Description	Qty	Rate	Total
Demolition, Disposal, and Backfill to be performed on six houses listed in Request Proposal and within guidelines listed in proposal and demolition permit, including: - Capping water and sewer lines (if not done by city) - Temporary fencing around worksites - All building material taken to G&P Landfill in Milford - All concrete (foundations, driveways, garage pad, etc.) separated and take to Crete concrete site - Inspection of clean out - Clay fill brought in, compacted, crowned to shed water as necessary We are a small, family owned and operated company having operated in the area for 15+ years. We have previously contracted house demolition jobs for both private owners and municipalities, including the City of Crete. We are invested in working with you on this project and will be available to answer and further discuss any questions about this project that may arise. Once we begin, this project will be our top priority, but because we are a small business with other customers, we would ask for further discussion about this project's timeline in order to satisfy the requirements of this project, as well as commitments to other customers.		123,000.00	123,000.00T

Proposal

Proposal Submitted To: City of Crete
Phone: 1-402-826-4317
Date: 10.27.2022
Address: 243 E. 13th St., Crete, NE 68333

Job Name & Location:
Demo House
1846 Main Ave.
Crete, NE 68333

We hereby submit specifications and estimates for:

ESI will remove and dispose of tested ACM from the property located at **1846 Main Ave., Crete, NE 68333**. The work will be performed during normal work week hours. ESI will be responsible for the removal, transportation and disposal at an approved asbestos landfill and will follow the latest Federal, State, and Local Agency requirements governing worker safety, removal, and air quality standards for asbestos abatement. Following is the Abatement Scope.

Asbestos Abatement: Will include the removal of approximately 96 sq. ft. of floor tile and mastic from the main floor. **\$950.00**

State Notification: Depending on the scope of each project, the state where it takes place may require 10 business days of notice prior to ANY work. In the State of Nebraska a notification fee will also be required to be paid to cover any state inspection/processing fees. **\$200.00**

Final Visual: Due to the nature of this project, a **final visual** will be required prior to any **demolition** taking place. **This cost does vary and will be billed at that cost by a 3rd party inspector.**

All work will be completed following EPA/OSHA work practices. Any ACM removed by ESI will be disposed of according to federal and state guidelines. All areas of work will have final air and/or visual clearances, as required - completed by a third party.

We propose hereby to furnish material and labor-complete in accordance with above specifications, for the sum of:

A discount of \$300.00 will be applied if this project is completed at the same time as 1922 Main Ave.

Amount of Dollars.....(excluding final visual/notification).....(\$950.00)

If the amounts of ACM differ from what was surveyed, the billing will be adjusted accordingly.

Environmental Services, Inc

Contract of Services

Payment to be made as follows: 25% Service Deposit due before project begins with remainder to be assessed upon completion.

Service Deposit For This Project: \$237.50

All work is guaranteed to be as specified. All work to be performed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire tornado, and other necessary insurance. Our workers are fully covered by workman's compensation insurance.

Note: This proposal may be withdrawn by us if not accepted within 90 days.

If this property is to be *DEMOLISHED*; any items that the owner wishes to keep must be removed *BEFORE ABATEMENT BEGINS*. Once abatement has begun, *NO UNLICENSED PERSON MAY ENTER* the area unless an air clearance has been completed at owner's cost which does vary and will be billed at that cost by a 3rd party inspector.

Upon signing this document, all property contained within the workspace of ESI shall be considered as waste, and will be removed and disposed of as Environmental Services, Inc. sees fit.

Acceptance of Proposal – The above prices, specifications and conditions are satisfactory and hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

This proposal may be withdrawn by us if not accepted within 90 days.

- 3) If this is a 3rd party utility type project, all affected property owners shall be notified prior to the beginning of project by the project owner, or the project's contractor.
- 4) City Council approval is required for large projects (more than one property involved, or utility oriented projects).
- 5) All requests to occupy right-of-way must include a detailed sketch, print, or drawing with dimensions with respect to property lines, paving, curbs etc....
- 6) If this application is for underground sprinkler systems, a print or drawing of the system including location of lines and heads with measurements listed must accompany the application. Additionally, the applicant may be required to provide proof of proper permits to install, plumb, and provide backflow protection for said underground sprinkler systems.
- 7) Application for a permanent structure deemed to be a traffic or public safety hazard or which limit visibility will be denied.
- 8) An application shall be approved before any construction or installation is allowed to begin.
