  - X.C. 2026 PHS Commencement Report
  - X.D. Student and Staff Successes
- XI. Advance Planning
- XII. Adjourn

## Finance Report May 2026

- Our balance for the General Fund is \$11,577,827. Last year's balance at this time was \$11,846,709.
- The Building Fund is at \$7,366,138. Last year the building fund balance was at \$5,368,929.
- We have currently spent approximately 58.68% of our general fund budget this year thus far. Last year at this time we were sitting at 60%. Second semester costs will increase as we begin to order curriculum and supplies for next year.
- Last week we officially moved \$46,565,709.14 bond dollars into the Nebraska Liquid Assets Fund. As of May 5th, rates were at 3.38%.
- We were able to negotiate the food service contract down from a 3.85% increase to a 1.925% for next year. From April 2024 to April 2026 we have lost more than \$303,000 from our food service account.
- The School Lunch Fund, Bond, Depreciation, Employee Benefit, and QCPUF are all in normal ranges for this time of year as you review the cash comparisons report.

**Board of Education Regular Meeting**  
Springfield Platteview Community Schools  
765 Main Street, Springfield, NE 68059  
Monday, April 13, 2026 7:00 PM

The Americanism/Curriculum Committee started at 6:03 p.m. Guenther, Osborn and Kreifels were present. The agenda was approved and Director of Learning Heidi Zierott provided a presentation outlining requirements, curriculum reviews, and compliance practices. Mrs. Zierott provided an update of the work around Strategic Plan #2. The committee meeting adjourned at 6:36 p.m.

The Finance Committee started at 6:37 p.m. Patera, Fisher and Guenther were present. Finance reports were reviewed by the committee. Discussion of the bills took place. The committee meeting adjourned at 6:53 p.m.

A meeting of the Board of Education of Springfield Platteview Community Schools in the County of Sarpy, in the State of Nebraska, was convened in open and public session at 7:01 p.m., Monday, April 13, 2026, at the SPCS Administration Building. Present: Kyle Fisher, Brenda Guenther, Brett Kreifels, Brian Osborn, Michael Patera, Lee Smith. Absent: None.

Notice of the meeting and committee meetings were given in advance thereof that included publication in the Sarpy County Times, on the district website and in five public places. Notice of this meeting was simultaneously given to all members of the Board of Education, and the agenda was communicated in the advance notice to the Board of Education of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public. Statute 84-1407 to 84-1414 require that the Open Meetings Act be posted in the meeting room. President Smith informed the board and the public that the Act is located on the west wall of the board room.

Action to approve the Consent Agenda as presented passed with a motion by Fisher and a second by Guenther. Vote: Yeas- Fisher, Guenther, Kreifels, Patera, Smith. Abstain (With Conflict) - Osborn. Nays- none.

There were no items from patrons.

Action to approve the track resurfacing proposal as presented passed with a motion by Fisher and a second by Kreifels. Vote: Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays-none.

Superintendent Dr. Saunders updated the Board on the option registration, enrollment numbers, and staffing for the 2026-2027 school year.

Dr. Saunders discussed the bond financing process along with phases for the upcoming construction projects.

Action to approve the certified contract for Kelsie Ruiz for the 26-27 school year as presented passed with a motion by Guenther and a second by Patera. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Director of Learning Heidi Zierott shared an update on the Americanism/Curriculum committee meeting. State statutes were reviewed to ensure state requirements, standards and assessments were met for all grade levels. The strategic planning Multi-Tier System Support goal for curriculum was also highlighted.

Special Services Director Jaci Lucas provided information on the Preschool enrollment and placement process for the 2026-2027 school year.

Assistant Principal Josh Siske provided information on a student survey for participation interest in athletics and activities for grades 7–12.

The Board shared session highlights from the National School Board Association conference.

Dr. Saunders updated the Board on the current Legislative session and bills that could impact education.

Building administrators shared their current attendance and absenteeism data for the year. Building strategies were shared that include a team approach, incentives, daily motivations and goals.

Board members reviewed their upcoming schedule of meetings, trainings, and conventions. Significant school calendar items were also discussed.

Action to adjourn the meeting at 8:06 p.m. passed with a motion by Patera and a second by Kreifels. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

**Board of Education Work Session**  
**Springfield Platteview Community Schools**  
**District 46**  
765 Main Street Springfield, NE 68059

The Policy Committee started the meeting at 6:34 p.m. Brett Kreifels, Michael Patera and Lee Smith were present. The committee reviewed policies as part of the 3-year review cycle. The committee adjourned at 6:54 p.m.

A meeting of the Board of Education of Springfield Platteview Community Schools in the County of Sarpy, in the State of Nebraska, was convened in open and public session at 7:03 p.m. Thursday April 30, 2026, at the SPCS Administration Building. Present: Kyle Fisher, Brenda Guenther, Brett Kreifels, Brian Osborn, Michael Patera, Lee Smith. Absent: none.

Notice of the meeting and committee meetings were given in advance thereof that included publication in The Daily Record, on the district website and in five public places. Notice of this meeting was simultaneously given to all members of the Board of Education, and the agenda was communicated in the advance notice to the Board of Education of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public. Statute 84-1407 to 84-1414 require that the Open Meetings Act be posted in the meeting room. President Smith informed the board and the public that the Act is located on the west wall of the board room.

There was no public comment.

Superintendent Dr. Saunders updated the Board on the concluded Legislative session and bills impacting education.

The Board discussed the possibility of purchasing land next to Westmont Elementary and a developer land transfer request.

Dr. Saunders updated the Board on the upcoming construction projects in the district that will begin over the summer.

Action to approve the resolution to approve the participation in the Nebraska Liquid Asset Fund as presented passed with a motion by Kreifels and a second by Guenther. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays-none.

Action that the Board of Education of this School District should and does hereby approve the Guaranteed Maximum Price Amendment, in the amount of Thirty nine million, thirty six thousand, seven hundred ninety four Dollars (\$39,036,794.00), to the construction manager at risk agreement between the School District and Boyd Jones Construction Company, for Facility Project #1, consisting of additions, expansions and renovations to the existing Platteview High School and Platteview Central Junior High, in the in the form on file with official School District records and as presented at this meeting or with such changes as are deemed necessary and in the best interest of the School District and approved by the Board President or Superintendent of Schools, and further hereby delegates authority to and authorizes and directs the Board President, or designee, to sign, execute and deliver the GMP Amendment, any changes to the GMP Amendment, change orders or other documents call for in such GMP Amendment, to pay the contract sum, and to take all other action necessary to carry such GMP Amendment into effect. passed with a motion by Osborn and a second by Fisher. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Action to approve the K-12 Science Curriculum as presented passed with a motion by Osborn and a second by Guenther. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Action to accept the resignation of Barb Jones at the end of the 2025-2026 school year passed with a motion by Kreifels and a second by Patera. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Action to approve the contract for Evelyn Rothanzl for the 2026-2027 school year as presented passed with a motion by Osborn and a second by Kreifels. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Action to approve the contract for MaKenna Dahlgrin for the 2026-2027 school year as presented passed with a motion by Kreifels and a second by Guenther. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Action to renew the Superintendent's 3-year contract from 2026-2029 as presented passed with a motion by Osborn and a second by Patera. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

Board members reviewed their upcoming schedule of meetings, trainings, and conventions. Significant school calendar items were also discussed.

Action to adjourn at 8:26 p.m. passed with a motion by Osborn and a second by Kreifels. Vote: Yeas- Fisher, Guenther, Kreifels, Osborn, Patera, Smith. Nays- none.

## Agreement for Cooperative Sponsorship

This Agreement is made between/among the School Boards of:

Head School Platteview	<a href="#">Edit Resolution and Enrollment</a>
Cooperative Member School #2 Weeping Water	<a href="#">Edit Resolution and Enrollment</a>
Cooperative Member School #3 Member School	<a href="#">Edit Resolution and Enrollment</a>
Cooperative Member School #4 Member School	<a href="#">Edit Resolution and Enrollment</a>

The parties agree as follows:

- Joint Application.** The above-named governing boards shall jointly make an application to the Nebraska School Activities Association (NSAA) Board of Directors before July 1, 2025 for fall activities; October 1, 2025 for winter activities; and January 1, 2026 for spring activities for approval for cooperative sponsorship of a joint high school program.

**Please check the activity or activities nondestructive which you are applying for cooperative sponsorship.**

<b>Fall</b>	Football	Volleyball	Boys Cross-Country	Girls Cross-Country	Girls Golf	Boys Tennis	<b>Softball</b>	Unified Bowling	Play Production
<b>Winter</b>	Boys Swimming	Girls Swimming	Boys Wrestling	Girls Wrestling	Boys Basketball	Girls Basketball	Boys Bowling	Girls Bowling	Speech
<b>Spring</b>	Debate	Baseball	Boys Track	Girls Track	Unified Track	Girls Tennis	Boys Golf	Boys Soccer	Girls Soccer
<b>Other</b>	Vocal Music	Instrumental Music	Journalism						

- Term.** This agreement shall be in effect for the following school years:

- 2025-2026
- 2026-2027
- 2027-2028
- 2028-2029

- Agreement to Cooperate.** If the joint application is approved by the NSAA Board of Directors, the above-named governing boards agree that they will cooperatively sponsor the combined program in the school years specified, provided that nothing in this provision shall be deemed to require that the governing boards offer that combined program at all in any particular year.

- Terms and Conditions of Cooperative Sponsorship.** Any combined program shall be cooperatively sponsored upon the following terms and conditions:

<b>Head School:</b>	<b>Platteview</b>
<b>Team Name:</b> ⓘ	Platteview
<b>Mascot:</b>	Trojans
<b>Primary Team Color:</b>	<span style="color: red;">■</span> Red <input type="button" value="Clear"/>
<b>Secondary Team Color:</b>	<span style="color: navy;">■</span> Navy <input type="button" value="Clear"/>
<b>Tertiary Team Color:</b>	<span style="color: white;">■</span> White <input type="button" value="Clear"/>

**Contracts.** Except as otherwise provided herein, contracts related to the cooperatively sponsored team with groups such as referee associations, with individuals, or with other schools or school districts, shall be made by the governing board of **Platteview** after consultation with the governing board of the cooperating school district. **In the event this co-op qualifies for reimbursement for any state championships, the check should be written to the head school.**

- Interdistrict Advisory Board.** An Interdistrict Advisory Board may be formed from members of the schools to work on the improvement of the various co-sponsored programs.
- Resolution of Disputes.** Any disputes related to this Agreement, or items in this Agreement requiring clarification, will be investigated by the school superintendents from each school, and they will present their findings and recommendations to their respective boards.
- Term, Dissolution.** The term of this Agreement shall be for school years **2026-2027** through **2027-2028**. The Agreement shall terminate at the end of the last school year specified, unless extended by mutual agreement. If the parties determine to extend the Agreement beyond the period specified, they agree to submit a *Cooperative Program Renewal Agreement* form to the NSAA Board of Directors prior to July 1 for fall activities; October 1 for winter activities; and January 1 for spring activities, preceding the school year or season in which the co-op program is to be implemented. If the parties determine to dissolve the Agreement at an earlier date, they agree to submit a request in writing from both schools signed by the Superintendent and Board Chairperson prior to July 1 for fall activities; October 1 for winter activities; and January 1 for spring activities. If the early dissolution of the Agreement is not approved, the combined program must be offered cooperatively, or not at all, during the remaining terms of the Agreement.
- Liability Insurance.** Nothing contained in this Agreement shall relieve any party to this Agreement from liability for its negligence or that of its officers, agents, and employees. Each party shall carry a minimum liability insurance limit in the amount of \$  for any one liability occurrence and carry a minimum aggregate liability insurance limit of \$  for any accumulation of liability occurrences that may occur during the insured policy period. The policy shall name the officers, agents, and employees of the other party as named insured. Each party shall provide the other party with a certificate evidencing such insurance coverage.

Submitting this form will take you to your school's Resolution Form **AND** alert the **schools above** they need to review this form and complete their portion too. You will need to complete your school's Resolution Form. You **will not be able to edit this form** once you press the Submit button.

## **Cooperative Resolution Girls Softball 2026-2027 & 2027-2028**

WHEREAS a proposed Agreement has been negotiated and drafted regarding the cooperative sponsorship of a joint high school program.

WHEREAS a copy of the proposed draft is attached and incorporated by reference.

NOW, THEREFORE, BE IT RESOLVED by the School Board of Springfield Platteview Community Schools as follows:

1. That the attached Cooperative Sponsorship Agreement is hereby approved;
2. That the Chair and Clerk are hereby authorized to execute the attached Cooperative Sponsorship Agreement and to make the required application to the Board of Directors of the Nebraska School Activities Association; and
3. That this resolution shall be effective only upon the adoption of a similar resolution by the Governing Board(s) or School Board(s) of the cooperating school(s) or school district(s).

**Contract for Supplemental Services  
Driver's Education  
2026-2027**

Educational Service Unit #3, hereinafter referred to as ESU #3 proposes to furnish supplemental services pursuant to 79-2201 et seq R.R.S. 1943 to the **Springfield Platteview Community Schools, Sarpy County**, Nebraska, hereinafter called the School for the 2026-2027 school year. This agreement is subject to the following terms and conditions:

**1. SERVICES**

ESU #3 will provide the instructor, automobiles, and all costs relating to maintenance, insurance, and behind-the-wheel training for driver education students. This service will not be available to physically handicapped students, as ESU #3 does not have the equipment or the expertise to provide this service. ESU #3 will provide a curriculum consisting of 20 hours of classroom and 3-4 hours behind-the-wheel. The School will provide classroom space free of charge for in classroom instruction.

**2. STUDENTS**

Minimum number of students will be 15.

**WHEN PROVIDED:**

<input checked="" type="checkbox"/> Saturday Hours Fall & Spring	<input type="checkbox"/> Est. Max # Students
<input type="checkbox"/> Summer Program	<input type="checkbox"/> Est. Max # Students

**3. COMPENSATION**

The Parent and/or Guardian shall pay ESU #3 for said services as follows:

**Total Program.....\$475/student**

**4. TERMS**

The payment will be made by the Parent and/or Guardian directly to ESU #3, prior to the class start date. Once payment is received, the specific class will be confirmed.

**5. CONDITION**

This proposal shall become a valid contract only when accepted by an authorized representative of the School and subsequently approved by and authorized representative of ESU #3.

PLATTEVIEW HIGH SCHOOL

# CURRICULUM

DESCRIPTION GUIDE

2026-2027

[PHS.SPCSNE.ORG](http://PHS.SPCSNE.ORG)

### General Information

The 2025-26 PHS Curriculum Guide is designed to be a resource for both students and parents as you navigate your high school experience. This document provides definitions of key terms, course descriptions and requirements for all courses, graduation requirements and paths, areas of distinction, career pathways and other important academic information.

### Academic Recognition

Students at PHS are recognized for academic excellence in a variety of ways.

\* All GPA's are based off of weighted GPA with no rounding

\* Must be enrolled in at least one course in the four core areas (ELA, Math, Science and Social Studies) in a semester

Principal's List- 4.0

Honor Roll - 3.50

Academic Letter- Students that have been named to the Honor Roll for the school year will letter for that year.

Distinguished Diploma - Students that have successfully completed the Distinguished Path for graduation (and meets all of the requirements outlined in the Curriculum Guide) will be recognized at the PHS Commencement Ceremony.

Additional Areas of Distinction- PHS recognizes excellence in multiple academic areas. The specific criteria for attaining distinction in each area can be found in the [Student Operations Guide](#).

Omaha World Herald Scholars- The Omaha World Herald annually recognizes students across the state of Nebraska for academic achievement. Students with an ACT score of 32 or higher are nominated for the recognition. Students that are then selected are featured in a special section in May.

### Student Classification

<u>Classification</u>	<u>Accumulated Credits</u>
Freshman	0-13
Sophomore	14-26
Junior	27-39
Senior	40+

### Grade Point Averages/Mark Point Table

<u>Letter grade</u>	<u>Percentage</u>	<u>Mark Points</u>	<u>Weighted Mark Points</u>
A+	97-100	4.00	5.00
A	93-96	4.00	5.00
A-	90-92	3.67	4.67
B+	87-89	3.33	4.33
B	83-86	3.00	4.00
B-	80-82	2.67	3.67
C+	77-79	2.33	3.33
C	73-76	2.00	3.00
C-	70-72	1.67	2.67
D+	67-69	1.33	2.33
D	63-66	1.00	2.00
D-	60-62	0.67	1.67
F	0-59	0.00	0.00

### Graduation Requirements

Students must earn 49 credits, and satisfactorily complete all required courses, to earn a PHS diploma. The chart below outlines the courses required for graduation. The PHS administration has the authority to evaluate and award credit towards graduation for incoming seniors based on their incoming transcript and course history.

<u>Department</u>	<u>Number of courses</u>	<u>Notes</u>
Language Arts	8	To include Honors or English 9, Honors or English 10, English 11 or Literature and Composition, and 2 semesters of English electives in 12 grade or Dual enrollment courses.
Social Science	7	To include US History 9 (Class of 2026), Honors or World History, Dual enrollment or US History 11, US Government, and one additional social studies elective.
Mathematics	6	To include Algebra 1, Geometry, and Algebra 2
Science	6	To include Full year of Biology, full of Physical Science, full year of a science elective.
PE	2	Students may choose from PE courses to acquire 2 credits
Health	1	Usually taken during the Sophomore Year
Business	1	Personal Finance

College & Career	1	Required of all juniors
Computer Science	1	Computer Science Essentials (Starting with class of 2028)
Electives	17 (16 for class of 2028 and beyond)	General Electives

### **Key Terms**

**AP Course-** the College Board's Advanced Placement courses are college-level offerings in a wide variety of subjects that students can pursue at the high school level. This experience prepares the college bound student for the rigor of a college course. Visit [AP Central](#) for more information on AP courses, tests, college credit and transferability of credits.

**Credit-** this is the value placed on each course in terms of earning progress towards graduation and advancing grade levels, with each semester of a course receiving 1 credit if passed with above a 60%.

**Dual Credit-** a course that is offered for both high school and college credit. Students have the option of taking these courses for high school credit only or for both high school and college credit (unless otherwise specified in the course syllabus). Parents are responsible for course fees associated with dual credit options and costs. It is vital that students and parents know and understand college policies and procedures regarding grading and add/drop.

**Electives-** courses that are not specifically required for graduation but offer a student a wide range of interest and subject area choice. While a student must earn credit in a number of elective credits to earn the 49 necessary for graduation. Which electives are chosen is up to the student. Students and parents should work with the counseling staff and advisory teacher for guidance in selecting these courses.

**Fee-** the amount of money students will be required to pay to cover the required supplies in a course. If a fee is required in a course, it will be noted in this guide in the specific course description. Fees must be paid by the end of the first full week of the semester. As mentioned above dual credit courses have additional fees as well. These will be billed and paid directly to the college or university.

**Honors Course-** a course that has a higher degree of rigor. The rigor can be in terms of the speed of the material presented or in terms of the additional requirements in place upon the student in the honors course.

**Permission to Enroll-** some courses require instructor permission to enroll. A student must gain this approval prior to registering. Courses with this requirement are noted in the specific course description of this guide.

**Project Lead the Way Course-** Project Lead the Way (PLTW) creates an engaging classroom environment unlike any other. PLTW empowers students to develop and apply in-demand, transportable skills by exploring real-world challenges. Through the pathways students not only learn technical skills, but also learn to solve problems, think critically and creatively, communicate and collaborate. Our teachers will be provided specialized training, resources, and support they need to engage students in real world learning.

Prerequisite- coursework that must be completed prior to enrolling in a course. Prerequisites are noted in the specific course description.

Required Course- course that is required for graduation

Weighted Grade- various courses at PHS are weighted due to the rigor of the course. Upon completion of the weighted course, the student will receive the grade earned on his/her transcript; however, the student will receive an adjustment to their mark points for the course (positively impacting their GPA). Not all dual classes are weighted; it is up to the discretion of the department to determine. See mark point chart in this document for more information.

Choosing a Path

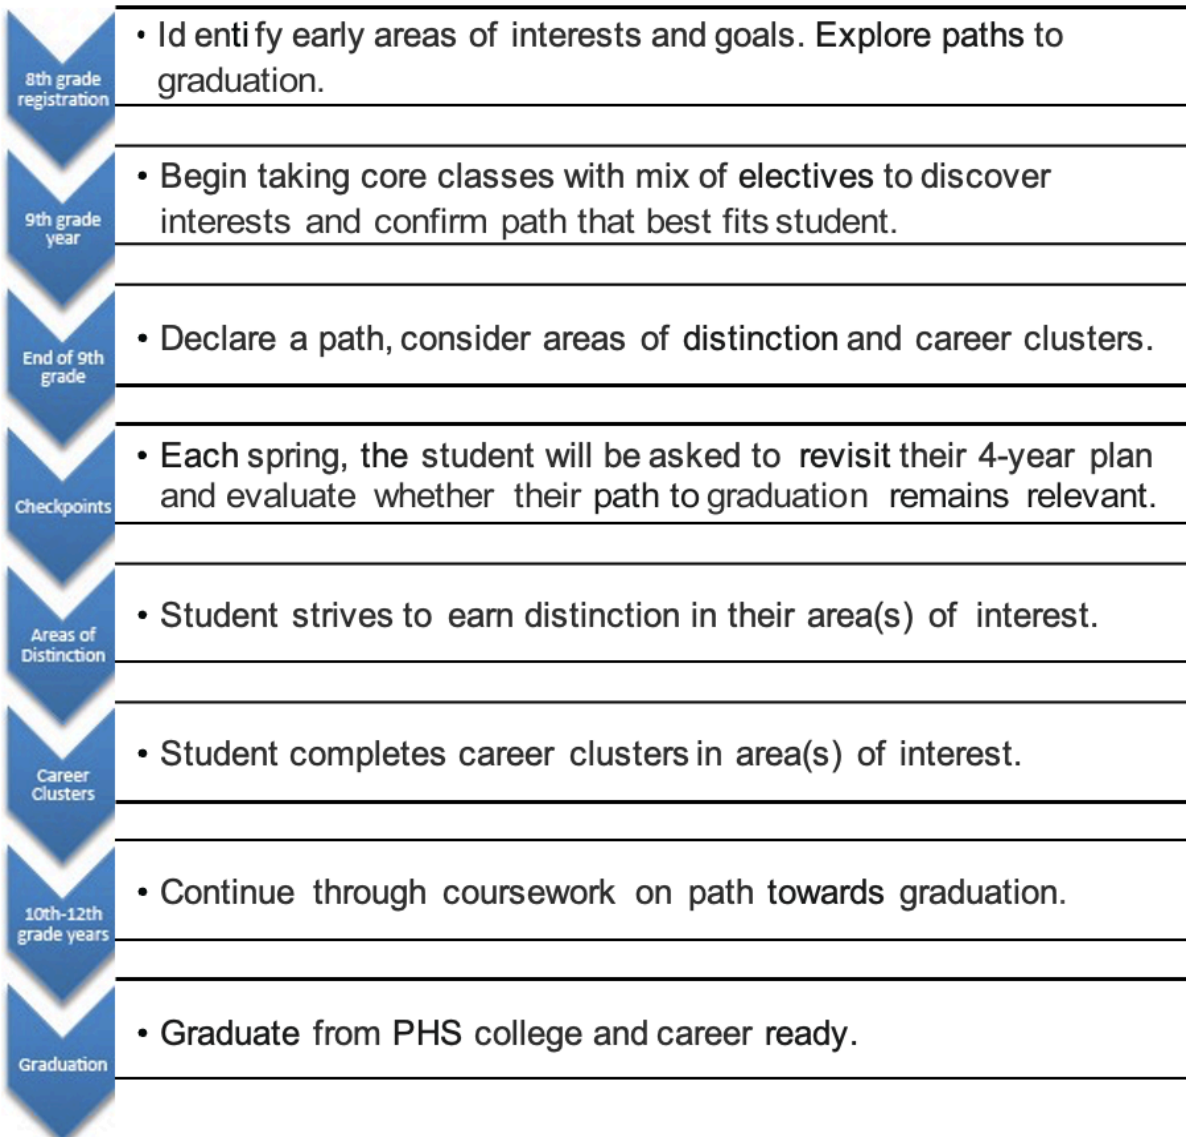

PHS offers three paths of coursework to meet the graduation requirements set forth by the Springfield Platteview Community Schools Board of Education. Each path is composed of groupings of courses that students can choose based on their specific interests and goals beyond high school. Our goal at PHS is to assure that every student is college and career ready upon successfully completing the graduation requirements.

Students begin their journey as incoming 9th graders taking a mix of required, core classes, and elective courses. The goal here is to expose students to a variety of courses across multiple areas as they discover their interest areas. Students will be exposed to rigor in all curricular areas.

5

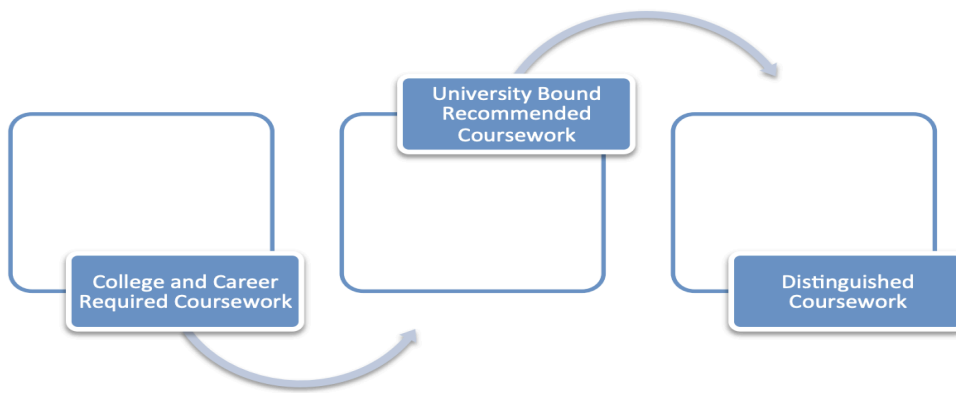

Each spring students will update their four-year plan. Although students will declare a graduation path during their sophomore year, a student may elect to move between the plans at any time.

## ***4-Year Planning and Academic Experience***

<b>Example Platteview High School Paths to Graduation</b>			
	<b><i>College &amp; Career</i></b>	<b><i>University Bound</i></b>	<b><i>Distinguished</i></b>

Community service			Log and complete 20 hours of community service
Completion of Path	49 credits	49 credits	49 credits and 3.6 weighted GPA or higher. No rounding

For further explanation please see course descriptions.

College and Career Required Coursework- Students selecting this path may have plans to attend college, directly enter the workforce upon graduation or may be opting to choose a military career. Any or all of these options may apply to students on this path. Successful completion of this path of course work ensures that a student has met all graduation requirements at PHS. This path offers the greatest flexibility of scheduling and number of possible electives for a student over the course of their high school tenure. Students that successfully complete all courses on this path will earn a diploma from PHS.

University Bound Recommended Coursework- Students selecting this path have aspirations to attend the University of Nebraska Lincoln or a similar peer institution at the university level. Successful completion of the course work included on this path will assure that all PHS graduation requirements are met. The course work on this path has been identified as courses that are important in preparing the student for the rigor of a four-year university. Students on this path still have a number of elect opportunities to explore additional areas of interest. Students that successfully complete all courses on this path will earn a diploma from PHS.

Distinguished Coursework- Students selecting this path of coursework are seeking the most rigorous coursework offered at PHS and have ambitions to attend the University of Nebraska or other similar four-year university. The rigor of the course work on this path offers the students similar rigor to what the student will encounter at the university level. A student on this path still has some room for electives throughout their high school tenure. Students successfully complete this path and all subsequent requirements associated with the path will earn a distinguished diploma from PHS and be recognized at graduation with a honor cord.

Additional Areas of Distinction- Springfield Platteview Community Schools and Platteview High School recognize and encourage all students to find their unique path. PHS encourages rigor and the pursuit of excellence across all academic offering and departments in addition to earning distinction by choosing and successfully completing the distinguished coursework and all stated requirements, students at PHS may be recognized for distinction in variety of departments or areas as described on page #8.

Career Pathways- Students at PHS can explore a number of career clusters that proceed from an introductory course through the capstone course of the particular pathway. Students that complete a pathway or multiple pathways will have this noted on their transcript. The various pathways offered at PHS are noted in each department section.

### Areas of Distinction

Language Arts	<ul style="list-style-type: none"> <li>● Successfully complete 4 years of ELA courses to include three years of honors level courses and all semesters of dual credit ELA.</li> <li>● Participate in two seasons of Play Production or Speech</li> <li>● Successfully completed 4 semesters of Publications or Writing Club.</li> <li>● Submit a portfolio of major projects in ELA.</li> <li>● Earn a 3.6 GPA in ELA courses.</li> </ul>
Science	<ul style="list-style-type: none"> <li>● Earn a 3.60 GPA in all Science courses</li> <li>● Successfully complete the following Science courses: Biology, Physical Science, Dual Physics, Physical Science DC PLUS Two additional semesters of Science electives OR Science related internship (Ex. UNMC or MCC)</li> <li>● 200 Word Essay to Department Chair about how science will impact your future.</li> </ul>
Mathematics	<ul style="list-style-type: none"> <li>● Successfully complete 4 years of Math courses during 9th-12th grade</li> <li>● Score at the 75th percentile or higher in the math portion of the ACT</li> <li>● All grades of A- (Except 2 B+ grades are allowed) or higher during each semester of math coursework.</li> </ul>
Social Studies	<ul style="list-style-type: none"> <li>● Successfully completed 4 years of social science courses to include Honors World History, Dual Enrollment US History, and DC American Government.</li> <li>● Submit a portfolio of Major Projects.</li> <li>● Earn a 3.60 GPA in all social studies courses.</li> </ul>
Business/ Computer Science	<ul style="list-style-type: none"> <li>● Successfully complete all pathways in a specific career field with the exception of Information Technology, which required the successful completion of 2 pathways.</li> <li>● Business- Participate in FBLA 3 years, hold a leadership position a minimum of 2 years and compete at State Leadership Conference a minimum of 2 years.</li> <li>● Computer Science- Participate in either FBLA or Skills USA for 3 years, hold a leadership position a minimum of 2 years and compete at the state level in either organization at least 2 years.</li> <li>● Earn a 3.6 GPA in all business and computer science courses.</li> <li>● Submit a portfolio of major projects in capstone classes in Business and/or Computer Science.</li> </ul>
FACS	<ul style="list-style-type: none"> <li>● Must successfully complete 2 of the 4 career pathways in the FACS area.</li> <li>● Participate in FCCLA all 4 years and must run for an officer position at least once in high school.</li> <li>● Submit a portfolio of major projects in FACS capstone courses and all awards earned.</li> <li>● Must place at the state FCCLA contest.</li> <li>● Earn a 3.6 GPA in all FACS course work.</li> </ul>
Industrial Technology	<ul style="list-style-type: none"> <li>● Successfully complete 2 of the 4 career pathways in the Industrial Technology area.</li> <li>● Participate all 4 years in Skills USA.</li> <li>● Enter the State Skills USA event 3 out of 4 years.</li> <li>● Earn a 3.6 GPA in all IT classes.</li> <li>● Submit a portfolio that highlights all major projects in capstone</li> </ul>

	courses and awards in IT.
Instrumental Music	<ul style="list-style-type: none"> <li>● Must letter in band all 4 years.</li> <li>● Receive honor band recognition by audition, a minimum of 2 years.</li> <li>● Perform a solo at district music contest during high school</li> <li>● Submit a portfolio that highlights all major projects and awards in the music program.</li> <li>● Earn a 3.6 GPA in all music classes.</li> </ul>
Vocal Music	<ul style="list-style-type: none"> <li>● Must letter in choir all four years.</li> <li>● Receive honor choir recognition, by audition, a minimum of 2 years.</li> <li>● Perform a solo at district music contest during high school.</li> <li>● Submit a portfolio that highlights all major projects and awards in the music program.</li> <li>● Earn a 3.60 GPA in all music courses.</li> </ul>
Visual Arts	<ul style="list-style-type: none"> <li>● Complete 2 of 4 career pathways in Art at PHS.</li> <li>● Place at a local Art show.</li> <li>● Participate in the Art Club all 4 years.</li> <li>● Submit a portfolio that highlights all major projects and awards in the art program.</li> <li>● Earn a 3.6 GPA in all Art courses.</li> </ul>
Foreign Languages	<ul style="list-style-type: none"> <li>● Successfully complete 4 years of Spanish</li> <li>● Earn dual credit in Spanish 4</li> <li>● Be an active member of the Spanish club all 4 years.</li> <li>● Earn an Excellent rating at Spanish competition.</li> <li>● Earn 3.6 GPA in all Spanish courses</li> <li>● Complete a portfolio of all major projects in Spanish.</li> </ul>

### Portfolio Details

In order to meet the requirements to be considered for distinction at Platteview High School in a specific academic area, a student must submit a completed portfolio for consideration. Applicants should refer to the Areas of Distinction at Platteview high School chart in the current PHS Curriculum Guide to determine if you qualify. It is important to note that with the additional areas of distinction being a new recognition, it is likely students may not be able to meet the criteria of some areas yet.

**Portfolios must be submitted to the department chair of the academic area(s) that a student qualifies for.**

**Portfolios must be submitted no later than the third Friday in March by 4:00 pm. No late submissions will be accepted.**

Scoring of Portfolio

Scoring Rubric for Portfolios (all areas)		
Score	Result	Description
4.0	Exemplary: student has earned distinction	The portfolio contains all required elements. In addition, the student has included specific and thorough evidence of all major projects in the area/department. Portfolio is professional and contains no punctuation errors. Content and appearance provides evidence that the student has put significant time and effort into their portfolio. It is presented in a folder or binder.
3.0	Meets: students has earned distinction	The portfolio contains all required elements. In addition, the student has included specific and thorough evidence of all major projects in the area/department. Portfolio is professional and contains a few punctuation eros. Portfolio content and appearance provides evidence that the student has put adequate time and effort into the portfolio. It is presented in a folder or binder.
2.0	Does not earn	The portfolio is missing one or more required elements or is unorganized or contains frequent spelling errors. Portfolio is presented in a folder or binder.
1.0	Does not earn	The portfolio is missing multiple required elements and is unorganized and/or contains frequent spelling errors. Portfolio is presented in a folder or binder.
0.0	Does not earn	Not submitted on time or is not presented in folder or binder.

\*When submitted, a student's portfolio will be judged by all certified staff members in the area/department. All scores will be averaged to tally a student's final mark. No rounding will occur.

### Portfolio Requirements

- Resume- Include a personal resume that outlines how you have met the specific requirements for distinction in the area/department.
- Evidence of Major Projects- Students must provide evidence of all major projects in the area/department. For major projects that are written, a copy of the paper or project must be included for each project. For major projects that were constructed or created, pictures with detailed narratives must be included for all major projects in the area.
- Evidence of meeting GPA requirements in area- a copy of the student's transcript must be included with all courses in area highlight. In addition, the GPA summary sheet must be completed and submitted.
- Evidence of completing all required courses in area- Student must have completed (or currently completing) all required coursework outline on Areas of Distinction chart.
- Final Reflection paper - Each portfolio must contain a reflection paper that meets all of the following criteria.
  - Summary of experiences gained by students over the year in class offerings in the area/distinction.
  - Summary of why student performance on major projects and requirements demonstrates excellence in area/department.
  - Reflection paper must be double spaced, 12 pt Times New Roman print with margins of 1" and must include a title page.
  - Title page must include the student's name, current grade, date and area of distinction applying for.

## Platteview High School's Career Education Model

### Purpose

At Platteview High School, we have developed an intentional and supportive educational model that delivers robust career education to all of our students. This model includes appropriately assessing student strengths, and career interests, through the use of a variety of assessment tools. This information is gathered and used by both students and staff to advise students on meaningful course selections and completions of programs of study. Our model also includes opportunities for contextualized learning, tailored career exploration and application experience. It is our goal to provide highly skilled students that can transition seamlessly from high school to college, tech school, or the workforce with certification needed to meet community and industry demands.

### Platteview High School Career Education Framework

The goal of our model is to guide students towards one or more of the 6 career fields for further exploration and focused career education. At the core is a rigorous group of core courses included in the Core Academy. These prepare students for both high school graduation and any post-secondary plans that they may have. Students will focus on these cores during the 9th and 10th grade year as they explore themselves, potential career options, and post-secondary plans.

Students are matched with a career field that best fits their interests and abilities. The career fields provide ways for students to explore the diversity of career options available to them and to begin to prepare for their career with plans for secondary and post secondary education.

### Programs of Study

Students can choose a more specific program of study within that career field. The specific course of study is known as a program of study. Educational programs of study are designed to give students choices that make learning more relevant for each individual learner. The focus of a program of study is to create a sequence of courses that is both relevant and interesting to individual students and their educational and career goals. Through the understanding and analysis of their assessment results, students will be able to select multiple programs of study that aligns with their individual educational interests and future plans and will allow them to explore multiple career areas.

### Work Based Learning Experience

Work-based Learning Experiences are a fundamental piece of career education at Platteview High School. The mission of work-based learning is to connect the classroom and the community to create experiences for students to use and apply their academic and career education knowledge and skills in the real world. These opportunities maximize student interests, strengths and career aspirations.

Work based learning provides students a meaningful experience in the workplace while still in high school. These activities can take many different forms. They range from career awareness and expiration to work site learning experiences that involve active student participation in the workplace. Examples include: Job Shadows, Field Trips, Verified Internships, and Supervised work Experience, for a more detailed look at opportunities available refer to the Extended Learning Academy descriptions.

State Recognized Programs of Study

Pathways may be either NDE or PHS pathways of study.

### Early Graduation

#### Graduation at Semester of Senior Year

1. Declare intent to graduate early, no later than June 1st preceding their senior year by submitting an [early graduation form](#).
2. Successfully complete credit check with grade level counselor to confirm the student is on track to graduate early. A student interested has two options to complete their English 12 requirement.
  - a. The student must double up English 11 and 2 semesters senior elective courses (or their respective Honors courses) their junior year.
  - b. The student must complete the second semester elective during the first semester of their senior year.
3. The intent to graduate early is contingent upon successful completion of a PHS graduation requirements.
4. Mid-year graduates are eligible to participate in the Commencement Ceremony with the rest of their class in May of the respective year. A mid-year Commencement is not offered.

5. Students must have attended PHS a minimum of two semesters prior to application to graduate early.
6. At the time of withdrawal from PHS (at the conclusion of the 1st semester) the student will be ineligible for all NSAA activities.

#### Graduation at the end of Junior year

The board of education has authorized the superintendent of schools to permit a student to graduate at the conclusion of their junior year in special circumstances. The procedure is as follows:

1. The student and/or parent shall request a meeting to be held between the student, parent, HS Principal, and grade level counselor. Both the student and parent must be in attendance.
2. The student and/or parent must outline special circumstances that have led to the request.
3. Based on the meeting, the Principal shall make a recommendation to the superintendent of schools.
4. The superintendent shall make the final decision and will notify the student and parents accordingly.
5. The intent to graduate early is contingent upon successful completion of all PHS graduation requirements.

#### Schedule changes

The class schedule students receive at the beginning of the school year is based upon the registration process completed the preceding spring each year. Parents, students and Platteview High School must consider the spring registration process as being one of a near contractual agreement. It is extremely important that parents and students do their research before selecting courses. Part of this research involves reading the course description provided in this curriculum guide and attending the Early Registration/Open House to gather as much information as possible in advance of selecting courses that best match the interests/ abilities of the student. Students are expected to take the courses for which they register. Changing a student schedule is a rare occurrence, and the following rules shall be applied if a schedule request is made.

1. The time period available for making schedule changes shall be from the first through the 5th day school day of the semester. Any changes outside of the schedule change period shall result in students receiving a WF (Withdrawal Fail) from the course. A WF will impact the student's GPA by having a "0" calculated into the mark point total when figuring the total GPA for the students.
2. The only exceptions to schedule changes occurring outside of the procedures outlined in item #1 would be for school-initiated changes due to misplacement of students (honors vs. regular class, documented medical conditions, etc.)
3. Any requested schedule change (within first 5 days of each semester) shall be preceded by the following steps prior to approval:
  - a. The student shall write a brief rationale for making the change
  - b. A counselor will meet with the student
  - c. The signature of the teacher from the course that the student is leaving shall be obtained.
  - d. The signature of the teacher from the course that the student is moving to shall be obtained
  - e. Parent/guardian signature shall be obtained
  - f. Administrator signature shall be obtained.
  - g. The student will be responsible for obtaining the required signatures. Forms and instructions are available in the guidance office and in the Appendix section of this document.
4. All changes will be dependent upon space availability in the desired course. Any change can be denied based on seat availability.

## SPCS Grading Policy

Please see information in the [Student and Parent Handbook](#).

### Incompletes

If a student fails to complete all requirements for a class (including taking a required final examination or completing a required project), the student will receive a grade of Incomplete until such work is satisfactorily completed. A student shall have no longer than two weeks to complete all missing work. After this time, the student will receive a "0" for any missing work and the Incomplete will be changed to the resulting grade that the student has earned.

### College/Dual Credit drop policy

The college credit portion of a dual credit course is regulated by the enrolling college or university.

### Class Load Requirements

- Students in grades 9-10 are required to carry a **minimum of seven academic periods during each semester of high school**. A 9th or 10th grade student may: be enrolled in seven (7) courses and a study hall or be enrolled in eight (8) classes
- Students in grade 11 are required to carry a **minimum of six academic periods during each semester of high school**. Administration reserves the right to waive this requirement for an Internship or academic program that takes the student outside of PHS such as Metro Academy. This waiver will only be considered for students who are in good academic standing and on course for graduation.
- Students in grade 12 are required to carry a **minimum of four academic periods during each semester of high school**. Seniors in good academic standing, on course for graduation or planning to graduate early may request abbreviated schedules. The Principal and Counselor will make scheduling decisions based on the needs of the individual student.

### Repeating a course

A student may occasionally wish to repeat a class that interests the student. Students may not request to repeat a required course that the student has previously passed. Students wishing to repeat an elective course may do so if seats are available in the class, unless a limit is specifically listed on a course in this document. All grades earned will be documented on the student's transcript and included in the student's GPA.

### College and Career Counseling/ Resources

There are a number of resources available to assist students in planning for a post-secondary education. Planning for the future can be overwhelming. The following websites have a multiple of timely information that will be helpful in the planning process.

College Planning Resources

[Nebraska Career Corrections](#) Provides education and career planning resources

[Education Quest](#) information on creating an activities resume, a financial aid estimator, college planning tips, and scholarship searches.

[ACT Student](#) register for the ACT test, practice questions, and college planning resources.

[College Board](#) register for the SAT test, practice questions, and college planning resources.

In addition, a student or parent can make an appointment to visit with the Platteview high School counselors or the Platteview high School College and Career Center staff to assist with needs in this area.

### **Career Exploration Resources**

It is recommended that students begin exploring potential careers during their high school experience. This exploration will be guided during Advisory periods throughout the year. However, the following resources are for students and parents to explore on their own.

[Career Exploration College Board](#)

[High Wage, High Demand jobs in Nebraska](#)

[My Next Move](#)

[Occupational Outlook Handbook](#)

### **Playing Sports in College**

College athletic websites have student-athlete questionnaires for interested students to complete to begin the recruiting process and dialogue with a college coaching staff. This is a good way for a high school student to communicate interest in being considered for the college's athletic program.

#### *Division 1 or Division 2*

Students interested in playing at a Division 1 of 2 college must register with the NCAA Eligibility Center. Students are encouraged to register for the Clearinghouse by the end of their junior year. The responsibility for registering with the Clearinghouse and meeting all requirements for eligibility rests with the student and parents. High school coursework, grades, and ACT scores will factor into a student's eligibility. Younger students should research the academic requirements needed to qualify for the NCAA Eligibility Center early to insure that they are on track. [NCAA Eligibility Center](#).

#### *Division 3 or NAIA*

Every student who is interested in playing championship sports at NAIA colleges for the first time needs to register and receive an eligibility determination. For more information on NAIA visit [Play NAIA](#). The responsibility for registering with the NAIA Eligibility Center and meeting all requirements for eligibility rests with the student and parents. High school coursework, grades, and ACT scores will factor into a student's eligibility. Younger students should research the academic requirements needed to qualify for the NAIA Eligibility Center early in high school to assure they are on track.

#### *Junior College*

Student-Athletes interested in competing at the Junior College level should contact the head coach of the institution that he/she is interested in about eligibility to play and rules for the future transfer to a college or a university. Visit [NJCAA](#) for more information.

### **Study Halls or Independent Study Period**

Students at Platteview High School may elect to take a study hall period. Study Halls at Platteview High School are intended to be an intentional part of the academic day. Students have the option of the following during study hall:

- Homework, Test or Quiz Prep, completion of class project
- ACT Prep
- Appointment with a teacher in class that student needs extra help, students must present a pass from the teacher at the beginning of the period.

- Silent Reading

If a student does not agree to these standards for study hall, the student should not sign up and should take a course instead.

Students and Platteview High School in grades 10-12 that qualify may also apply for Independent Study Period in place of a study hall. This privilege is meant for students that have the maturity and responsibility to study on their own in a quiet environment. The following criteria will apply to Independent study time.

- Students in grades 10-12 may apply for an independent study period.
- The application for consideration must be submitted by the last day of the previous semester to be considered.
- The student must have a grade point average of 3.0 or greater.
- The student must be on track for graduation.
- The student may not have an open period of a Study hall and have a scheduled independent study.
- Students must have less than 6 tardies or have less than 9 countable absences the preceding semester.
- The student may not have been referred to the office for any discipline wrestling in ISS or greater during the previous semester.

Process for Independent Study Period

- Report directly to the prior agreed upon designated location.
- The student may not wander about the building. The student must gain permission to leave the location from staff.
- The student may meet with a teacher who is available by providing the supervisor a note from the requesting staff member.
- The study may not appear on the D's and F's list or be listed on the missing assignment report.
- Any student violating above conditions will be placed in Study Hall for the remainder of semester. No warnings are given prior to losing the privilege of having an independent study period.

### **Open Periods**

In order to be eligible for an open period, a senior must meet (and maintain) all of the following qualifications.

- A minimum of a 2.5 cumulative grade point average during the preceding semester.
- No unexcused absences the preceding semester
- Less than 9 countable absences in all class periods during preceding semester.
- Less than 6 tardies to any single period the preceding semester.
- Counselor verification that the student is on track for graduation.
- No discipline resulting in an out of school suspension during the preceding semester.
- No more than 5 days of assigned in-school suspension during the preceding semester.

Additional notes regarding open periods

- The only periods eligible for an open period are 1st, 7th or 8th. A student may only be eligible for an open period 7th period if he/she has met the full scheduling requirements listed in this document and he/she has a zero hour period.
- A student may apply each semester for eligibility for an open periods
- A student may request to have a maximum of one open period per day.
- Students with an open period may not be on campus during the open period unless the student has scheduled time with a staff member.

- Students violating any of the criteria listed about may have their open period revoked immediately.
- The high school administration may assign alternate schedules to a student when extenuating circumstances arise.
- The application for approval of a student to have an open period must be completed and submitted prior to school ending to the preceding semester.

The application must receive approval from the following parties.

- Principal or Assistant Principal or Counselor
- Student and Parent

Applications will be available in the Main Office beginning in March each year and are available in the Appendix section of this document.

### **Advisory Period**

Each student will be assigned to an individual staff member who will lead a daily Advisory Period. During this period, the staff member will serve as a mentor to a small group of students. The purpose is to have a daily time set aside to have an adult in every student's life at Platteview High School that can have an intentional role in helping guide students during their time at PHS. Among the activities planned for Advisory Period are the following; grade and attendance checks, weekly planning, character programs, guest speakers, remediation, MAP and ACT prep/tracking and overall student wellness. See mission and goals document in Appendix section for more information.

### **Registration Sheet**

All students must complete and submit a registration sheet as a part of the registration process each year. The official registration sheet is found in the Appendix section of this guide.

As is stated elsewhere in this handbook, the registration process should be a very deliberate, intentional and thoughtful process between the student, parents and counseling staff. As a part of this process, the student should complete their four year plan for success form that is included in the Appendix section of this document. Lastly, it is important each year to consider if the diploma path choice of the student is still accurate.

### **Office Aide /Teacher Aide**

Students may apply to serve as an aide in various areas (main office or an individual teacher) Serving as an aide is a non-credit elective choice that some students elect to gain experience in an area of interest. Office aides help with general clerical tasks. Teachers aides assist a teacher with classroom duties such as handing out papers, etc. And, finally a tech aid works with the technology department in providing the valuable first-contact support component we need to screen issues, and help resolve them quickly.

# Art

<b>Course #</b>	<b>Class Title</b>	<b>Course Length</b>	<b>Credits</b>	<b>Open To</b>
029930	Advanced Art	Semester	1	10-12
20200	Drawing	Semester	1	9-12
020100	Foundations of Art	Semester	1	9-12
020706	Painting	Semester	1	9-12
020600	Photography	Semester	1	9-12
020400	Pottery	Semester	1	9-12
029931	3D Art	Semester	1	9-12

<b>Advanced Art</b>	
<b>Course #</b> 029930	<b>Prerequisite:</b> Foundations of Art and two other Art Classes (Painting, Drawing, 3D Art, Pottery)
<b>Class Fee:</b> \$30 per semester	
<p><b>Course Description:</b> Advanced Art is an opportunity for students to build a portfolio and work on more advanced projects. Students are expected to keep up with the pace of the class (more than one project at a time), and produce quality work. The class also provides an opportunity for artists to develop their personal style and designs by exploring a variety of mediums (drawing, painting, and pottery.) Projects will include a combination of assigned and elective projects. Students will be expected to keep a sketchbook to plan out ideas and draw from observation.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>● Have an awareness and sensitivity to natural and man-made environments</li> <li>● Examine a variety of objects and apply the elements and principles of design</li> <li>● Use inventive and imaginative expression through art materials and tools</li> <li>● Be able to design, develop and create artworks using a variety of art materials</li> <li>● Learn to appreciate art of the past and present</li> <li>● Continue on their growth and aesthetics through visual discrimination and judgement.</li> </ul>	

<b>Drawing</b>	
<b>Course #</b> 020200	<b>Prerequisite:</b> Foundations of Art
<b>Class Fee:</b> \$25 per semester	
<p><b>Course Description:</b> In this course students will utilize and expand on the elements of art and principles of design and use them to create two-dimensional drawings. Drawing materials may include, but are not limited to, pencils, pen and ink, oil pastels, chalk and charcoal. Students will also study various artists and artworks.</p>	

**Course Outcomes:** The student will...

- Draw from life with correct proportions and shading
- Create a composition utilizing a variety of drawing materials (pencil, charcoal, ink, colored pencil, etc)
- Be able to create projects with specific guidelines
- Understand art terms relating to art projects and art history
- Be able to critique a work of art

### Foundations of Art

**Course #** 020100

**Prerequisite:** N/A

**Class Fee:** \$25 per semester

**Course Description:** Foundations of Art is an introductory studio course in which students gain exposure to the arts through a variety of 2D and 3D media. Students will learn how to create utilizing the elements of art and design. In this course, students will see, feel and think about the world within a contemporary and historical perspective. Foundations of Art is a prerequisite to take all other Art classes.

**Course Outcomes:** The student will...

- Understand and utilize the elements and principles of art
- Create art using various art mediums.
- Review works of art from various periods of history, differing styles and various cultural groups to develop a broad base of understanding that celebrates cultural diversity and gain an understanding of global views.
- Be able to talk about works of art, learn basic skills and gain knowledge necessary to communicate each art form.
- Explore, theorize and apply principles of aesthetics and art criticism to their own artwork and the artwork of classmates.
- Develop an awareness of an appreciation for the presence of art both within the classroom and everyday experiences.
- Provide a detailed, in depth critique of another classmate's artwork.
- Utilize critiques from fellow students to finish works of art.

### Painting

**Course #** 020706

**Prerequisite:** Foundations of Art

**Class Fee:** \$25 per semester

**Course Description:** In this course students will be introduced to classical and contemporary painting styles and artists. Students will explore a variety of painting techniques and compositions. Students will learn color theory and mixing techniques while creating still lifes, portraits, landscapes and abstract paintings. Students will be able to mix colors to match life/reference.

**Course Outcomes:** The student will...

- Develop confidence in using painting as a primary medium for artistic expression
- Explore the fundamental processes of visual perception and artist expression
- Be able to verbalize ideas and processes in art making
- Develop an understanding of history styles and contemporary issues in painting.

<b>Photography</b>	
<b>Course #</b> 020600	<b>Prerequisite:</b> Student should have access to a 35mm digital single lens reflex camera and must have their own SD card
<b>Class Fee:</b> N/A	
<b>Course Description:</b> Photography will introduce the basics of taking pictures with a 35mm digital single lens reflex camera. Top students will be given the opportunity to become a yearbook or newspaper photographer.	
<b>Course Outcomes:</b> The student will... <ul style="list-style-type: none"> <li>● Understand the parts of a 35mm camera and their function.</li> <li>● Understand the role of lighting and shutter speed in taking pictures.</li> <li>● Understand the principles behind mixing ISO, shutter speeds, and aperture to produce commercial photographs.</li> <li>● Understand the basic fundamentals of photography</li> </ul>	

<b>Pottery</b>	
<b>Course #</b> 020400	<b>Prerequisite:</b> Foundations of Art
<b>Class Fee:</b> \$30 per semester	
<b>Course Description:</b> In this course students will create 3D artwork using clay and glaze. Students utilize different hand building techniques as well as focus on composition. Students will create a piece using the coil method, slab method, pinch method, and also will be expected to combine techniques. Students will also learn different ways to decorate pottery by carving, glazing, and painting.	
<b>Course Outcomes:</b> The student will... <ul style="list-style-type: none"> <li>● Demonstrate the ability to perceive and describe qualities and expressive content in ceramic products</li> <li>● Demonstrate the technical skills needed to produce products with aesthetic qualities</li> <li>● Demonstrate techniques of forming pottery</li> <li>● Use vocabulary related to ceramics/pottery</li> <li>● Demonstrate an awareness of the history of pottery.</li> </ul>	

<b>3D Art</b>	
<b>Course #</b> 029931	<b>Prerequisite:</b> Foundations of Art
<b>Class Fee:</b> \$30 per semester	
<b>Course Description:</b> In this course students will be introduced to the basics of ceramics and techniques of rendering in a 3D space	
<b>Course Outcomes:</b> The student will... <ul style="list-style-type: none"> <li>● Develop confidence in using painting as a primary medium for artistic expression.</li> <li>● Explore the fundamental processes of visual perception and artistic expression.</li> <li>● Be able to verbalize ideas and processes in art making.</li> <li>● Develop an understanding of history styles and contemporary issues in painting.</li> </ul>

### **Accounting 1**

<b><u>Course #</u></b> 030501	<b><u>Prerequisite:</u></b> 10-12 grade,
<b><u>Class Fee:</u></b> N/A	<b><u>Pathway(s):</u></b> Finance, Financial Management & Law
<p><b><u>Course Description:</u></b> This course covers sole proprietorship accounting principles involved in the preparation and maintenance of financial records concerned with business management and operations. It is a comprehensive introduction to basic accounting including recording, summarizing and reporting. The computer will be used for accounting applications. Real life applications of the accounting concepts will be used in the school-based business the Trojan Zone.</p>	

**Course Outcomes:** The student will...

- Complete and explain the purpose of the steps of the accounting cycle
- Apply generally accepted accounting principles (GAAP) to determine the value of assets, liabilities, and equity
- prepare , interpret, and analyze financial statements for various types of business. Apply appropriate accounting principles to payroll, income taxation, and various forms of ownership
- Investigate accounting-related career opportunities, workplace skills and ethics related to the field of accounting.

## Accounting 2

**Course #** 030502

**Prerequisite:** 10-12 grade, Accounting 1

**Class Fee:** N/A

**Independent study only**

**Course Description:** This one semester course covers corporations and payroll. Along with principles of income measurement and asset valuation, and accounting systems and controls. Students are exposed to careers in the accounting field and are given the opportunity to perform accounting applications using the computer.

**Course Outcomes:** The student will...

- Prepare, interpret, and analyze financial statements for corporations.
- Apply appropriate accounting principles to payroll, income taxation, and various forms of ownership.
- Investigate accounting-related career opportunities, workplace skills, and ethics related to the field of accounting.

## College & Career Readiness

**Course #** 320101

**Prerequisite:** 11th grade

**Class Fee:** N/A

**Required of all Juniors**

**Course Description:** The course is designed to assist in the overarching goal at Platteview High School to prepare all students to be college and career ready. Students will be exposed to college and career skills through a variety of experiences aimed at preparing each student for life beyond PHS.

**Course Outcomes:** The student will...

- Update their PHS credit check form to assure that they are on track for graduation.
- Meet individually with a counselor to review a 4-year plan that student has in place to determine potential offerings that interest the student or that the student needs to complete their graduation requirements.
- Review career paths and areas of distinction to see if they may qualify.
- Identify strengths and areas of interest with various assessments
- Learn various interview techniques and gain experience with different interview types.
- Gain experience in preparing cover letters, resumes, and other hiring correspondence.
- Learn effective transition skills for the workplace and college level,

- Participate in job shadowing in area of interest,
- Gain experience with the college application process including FAFSA.
- Compose a research paper on a career area of interest.
- Learn appropriate social behaviors and skills needed for the workplace and college.
- Develop a formal presentation using PowerPoint, Prezi, google slides.
- Learn how to use and gain experience using microsoft excel or other spreadsheet programs.

<b>Digital Media</b>	
<b>Course #</b> 270602	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Digital Design, Broadcast Journalism
<p><b>Course Description:</b> Students will learn and apply copyright laws while using industry standard digital tools to create, design, and produce digital media including sound, video, motion graphics, and print design following rules of composition and basic design principles. Projects may include content for the Daktronix boards for public events at PHS.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>• Evaluate and comply with copyright laws</li> <li>• Demonstrate composition techniques with photos, videos, and typography</li> <li>• Create and edit digital photographic images</li> <li>• Create and edit digital audio</li> <li>• Create and edit digital video</li> <li>• Create and edit motion graphics objects for animation</li> <li>• Create and edit digital print design</li> </ul>	

<b>Digital Design</b>	
<b>Course #</b> 270611	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Digital Design, Business Technology
<p><b>Course Description:</b> Students will focus on developing skills to plan, design, and create digital design projects using elements of composition, digital photography, and digital print design. Projects may include content for the Daktronix boards for public events at PHS.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>• Utilize composition techniques</li> <li>• Create and edit digital photographic images</li> <li>• Create and edit digital print design</li> <li>• Create and edit motion graphics objects for animation</li> </ul>	

<b>Economics</b>	
<b>Course #</b> 151000	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Financial Management
<p><b>Course Description:</b> explores economic principles in order to make wise decisions relating to personal financial affairs, the successful operation of organizations, and the economic activities of our country. Students will develop an understanding of our economic system and other systems existing in the world today.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>● Assess opportunity costs and trade-offs involved in making choices about how to use scarce economic resources.</li> <li>● Explain why societies develop systems, identify the basic features of different economic systems, and analyze the major features of the U.S. economic system.</li> <li>● Analyze the role of core economic institutions and incentives in the U.S. economy.</li> <li>● Analyze the role of markets and prices in the U.S. economy.</li> <li>● Explain the importance of productivity and analyze how specialization, investment in physical and human capital, and technological change affect productivity and global trade.</li> <li>● Analyze the role of government in economic systems, especially the role of government in the U.S. economy.</li> <li>● Analyze how the U.S. economy functions as a whole as measured by economic indicators.</li> </ul>	

<b>Entrepreneurship</b>	
<b>Course #</b> 032370	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Entrepreneurship, Management and Marketing Entrepreneurship
<p><b>Course Description:</b> Entrepreneurship is a course designed for students with a career interest in entrepreneurship. Emphasis is placed on the evaluation of the business skills and commitment necessary to successfully operate an entrepreneurial venture and review the challenges and rewards of entrepreneurship. The role of entrepreneurial businesses in the United States and the impact on the national and global economy will be explored. Instructional strategies will include the development of a business plan, with concepts relating to the operation of our school-based business (The Trojan Zone).</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>● Explore the characteristics of an entrepreneur.</li> <li>● Explain the forms of business ownership as related to entrepreneurship.</li> <li>● Recognize the management, financial, marketing , and legal skills necessary to successfully operate and grow an entrepreneurial venture.</li> <li>● Develop the elements, design, and rationale of a business plan.</li> <li>● Investigate the role of entrepreneurship in the global economy.</li> <li>● Analyze opportunities in entrepreneurship.</li> </ul>	

<b>Introduction to Business, Marketing &amp; Management</b>	
<b>Course #</b> 032300	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Entrepreneurship, Hospitality & Tourism, Law and Management
<p><b>Course Description:</b> Introduction to Business is designed to provide an understanding of the role of the consumer and business person in today's high technological society. The course provides a basis for further study in business, as well as, offering useful and practical aspects of living for all students. It is designed to help students become wiser consumers, good citizens, and efficient employees while contributing to the development of their total economic understanding.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>• Understand the basic concepts of Economics in relation to the individual and society.</li> <li>• Analyze the organization of a business.</li> <li>• Recognize management's contribution to business success</li> <li>• Identify fundamental marketing concepts.</li> <li>• Acquire a foundational knowledge of accounting to understand its nature and scope.</li> </ul>	

<b>Management and Leadership</b>	
<b>Course #</b> 032802	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Financial Management and Management
<p><b>Course Description:</b> This course emphasized the basic concepts of management and leadership within a business or organization. The course addresses characteristics, organization, and operation of business as major sectors of the economy. Students will also acquire essential skills in the area of emotional intelligence: time management, stress management, professional growth and development communication, and relationship skills.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>• Recognize the importance of business management and the role of managers as it relates to the success of business.</li> <li>• Understand the tools, techniques and systems that businesses use to plan, staff, lead, and organize resources.</li> <li>• Analyze management functions and their implementation and integration within a business environment</li> <li>• Employ leadership skills to achieve workplace objectives.</li> <li>• Develop personal management skills (emotional intelligence) to function effectively and efficiently in a business environment.</li> </ul>	

<b>Marketing 1</b>	
<b>Course #</b> 0507	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Hospitality & tourism, Marketing and Marketing Entrepreneurship
<p><b>Course Description:</b> Students will explore the basic functions of marketing: pricing, promotion, product planning, and place/distribution: the marketing mix. The curriculum provides the foundational</p>	

skills and knowledge in economics, communications skills/interpersonal skills, professional career development, business management, and entrepreneurship. Application of academic concepts and technology are integrated throughout the curriculum. Real life applications of the marketing concepts will be used in the school-based business (The Trojan Zone)

**Course Outcomes:** The student will...

- Understand the customer-oriented nature of marketing and will analyze the impact of marketing activities which create, communicate, and deliver value to the individual business, society, and marketing concept.
- Understand economic systems to be able to recognize the environments in which businesses function.
- Explain the concept of market and market identification.
- Explain the nature and scope of the selling function,
- Explore and identify career opportunities for future professional development decisions in marketing and other career clusters.

### Marketing Management

**Course #** 038200

**Prerequisite:** Marketing 1

**Class Fee:** N/A

**Pathways:** Marketing

**Course Description:** Marketing Management furthers the students understanding and skill in various marketing functions, including channel management, marketing-information management, market planning, pricing, product/service management and promotion. Marketing plans, branding, the product life cycle, project management principles and professional and ethical standards are also emphasized.

**Course Outcomes:** The student will...

- Understand the concepts and strategies needed to communicate information about products and services.
- Explore concepts and strategies for pricing to get maximum return and customer satisfaction.
- Explore the product life cycle and branding.
- Explore further the project management concepts, professional and ethical standards.

### Personal Finance

**Course #** 033000

**Prerequisite:** N/A

**Class Fee:** N/A

**Pathways:** Finance, Financial Management

**Course Description:** This one semester course will guide students to discover new ways to maximize their earning potential, develop strategies for managing their resources, gain knowledge on how to become a wise consumer, gain experience in using banking services, explore skills for the wise use of credit, and gain insight into the different ways of investing money. The course will discuss the costs of living away from home for the first time. The students will learn how to compute and complete federal and state income tax forms.

**Course Outcomes:** The student will...

- Develop and evaluate a plan to manage their money to achieve personal goals..
- Evaluate financial institutions and the services provided.
- Evaluate savings and investment strategies to achieve financial goals.
- Understand strategies used to establish, build, maintain, monitor, and control credit.
- Apply decision making skills and models to maximize consumer satisfaction when buying goods and services.
- Understand perils and risks in life and how to protect against the consequences of risk.

### Trojan Internship

**Course #** 039930

**Prerequisite:**

1. Student is classified as a junior or senior
2. Student has completed (or will complete during the semester of enrollment in the Capstone Internship) an approved Career Pathway Program of Study offered at Platteview High School (in order to qualify for the Capstone Designation).
3. Student is an active, dues paying member in the appropriate Career Student Organization (CSO) at Platteview High School.
4. Student has maintained a **2.5 cumulative GPA or 3.0 GPA during the during the previous semester of classes.**
5. Student has not been suspended out of school for any behavior issues or received multiple in-school suspensions.
6. Student has not exceeded 9 countable absences during the previous 2 semesters
7. Student is on track to graduate.
8. Student must complete the **COLLEGE AND CAREER READINESS** course prior to participating in the Trojan Internship Capstone program.
9. **Student must complete an application process (including a completed application form, a recommendation from a staff member, and a screening interview with administrative team and work-based learning coordinator) and other applicable documentation prior to acceptance in the program.**
10. Student must have signed permission (training agreement) from business partner, parent/guardian, administrator, and work-based learning coordinator.

**Class Fee:** N/A

**Course Description:** This course is designed to provide students a work-based learning experience for junior/senior students who have completed a Career/Technical Education (CTE) Program of Study. Once accepted into the course, students will apply directly to a school or business partner who has agreed to provide training, mentoring and learning experiences related to the student's preparation throughout their program of study. Each student will be required to complete a minimum of 5 class periods (or equivalent hours) of verified work experience and meet with the work-based learning coordinator on a weekly basis.

Students will be required to complete appropriate formative and summative assessments related to their internship experience.

**Course Outcomes:**

- To be able to understand the transition between school and job
- Be able to apply for and properly conduct themselves in the interview process
- Demonstrate the ability to understand the principles of good employee/employer relations and work environment
- Develop skills in becoming a wise consumer
- Learn how to establish and use credit and how various laws enter daily life
- Understand how to use personal banking systems, tax systems and retirement plans
- Develop an understanding of various types of insurance programs and purpose each is designed to serve
- Develop an understanding of the costs and responsibilities of moving away from home.

**JAG 9**

**Course #** TBD

**Prerequisite:** N/A

**Class Fee:** N/A

**Pathways:**

**Course Description:** This course teaches students skills that are valued in the workplace and the community. JAG (Jobs for America's Graduates) provides 9 th grade students with introductory employer engagement experiences that allow them to explore a variety of careers. This class integrates project-based learning to guide students to master up to 87 competencies translatable to the workforce. Students will also engage in civic engagement, public service projects, and state conferences. The goal is for students to be introduced to the concept of maintaining meaningful employment and civic engagement.

# Communication and Information Systems

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
270702	<b>Computer Science Principles (PLTW)</b>	Full Year	2	9-12
270700	<b>Computer Science A</b>	Full Year	2	10-12
270707	<b>Cybersecurity (PLTW)</b>	Full Year	2	10-12
270210	Computer Science Essentials	Semester	1	9-12
270504	IT Fundamentals**	Semester	1	9-12
270501	Computer Applications	Semester	1	9-12
270502	Spreadsheet Applications	Semester	1	9-12

**Green indicates course can be taken for dual enrollment**

<b>Computer Science A(PLTW)</b>	
<b><u>Course #</u></b> 270702	<b><u>Prerequisite:</u></b> PLTW Computer Science Principles or Instructor Approval
<b><u>Class Fee:</u></b> dual credit option fees apply	<b><u>Pathway(s):</u></b> Computer Science
<p><b><u>Course Description:</u></b> This is a dual credit course through University of Nebraska – Omaha. The course introduces students to computer science with fundamental topics that include problem solving, design strategies and methodologies, organization of data (data structures), approaches to processing data (algorithms), analysis of potential solutions, and the ethical and social implications of computing. The course emphasizes both object – oriented and imperative problem solving and design using Java language. These techniques represent proven approaches for developing solutions that can scale up from small, simple, problems to large, complex problems. The Computer Science A course curriculum is compatible with many CS1 courses in colleges and universities.</p>	
<p><b><u>Course Outcomes:</u></b> The student will...</p> <ul style="list-style-type: none"> <li>● Design, implement, and analyze solutions to problems,</li> <li>● Use and implement commonly used algorithms.</li> <li>● Use standard data structures.</li> <li>● Develop and select appropriate algorithms and data structures to solve new problems.</li> <li>● Write solutions fluently in an object-oriented paradigm.</li> <li>● Write, run, test, and debug solutions in the Java programming language, utilizing standard Java Library classes and interfaces from the AP Java subset.</li> <li>● Read and understand programs consisting of several classes and interacting objects</li> <li>● Read and understand a description of the design and development process leading to such a program.</li> <li>● Understand the ethical and social implications of computer use.</li> </ul>	

### Computer Science Principles (PLTW Advanced Placement)

<b><u>Course #:</u></b> 270702	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> dual credit option fees apply	<b><u>Pathway(s):</u></b> Computer Science, Software Development
<p><b><u>Course Description:</u></b> This is a dual credit course through University of Nebraska – Omaha. Computer Science Principles introduces students to the foundational concepts of computer science and challenges them to explore how computing and technology can impact the world. More than a traditional introduction to programming, it is a rigorous, engaging, and approachable course that explores many of the foundational ideas of computing so all students understand how these concepts are transforming the world we live in. Students will be creating pixel art, digital scenes, and mobile apps. There are two main projects for the course. Students interested in exploring Computer Science as a career option would benefit from this course.</p>	
<p><b><u>Course Outcomes:</u></b> The student will...</p> <ul style="list-style-type: none"> <li>● Know how the Internet works and its impacts on society.</li> <li>● Program and rapidly prototype Python applications both to solve problems and to satisfy personal curiosity.</li> <li>● Collect, analyze, and visualize data to gain insight and knowledge.</li> <li>● Evaluate the beneficial and harmful effects to people and society brought on by computer innovations.</li> </ul>	

### Computer Science Essentials

<b><u>Course #:</u></b> 270711	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	<b><u>Pathway(s):</u></b> PLTW Computer Science
<p><b><u>Course Description:</u></b> In computer Science Essentials students will learn the power of text-based programming as they are introduced to the Python® programming language. The course engages students in computational thinking practices and collaboration strategies, as well as industry-standard tools authentic to how computer science professionals work. Students will learn about professional opportunities in computer science and how computing can be an integral part of all careers today.</p>	
<p><b><u>Course Outcomes:</u></b> The student will...</p> <ul style="list-style-type: none"> <li>● Implement the problem-solving process.</li> <li>● Learn how humans use computers to solve problems</li> <li>● Develop Digital Citizenship Skills</li> <li>● Learn how data can be used &amp; manipulated for uses benefit</li> <li>● Create and use algorithms to solve problems.</li> <li>● Learn the basics of abstraction and how it is used in computing.</li> <li>● Learn the basics of the internet and how it functions.</li> <li>● Learn about the basics of computer programming through Python.</li> </ul>	

### Cybersecurity (PLTW)

<b><u>Course #:</u></b> 270707	<b><u>Prerequisite:</u></b> Algebra 1 with a “C” or better
<b><u>Class Fee:</u></b> dual credit option fees apply	<b><u>Pathway(s):</u></b> Software Development
<p><b><u>Course Description:</u></b> This is a dual credit course through University of Nebraska-Omaha. Students learn about cybersecurity through problem-based learning, where students role-play as cybersecurity experts and train as cybersecurity experts do. Cybersecurity gives students a broad exposure to the many aspects of digital and information security, while encouraging socially responsible choices and ethical behavior. It inspires algorithmic thinking, computational thinking, and especially, “outside-the-box” thinking. Students explore the many educational and career paths available to cybersecurity experts, as well as other careers that comprise the field of information security.</p>	
<p><b><u>Course Outcomes:</u></b> The students will...</p> <ul style="list-style-type: none"> <li>● learn to be safe consumers of digital information in a variety of context</li> <li>● be able to secure firewalls and browsers</li> <li>● learn how computer networks evolve and implement security measures</li> <li>● learn about different malware and how to prevent malware attacks</li> <li>● protect a server from exploits</li> <li>● learn how an operating system works and keeps a machine safe</li> <li>● analyze network traffic</li> <li>● secure a network from an attack</li> <li>● learn basic cryptography techniques</li> <li>● learn the process of gathering digital evidence, analyzing it, and tracing a person through their footprint</li> </ul>	

### IT Fundamentals

<b><u>Course #:</u></b> 270710	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	<b><u>Pathway(s):</u></b> Computer Science, IT Operations Management, Web Development
<p><b><u>Course Description:</u></b> IT Fundamentals develops the students’ abilities to analyze, evaluate, strategize, and reflect upon technologies such as computer hardware, computer software, web technologies, databases, networking, security, and software development. Students will also be introduced to ever-changing information technology careers along with developing positive and ethical behaviors/practices.</p>	
<p><b><u>Course Outcomes:</u></b> The students will....</p> <ul style="list-style-type: none"> <li>● Identify and describe the basic components.</li> <li>● Identify and analyze hardware components.</li> <li>● Identify and analyze software components.</li> <li>● Explain web technologies.</li> <li>● Design, administer, and deploy networks.</li> <li>● Apply database management strategies.</li> <li>● Design, develop, test and implement programs</li> <li>● Assess protocols for security and risk management.</li> <li>● Identify opportunities in an information technology career field.</li> </ul>	

<b>Computer Applications</b>	
<b>Course #</b> 27501	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	<b>Pathways:</b> Business Technology
<p><b>Course Description:</b> This course will prepare students to use word processing, spreadsheet applications, introduction to database, electronic presentations, manage computer operations and electronic file storage. Career and ethical issues are discussed through the development of job applications, cover letters, resources and application forms. Students will demonstrate professional communication skills and practices while learning the software and digital citizenship. The student will also continue to work and update their personal learning plan.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>● Model positive digital citizenship by applying industry accepted ethical practices and behaviors</li> <li>● Use document processing applications to prepare business communications.</li> <li>● Develop and demonstrate effective professional communication skills and practices.</li> <li>● Organize and manipulate data using spreadsheet applications.</li> <li>● Identify database management concepts to manage, evaluate, and organize information.</li> <li>● Identify and understand career paths in the Communication and Information Systems and Business, Marketing and Management career field.</li> <li>● Describe emerging and evolving trends in information technology.</li> </ul>	

<b>Spreadsheet Applications</b>	
<b>Course #</b> 270502	<b>Prerequisite:</b> Computer Applications
<b>Class Fee:</b> N/A	<b>Pathways:</b> Business Technology
<p><b>Course Description:</b> This course will develop skills in advanced word processing and spreadsheet applications, database and electronic presentation software. Students will also develop skills in desktop publishing, including page layout formatting, and web development by creating and editing web pages.</p>	
<p><b>Course Outcomes:</b> The student will...</p> <ul style="list-style-type: none"> <li>● Organize, aggregate, and manipulate data using advanced spreadsheet features.</li> <li>● Synthesize relational database concepts to design, manage, evaluate, and organize information.</li> <li>● Understanding the importance of ethical data collection and applicable conclusions.</li> <li>● Critical thinking skills will be used to integrate information technology tools to access, manage, and create new information.</li> <li>● Examine resources to develop understanding of data science in careers.</li> </ul>	

## Family and Consumer Science

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
090119	Child Development	Semester	1	11-12
090103	Clothing & Textiles	Semester	1	9-12
090117	Family Relationships	Semester	1	11-12
370021	Foods 1	Semester	1	9-12
370022	Foods 2	Semester	1	10-12
090130	Foods 3	Semester	1	10-12
090109	Housing & Home Furnishing	Semester	1	9-12
090126	Intro to Design	Semester	1	9-12

<b>Child Development</b>	
<b><u>Course #:</u></b> 090119	<b><u>Prerequisite:</u></b> 11th or 12th grade
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> This course focuses on child development from infancy to age 6. The class topics uncovered in this course are child social development, emotional development, intellectual development, physical development, health and safety of a child, guiding children's behavior, supporting children's developmental milestones, planning learning activities for children, childcare settings, and exploration of careers in early childhood/family life education. Parenting skills will be integrated throughout each level of development. Influences on parenting, decisions parents face, family planning, conception, prenatal development, healthy pregnancy, birth, care of the newborn are topics that will also be covered.</p>	
<p><b><u>Course Outcomes:</u></b> The students will....</p> <ul style="list-style-type: none"> <li>● Define family, children, and parenting</li> <li>● Identify methods of family planning</li> <li>● Analyze contraception.</li> <li>● Simplify prenatal development and pregnancy</li> <li>● Analyze childbirth</li> <li>● Describe and demonstrate basic infant care</li> <li>● Summarize infant social, emotional, physical and intellectual development</li> <li>● Summarize toddler social, emotional, physical, and intellectual development</li> <li>● Summarize preschool social, emotional, physical, and intellectual development</li> <li>● Summarize school age social, emotional, physical, and intellectual development</li> </ul>	

<b>Clothing &amp; Textiles</b>	
<b>Course #:</b> 090103	<b>Prerequisite:</b> Intro to Design
<b>Class Fee:</b> Varies depending on the project choice	
<b>Course Description:</b> Clothing and textiles allows students to understand the knowledge and skills needed for clothing care, construction, and the clothing/fashion/textiles industry. Topics covered in this course include trends in clothing, understanding color and design, fabric construction and finishes, construction techniques, and garment construction.	
<b>Course Outcomes:</b> The students will... <ul style="list-style-type: none"> <li>• Understand the role apparel plays in our lives.</li> <li>• Examine how to make good decisions regarding clothing, apparel and textile selection.</li> <li>• Demonstrate construction techniques</li> </ul>	

<b>Family Relationships</b>	
<b>Course #:</b> 090117	<b>Prerequisite:</b> 11th or 12th grade
<b>Class Fee:</b> N/A	
<b>Course Description:</b> This course included the study of interpersonal relationships and the effect of these relationships on the well-being of individuals, families, workplace and society. The course includes concepts such as effective communication, establishing and maintaining relationships, diverse family systems, characteristics of personal development and the impact of relationships on personal and career success. Other topics may include the impact of children in the families, parenting responsibilities, conception and birth, growing older and death. Students will apply these concepts through service toward the school, family, community and world.	
<b>Course Outcomes:</b> The students will... <ul style="list-style-type: none"> <li>• Describe your personality and how personalities work together.</li> <li>• Define family</li> <li>• Identify the roles and responsibilities of family members</li> <li>• Analyze combinations within singles, friends, and families</li> <li>• Interpret couple relationships</li> <li>• Explain the impact of children on families</li> <li>• Describe basic parenting responsibilities</li> <li>• Analyze conception, prenatal development and birth</li> <li>• Justify death and dying (growing older)</li> <li>• Inter-family management techniques.</li> </ul>	

<b>Foods 1</b>	
<b>Course #:</b> 370021	<b>Prerequisite:</b> Nutrition
<b>Class Fee:</b> \$10	
<b>Course Description:</b> Foods 1 allows students to understand the knowledge skills for foundational food preparation and food science. This course covers food and kitchen safety, kitchen equipment, preparation techniques, cooking methods and food preparation of foundational foods such as fruits and vegetables, meat and poultry, breads, desserts, cheeses, and eggs.	

**Course Outcomes:** The students will...

- Demonstrate nutrition and wellness practices that enhance individual and family well-being in regards to food choices, food safety and food preparation.
- Integrate knowledge, skills and practices required for careers in food sciences, food technology, dietetics, and nutrition
- Demonstrate cookery, cooking methods, and preparation techniques of various food items.
- Demonstrate food and kitchen safety practices.
- Identify kitchen equipment and correctly demonstrate usage.

### Foods 2

**Course #:** 370022

**Prerequisite:** Nutrition and Foods 1

**Class Fee:** \$10

**Course Description:** This course allows students to further their understanding of the knowledge and skills for food preparation and food Science. The course offers food preparation techniques, cooking methods, meal planning, and careers within the food industry. Topics covered in Foods 2 are more complex and require students to use knowledge gained in Foods 1 to prepare various food productions including, but not limited to , desserts, casseroles, salads, soups, pizzas, and sandwiches. Food entrepreneurship and innovation are additional possibilities to explore if time permits.

**Course Outcomes:** The students will...

- Demonstrate nutrition and wellness practices that enhance individual and family well-being in regards to food choices, food safety and food preparation
- Integrate knowledge, skills and practices required for careers in food sciences, food technology, dietetics and nutrition
- Demonstrate cookery, cooking methods, and preparation techniques of various food items.
- Demonstrate food and kitchen safety practices
- Identify kitchen equipment and correlate demonstrated usage.

### Foods 3

**Course #:** 090107

**Prerequisite:** Nutrition, Foods 1, and Foods 2

**Class Fee:** \$10

**Course Description:** Students will have real life experiences working within the food industry. Students will have a variety of experiences arranging, planning, pricing, formatting and engineering various menus. Cost control principles in purchasing, receiving, storage and inventory management principles will be explored and applied to a local food establishment managed by the class. Students will explore the cost of labor, staffing and training individuals to work in various establishments. Students will gain experience working with a point of sale system and operating budgets.

**Course Outcomes:** The students will...

- Analyze criteria that customers use in the decision making process
- Interpret the basic principles of sanitation and safe food handling
- Interpret the basic principles related to changes in food and food product
- Utilize understanding of the backs principles of research and development, food analysis, and sensory evaluation in the field of food
- Explore technological advances that affect the global food supply
- Produce and serve flavorful, aesthetically pleasing, nutritious food

- Demonstrate proper measurement procedures for food service
- Explain scientific principles related to food prep
- Evaluate critical control points and analyze hazards
- Summarize best practices in food service
- Demonstrate safe and efficient practices in the preparation of foods
- Explain how custom demand drives products
- Examine the relationship between convenience and nutrition
- Assess career options and employment skills required in the food industry.

### Housing & Home Furnishing

**Course #:** 090107

**Prerequisite:** Intro to Design

**Class Fee:** N/A

**Course Description:** Housing and Home Furnishing equips students with the knowledge and skills necessary in selecting/planning living environments to meet the needs and wants of individuals and families throughout the family life cycle. Economic, social, cultural, technological, environmental, maintenance, and aesthetic factors are examined through the course. Housing styles, ownership options, housing issues, elements and principles of design, trends in housing interiors, furniture and appliances, landscaping, remodeling/renovating, and exploration of housing-related careers are all topics covered during the course.

**Course Outcomes:** The students will....

- Integrate knowledge, skills and practices required for (careers) designing housing, interiors and furnishings
- Identify housing trends
- Demonstrate elements and principles of design concepts (including color)
- Create sample boards
- Analyze traffic patterns and floor plans
- Define housing and homes
- Understand basic home construction and landscaping practices
- Identify needs of an individual or family and apply for housing applications.

### Intro to Design

**Course #:** 090126

**Prerequisite:** N/A

**Class Fee:** N/A

**Course Description:** Foundational design course, covering theories, processes, vocabulary and techniques common to design disciplines focusing on interior design and fashion design. Students will develop and apply their knowledge through analysis, critique individual and collaborative exercises and projects. Real life experiences will be integrated with this course.

**Course Outcomes:** The students will....

- Analyze effects of textile characteristics on design, construction, care, use and maintenance of products.
- Critique use of appropriate textiles for a design project
- Evaluate the use of elements and principles of design
- Analyze the interactions between color and design
- Analyze components of design for their effect on various products
- Utilize technology to design
- Apply design knowledge, skills, processes, the oral, written, and visual presentation skills to

communicate design ideas

- Analyze career paths within the design industry

## Industrial Tech

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
100110	Construction Technology	Semester (2 Period Block)	2	11-12
100140	Design & Fabrications	Semester	1	11-12
100100	Introduction to Skilled & Technical Science	Semester	1	9-12
101620	Small Engines	Semester	1	11-12
101930	Welding 1	Semester	1	9-12
101940	Welding 2	Semester	1	10-12
101920	Woods 1	Semester	1	9-12
101921	Woods 2	Semester	1	10-12
100130	Computer Aided Drafting	Semester	1	9-12

<b>Construction Technology</b>	
<b><u>Course #:</u></b> 100140	<b><u>Prerequisite:</u></b> Introduction to Skilled and Technical Sciences, Woods 1, Classified as a 11th or 12 grade student and must possess a valid drivers license.
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This 2 class period course is intended to teach students trade as it relates to residential construction including residential framing , roofing, plumbing, electrical, concrete, masonry, and drywall. The course will plan and build a project from start to finish for a member of the Springfield Community. A typical project will include a storage shed.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Have an awareness and sensitivity to natural and man-made environments</li> <li>● Examine a variety of objects and apply the elements and principles of design</li> <li>● Use inventive and imaginative expression through art materials and tools</li> <li>● Be able to design develop and create artworks using a variety of art materials</li> <li>● Learn to appreciate art of the past the present</li> <li>● Continue on the growth of aesthetics through visual discrimination and judgment.</li> </ul>	

<b>Design &amp; Fabrication</b>	
<b>Course #:</b> 100140	<b>Prerequisite:</b> Student must have completed one of the pathways to be enrolled in the course.
<b>Class Fee:</b> Students must purchase the materials for their project and must provide their own safety glasses	
<b>Course Description:</b> This course will provide students the opportunity to work time sensitive projects, design and fabricate their own project, college and career planning, and job shadowing experiences	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate proper safety procedures and considerations in the woods laboratory</li> <li>● Complete written and practical safety tests to a 100% on all power tools used</li> <li>● Demonstrate an ability to complete projects on time.</li> <li>● Effectively plan out project with oversight from instructor</li> <li>● Complete exploratory activities towards planning for their future</li> </ul>	

<b>Introduction to Skilled &amp; Technical Science</b>	
<b>Course #:</b> 100100	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> \$25	
<b>Course Description:</b> The purpose of this class is to prepare students for all pathways in the STS department as well as the prerequisite for every class in the STS Pathways. Students will create 3D models, create and read blueprints, use blueprints to manufacture multiple projects and be introduced to all ISYS career pathways offered at PHS.	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>● Accurately use appropriate measurement methods</li> <li>● Use proper drafting terminology, symbols, codes and standards</li> <li>● Neatly sketch objects in 2D and 3D</li> <li>● Create technical drawings</li> <li>● Apply industry standards to basic dimensioning and notation practices</li> <li>● Use basic math skills to calculate scale factors.</li> <li>● Use CAD to create 2D and 3D drawings</li> <li>● Explore potential interests in Industrial Technology opportunities</li> <li>● Safely use hand tools to create a project from a set of blueprints.</li> </ul>	

<b>Small Engines</b>	
<b><u>Course #:</u></b> 101620	<b><u>Prerequisite:</u></b> Introduction to Skilled and Technical Science, 11th or 12 grade standing
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> The purpose of this course is to cover the operation, maintenance and repair of small gasoline engines.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate proper safety procedures in the small engines laboratory</li> <li>● Learn proper use of tools and measuring instruments</li> <li>● Demonstrate proper use of fasteners, sealants, and gaskets</li> <li>● Know basic engine construction and principles of operation</li> <li>● Learn the differences between four and two stroke engines</li> <li>● Understand basic theory of carburetor</li> <li>● Know Basic theory of ignition systems</li> <li>● Understand basic theory of cooling systems</li> <li>● Know basic theory of the lubrication system.</li> </ul>	

<b>Welding 1</b>	
<b><u>Course #:</u></b> 101930	<b><u>Prerequisite:</u></b> Introduction to Skilled & Technical Science
<b><u>Class Fee:</u></b> \$45	
<b><u>Course Description:</u></b> The Purpose of this course is to introduce you to oxy-fuel welding and cutting, arc welding, basic sheet metal projects, and a basic Metal CNC project to create a hitch cover.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate proper safety procedures and demonstrations in the metals laboratory</li> <li>● Complete written and practical safety test on all power tools used</li> <li>● Know selection and identifying materials</li> <li>● Identify quality welds that are the products of various welding techniques</li> <li>● Set up configurations or various welding equipment</li> <li>● Develop the skills needed to weld.</li> </ul>	

<b>Welding 2</b>	
<b><u>Course #:</u></b> 101940	<b><u>Prerequisite:</u></b> Introduction to Skilled and Technical Sciences, Welding 1
<b><u>Class Fee:</u></b> \$45	
<b><u>Course Description:</u></b> The purpose of this course is to continue advancing your welding techniques while introducing Metal Inert Gas welding, plasma, cutting and metal CNC work.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate proper safety procedures and demonstrations in the welding laboratory.</li> <li>● Complete written and practical safety test on all power tools used.</li> <li>● Know selection and identifying materials</li> <li>● Identify quality welds that are the products of various welding techniques</li> </ul>	

- Set up configurations or various welding equipment
- Develop the skills needed to weld at an advanced level
- Identity different types of metal
- Be able to weld different types of metal

### Woods 1

**Course #:** 101920

**Prerequisite:** Introduction to Skilled & Technical Science

**Class Fee:** \$40

**Course Description:** The purpose of this class is to introduce you to woodshop safety and the basics of woodworking. We will review reading a ruler and blueprint, cover in-depth safety of all tools and machines in the woodshop, and build four different projects that will increase in difficulty each time.

**Course Outcomes:** The students will....

- Understand proper safety procedures and demonstrations in the woods laboratory
- Complete written and practical safety tests on all power tools used.
- Demonstrate correct selection and identification of materials
- Understand measurement, layout and rough out materials
- Demonstrate planning ability
- Understand adhesives, fastening, gluing and clamping
- Demonstrate knowledge of finishes
- Complete project evaluation and rubrics.

### Woods 2

**Course #:** 101921

**Prerequisite:** Introduction to Skilled & Technical Science, Woods 2

**Class Fee:** \$85

**Course Description:** The Purpose of this course is to continue to build your woodworking knowledge by introducing you to advanced woodworking tools, jointer, project skills, and CNC wood router work. We will make an entryway mirror frame with a shelf, crown molding and CNC work, as well as building a nightstand that will teach you cabinet making skills. With the remaining time in the semester you will have an opportunity to design and build a project of your own.

**Course Outcomes:** The students will....

- Demonstrate proper safety procedures and demonstrations in the woods laboratory.
- Complete written and practical safety tests on all power tools used
- Demonstrate correct selection and identification of materials
- Understand measurement, layout and rough out materials
- Complete planning, designing, and materials list
- Understand adhesives, fastening, gluing and clamping
- Demonstrate finishing with a sprayer
- Understand CNC operation
- Complete project evaluation and rubrics.

<b>Computer Aided Drafting</b>	
<b><u>Course #:</u></b> 100130	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> 3D Solid Modeling will be taught using a 3D CAD software drawing program. Using the computer, students will be introduced to CAD 3D modeling techniques. A series of exercises will help students become familiar with the basic vocabulary and concepts of three-dimensional modeling and its software applications. It is also offered as a related course for other technology programs, engineering-bound students, and those who developed an interest in a related technical area. Using solid modeling computer design software (Inventor ®). 9 weeks</p>	
<p><b><u>Course Outcomes:</u></b> The students will...</p> <ul style="list-style-type: none"> <li>● Students will learn how to create architectural sketches and use architectural CAD software. They will also learn basic residential house design, construction and styles. Students will create a set of working drawings for houses of their design that will consist of the following:</li> <li>● Ranch floor plan Max 1,600 square ft. <ul style="list-style-type: none"> <li>○ 3 bedrooms.</li> <li>○ 2 baths.</li> <li>○ Unfinished Basement.</li> <li>○ Attached 2 car garage.</li> <li>○ 65 x 160 plot.</li> <li>○ (Revit ) 9 weeks</li> </ul> </li> </ul>

**Green print indicates a dual credit course**

## Literature & Composition +

**Course #:** 050054

**Class Fee:** Dual Enrollment fees through Nebraska Wesleyan as applies

**Prerequisite:** Completion of summer reading project, English 10 or Honors English 10

**Course Description:** Literature and Composition is designed to help students develop higher literacy skills in an advanced classroom setting, using a full year to complete two dual credit courses: English language and Writing (fall semester) and Composition, Language, and Literature (spring semester). The course goal is to prepare students for college level reading, writing and communication skills, and to complete 6 hours of college level credit.

The following are the courses descriptions for each semester of the year long course

Fall Semester: English 1010: English Language and Writing (3) NWU: A course designed to help students write with clarity, confidence, and conviction through regular practice in writing (including argument and exposition, writing as discovery, and personal exploration). Particular attention will be given to the role of revision in the writing process. This course also includes a study of language and its social roles, with special attention to the origin, development, and current nature of the English language.

Spring Semester English 1020: Composition, Language, and Literature (3) NWU: This is a course in which students develop their composition skills through reading and writing about literature. The course included a discussion of multiple forms and will learn the skills and terminology appropriate to discussing literary works in different genres. Students will receive instruction in writing skills such as structuring an argument, using evidence from multiple sources, using conventions appropriately, and refining an essay through revision.

**Course Outcomes:** The students will....

Fall English 1010 taken from NWU Handbook

- Focus their writing on specific purposes
- Respond to the needs of different audiences
- Respond appropriately to a variety of rhetorical situations
- Use conventions of format, structure and tone appropriate to particular writing tasks
- Consider how genres shape reading and writing
- Use writing and reading for inquiry, learning, thinking, and communicating
- Consider how what they bring to a text guides their interpretation of that text
- Understand a writing assignment as a series of recursive tasks, including finding, evaluation, and analyzing, and synthesizing appropriate primary and secondary resources
- Integrate their own ideas with those of others (“enter conversations” about various issues)
- Consider the relationships among language, knowledge and power
- Recognize that it usually takes multiple drafts to create a successful text
- Develop flexible strategies for generating, revising, editing, and proofreading
- Understand writing as an open process that permits writers to use later invention and re-thinking to revise their work
- Understand the collaborative and social aspects of writing processes, learning to critique their own and others work
- Learn to balance the advantages of relying on others with the responsibilities of contribution their input and working on their own
- Use appropriate technologies to do research and to communicate ideas
- Develop knowledge of genre conventions ranging from structure and paragraphing to tone and mechanics
- Practice appropriate means of documents their work
- Think strategically about such surface features as syntax, usage, punctuation, and spelling in the context of their own and others work

- Understand the holistic nature of “good” writing (i.e. that surface correctness alone does not make writing “good”)

### Spring Semester English 1020

- Focus their writing on specific purposes
- Respond to the needs of different audiences
- Respond appropriately to a variety of rhetorical situations
- Use conventions of format, structure and tone appropriate to particular writing tasks
- Understand how literary genres shape both reading and writing
- Distinguish literary features of works from different historical periods and/or regions
- Distinguish among literary genres (fiction, poetry, drama, non-fiction) and be able to use the appropriate terminology for discussing each form
- Recognize that there are multiple purposes for literary writing (i.e., beyond autobiographical self expression)
- Understand that different critical approaches to a literary text will product different analyses rather than a single “right interpretation”
- Use writing and reading for inquiry, learning, thinking, and communicating
- Recognize that what they bring to a text guides their interpretation of that text.
- Understand that writing assignment as a series of recursive tasks, including finding, evaluating, analyzing, and synthesizing appropriate primary and secondary sources
- Integrate their own ideas with those of other (“enter into conversations” about various issues)
- Recognize that it takes multiple drafts to create a successful text
- Develop flexible strategies for generating, revising, editing, and proofreading their own writing
- Know how to use quotations from a literary work as evidence in a written argument or oral discussion
- Understand writing as an open process that permits writers to use later invention and re-thinking to revise their work
- Be able to critique their own and others work
- Combine the advantages of relying on others with the responsibilities of contributing their input and working on their own
- Know how to use appropriate reference sources in analyzing literary texts
- Know how to use a variety of technologies to do research and to communicate ideas
- Master conventions ranging from structure and paragraphing to tone and mechanics
- Practice appropriate means of documenting their work
- Strategically address such surface features as syntax, usage, punctuation, and spelling in the context of their own and others’ work.

### **Contemporary Literature**

**Course #:** 059930

**Prerequisite:** English 11 or Honors English 11

**Class Fee:** N/A

**Course Description:** Contemporary Literature is a senior level English course that focuses on literature within the past 100 years. While drawing on a variety of genres within modern novels, nonfiction, poetry, short stories, drama and personal essays, the course aims to frame social and cultural views of the contemporary world and related issues and concerns through literature. Additionally, the course will address various literary critique strategies and philosophies, including; modern, postmodern, structuralism, new criticism, historical, and reader-response. Reading, writing, oral presentations, and discussions in the course will be oriented in ways to foster critical thinking skills and clarity of communication. Multimodal materials/writing will be central to exploring contemporary communication, including but not limited to digital media image and print, speeches, film and social media. Contemporary Literature awards a core English credit for 12th grade students.

**Course Outcomes:** The students will...

- Practice and expand reading, speaking, writing, spelling, and vocabulary skill sat teh English 12 level
- Identify and analyze different types of text related to social and cultural views of the contemporary world and related issues and concerns
- Identify and analyze different themes in literature and provide evidence from the text to support identification and analyses
- Identify and analyze elements of nonfiction or informational material and provide proof of understanding the text
- Analyze the aesthetic qualities of various forms of literature within social and cultural views of the contemporary world and related issues and concerns
- Analyze and discuss philosophical arguments presented in novels, poetry, films, plays, essays, and poems
- Analyze and express authors' political, social, and cultural ideologies as portrayed in selected works
- Understand and apply the writing process for various formal and informal purposes, including journaling essays, digital compositions, and speeches
- Develop listening skills used as a communicator in the communication process

### English 9

**Course #:** 050021

**Prerequisite:** N/A

**Class Fee:** N/A

**Course Description:** The curriculum in this course is designed to broaden your literary knowledge, deepen your thinking about important topics, develop your communication skills, connect your learning to other classes, and give you multiple opportunities to work with a variety of people on different tasks.

**Course Outcomes:** The students will...

- Write expository and argumentative essays
- Improve spelling and vocabulary skills
- Improve composition skills- including grammar, punctuation, and capitalization
- Know and apply the six traits of writing
- Study various genres in literature, including non-fiction, fiction, poetry, plays, short stories, and novels
- Identify the basic elements of literature
- Comprehend and analyze literature
- Practice and apply skills in oral communication use library resources for assignment research
- Use and apply listening skills

### English 9 Lab

**Course #:** 059930

**Prerequisite:** Teacher recommendation based on support needed in ELA

**Class Fee:** N/A

**Course Description:** Students that have been identified as likely to struggle in English 9 will be recommended to enroll in the English 9 lab concurrently with English 9. Staff will use the following information to identify students that are likely to struggle with the rigor of English 9: MAP and NESAs scores, teacher recommendation and family input. The English 9 Lab will provide students additional support in passing English 9 and preparing for subsequent courses in Language Arts \* Course will be graded each semester on a pass/fail basis according to the rubric included on the

last page of the ELA section of this guide. Students that pass this course will receive elective credit by semester.

**Course Outcomes:** The students will....

- Learn and apply reading skills and strategies to comprehend text.
- Learn and apply writing skills and strategies to communicate
- Develop and apply speaking and listening skills and strategies to communicate for a variety of purposes apply information fluency and practice digital citizenship
- Improve reading comprehension, closing reading gap, and reaching grade level reading
- Learn skills to acquire new vocabulary and use new vocabulary in formal and informal writing
- Create written compositions in response to literature

### English 10

**Course #:** 050022

**Prerequisite:** English 9 or Honors English 9

**Class Fee:** N/A

**Course Description:** In this course you will read short stories and novels, autobiographies and other types of nonfiction, poems, and plays. The works come from a broad range of time periods and cultures. As you read and analyze the literature, you will become more skilled interpreters of literature and the world in which we live. In addition to reading, you will be writing expository, narrative and persuasive essays, as well as stories and poems. In a journal, you will also have the opportunity to express yourself informally; your journals will serve as a record of your growth and development as writers and thinkers during your sophomore year. We will not, of course, neglect grammar study and vocabulary development.

**Course Outcomes:** The students will....

- Apply accepted grammatical rules to essays
- Apply rules of punctuation and capitalization
- Define and explain (through literature analyses) plots, characterization, setting, conflict, theme, and point of view
- Share (through discussions and writing) a personal response to literature
- Develop the ability to read a literature selection and then analyze it in a written essay
- Improve spelling and vocabulary skills
- Improve organization and note taking skills
- Write improve critical thinking and writing skills
- Apply the writing process in composition
- Know the six traits of writing.

### English 11

**Course #:** 050023

**Prerequisite:** English 10 or Honors English 10

**Class Fee:** N/A

**Course Description:** In English 11, we will read various forms of literature, including pieces which reflect America's unique cultural history. We will develop our understanding of the process of inquiry by investigating this literature, including novels, short stories, poems and essays. This material will supplement our exploration of various writing modes including the methods of argument and persuasive writing.

**Course Outcomes:** The students will....

- Identify historical and philosophical ideas in periods of American literature

- Imporce reading strategies through an understanding of literary techniques
- Use the writing process (focus on persuasive language and appeals)
- Apply the six traits to writing
- Research influences on texts
- Think and write critically sometimes within a timed situation
- Think and write critically, sometimes within a timed situation
- Write from his/her own experience, as well as from research
- Improve the use of correct grammar, punctuation, and spelling.

### Honors English 9 +

**Course #:** 059931

**Prerequisite:** Completion of summer reading project

**Class Fee:** N/A

**Course Description:** Honors English 9 is designed to challenge students who possess high level English skills. The class will accelerate the objective stated for English 9. Creative and analytical writing will be stressed. The focus will be on enriching students' reading, writing, speaking, listening, and research skills. All units include elements of reading, writing, speaking, listening, research and critical thinking. Socratic Seminar-style discussions will also comprise key elements of the course.

**Course Outcomes:** The students will....

- Write expository and argumentative essays
- Improve spelling and vocabulary skills
- Improve composition skills, including grammar, punctuation, and capitalization.
- Know and apply the six traits of writing
- Study various genres in literature, including non-fiction, fiction, poetry, plays, short stories, and novels
- Identify the basic elements of literature
- Comprehend and analyze literature
- Practice and apply skills in oral communication
- Use digital resources for assignment research
- Use and apply listening skills.

### Honors English 10+

**Course #:** 059932

**Prerequisite:** Completion of summer reading project

**Class Fee:** N/A

**Course Description:** Honors English 10 is designed to continue challenging students who possess high level English skills. The class will accelerate the objectives stated for English 10. In this course you will read short stories and novels, autobiographies and other types of nonfiction, poems and plays. The works come from a broad range of time periods and cultures. As you read and analyze the literature, you will become more skilled interpreters of literature and the world in which we live. This course will read more challenging texts and move at a more accelerated pace than English 10. In addition to reading, you will be writing expository, narrative and persuasive essays.

**Course Outcomes:** The students will....

- Write expository essays
- Improve spelling and vocabulary skills
- Improve composition skills, including grammar, punctuation, and capitalization.

- Know and apply the six traits of writing
- Study various genres in literature, including , non-fiction, fiction, poetry plays, short stories, and novels.
- Identify the basic elements of literature
- Comprehend and analyze literature
- Practice and apply skills in oral communication
- Use library resources for assignment research
- Use and apply listening skills.

### Introduction to American Literature

**Course #:** 050301

**Prerequisite:** 12th grade

**Class Fee:** Dual Enrollment course through MCC

**Course Description:**

Early American Literature is an honors, senior level literature course that focuses on American literature from 1600-1865. The America we know today came into existence during the tumultuous years of 1600-1865. The literature written during that period brings to life the social, cultural, artistic, religious, and political climate of the time. By critically reading, discussing, and responding in writing to a variety of early American texts, students explore themes such as origins, community, freedom, and identity. Course objectives also include learning advanced skills in reading, writing, speaking, and listening. The course is also offered as dual credit (prerequisite of Literature & Composition / Engl 1010 as dual credit).

**Course Outcomes:** The students will....

- Understand the unique literature that came out of the time period of 1600-1865.
- Will be able to understand how these works affected future literature in America.

### Introduction to British Literature

**Course #:** 050304

**Prerequisite:** 12th grade

**Class Fee:** Dual Enrollment course through MCC

**Course Description:**

Introduction to British Literature is an honors, senior level literature course that focuses on British literature from 600-1800. Students explore literature from the Seventh to the Eighteenth Century and study the ways in which Britain developed its literary identity over the course of this period. The literature written during this period brings to life the religious, social, and political climate of the time. By critically reading, discussing, and responding in writing to a variety of early British texts, students explore themes such as origins, faith, freedom, and identity. Course objectives also include learning advanced skills in reading, writing, speaking, and listening. The course is also offered as dual credit (prerequisite of Literature & Composition / Engl 1010 as dual credit).

**Course Outcomes:** The students will....

- Learn advanced reading skills

<b>Multicultural American Literature</b>	
<b><u>Course #:</u></b> 050310	<b><u>Prerequisite:</u></b> English 11 or Literature and Composition
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> Multicultural American Literature is a senior level English course that features works written by African American, Asian American, Native American, and Latino American authors as they intersect with issues of race, gender, class, ethnicity, religion, and nationality. Students will re, discuss, and analyze multicultural American literature to expand and deepen their experiences with diverse voices, perspectives, traditions, and value of varied cultures within American communities. The aim of the course is also to prepare students for reading, writing, and formal oral presentations in which they define and apply literary terms in culturally relevant reading selections, interpret cultural similarities and distinctions through literature, and examine culturally relevant literary themes and issues rooted in social structures and values. By drawing on various novels, short stories, plays, poetry, speeches, nonfiction, and essays, students will analyze cultural issues in literature as expressions of individual and human values within periods of American history. Multicultural American Literature awards a core English credit for 12th grade students.</p>	
<p><b><u>Course Outcomes:</u></b> The students will....</p> <ul style="list-style-type: none"> <li>● Practice and expand reading, speaking ,writing, spelling and vocabulary skills at the English 12 level.</li> <li>● Identify and analyze different types of text written by African American, Asian American, Native American, and Latino American authors</li> <li>● Identify and analyze different themes in literature and provide evidence from the text to support identification and analyses</li> <li>● Identify and analyze elements of nonfiction or informational material and provide proof of understanding the text</li> <li>● Analyze the aesthetic qualities of various forms of literature written by African American, Asian American, Native American and Latino American authors.</li> <li>● Analyze and discuss philosophical arguments presented in novels, poetry, films, plays, essays, and poems</li> <li>● Analyze and express authors political, social, and cultural ideologies as portrayed in selected works</li> <li>● Understand and apply the writing process for various formal and informal purposes, including journaling, essays, digital compositions, and speeches</li> <li>● Develop listening skills used as a communication in the communication process.</li> </ul>	

<b>Publications 1 &amp; 2</b>	
<b><u>Course #:</u></b> 050401 and 050402	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> Publications 1 and 2 are semester long ELA orientated elective courses for students in the 9-12 grade. It is designed to teach the basics of journalism, yearbook, and media art through critical media literacy practices, reading, writing, and publishing “news”, analyzing and interpreting print and digital media; and communication strategies that integrate personal and global connections.</p>	
<p><b><u>Course Outcomes:</u></b> The students will....</p> <ul style="list-style-type: none"> <li>● Analyze and synthesize processes, techniques, and applications in media arts (journalism and yearbook) through creation of print and digital publications</li> <li>● Communicate and idea/message by presenting work in print and digital media arts</li> </ul>	

- Analyze and integrate the personal and global connections through print and digital media arts
- Analyze, interpret, evaluate and create products of digital rhetoric, including written text, image, photojournalism, infographics, timelines, and charts
- Develop strategies regarding note taking, organizing, and using various forms of information and formulate ideas
- Recognize legal and ethical principles of publication (law, ethics, freedom of the press, etc)
- Develop reading, writing, and analysis strategies regarding media art, genres, such as interview, investigation, research, editorials, features, sports, grammar, and editing
- Develop and understand the impact and utility of social media and publishing.

### Theater 1 & 2

**Course #:** 220100 and 220101

**Prerequisite:** N/A

**Class Fee:** N/A

**Course Description:**

Theater 1 (semester 1) This interactive literature-based elective leads students to engage literature from the page to the stage. Students will gain an introduction to components of theater including, but not limited to, acting, costuming, lighting and sound, set design. As students read, analyze, perform, and critique monologs, duets and full length plays, they will learn the history of theater, including directors, set designers, playwrights, and actors. A requirement of this course will be participation in the Fall One Act case and/or crew.

Theater 2 (semester 2) This interactive literature-based elective guides students to focus on bringing life to theater through in-depth language, physicality, style, characterization, and text analysis. Students will gain a deeper understanding of the components of theater including, but not limited to, acting, costuming, and public speaking. Students will read, analyze, perform, and critique monologs, duets, and full length plays. Furthermore, the course addresses the use of various technologies in theater related to lighting, sound, audio, and set design. A requirement of this course will be participation in the Spring play cast and/or crew.

**Course Outcomes:** The students will....

- View play productions, and knowledgeably discuss and critique its elements, including acting, directing, playwriting, and design.
- Analyze a play script, and identify major elements such as theme, plot, character, and setting.
- Acquire historical background of theater and its social, cultural, and political significance.
- Develop public speaking skills related to oral and body language in relation to acting and stage performance.
- Use analog and digital tools for stage design, lighting, and production
- Discuss create and professionally about stage performances and related literature.

### Literature & Technical Writing

**Course #:** 050021

**Prerequisite:** English 11 or Literature & Composition

**Class Fee:** Dual credit through MCC subject to tuition. (No cost for 25-26 school year)

**Course Description:** In this course, students at the senior level produce technical papers and reports demonstrating clear written expression of ideas. Important considerations include the format, organization, logic, grammar, and sentence construction. Students focus on developing skills in informative, expository, and technical writing. In doing so, students will use the writing

process, including designing, revising, and editing literary and technical documents. The course will also read and analyze various genres of reading and writing in order to produce clear compositions for audiences. This course aims to prepare students for college-ready and business writing, reading, and speaking. This course is also offered as dual credit through Metropolitan Community College.

**Course Outcomes:** The students will....

- Exhibit rhetorical knowledge and assess the rhetorical situation, taking care to address audience analysis.
- Think, read, and write critically
- Use a writing process
- Exhibit knowledge of conventions
- Develop, apply, and refine strategies to communicate key ideas in a variety of situations.
- Communicate ideas and information in a clear and concise manner suited to the purpose, setting, and audience (formal voice or informal voice), using appropriate word choice, grammar, and sentence structure.
- Acquire standard grammar skills and understanding for clear communication
- Make strategic use of appropriate visual and/or digital tools to enhance understanding of findings, reasoning, and evidence for specific audiences.
- Convey a perspective with clear reasoning and valid evidence.
- Ask pertinent questions to acquire or confirm information.
- Anticipate and address alternative or opposing perspectives when appropriate to the mode of speaking.
- Develop and demonstrate active listening skills across a variety of situations.
- Provide evidence from literary or informational text to support analysis, reflection, and research.

**Literature & Communication**

**Course #:** 059933

**Prerequisite:** 12th grade

**Class Fee:** N/A

**Course Description:** a senior level English course that features works of drama, spoken word, film, and oral performance. Students will read, discuss, and analyze literature that focuses on elements of speech, dialogue, presentation, body language, and performance in order to expand and deepen their experiences with literature, various perspectives, and elements of communication. The aim of the course is to prepare students for reading, writing, and formal oral presentations in which they define and apply literary terms related to speaking in small and large groups, speaking as a leader, and impromptu speaking. Types of speeches and performance that will be addressed include: personal experience speech, storytelling, informative speech, radio and telecommunications, impromptu and extemporaneous speaking, persuasive speeches, and debate. By drawing on various short stories, plays, poetry, speeches, nonfiction, and essays, students will analyze elements of speech and literature. Speech and Literature awards a core English credit.

**Course Outcomes:** The students will....

- Practice and expand reading, speaking, writing, spelling, and vocabulary skills at the English 12 level.
- Identify and analyze different elements and strategies of public speaking and performance.
- Identify and analyze different themes in literature and provide evidence from the text to support identification and analyses.

- Identify and analyze elements of drama and speeches and provide evidence from the text to support identification and analyses.
- Identify and analyze elements of nonfiction or informational material and provide proof of understanding the text.
- Analyze the aesthetic qualities of various forms of literature for spoken performance.
- Analyze and discuss philosophical arguments presented in drama, films, essays, and poems.
- Understand and apply the writing process for various formal and informal purposes, including journaling, essays, digital compositions, and speeches.
- Develop listening skills used as a communicator in the communication process.

### World Literature

**Course #:** 059934

**Prerequisite:** English 11 or Honors English 11

**Class Fee:** N/A

**Course Description:** World Literature is a senior level English course. The focus will be reading and analysis of literature from various cultures, countries, eras, and peoples of diverse ethnic backgrounds. Beginning with the Medieval Period 449-1485 AD, the course aims to prepare students for cross-Cultural themes of linguistic and cultural diversity by comparing, contrasting, analyzing, and critiquing writing styles and cross-cultural themes. Readings will draw on novels, personal narratives, drama, poetry, nonfiction, and essays. Course work will include, but not be limited to oral presentations, in-class and independent reading, literature-based writing and composition, advanced note taking practice, personal reflections, and advanced vocabulary building.

**Course Outcomes:** The students will....

- Practice and expand reading, speaking, writing, spelling and vocabulary skills at the English 12 level
- Identify and analyze different types of text related to various cultures, countries, eras, and peoples of diverse ethnic backgrounds
- Identify and analyze different themes in literature and perceived evidence from text to support identification and analyses
- Identify and analyze elements of fiction and provide evidence from text to support identification and analysis
- Identify and analyze a nonfiction of informational material and provide proof of undertaking the text
- Analyze the aesthetic qualities of forms of literature from various cultures, countries, ers and peoples of diverse ethnic backgrounds
- Analyze and discuss philosophical arguments presented in novels, poetry, films, plays, essays and poems
- Analyze and express authors political, social, and cultural ideologies as portrayed in selected works
- Understand and apply the writing process for various formal and informal purposes, including journaling, essays and digital compositions and speeches
- Develop listening skills used as a communicator in the communication process.

**Introduction to Communication Studies\***

**Course #:** 050502

**Prerequisite:**

**Class Fee:** Dual Enrollment through Nebraska Wesleyan

**Course Description:** This course is designed to help students develop the skills necessary to effectively communicate in public, private and professional settings. The course will focus on a broad base of communication theory, concepts, and skills and offer students the opportunity to apply those skills. Students will explore several modes of communication, including persuasive and invitational speaking, dialogue, and interpersonal communication. Students will explore the foundations of the communication discipline and consider the importance of communication for our personal, professional, and civic lives.

## Math

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
110601	<b>Calculus +</b>	Full Year	2	11-12
111300	<b>Pre-Calculus +</b>	Full Year	2	10-12
110300	Algebra 1	Full Year	2	9-12
110299	Algebra 1 Lab	Full Year	2	9-10
110306	<b>Algebra 2</b>	Full Year	2	9-12
1103060	Algebra 2 Concepts & Skills	Full Year	2	11-12
110306	<b>College Algebra</b>	Full Year	2	11-12
111200	Geometry	Full Year	2	9-12
111200	Integrated Geometry	Full Year	2	10-12
111700	<b>Introduction to Statistics</b>	Semester	1	11-12

+ **Indicates a weighted course**

**Green print indicates a dual credit course**

**Blue print indicates a specialized course offering-see course description for more details.**

Students who take Algebra 1 or higher math courses before 9th grade will earn high school credit for the course and will have the course(s) calculated into their cumulative high school GPA, and placed on their transcript.

Regardless of pursuit following high school, PHS recommends a strong background in mathematics. There are several options for students based on their potential path and mathematics aptitude. Parents should note that staff will make recommendations for students; however, the final decisions rest with the student and parent(s).

### Calculus +

<b>Course #:</b> 110601	<b>Prerequisite:</b> Pre-Calculus and Recommendation of Math Department.
<b>Class Fee:</b> MCC-Math 2410 Cost set by MCC	
<b>Course Description:</b> Topics include limits, continuity, differentiation, rate of change and integration. The course covers both differentiation and integration on polynomial, rational, radical, trigonometric, exponential and logarithmic functions. It also includes applications of both differentiation and integration. A graphing calculator is strongly recommended for this class (TI 84+).	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>• Understand the concept of limits.</li> <li>• Demonstrate a working knowledge of derivatives.</li> <li>• Find indefinite and definite integrals using integration rules and substitution.</li> <li>• Solve applications using the techniques of integration and differentiation.</li> </ul>	

### Pre-Calculus +

<b>Course #:</b> 111300	<b>Prerequisite:</b> Algebra 2 and Recommendation of the Math Department.
<b>Class Fee:</b> first semester (College Algebra) MCC-MATH 1425 second semester (Trigonometry) MCC-MATH 1430 Cost set by MCC	
<b>Course Description:</b> An introduction into higher mathematics including Trigonometry. The student will be introduced to analytical geometry, number theory, abstract algebra, probability, statistics, and calculus. A graphing calculator is strongly recommended for this call (TI-84+)	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>• Solve and graph polynomial equations.</li> <li>• Know the trigonometric functions and identities.</li> <li>• Solve triangles and equations using trigonometry.</li> <li>• Identify, graph, compare and contrast conic sections.</li> <li>• Work with exponential and logarithmic functions to perform mathematical operations and solve equations.</li> <li>• Understand arithmetic and geometric series and sequences.</li> <li>• Use sophisticated techniques to solve simple probability problems.</li> <li>• Linear algebra including cryptography.</li> </ul>	

<b>Algebra 1</b>	
<b><u>Course #:</u></b> 110300	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This course is designed to help the student understand the basic structure of algebra and the real number system, recognize the techniques of algebra as reflections of this structure, acquire skill in applying algebraic concepts, perceive the role of deductive reasoning in algebra and appreciate the need for precision in language. A scientific calculator is recommended for this class. Note: Students who take Algebra 1 in the 8th grade will receive high school credit for the course as well as have it be calculated in their cumulative GPA.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Develop understanding of a proficiency with signed numbers.</li> <li>● Understand the basic properties and definitions of Algebra.</li> <li>● Be able to simplify algebraic expressions.</li> <li>● Recognize, develop, solve, and graph linear equations and inequalities with one or two variables.</li> <li>● Be able to simplify, factor, and solve equations with polynomials.</li> </ul>	

<b>Algebra 1 Lab</b>	
<b><u>Course #:</u></b> 110299	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This course is designed to help the student understand the basic structure of algebra and the real number system, recognize the techniques of algebra as reflections of this structure, acquire skill in applying algebraic concepts, perceive the role of deductive reasoning in algebra and appreciate the need for precision in language. A scientific calculator is recommended for this class. Note: The difference between Algebra 1 and Algebra 2 blocks is that two periods are built into the students schedule to allow additional time to re-learn critical concepts. Students will be recommended to the offer based on MAP scores and collaboration of 7-12 math instructors.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Develop understanding of a proficiency with signed numbers.</li> <li>● Understand the basic properties and definitions of Algebra.</li> <li>● Be able to simplify algebraic expressions.</li> <li>● Recognize, develop, solve, and graph linear equations and inequalities with one or two variables.</li> <li>● Be able to simplify, factor, and solve equations with polynomials.</li> </ul>	

## Algebra 2

**Course #:** 110306

**Prerequisite:** Geometry

**Class Fee:** MCC- Math 1312 Cost set by MCC

**Course Description:** A modern, integrated course dealing with intermediate algebra. The student will work with various number systems. The student will study polynomial functions, logarithms, absolute values, and exponential functions. A scientific calculator is recommended for this class.

**Course Outcomes:** The students will....

- Recognize, develop, solve, and graph linear equations and inequalities, with one, two, or three variables.
- Simplify, factor, and solve equations with polynomials
- Solve equations involving radicals or rational exponents.
- Understand and use the complex number system.
- Solve quadratic equations.
- Factor higher degree polynomials
- Solve problems using logarithms.
- Introduce probability.

## Algebra 2 Concepts & Skills

**Course #:** 1103060

**Prerequisite:** Recommendation from Math department.

**Class Fee:** N/A

**Course Description:** The student will review Algebra 1 skills while exploring the basic Algebra 2 concepts. The student will work with various number systems. The student will study polynomial functions, logarithms, absolute values, and exponential functions. A scientific calculator is recommended for this class.

**Course Outcomes:** The students will....

- Recognize, develop, solve, and graph linear equations and inequalities, with one, two, or three variables.
- Simplify, factor, and solve equations with polynomials
- Solve equations involving radicals or rational exponents.
- Understand and use the complex number system.
- Solve quadratic equations.
- Factor higher degree polynomials
- Solve problems using logarithms.
- Introduce probability.

### College Algebra

<b><u>Course #:</u></b> 1103060	<b><u>Prerequisite:</u></b> Algebra 2/ Recommendation from Math department.
<b><u>Class Fee:</u></b> MCC - Math 1425, Cost set by MCC	
<b><u>Course Description:</u></b> And introduction to higher mathematics through algebraic topics. The student will be introduced to analytical geometry, abstract algebra, and probability. A graphing calculator is strongly recommended for this class (TI-84+).	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>• Solve and graph polynomial equations.</li> <li>• Identify, graph, compare, and contrast conic sections.</li> <li>• Work with exponential and logarithmic functions to perform mathematical operations and solve equations.</li> <li>• Understand arithmetic and geometric series and sequences.</li> <li>• Use sophisticated techniques to solve simple probability problems.</li> <li>• Linear algebra including cryptography.</li> </ul>	

### Geometry

<b><u>Course #:</u></b> 111200	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> The student will develop some knowledge of deductive and inductive reasoning. He/She will use this knowledge in the discovery and comparison of common properties as well as differing properties of various geometric figures. Formal proofs will be emphasized during the first semester. A scientific calculator is recommended for this class.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>• Understand the fundamental defined and undefined terms.</li> <li>• Apply inductive and deductive reasoning in geometric situations.</li> <li>• Write a formal geometric proof.</li> <li>• Recognize and work with various geometric figures, including parallel lines, polygons, and circles.</li> <li>• Find the measurements associated with one, two, and three dimensional geometric figures.</li> </ul>	

## Integrated Geometry

**Course #:** 111200

**Prerequisite:** Recommendation from Math department.

**Class Fee:** N/A

**Course Description:** The student will be reviewing Algebra 1 skills while integrating basic geometry concepts and standards. These concepts will be introduced with the help of many hands-on activities and projects. A scientific calculator is recommended for this class.

**Course Outcomes:** The students will....

- Use algebra skills to solve geometric problems.
- Graph functions and geometric figures on a coordinate plane.
- Calculate area of 2-dimensional figures.
- Understand the relationship between similar polygons.
- Use if/then statement to formulate a conclusion.
- Calculate surface area and volume of 3-dimensional figures.

## Introduction to Statistics

**Course #:** 111700

**Prerequisite:** Algebra 2 or taking Algebra 2 concurrently

**Class Fee:** UNO-CIST 2500 cost set by UNO,

**Course Description:** This course is designed for students to gain familiarity with basic concepts and analysis. Topics to be discussed include: review of central tendency, probability, normal distributions, estimates and sample sizes, hypothesis testing, and variance. Technological resources will be utilized throughout this course. Therefore, a graphing calculator is strongly encouraged (TI-84+)

**Course Outcomes:** The students will....

- Solidify understanding of central tendency measures.
- Understand the basics of probability; including normalizing the data.
- Choose the right size for a sample.
- Understand the 'p value' for hypothesis testing.

## Music

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
120400	Concert Choir	Year	2	9-12
129931	Guitar 1	Semester	1	9-12
120500	Varsity Band	Year	2	9-12

### Concert Choir

**Course #:** 120400

**Prerequisite:** N/A

**Class Fee:** \$15.00

**Course Description:** Concert Choir is an elective course for high school singers who have successfully completed the choir audition requirements. In addition to a variety of school and community concerts, the choir will compete at the district music contest and other appropriate events throughout the school year. The choir will initiate and sponsor a major musical production each year. Members of the concert are also eligible to audition for the show choir.

**Course Outcomes:** The students will....

- Develop an understanding of music history
- Interpret and experience various styles of music
- Develop proper vocal production with regard to tone, blend, enunciation, and breath control
- Improve sight reading and ear training skills
- Develop proficiency in part singing
- Develop self-confidence and poise through individual and group performance.

### Guitar 1

**Course #:** 129931

**Prerequisite:** N/A

**Class Fee:** Student will provide guitar or pay rental fee from local vender

**Course Description:** This is an elective course offering beginning instruction on guitar. This class covers proper playing technique including open chords, power chords, and melodic playing in a variety of styles. The course also includes performing alone and in small ensembles, listening, improvising, and learning how to read standard music notation and tab.

**Course Outcomes:** The students will....

- Develop appropriate sitting posture and hand positions
- Learn to play chords, accompaniment and melodies
- Learn proper strumming, fingerstyle and flat-picking techniques
- Learn to read standard music notation, chord diagrams, chord symbols and tablature
- Learn to tune and care for the guitar
- Develop an understanding of basic music fundamentals and theory.

## Varsity Band

**Course #:** 120500

**Prerequisite:** Private audition

**Class Fee:** \$25.00 for uniform rental; \$85 for instrumental rental for school instruments only

**Course Description:** Varsity band is available to those high school students who have successfully completed the band audition requirements. Members of the high school band perform at tall home football and basketball games and march in field competition. During the first quarter, the marching band meets at 7:00 am three days each week. Band members also perform in concert competitions throughout the school year. Personnel from the varsity band are selected for the Jazz Ensemble to perform at various school activities and community functions, additional small groups and soloists are selected to perform at the district music contest. The band takes one major, out-of-state trip every four years.

**Course Outcomes:** The students will....

- Demonstrate involvement in and respond to personal aesthetic experiences in music
- Develop the ability to think, feel, and act creatively with music materials
- Develop manipulative and organizational skills in the performance of band literature.
- Develop an understanding of the evolution of music through performance of band literature
- Develop an understanding of the evolution of music through performance and conduction of music from different eras.
- Help promote school spirit at assemblies and sporting events
- Develop basic marching skills through participation in various marching drill designs.
- Demonstrate skills in tone production, breath control, and musical styling.

# **Metropolitan Community College**

## Online Academy

Online Academy is conducted through Metropolitan Community College's Kick Start online program. Please visit MCC for more information.

Prerequisites include:

- Student should be Junior or Senior status
- No class that is offered at PHS may be taken through Online Academy
- Minimum Unweighted GPA of 3.0
- Student must earn a B- or higher in previous online classes to take another
- Students can not drop a previous online class and take another
- Student's Attendance and discipline history are reflective of a student that can succeed in an independent environment.
- Must be on track to graduate
- There must be a signed contract in place between the parents, students and school.
- Grade level counselor or administrator must approve the course
- Parents and students must attend a training session with MCC

Fees: PHS will pay for the tuition of the course, but the fees and books are up to the students.

Structure and Support: Students and parents must both agree that their child will be able to learn to work without daily direct instruction from the teacher. PHS does not have access to course materials, grades, or assignments as this course is run through Metropolitan Community College. Online learning requires self-discipline, daily progress and completion of required assignments, quizzes and exams on time with no reminder from anyone else.

Summary of courses:

Platteview High School will offer courses through Metropolitan Community College. Course summaries for these courses can be found at: <https://mycatalog.mccneb.edu/>

Form for signed agreement is found in the appendix of this document.

## Career Academy

Please visit [MCC](#) for information on MCC Career Academies. If you are interested in participating, students will need to set up an appointment with their grade level counselor.

## PE & Health

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
080121	Competitive Sports & Activities	Semester	1	10-12
080102	Health	Semester	1	10-12
089930	Individual & Dual Activities	Semester	1	9-12
080120	Lifetime Fitness	Semester	1	9-12
089931	Lifetime Sports & Activities	Semester	1	9-12
080124	Sports Officiating	Semester	1	9-12
080111	Weight Training & Conditioning	Semester	1	9-12
089932	Racquet Sports	Semester	1	10-12
080113	Advanced Performance	Semester	1	10-12
080129	United PE	Semester	1	10-12

<b>Competitive Sports &amp; Activities</b>	
<b><u>Course #:</u></b> 080121	<b><u>Prerequisite:</u></b> Open to students 10-12. Students must have earned an A or B in lifetime Sports or Individual Sports to enroll. A or B to repeat the course.
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> An activity-based course designed to emphasize team and individual sports in a competitive environment that have carryover value for later life. Students will enhance already developed skills and further their appreciation of various team and individual sports as well as continue to display and develop positive social traits such as teamwork, leadership, and responsibility. Active and competitive participation as well as skill refinement are both daily and unit expectations.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Demonstrate and apply the knowledge of rules pertaining to team and individual sports, games and activities</li> <li>● Demonstrate a heightened competency in various skills necessary for different team and individual sports, games, and activities.</li> <li>● Demonstrate positive peer relationships in a physical activity setting</li> <li>● Participate actively on a daily basis with focus on skill refinement and competitiveness</li> <li>● Perform a series of physical fitness tests to include but not limited to: flexibility, endurance, cardiovascular fitness and muscular strength.</li> <li>● Understand the importance of lifetime fitness, physical activity and healthy lifestyle</li> <li>● Choose a sport or activity and create a presentation that will be made to the class.</li> </ul>	

Health	
<b><u>Course #:</u></b> 080102	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> Health is designed to make students aware of various aspects of life relating to health. The course content will include the following topics: managing weights and body composition, achieving good mental health, fad diets, tobacco use, peer relationships, alcohol, sexually transmitted infections, non-communicable diseases and disabilities, and first aid emergencies.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Understand basic health concepts</li> <li>● Understand the social drugs and how they affect the body</li> <li>● Study major body systems and how they function</li> <li>● Learn basic rescue skills and test to certify for Red Cross 1st Aid and CPR certifications.</li> </ul>	

Individual & Dual Activities	
<b><u>Course #:</u></b> 089930	<b><u>Prerequisite:</u></b> Open to students in the 10th-12th grade. Must receive an A or B to repeat the course.
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> An activity-based course focused on individual and dual participation in a variety of sports games and activities that have carryover value for later life. Students will continue to develop skills and further their appreciation of various individual and dual spots as well as display and develop positive social traits such as teamwork, leadership, and responsibility. Activities covered in this course will include badminton, pickleball, bowling, shuffleboard, archery, spike ball, golf, and table tennis.	
<b><u>Course Outcomes:</u></b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate and apply the knowledge of rules pertaining to various individual and dual participation sports and activities.</li> <li>● Demonstrate an elevated competency in various skills necessary for different individual and dual participation sports and activities.</li> <li>● Demonstrate positive peer relationships in a physical activity setting participate actively in a competitive atmosphere on a daily basis with focus on advancing an already developed skill level</li> <li>● Perform a series of physical fitness tests to include but not limited to: flexibility, endurance, cardiovascular fitness and muscular strength</li> <li>● Understand the importance of lifetime fitness, physical activity and healthy lifestyle.</li> </ul>	

<b>Lifetime Fitness</b>	
<b><u>Course #:</u></b> 080120	<b><u>Prerequisite:</u></b> Note this course is a rigorous fitness-focused class and not an activity class. Must receive a B or better to retake class.
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> The fitness class is designed to help students participate in low-impact fitness activities that develop cardiovascular fitness, muscle toning, and flexibility. Students will understand the importance of these elements of fitness and be able to structure their own workouts designed to improve their individual fitness levels. IN class, plan on getting a good workout for 30 minutes. Heart rate will be at a working level the entire class. Yoga, Pilates, cardio kickboxing, running workouts, aerobics, core workouts, and cardio strength training will make up the workouts. Stability balls, elastic bands, medicine balls, free weights, and cardiovascular machines are equipment used for this class. The focus for students will be on physical activity that provides opportunities for enjoyment, challenge, self-expressions and social interactions.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Be required to track their cardiovascular improvement based on heart rate monitoring and strength gains through journaling</li> <li>● Practice proper goal setting and nutrition logging</li> <li>● Learn all 5 elements of fitness and why they are important to overall fitness and health</li> <li>● Learn basics of yoga, aerobic fitness, cardio kickboxing, pilates</li> <li>● Be able to understand lifetime fitness is important to overall well being</li> <li>● Understand different vocabulary associated with fitness</li> <li>● Understand proper form, technique and safety measures for each fitness activity</li> <li>● The difference between aerobic and anaerobic exercise</li> <li>● Improve overall strength, cardiovascular endurance, and flexibility. vs</li> </ul>	

<b>Lifetime Sports &amp; Activities</b>	
<b><u>Course #:</u></b> 089931	<b><u>Prerequisite:</u></b> Grade of a B or higher to retake course
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> The focus of the course is to provide students further opportunity to develop basic skills used in a variety of sports, games, and activities as well as gain an appreciation for the value of lifetime fitness and a healthy lifestyle. Active participation and skill improvement are both daily and unit expectations.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Demonstrate and apply the knowledge of rules pertaining to team and individual sports, games and activities</li> <li>● Demonstrate a competency in various skills necessary for different team and individual sports, games, and activities.</li> <li>● Demonstrate positive peer relationships in a physical activity setting</li> <li>● Participate actively on a daily basis with focus on skill development and improvement</li> <li>● Perform a series of physical fitness tests to include but not limited to flexibility, endurance, cardiovascular fitness and muscular strength</li> <li>● Understand the importance of lifetime fitness, physical activity and healthy lifestyle</li> <li>● Choose a sport or activity and create a presentation that will be made to the class.</li> </ul>	

<b>Sports Officiating</b>	
<b>Course #:</b> 080124	<b>Prerequisite:</b> Open to students in 10-12 grade. Must purchase a whistle and lanyard
<b>Class Fee:</b> N/A	
<b>Course Description:</b> This course is designed to introduce students to the basic playing rules and officiating practices in the sports of football, soccer, volleyball, and basketball. At the end of the course, students will be expected to demonstrate proficiency by taking the NSAA officiating exam in each of the four sports.	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>● Demonstrate correct mechanics in each sport</li> <li>● Demonstrate a mastery of the playing rules in each sport</li> <li>● Complete NSAA officiating exam in each sport</li> <li>● Demonstrate proficiency during practical officiating exams.</li> </ul>	

<b>Weight Training &amp; Conditioning</b>	
<b>Course #:</b> 080111	<b>Prerequisite:</b> Students may repeat if they earn a grade of “B” or better in the previous semester. <b>This is not an activity course. This is a rigorous strength and conditioning course.</b>
<b>Class Fee:</b> N/A	
<b>Course Description:</b> This course is designed to provide students the opportunity to improve body structure through various weight training, stretching and cardiovascular exercises. A variety of weight lifting exercises will be used to explore the different muscle groups. Focus will be on proper weightlifting techniques and skills necessary to perform exercises in a safe and effective manner.	
<b>Course Outcomes:</b> The students will.... <ul style="list-style-type: none"> <li>● Understand and follow weight room safety policies and procedures</li> <li>● Perform a variety of weight lifting exercise safely, properly, and effectively</li> <li>● Increase muscular strength, power, and endurance through a variety of weight training methods and exercises through periodic testing.</li> <li>● Develop speed, agility, flexibility, and coordination through stretching and conditioning</li> <li>● Develop increased cardiovascular endurance</li> <li>● Perform a series of physical fitness tests to include but not limited to: flexibility, endurance, cardiovascular fitness and muscular strength.</li> <li>● Understand basic muscle groups, their function relative to weight training, and the affects various exercises have on each group.</li> </ul>	

<b>Racquet Sports</b>	
<b><u>Course #:</u></b> 089932	<b><u>Prerequisite:</u></b> 10-12 grade
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> This course introduces students to three lifetime racket sports: pickleball, badminton, and tennis. Through progressive skill development, students will learn proper techniques, rules of play, scoring, and basic strategies for both singles and doubles formats. Each unit emphasizes sportsmanship, teamwork, and safe participation while building cardiovascular fitness and coordination. By the end of the course, students will gain confidence in fundamental strokes, game tactics, and etiquette, preparing them for recreational play beyond the classroom.</p>	

<b>Unified PE</b>	
<b><u>Course #:</u></b> 080129	<b><u>Prerequisite:</u></b> None
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> Adaptive Physical Education 7–12 is designed to provide meaningful, inclusive, and developmentally appropriate physical activity opportunities for students with diverse physical, cognitive, or emotional needs. This course focuses on building each student's confidence, motor skills, physical fitness, and understanding of lifelong wellness through individualized instruction and adapted activities.</p> <p>Students will engage in modified team and individual sports, fitness training, cooperative games, and functional movement tasks tailored to their abilities. Emphasis is placed on fostering independence, improving coordination, promoting social interaction, and encouraging positive attitudes toward physical activity.</p>	

<b>Athletic Performance</b>	
<b><u>Course #:</u></b>	<b><u>Prerequisite:</u></b> Teacher Recommendation, Student Application
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> The Athletic Performance course is designed for highly motivated 10th-12th grade students who aspire to compete at the collegiate level or who plan to pursue careers in athletics, fitness, or sports performance after graduation. The course provides a structured, high-intensity training environment that emphasizes the physical, mental, and technical demands of advanced athletic development.</p> <p>Students will engage in comprehensive strength and conditioning programs focused on improving speed, power, agility, endurance, flexibility, and overall movement efficiency. Instruction will include proper weight-training techniques, Olympic and functional lifting principles, plyometrics, sprint mechanics, and sport-specific conditioning. Emphasis is placed on injury prevention, recovery strategies (including sleep, nutrition and hydration practices), mobility, and safe training practices to support long-term athletic health.</p> <p>In addition to physical training, students will study foundational concepts in sports science, including anatomy, biomechanics, goal setting, and performance analysis. Mental toughness, discipline, leadership, accountability, and teamwork are reinforced throughout the course, helping students develop habits and character traits essential for success beyond high school athletics.</p> <p>This course is ideal for student-athletes who are committed to maximizing their performance potential in a challenging and supportive environment. Participation requires a strong work ethic, the ability to follow advanced training protocols, and a willingness to push beyond comfort zones while maintaining a focus on safety and personal growth.</p>	
<p><b><u>Prerequisites for course:</u></b></p> <ul style="list-style-type: none"> <li>● Must have achieved an 85% or higher in Weight Training for all semesters prior to enrolling in Athletic Performance.</li> <li>● Achieved the Minimum Strength Standards of the Platteview Strength &amp; Speed program.</li> <li>● Must be involved in at least 1 NSAA sanctioned activity at Platteview High School at the Junior Varsity or Varsity level. *Dismissal or voluntary removal from the activity will result in immediate removal from the Athletic Performance course*</li> <li>● Must attend 80% or more of the Platteview Strength &amp; Speed Summer Program.</li> </ul>

<b>Anatomy and Physiology</b>	
<b><u>Course #:</u></b> 130210	<b><u>Prerequisite:</u></b> students must have completed Biology (with a minimum grade of a "C") and Chemistry (with a minimum grade of a "C").
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This course is designed for students who plan on pursuing a health related area of study in college. The general area of study in this course is the structure and function of the human body. Topics include, but are not limited to: Anatomical Terminology, Cells and Tissues, the Skeletal System, the Muscular System, the Cardiovascular System, the Respiratory System, Nervous System and the Digestive system. Daily activities include classroom lecture, discussions, note taking and laboratory investigations including dissections.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Distinguish between anatomy and physiology and learn how they are related</li> <li>● Study anatomical terminology and relative body positions/landmarks.</li> <li>● Identify cell types and tissue types seen in the human body.</li> <li>● Study the bones of the skeletal system, joints and types of movement produced in the human body.</li> <li>● Identify the major muscles and muscle groups of the human body, muscle movements and the process of producing muscle movement.</li> <li>● Study the structure and function of the organs of the digestive system and the process of digestion.</li> <li>● Study the structure and function of the organs of the respiratory system and the process of respiration.</li> <li>● Study the structure and function of the organs of the nervous system.</li> <li>● Study the senses of sight and hearing including the structure and function of eyes, ears.</li> </ul>	

<b>Biology</b>	
<b><u>Course #:</u></b> 130201	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This course is designed to give students an introduction to various biology fields of study including scientific method, ecology, molecular biology, bioenergetics, cell biology, genetics, zoology, microbiology, evolution and behavior. Lab investigations will be used to help understand and interpret concepts and theories. Recent development and bioethical issues will be used to stimulate student interest and involvement in life science.	
<b><u>Course Outcomes:</u></b> The students will... <ul style="list-style-type: none"> <li>● Recognize the scientific method as a logical problem solving strategy that applies to science, as well as to everyday situations.</li> <li>● Understand the ecological relationship among living organisms and between living organisms and their environment.</li> <li>● Study energy, energy transformations, matter and recycling of matter as they relate to living organisms, ecosystems and the biosphere.</li> <li>● Study cells, cell structure, cell function, and cell reproduction.</li> <li>● Study the chemistry of biological molecules as they relate to photosynthesis, cellular respiration and other metabolic processes.</li> <li>● Understand patterns of inheritance, DNA, RNA, protein synthesis, human genetics, genetic engineering recombinant DNA and genetic disorders.</li> </ul>	

- Study viruses, bacteria, protozoan's, and their importance in ecological relationships as well as disease-producing mechanisms.
- Understand the theory of evolution as it relates to heredity and population genetics.
- Study theories and patterns of plant and animal behavior.

### Physical Science

**Course #:** 130301

**Prerequisite:** Biology

**Class Fee:** N/A

**Course Description:** This course is designed to meet the graduation requirements for students in science and covers the Nebraska State Science Standards for High School Physical Science and Earth and Space Standards. This is a lab-intensive course that explores topics in chemistry, physics, and earth and space science. Students will investigate the nature of matter, motion, forces, energy, and the complex systems that shape our planet and beyond.

**Course Outcomes:** The students will....

- Apply safe lab skills and precise measurements to solve real-world scientific problems through inquiry.
- Use the periodic table to analyze atomic structure, to predict element properties, and to predict chemical reactions.
- Apply laws of conservation of mass and energy to chemical equations, waves, and nuclear changes.
- Analyze how Newton's Laws explain how forces impact motion and momentum in the real world.
- Apply laws of conservation of energy to electricity, magnetism, electromagnetism, and mechanical work.
- Connect concepts in geology, weather, and climate change to evaluate how our planet interacts and evolves over time.
- Explore the history of the universe, the life cycle of stars, and our solar system's place in the universe.

### Plant Science

**Course #:** 130301

**Prerequisite:** None

**Class Fee:** N/A

**Course Description:** This course includes Plant Science topics and examines the scientific concepts and production of plant systems. Students will consider plant processes, plant production systems, and environmental factors that impact plant growth. Students will examine plant classification, anatomy, physiology, propagation, and pest management. Students will gain knowledge through inquiry, experiential learning, labs, and direct instruction. The course allows students to become biologically literate and prepare them for future studies.

**Course Outcomes:** The students will....

- Identify plant vegetative and reproductive structures.
- Understand the basic principles, processes, and functions of plant growth and reproduction
- Understand steps in photosynthesis, respiration, and transpiration.
- Understanding vegetative growth and reproductive growth

- Understanding fertilization and fruit formation
- Learn how plants are used to produce food, alter environments, restore damaged landscapes, improve human health and well-being, and provide recreational and practical benefits to the public

### Physical Science DC

**Course #:** 130313DC

**Prerequisite:** Physical Science 80% or higher.

**Class Fee:** N/A

**Course Description:** This is a college-level course that provides an in-depth exploration of fundamental principles in chemistry, physics, and earth and space science. As this is a dual credit course with a lab credit offered through MCC content reflects the higher academic level and expectations. This course emphasises inquiry, problem-solving, and critical analysis of the physical world.

**Course Outcomes:** The students will....

- Apply the scientific method to design experiments, analyze data, and solve complex problems.
- Explain the basic mechanics of motion, work, power, friction, force, electricity, and magnetism.
- Analyze atomic structure, chemical bonding, and chemical reactions through the use of the periodic table.
- Explore conservation of mass and energy through topics in motion, force, energy, waves, momentum, nuclear changes, and electricity/magnetism.
- Analyze the composition and interconnectedness of Earth's physical systems, including topics in climate change.
- Investigate the discoveries regarding the formation of the universe, the solar system, and Earth's place in the cosmos.
- Demonstrate a foundational understanding of how astronomy, physics, meteorology, chemistry, and geology interact to shape the physical world.

### Material Science 1 & 2

**Course #:** 130310 (1) & 130311 (2)

**Prerequisite:** Chemistry 1

**Class Fee:** \$20 per semester

**Course Description:** Material Science is a study of solid matter where students will explore the nature of different materials. Four major units form the basis of the course: solids, metals, ceramics/glass, and polymers (plastics). We will study the properties, design, and manufacturing of each major solid category. This course allows students to see chemistry in the real world as well as gives students a better understanding of different fields of engineering & technical careers.

A heavy hands-on, lab based approach is used in this class. Learning will involve working in small groups, writing as a means of learning, participating in demonstrations and activities, using community experts in materials, showing videos, and using a large variety of written resources including current event articles.

**Course Outcomes:** The students will....

- Learn to make crystals using different methods (from solution, from precipitates of chemical reactions, and from freezing of a metal)
- Be able to create glass from raw ingredients and understand the bonding processes.

- Be able to use a variety of equipment to work with metals (rolling mills, draw plates, and digital calipers)
- Be able to explain the desirable properties that alloys have over their metallic components.
- Be able to perform various heat treatments of metal (quench, anneal, and temper).
- Be able to define corrosion, recognize examples of corrosion, and identify factors that cause corrosion.
- Be able to understand the science behind the art of raku.
- Be able to explain the differences in various polymers and bioplastics, how to make them, and environmental issues that surround the plastic industry

### Physics DC+

**Course #:** 130307

**Class Fee:** General Physics 1 with Algebra (PHYS 1110) dual credit through UNO & Metro CC

**Prerequisite:** Algebra 1 or higher. Geometry or higher. Physical Science completed 80% or higher. Recommended to be taken if majoring in STEM field.

**Course Description:** First part of a two-semester continuing course designed for students with no prior background in physics. Mechanics, heat and sound are covered in this semester. In addition to meeting all curricular requirements of the UNO course, this course meets the requirements for the advanced placement exam.

**Course Outcomes:** The students will...

- Demonstrate a broad understanding of the fundamental laws and principles of science and interrelationships among science and technology disciplines.
- Demonstrate a broad understanding of various natural and/or physical phenomena that surround and influence our lives.
- Describe how scientists approach and solve problems including an understanding of the basic components and limitations of the scientific method.
- Solve problems and draw conclusions based on scientific information and models, using critical thinking and qualitative and quantitative analysis of data and concepts in particular to distinguish reality from speculation.

## Social Studies

+Indicates a Weighted course

<b>21st Century Studies</b>	
<b><u>Course #:</u></b> 0453	<b><u>Prerequisite:</u></b> 11th or 12th grade
<b><u>Class Fee:</u></b> N/A	
<p><b><u>Course Description:</u></b> course offers an in-depth study of current/contemporary issues from the 21st Century. Issues are selected according to their impact on both domestic and international affairs. Each unit includes a central activity that challenges students to consider multiple viewpoints on a contested issue. The class will utilize the “Choices” curriculum developed by the Watson Institute of Brown University.</p>	
<p><b><u>Course outcomes</u></b></p> <ul style="list-style-type: none"> <li>● students will learn to engage in serious discussions regarding current global issues</li> <li>● students will form rich conceptions of what it means to be an engaged citizen</li> <li>● students will learn to integrate and evaluate multiple sources of information presented in diverse formats and media.</li> <li>● students will learn to initiate and participate effectively in a range of collaborative discussions/projects, (one on one, in groups, and teacher-led</li> </ul>	

## DC Government

**Course #:** 151113

**Prerequisite:** 12th grade

**Class Fee:** Dual Enrollment class through UNO

**Course Description:** DC Government and Politics is available to seniors desiring a more intensive college preparatory experience. The course will give students an analytical perspective on government and politics in the United States. Topics include: Constitutional Underpinnings, Political Beliefs and Behaviors, Political parties, Interest Groups, Mass Media, Institutions of National Government, Public Policy, and Civil Rights and Civil Liberties.

**Course Outcomes:**

- Know the important facts, concepts, and theories pertaining to US Government and politics
- Understand typical processes and behavior and their consequences.
- Be able to analyze and interpret basic data relevant to US Government and Politics

## Psychology 2

**Course #:** 151200

**Prerequisite:** 11th or 12th grade,  
Introduction to Psychology

**Class Fee:** Dual Enrollment course through UNO

**Course Description:** This course is an introduction to the science of psychology. The course material will include a study of the application of critical thinking, learning theory, memory, growth and development, biological and neurological, abnormal behavior. This course also fulfills a University of Nebraska Omaha general seduction requirement and is aligned with the following General Education Student Learning Outcomes.

**Course Outcomes:**

- Demonstrate an understanding of the diversity of interactions between human motivations, institutional forces, and/or social behavior
- Use critical thinking and reasoning skills to analyze theories, perspectives, and/or concepts relative to the discipline(s) studied
- Identify multiple methods and modes of inquiry and their appropriate application
- Communicate ideas and explain concepts and analyses using the language of the discipline(s)

## Honors World History

**Course #:** 150805

**Prerequisite:** 10th grade

**Class Fee:** Dual Enrollment class through MCC

**Course Description:** This course surveys the history of selected civilizations from the Renaissance to the present. It focuses on the political, economic, social, cultural, and technological contributions of these civilizations, individually and collectively, to the modern world.

**Course Outcomes:**

- Analyze and evaluate patterns of continuity and change in world history from the Renaissance to modern times.
- Evaluate the economic, cultural, and political causes and effects of historical events in the world, leading to the development of the modern global age.
- Evaluate the impact and perspectives of people, events, and ideas, including various cultures and ethnic groups, on the world.

## Introduction to Psychology

**Course #:** 151200

**Prerequisite:** 11th or 12th grade

**Class Fee:** N/A

**Course Description:** Psychology I will provide an introduction of general principles and terminology involved in the field of psychology. Students will identify not only what psychology is, but how it is studied and some of the specific areas that psychologists explore. Psychology I will give students the opportunity to work and learn like a social scientist using the variety of materials the psychological field provides.

**Course Outcomes:**

- Study the core concepts and theories of psychology. They will be able to define key terms and use these terms in their everyday vocabulary.
- Understand the basic skills of psychology research. They will be able to recognize psychological principles when they encounter them
- Develop an awareness of human similarities and accept the differences
- Acquire critical thinking skills which will allow them to be consumers of information
- Learn about psychology as a profession and become aware of the educational requirements that must be met to pursue a career.

<b>Introduction to Sociology</b>	
<b><u>Course #:</u></b> 151300	<b><u>Prerequisite:</u></b> 11th or 12th grade
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> This course is an introduction to the scientific study of society and human social behavior. It focuses on the concepts of research methods and findings, sociological theories, society, institutions, groups, social structure, culture, interaction, socialization, social problems, inequality, and change.	
<b><u>Course outcomes:</u></b>	
<ul style="list-style-type: none"> <li>● Demonstrate understanding of fundamental sociological theories and concepts.</li> <li>● Explain the process of sociological research.</li> <li>● Discover and develop their own sociological imagination and apply it to societal issues.</li> <li>● Understand how social institutions are interdependent.</li> <li>● Explore how social factors contribute to social inequalities and efforts to create social change.</li> </ul>	

<b>Military History</b>	
<b><u>Course #:</u></b> 159930	<b><u>Prerequisite:</u></b> 11th or 12th grade
<b><u>Class Fee:</u></b> Dual Enrollment course through MCC	
<b><u>Course Description:</u></b> This course is a survey of American military history in a global context which situates war strategies and tactics starting from Colonial America to the present. This course's primary purpose is to provide students with a better understanding of the political, social, cultural, and economic aspects of American military history on the global stage. This course is a dual credit course through Metro Community College.	
<b><u>Course Outcomes:</u></b>	
<ul style="list-style-type: none"> <li>● Be able to describe the evolution of US/Global military policies, tactics, and strategies from colonial times to the present.</li> <li>● Be able to describe the relationship between military affairs and society, especially as they pertain to social, political, economic, national security, and diplomatic traditions</li> <li>● Be able to analyze the ramifications of European and American military policies and practices upon current global military actions</li> <li>● Be able to analyze primary sources and describe how they help us better understand military history.</li> </ul>	

<b>US Government</b>	
<b>Course #:</b> 151110	<b>Prerequisite:</b> 11th or 12th grade
<b>Class Fee:</b> N/A	
<b>Course Description:</b> American Government is a survey study on the development and operation of our national government. The intent is to educate the student in the workings of our government and to foster a sense of civic pride and responsibility.	
<b>Course Outcomes:</b>	
<ul style="list-style-type: none"> <li>• Understand some of the basic problems faced by the authors of our constitution</li> <li>• Acquire a better understanding of our rights as guaranteed by the constitution</li> <li>• Associate current literature involving the government with our studies.</li> </ul>	

<b>US History 11</b>	
<b>Course #:</b> 150820	<b>Prerequisite:</b> N/A
<b>Class Fee:</b> N/A	
<b>Course Description:</b> two semesters of US History is required of all Juniors at Platteview. This course is a survey style course covering the time period of 1920-to the present. The course will extensively focus on the 20th Century where the United States became both a Military and Economic superpower. Students will be exposed to historical events in which many Americans contributed to the freedoms we still have and enjoy in today's ever changing world.	
<b>Course Outcomes:</b>	
<ul style="list-style-type: none"> <li>• Gain an understanding of the facts that led to the United States emerging as a world power.</li> <li>• Understand the problems the United States faced while solidifying its status as a world power.</li> <li>• Understand the impact of the Cold War on the lives of Americans and the World</li> <li>• Gain a greater appreciation for the US economic and political systems, along with a sensitivity toward the various ethnic groups that make up our United States.</li> </ul>	

<b>US History 1 (to 1877) +</b>	
<b>Course #:</b> 159931	<b>Prerequisite:</b> 11th grade
<b>Class Fee:</b> Dual Credit course through MCC	
<b>Course Description:</b> In order to function effectively in society, students need to have an understanding of the way in which the past is a part of their lives today. A firm intellectual grasp of the historical forces underlying present-day issues will result in mature, informed judgment and effective participation in community affairs. Moreover, students should come to regard history as the interdisciplinary interpretation of political, economic, geographic, social, cultural and intellectual forces, all in a time dimension. Additionally, they should also regard differing historical interpretations as a healthy opportunity to exercise their own critical judgment. This course is a survey of American history from discovery through and including the Civil War and Reconstruction.	
<b>Course Outcomes:</b>	
<ul style="list-style-type: none"> <li>• The fundamental themes of American history from the Age of Discovery to 1877.</li> </ul>	

- The major aspects of North American and global geography demonstrate how geography influenced the course of American history.
- The major time periods of American history.
- The interaction of various forces in American history and how the interactions influence the future.

### US History 2 (From 1865 )+

**Course #:** 159932

**Prerequisite:** 11th grade

**Class Fee:** Dual Credit course through MCC

**Course Description:** Looks like the same as US history 1 needs to be corrected right?

**Course Outcomes:**

- The fundamental themes of American History from 1865 to the present
- The major aspects of North American and global geography and demonstrate how geography influenced the course of American History.
- The major time periods of American History since 1865.
- The interaction of various forces in American history and how the interactions influenced the future.

### US History 9

**Course #:** 150700

**Prerequisite:**

**Class Fee:** N/A

**Course Description:** course is a one semester requirement for all freshmen. It is a survey style course that covers the time period of 1865-1920. Topics included are: Aftermath of Civil War/Reconstruction, Westward Expansion, Industrialization, Immigration/Urbanization, Progressivism, U.S Imperialism, and World War I

**Course Outcomes:**

- Analyze and evaluate patterns of continuity and change over time in American history.
- Understand the events that led to the United States emerging as a world power.
- Develop an understanding and appreciation for US economic, cultural, and political systems, along with a sensitivity toward various minority groups.
- Identify and evaluate how considering multiple perspectives facilitates an understanding of history.

## World History

**Course #:** 150800

**Prerequisite:** N/A

**Class Fee:** N/A

**Course Description:** This course is a survey style course, designed to familiarize the student, primarily through European studies, with the concepts of how mankind has advanced through the contemporary stages of societal development

**Course Outcomes:**

- Understand the changing needs of civilization that leads to the development of nation states.
- Gain an understanding of the reasons behind revolutions and unification movements in Europe
- Understanding that through changing technologies and ideologies the world becomes an international arena in the 20th century
- Become familiar with the key personalities of the different historical eras.

# Spanish

<u>Course #</u>	<u>Class Title</u>	<u>Course Length</u>	<u>Credits</u>	<u>Open To</u>
060241	Spanish 1	Full Year	2	9-12
060242	Spanish 2	Full Year	2	10-12
060243	<b>Spanish 3 +</b>	Full Year	2	11-12
060244	<b>Spanish 4 +</b>	Full Year	2	12

**Green indicates dual enrollment course**

**+Indicates course is weighted**

### Is my student ready for Spanish 1?

What is expected of the students in Spanish 1?

- Students in Spanish 1 are expected to have established study skills and a study routine. They know how to learn vocabulary, including spelling, of around 5-6 words a day in addition to their regular homework for class.
- Students need to be competent in reading, writing and speaking in their own language. A lot of what we do will require them to speak out loud in class and be willing participants in many activities. They should have a good grasp of common grammar terms.

My student struggles in English or Math.

- Students that tend to struggle in either or both of these subject areas tend to struggle with Spanish. It may be wise to give them another year of maturity and mastery of these two subject areas before throwing another difficult class at them.

My student rarely does his/her homework on time.

- Practice assigned in a level one class must be completed for the following day. Failure to practice makes it next to impossible to understand what is happening in class.
- Students are expected to study Spanish almost daily- close to 20 minutes a day- learning vocabulary, practicing verb conjugations, etc. Those with a low completion rate of homework may want to wait a year to mature into better homework completion habits.

My student is planning on only taking 2 years of this course.

- Since most 4 year universities require students to prove their mastery of 2 years of Spanish with a placement test, why not wait a year before starting Spanish? If their goal is to take the "2 years" and be done, it may be a better idea to wait a year to take it.

I heard Spanish is easy!- ALL they do is eat and sing.

- Many 4 year universities require a minimum of 2 years of a world language before they are admitted to their institution. This is due to the amount of higher level thinking skills required, plus the ability to show grit when faced with difficult concepts. This is not just a memorization class- however this skill is utilized frequently.
- If students do not master the basic skills in level 1, they will struggle in level 2. This class is such a concept building class- you can not learn something and forget what you have learned after the test.

My student needs to be challenged academically.

- Great! This class will challenge them to think in ways they have never had to think and study before. They should have a passion for learning to start Spanish 1 as a Freshman and continue through Spanish 4 as a Senior.

<b>Spanish 1</b>	
<b><u>Course #:</u></b> 060241	<b><u>Prerequisite:</u></b> N/A
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> Spanish 1 is an introduction to the Spanish language. In this class students will be introduced to Spanish vocabulary and basic grammar concepts. Students will learn about Spanish-speaking countries and some of their cultural celebrations. An emphasis is placed on vocabulary acquisition, sentence structure, and proper pronunciation.	
<b><u>Course Outcomes:</u></b> <ul style="list-style-type: none"> <li>• Be able to use basic grammatical components.</li> <li>• Develop a limited, but workable vocabulary.</li> <li>• Discuss aspects of Spanish culture.</li> <li>• Combine grammar and vocabulary to develop oral and written skills.</li> </ul>	

<b>Spanish 2</b>	
<b><u>Course #:</u></b> 060242	<b><u>Prerequisite:</u></b> Successful Completion of Spanish 1 with a C or better
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> Spanish 2 is a continuation of the language skills acquired in Spanish 1. New grammatical concepts and vocabulary are introduced to broaden the student's ability to communicate. Listening and speaking skills are developed through guided oral conversation and in-class activities. Writing skills are improved through written exercises and directed compositions. Reading practice and culture are included.	
<b><u>Course Outcomes:</u></b> <ul style="list-style-type: none"> <li>• Review and apply aspects of level one.</li> <li>• Expand upon grammatical aspects of the language</li> <li>• Demonstrate the ability to compose writing samples.</li> <li>• Recognize and understand many of the differences/similarities between the cultures.</li> </ul>	

<b>Spanish 3 +</b>	
<b><u>Course #:</u></b> 060243	<b><u>Prerequisite:</u></b> Successful Completion of Spanish 2 with a C or better
<b><u>Class Fee:</u></b> N/A	
<b><u>Course Description:</u></b> Spanish 3 is a continuation of the language skills acquired in Spanish 1 & 2. New grammatical costs and vocabulary are introduced to broaden the student's ability to communicate especially in written and spoken forms. Listening and speaking skills are developed through guided oral conversation, presentations and in-class activities. Writing has advanced to encompass multiple verb tenses and a variety of vocabulary topics from Spanish 1 & 2 in addition to the new topics presented in Spanish 3. Reading becomes more of a focus through short stories and books. Hispanic culture is included where appropriate.	

**Course Outcomes:**

- Review and apply concepts from first and second year.
- Expand upon conversing in the present, past and future tenses.
- Compare cultural values.
- Develop advanced writing skills in Spanish.
- Communicate in all aspects of the language at an advanced level.

**Spanish 4 +****Course #:** 060244**Prerequisite:** Successful Completion of Spanish 3 with a C or better**Class Fee:** N/A

**Course Description:** Spanish 4 is the culmination of all 3 previous levels of Spanish offered at Platteview. The purpose of this class is to develop the speaking skills of students to communicate with people who speak Spanish and to help them develop a deeper understanding and appreciation of the Hispanic culture. This course prepares students for college placement exams and/or the workforce. Reading and speaking skills are emphasized. Review of grammatical concepts and introduction of vocabulary occurs in thematic units.

**Course Outcomes:**

- Review and apply concepts from first, second, and third year.
- Students will converse daily using a variety of grammatical structures and vocabulary.
- Compare cultural values in an in-depth manner.
- Develop advanced listening, reading and writing skills in Spanish.
- Read cultural and authentic pieces at an advanced proficiency.

# Appendix

### Online Academy Agreement/ Consent Form

The Platteview High school Online Academy will allow students to enroll in online courses throughout the academic day. The intent of the PHS Online Academy is to provide students with the opportunity to pursue curricular interests in areas that are not offered on site. This program will allow students to design and pursue their individual pathways and interests as they work towards graduation and preparing themselves for college and the workplace.

**This class is taken through Metropolitan Community College or another Post-Secondary institution. Platteview staff will not have the ability to see the students grades or progress throughout the semester.**

Springfield Platteview Community Schools will pay for the course tuition to take this class while parents are responsible for the books and fees.

Qualifications to take an online academy course are:

- Written justification for the purpose of taking the online course.
- Students that have declared the University Bound Pathway will have priority.
- Demonstration of ability of student to handle the rigor of an online class.
- Attendance History
- Discipline History
- Documentation that the student is on-track to graduate.

For all requirements and guidelines regarding the Online Academy, please refer to the Platteview High School Parent-Student Handbook.

### **Agreement and Consent Section**

I understand that qualify for a seat in the Online Academy is a highly selective process and that if my student is selected I agree to the following conditions:

- My son/daughter is prepared for and understands the rigor and independent nature of online courses.
- My son/daughter will complete the course in full even if the material/course is difficult.
- I agree that the Springfield Platteview Community Schools will pay for the course if taken for high school credit. If the course is taken for college credit, I will be responsible for the payment.
- I agree to abide by the terms and conditions of the syllabus for the online course.

Student Name: \_\_\_\_\_

Grade: \_\_\_\_\_ Graduation Year: \_\_\_\_\_ Period Request \_\_\_\_\_

**In order to be eligible for an open period, a senior must meet (and maintain) all the following qualifications.**

- A minimum of a 2.5 cumulative GPA during the preceding semester.
- No unexcused absences the preceding semester.
- Less than 9 countable absences in all class periods during the preceding semester.
- Less than 6 tardies to any single period the preceding semester.
- Counselor Verification that the student is on track for graduation.
- No discipline resulting in an out-of-school suspension during the preceding semester.
- No more than 5 days of assigned in-school suspension during the preceding semester.

Additional notes regarding open periods.

- The only periods eligible for an open period are 1st or 8th
- A student may apply each semester for eligibility for an open period.
- A student may request to have a maximum of one open period per day.
- Students with an open period may not be on campus during the open period unless the student has scheduled time with a staff member.
- Students violating any of the criteria listed above may have their open period revoked immediately.
- The high school administration may assign alternate schedules to a student when extenuating circumstances arise.
- The application for approval of a student to have an open period must be completed and submitted prior to school ending the preceding semester.

This application must receive approval from.

\_\_\_\_\_ I am requesting to graduate after the first semester of my senior year.

\_\_\_\_\_ I am requesting to graduate at the end of my junior year.

Dear Parent,

Your child has requested to graduate early. When a student completes all graduation requirements and withdraws for school, the student automatically becomes ineligible to participate in any school activities regulated by the Nebraska School Activities Association.

The only formal commencement exercise held at Platteview High School is in May of each school year. We encourage all students to participate. This form is due no later than June 1 of the summer preceding the date of intent to graduate.

As a parent, I understand the nature of this request and I am executing the authorization for my child to graduate early.
