicted?
