UPDATES

- **New Staff Hires:** Megan O'Dell is returning to BHS as a Science Teacher. Mrs. O'Dell will teach Physical Science and Biology. Jeff Graver has been hired as a .5 STS teacher – Mr. Graver will teach foundational STS courses in the morning. The two recent hires round out a total of 13 new certified staff members joining BHS/BPS this school year.
- **Traveling Teachers:** BHS will have multiple teachers traveling to different rooms during the 2023-24 school year. Mrs. O'Dell will teach in four different classrooms during the school day. Health class (taught by Mr. Horner & Dr. Mimick) will be held in five different rooms until the construction is complete in the old weight room. Additionally, STS teachers (Mr. Schumacher, Mr. Graver, and Mr. Monti) will be sharing spaces during the morning class periods.
- **Summer Workouts:** From Dr. Brandon Mimick, BHS Strength & Conditioning Coordinator - 375 students consistently participated in summer strength and conditioning - this was one of the first summers we had several upperclassmen who were not athletes who elected to participate in the offering. Overall, we had an average of 202 students participating on a daily basis, totaling 6481 hours of training completed by our students. While we understand waking up to workout at 6 am or committing to 4 days per week may be asking a lot of our students (and their families) during the summer, we are proud of their commitment to themselves and their teams. As a staff, we believe the benefits from training together during the summer extend past just strength and speed, as well as past just our students' athletic programs.

- **Parking:** BHS will utilize the same parking plan from last year to manage student parking for the 2023-24 school year. Student drivers in grades 10-12 will park in the main lots (north & south) and 9th-grade drivers will park in the lot to the east of the stadium by the bus barn. Administration and SRO Ramaeker will manage the lots before and after school.
- **ACT Test Scores** – The Class of 2024 had 26 students score 30 or higher on the Statewide ACT exam in March 2023. Ethan Roth scored a perfect score of 36 on the exam.
- **AP Scores** – Please see the additional document with the August HS report. The AP scores for each course are enclosed along with an analysis of 3-year scores and highlights from the 2023 AP Tests.
- **NSAA Fall Practices:** Monday, August 7 was the official start of practice for Cross-country, Football, Girls’ Golf, Softball, and Volleyball. Curriculum & Assessments Report

August 14, 2023

Assessment

- ❖ The NSCAS Growth assessments are optional in the fall and winter and required in Spring 2024. Bennington will continue with full implementation this fall. NSCAS Growth is a computer-adaptive test that selects items that are tailored to a student's performance throughout the assessment. Items get easier if a student answers an item incorrectly and harder if a student answers an item correctly. As a student responds to items, the computer adaptive assessment better understands where a student is in their learning.
- ❖ NSCAS Growth ELA and Mathematics, preliminary scores were available within 48 hours of students submitting tests. This data is embargoed and cannot be shared in group reports at this time. Final data and family reports will be available late in August or early September. NSCAS Data will be used to classify schools for accountability for the 2023-2024 school year.
- ❖ NSCAS Growth generates two different scores that aim to provide comprehensive information on a student's results– the NSCAS scale score (summative) and RIT score (diagnostic).
 - The NSCAS scale score and associated achievement level are based on a subset of items (about 27 items) that are on-grade and aligned to the Nebraska standards.
 - The RIT score is based on all items that a student took during that test (about 27 on-grade-level items plus about 13 items that adapt on- and off-grade-level as needed).

Curriculum

- ❖ Teachers worked in curriculum teams throughout the summer to update curriculum and assessment alignment with the Nebraska standards and across buildings. Seventy TIP Grants were awarded this spring, with approximately 420 staff members participating in the work (staff members may have participated in multiple grant projects). Over 3,700 hours of work has been submitted at this time on different projects and learning opportunities.
- ❖ Implementation of the new elementary English Language Arts (ELA) curriculum materials for grades K-5 has been planned and initiated. Teachers have been trained on the Science of Reading and the major shifts in the ELA Standards and the teaching of reading. Teachers will be trained on the new Amplify CKLA materials on August 14-16th with a follow-up session scheduled on October 19th. Additional professional learning will be provided in the month of February. The new adoption will include mCLASS Dibels 8th Edition. mCLASS is an adaptive early literacy assessment that provides comprehensive universal screening, progress monitoring, and dyslexia screening to target the early reading skills students need. Teachers will be trained on the administration and interpretation of this universal screener.
- ❖ The district will have committees continuing work on Teacher Appraisal, Bennington Grading Framework, and System-Wide Behavior Management. High school ELA teachers will be working on the adoption of updated high-quality English Language Arts materials, and K-12 Computers will continue the curriculum selection process they began last year.
- ❖ On September 12th, the curriculum material selection process for ELA grades 9-12 will begin. Fourteen additional meeting dates have been scheduled at this time. An outline of the process is as follows:

ALICAP

We recently received our annual ALICAP premium billing. Our experience modifier continues to remain in an excellent position on the 1.00 experience modifier. Our 2023 modifier came in at .68, which means we will receive a 32% discount on our initial base premiums for worker's comp insurance this year. A look back shows our district has maintained a healthy experience modifier for five consecutive years, resulting in a .68 five-year-average. Any modifier below 1.00 is impressive, but ALICAP continually praised our district for its great safety record!

That amazing safety record was validated last week when the district was informed that Bennington Public Schools was awarded the ALICAP's 2022-23 SafeSchools Award Winner! There were only three districts in the state that were given this prestigious safety award. Along with the award came a 5% premium contribution discount on our 2023-24 ALICAP bill which amounted to over \$27,000 in savings! BPS will also be recognized in November at the State Education Conference.

The Building and Finance Committee of the Bennington Board of Education met on July 24, 2023, at 5:00 PM in the upstairs conference room. Board members present were Allyson Slobotski, Tim Dreessen and Jeremy Dick. Administrators in attendance were Aaron Plas and Matt Blomenkamp and coordinator Jeremy Edens. The Building and Finance Committee met for the second time this school term to review facility and maintenance proposals for the 2023-2024 school year.

Dr. Blomenkamp focused the evening's discussion on facility and maintenance projects throughout the district with necessary completion dates prior to the start of school in mid-August that would require consideration and approval by the Committee on Monday, August 14, 2023, by the Board of Education (BOE).

The committee unanimously recommended for approval by the BOE to purchase a wrestling mat for \$15,434.

The committee unanimously recommended for approval by the BOE to purchase two boilers at Bennington High School at a maximum cost of \$161,696. The district will be obtaining a second bid for the work.

The committee unanimously recommended for approval by the BOE to install an irrigation system at Bennington South Middle School for a maximum cost of \$20,000.

The committee unanimously recommended for approval by the BOE to purchase a Storage Area Network (SAN) for \$32,291.

The committee unanimously recommended for approval to purchase an eight (8) passenger suburban at the cost of \$57,000. This was recommended as an alternative to the high cost of vans.

Dr. Blomenkamp discussed the need for a sound system upgrade at the high school stadium. He explained that an electrical engineer and an architect from DLR met with Mr. Uchtman, Mr. Kessel and him to discuss increasing the coverage of the system. He went on to explain the upgrade could be expanded if the stadium were to be renovated, or, potentially repurpose the system at a possible new high school stadium or at Bennington South Middle School's field.

Dr. Blomenkamp updated the committee as to the progress with the high school training room, and that contracts with Hausmann Construction were being drafted. Once those were signed, materials would take six to eight weeks to arrive, and it would take between six and eight weeks to complete the project. Dr. Blomenkamp also discussed his meeting with Children's Hospital, who the district contracts with for athletic training services. The training room renovation is tentatively scheduled to be completed in mid-December, with a move in during winter break.

Dr. Blomenkamp and Dr. Plas discussed their meeting and facility request from Bennington Youth Football (BYF). The committee agreed to provide access to BYF to use the turf field at the high school for their regular season and playoff games this year. They also approved BYF to have access to Bennington

South's practice fields. The committee asked Administration to meet with all Bennington youth sports organizations to discuss field needs and to ensure fairness across the feeder programs with respect to field usage.

Administration and the committee continued discussion about a potential high school kitchen remodel due to the number of students currently utilizing hot lunch services. Mrs. Watsabaugh will be meeting with Culinex and DLR in the coming weeks to gather more data on BHS kitchen remodel including:

- Specific Wait Time
- Enrollment Data
- Food Choice Options (before/after remodel)
- Recommended Sq. Ft Per Kid (from DLR) at BHS compared to after if a remodel is complete.

Dr. Blomenkamp and Mr. Edens discussed the age and wear of the original roof at the high school (2004). The committee is asking for more information about the roof and requests administration to obtain two updated bids for the work (An old bid of \$669,000 was secured 18 months ago).

The meeting adjourned at 6:02 pm with the agreement that an additional meeting will be scheduled for Monday, July 31, 2023, at 5pm to discuss budgets.

Building and Finance Committee Notes
July 31, 2023
Upstairs Conference Room

The Building and Finance Committee of the Bennington Board of Education met on July 31, 2023, at 5:00 PM in the upstairs conference room. Board members present were Allyson Slobotski, Tim Dreessen, and Jeremy Dick. Administrators in attendance were Aaron Plas and Matt Blomenkamp, and coordinator Michael Theis. The Building and Finance Committee met for the third time this school term to review the 2022-23 budget and discuss the proposed 2023-24 budget.

Dr. Plas provided a school finance 101 presentation that outlined all of the taxable funds, school funds, caps, and lids school districts must remain within, and how state aid and valuation impact each other.

The 2022-23 budget was reviewed within all Accounts Payable and Payroll Accounts. The committee unanimously recommended transferring \$75,000 to the activities account and any 2022-23 funds available to the Depreciation account for future technology, vehicle, and maintenance purchases.

The committee discussed the proposed 2023-24 school budget and recommended goals of ensuring 20-25% cash on hand in the general fund, keeping the levy stable over the next several years, providing stability within the bond fund levy, prioritizing paying down the bond, building up the special building fund, and increasing the depreciation fund, as possible.

After reviewing all planned expenses and available revenue sources for the 2023-24 school year, the committee unanimously recommended reducing the overall levy by around four cents and moving around four cents of general fund levy to the special building fund. The committee also discussed wanting the remainder of the board to review the same information either in a budget retreat or individually as time allows.

The meeting adjourned at 7:57 p.m.

Policy Committee Meeting
Wednesday, July 24, 2023 – 6:00 PM

The second reading will be held at the August 14, 2023, regular Board of Education meeting. The Committee unanimously agreed all reviewed policies, as written, were ready for second reading in August.

Activity Trips

- Will continue coordinate between two middle schools and BHS on away contests
 - Need for creativity and flexibility
 - Adding a second middle school has added significantly to our demand for activity trips.
- Adding a second suburban to the fleet to help with activities between the three schools

Maintenance

- \$28,515 spent on maintenance of vehicles over the summer
- Low-level maintenance is performed in-house as possible
- Most vehicle maintenance is provided by mobile mechanics
 - This has led to adjustments in activity trip schedules
 - The response time has gone from 24-48 hours to 1-2 weeks

Summary

- Transportation leadership feels very strongly about routing and coverage for school this year.
 - Only concern is activity transportation.
- Recruiting and retention are #1 priority
- Transportation will work to reduce the number of contracted drivers as possible

Future Planning - Recommendations

- Potential solutions to staffing issues:
 - Consideration of staggering start and dismissal times by 45-60 minutes
 - This would make each route a split route and nearly double the capacity each driver could transport daily. Split routes could potentially make the drivers full-time with benefits depending on school schedules and hours worked.
- Potential solutions to activity transportation issues:
 - Explore having contests on Wednesdays?
- Potential solutions to mechanic issues:
 - BPS could explore a full time mechanic to maintain our growing fleet.

CURRICULUM AND ASSESSMENT

BPS Elementary Summer School uses a referral form filled out by the students' homeroom teacher to collect data. The referral form contains several data points including:

- IRIP Status
- MAP/NSCAS Data
- Reading Level
- Teacher recommendations for areas of improvement

Summer school staff then uses this data to make decisions about lessons, individualization, and additional supports.

During summer school, a grade level appropriate pre and post test are administered to collect data and measure growth.

Curriculum Development

NSCAS scores of students in summer school were analyzed. Standards associated with incorrect questions were compiled and used to identify specific standard areas of focus.

This drove the activities planned for summer school, along with the different skills tested by the pre & post tests. NSCAS standard spotlight can be found [here](#).

- 61% of students agreed or strongly agreed that the teachers at summer school made the activities enjoyable or fun
- 48% of students agreed or strongly agreed that the information they reviewed or learned in summer school will help them next school year
- When asked, students stated that they liked the Amazing Race, small class sizes, class activities, and teachers the most.

Director Notes/Future Considerations

- Extend invites to families by February if possible - we extended invites in March due to issues with processing NSCAS scores and many families had vacations or camps planned by that point.
- Summer school schedule of five days a week, three hours a day is ideal.
- Co-teaching model continues to be an excellent way to offer additional support to students enrolled in summer school
- Transportation continues to be the biggest hurdle for families not enrolling their children - district transportation would increase student attendance substantially.
- Enrollment placeholder - a deposit fee or some other way of reserving a seat for summer school would cut down on the number of students who enroll and do not show

High School Summer School Board Report August 2023

The Summer School program for BHS students focused on credit recovery and getting current students on track for graduation. Students who were able to complete courses and earn credits in the summer do not need to “double-up” on courses in the fall with in-person classes (taking English 9 and English 10 at the same time). Coursework is completed through an online program called Odysseyware. 30 licenses were purchased for students to complete the required courses. The courses offered mirror, for the most part, what was taught to students in the classroom during the designated semester. Algebra was offered with teacher instruction which was done by Mrs. Erin Holt, Mrs. Carrie Laughlin, Mr. Rob List, and Mr. Thomas Spoehr with the assistance of videotaped lessons posted in google classroom along with assessments and course resources for the students.

Achievement

There were two 3-hour sessions available June 5 through June 23. Up to 25 students were assigned to a session for Credit Recovery and up to 12 students were assigned to an Algebra section. Students’ grades are determined by performance on lessons (10%), quizzes (20%), and tests (70%) throughout their assigned course.

***Achievement:** 44 students earned at least 1 credit towards graduation. 7 students earned at least 2 credits. There were 51 total credits earned. In comparison, last summer 54 (62 in 2021) students earned a total of 73 (93) credits. 54 students who participated earned at least 1 credit towards graduation. 13 (20) students earned at least 2 credits.

Attendance: Students are accounted for by minutes in the classroom. Students were not penalized for arriving late or leaving early other than it counted against their allotted time missed. 4 days missed in credit recovery and 3 days missed in Algebra resulted in removal from the program. Over the course of the entire summer 4 students were dropped due to attendance. Overall attendance rate = 93%

Additional Note & Information:

- Summer School numbers were lower than the last couple of years. A couple of factors include the offering of Credit Recovery during the school day throughout the 22-23 school year and our failure rate was 10.5% at the end of the second semester.
- Core courses and graduation requirements are the focus of the Credit Recovery program. English, Social Studies, Science, and Health account for the majority of the courses. Algebra is taught with the google classroom using BHS curriculum and resources.
- Mr. Rischling maintained a running list of students who are deficient in their credits and shares it with Mr. Bobolz at the start of each semester. Any student who was in need of a Credit Recovery course was given enrollment information on April 13, 2023. Parents were also sent an email with the information, dates, and summer sessions.
- Registrations were collected through May 24 by Mr. Bobolz via email or returned forms. All families who followed this process received a confirmation email from Mr. Bobolz the last week of the school year.
- Summer School is only available to students currently enrolled at Bennington High School or students who have accepted enrollment papers on file with BPS and BHS.
- Mr. Bobolz accepted late registrations from families based on the seat availability in each session. Mrs. Holt coordinated students moving from Algebra to Credit Recovery or students wanting to double up in the June Sessions in a similar manner.
- Student progress for Credit Recovery is tracked through the Odysseyware program by the supervisors. Parents are informed when their child completes a class. Once a class is completed the student is either released from the program or assigned a second course depending on their specific situation and time remaining in the session.
- Students who have a course that is currently incomplete will work with Mr. Bobolz during the 1st semester to either complete it through the Credit Recovery program on assigned days, use their study hall to complete lessons, or come in on Saturday morning to finish the course.
- Our Summer School staff included: Mrs. Erin Holt, Mrs. Amy Barbe, Mrs. Carrie Laughlin, Mr. Thomas Spoehr, Mr. Rob List, Mrs. Laura McGrew, Mrs. Bailey Hilfiker, Mr. Jarod Owens, and

Mrs. Rachel Zebolsky, Mrs. Jennifer Bobolz, Mrs. Meredith Lime, and Mrs. Karen Hohman served as paraprofessionals.

- 14 of the 49 students participating in Summer School have active IEP's ranging from behavior, to reading, to math calculations. The additional support staff available allowed BHS to accommodate the needs of students and provided staff the ability to work individually or in small groups with struggling students.
- All lessons, instruction, and work completion was done in person.
- Students who still have credits to recover have a couple of options: 1) Take the course in person during the appropriate semester or 2) Participate in the Credit Recovery program that runs during the school year - 2 days per week 3:30-5:30 pm with Saturday mornings being optional. Priority is given to the Seniors for the school year program. There are 20 slots available and up to 2 staff members will supervise and assist students during these sessions.
- **Credit Deficient Students are defined as the following (50 Credits needed to graduate):**
 - Seniors - 35 or fewer credits. Currently have 9 students in the Class of 2024.
 - Juniors - 22 or fewer credits. Currently have 3 students in the Class of 2025.
 - Sophomores - 10 or fewer credits. Currently have 11 students in the Class of 2026.

Possible Change for Summer School 2024:

- Holding Summer School Monday-Thursday, two sessions each day. Friday would be considered a make-up day and we would have one session running from 8-11 am. Algebra would run two 3 hour sessions instead of two 2 hour sessions Monday-Thursday. This schedule would align more with the hours of our building during the month of June. Also, Friday attendance was down compared to the other days of the week.

NONRESIDENT STUDENTS/OPTION ENROLLMENT

Students who are eligible to attend a Nebraska public school but who are not legal residents of the school district may be admitted into the school district in accordance with the option enrollment program authorized by state statutes. Option enrollment students shall be accepted without charge. If the student has previously had an option enrollment accepted in any district, the application shall be rejected unless a statutory exception to this rule applies for that student.

Application for option enrollment should be made between September 1 and March 15 for enrollment during the following and subsequent school years. Upon agreement of the school boards of the resident district and the option (receiving) district, deadlines for application and approval of the option may be waived. Following the March 15 deadline, applications requesting admittance must contain a release approval from the resident district prior to the option district's consideration for acceptance.

The application for option enrollment does not require a release from the resident district and the receiving district has forty-five days to issue acceptance or rejection if:

1. after February 1 the student relocated to a different resident district, or
2. the student's option district merged with another district effective after February 1, and
3. the student's attendance would occur during the next immediate and subsequent school years.

For applications submitted by the March 15 deadline, written notification of approval or rejection of the application will be made before April 1 to the student's parent/guardian and the resident district. If the district rejects an application for a student to option in or out, the district will provide notification by certified mail to the parent/guardian of the specific reasons for rejection including a description of services and accommodations required that the district does not have the capacity to provide, and the process for appealing the decision to the State Board of Education.

The board shall adopt standards and conditions for acceptance or rejection of a request for release of a resident student submitting an option application after March 15. Such standards shall not include the failure to meet the March 15 deadline. For those applications, the option district shall notify the parent/guardian and the resident district whether the application is accepted or rejected within sixty days after submission. False or substantively misleading information submitted by a parent/guardian on an application to an option district may be cause for the option district to reject a previously accepted application prior to the student's attendance.

The board shall adopt a resolution and publish its specific standards for acceptance and rejection of applications as an option school prior to October 15 of each school year for

PART-TIME ENROLLMENT

The parent, guardian, or custodian of a student receiving instruction at a private, denominational or parochial school, or a school choosing not to meet accreditation or approval requirements may also enroll the student in the school district. The district's application form for part-time enrollment must be received by the Superintendent by August 1st preceeding the school year for the student to be considered for part-time enrollment.

The parent, guardian, or custodian requesting part-time enrollment for the student shall indicate the academic courses and extracurricular activities in which the student will participate. Considerations of educational appropriateness and district capacity limits that generally apply to option enrollment students will also apply to part-time students. Part-time students will not receive priority over full-time students.

A dual enrollment student is eligible to participate in the school district's academic and extracurricular activities in the same manner as other students enrolled in the school district to the extent allowed within NSAA regulations. The student must be enrolled in five credit hours at the district in a semester during the year. The policies and administrative rules of the school district shall apply to the part-time enrollment students in the same manner as the other students enrolled the school district. These policies and administrative rules shall include, but not be limited to, athletic eligibility requirements, rules governing student conduct, academic eligibility requirements, and payment of the fees required for participation. Full-time and part-time students shall have the same opportunities and expectations to participate in extracurricular activities regardless of full- or part-time status.

It shall be the responsibility of the superintendent to develop administrative regulations as needed regarding deadlines, specific courses or activities approved, restrictions of classroom space, maximum or minimum course number limitations and other procedures for this policy.

Social Studies - 8 Credits.

World Geography, World History, American History or AP American History, and American Government are required

Mathematics - 6 Credits.

Algebra and Geometry are required

Science - 6 Credits.

Physical Science and Biology will be required for graduation

Business Computer Applications and Personal Finance – 2 Credits

Health 9 and three other semesters of a PE class are required

Electives – 16 Credits

Students may choose from the variety of courses, across multiple disciplines provided at Bennington High School

Foreign Language

Will not be required for graduation, but is highly recommended for all students planning on attending a 4-year college program. Check entrance requirements for the program that you choose.

Exceptions to the course of study listed above may be granted for transfer students with administrative approval. Students who do not complete the courses listed above will not be eligible to receive a diploma and will not participate in commencement exercises.

ACCUMULATED CREDITS

To meet the 50-credit requirement for graduation a student should earn a minimum level of credits each school year.

9th grade - 0-12 credits

10th grade - 13-24 credits

11th grade - 25-36 credits

12th grade - 37 + credits

If these minimum levels are not met, a student may need an additional semester or year to complete their course of study. We highly recommend that students exceed these minimum requirements to help them prepare for the rigor of post-secondary educational experiences.

CREDIT RECOVERY: Bennington High School will offer a credit recovery program targeting students who have had considerable difficulty in acquiring typical academic skills and credits needed to graduate from high school. The goal of Credit Recovery is to give high school students the opportunity to graduate in a timely manner. This program has policies and procedures that allow students who have failed core courses (courses required for graduation) an opportunity to make-up course work for credit. Bennington High School students may be eligible to participate in Credit Recovery if accepted and by adhering to the guidelines. There will be a fee required for this opportunity. Guidelines will be provided upon request.

EARLY GRADUATION POLICY: In order to qualify for early graduation both the student and his/her parents/guardians must meet with and make written application to the principal and guidance counselor no later than November 15th during the first semester of the student's junior year. Recommendation will be made by the administration and a decision will be rendered by the Board of Education. Students who enroll in college immediately after completing their high school course of study may participate in the spring graduation ceremony. Early graduates must have 50 completed credits with all required courses successfully passed. Part time students will forfeit their membership in all school organizations if they graduate early.

The required courses of study will be reviewed by the board annually.

Graduation requirements for special education students will be in accordance with the prescribed course of study as described in their Individualized Education Program (IEP). Each student's IEP will include a statement of the projected date of graduation at least 18 months in advance of the projected date and the criteria to be used in determining whether graduation will occur. Prior to the special education student's graduation, the IEP team shall determine whether the graduation criteria have been met.

Requirements Related to American Civics (Nebraska Revised Statute 79-724)

The requirements within Nebraska Revised Statute 79-724 took effect on September 1, 2019, and the NDE considers 2019-2020 a transition year for implementation. Even so, opportunities may exist in an alternate learning environment to meet requirements within 79-724.

- If a district intends to administer the civics portion of the U.S. Citizenship and Immigration Service Naturalization Test, students are required to take the test twice - once prior to completing 8th grade and a second time prior to completing 12th grade. It may be possible for seniors to complete the second testing in an alternate learning environment. For example, the University of Nebraska High School is offering "Citizenship 101" for free (non-credit), and it prepares students to take the naturalization test at the completion.
- For districts that intend to have students attend/participate in a meeting of a public body OR complete a project/paper and class presentation as outlined in 79-724, those requirements may also be met in an alternate learning environment.

IDEA Considerations

Graduating with a regular high school diploma or reaching the maximum age of eligibility both result in termination of a student's eligibility for Special Education (IDEA) services. Procedurally, the student's Individualized Education Program (IEP) team must meet to review the student's status and issue the appropriate coding for the student, specifically 210 or 211 as described in the ADVISER Data Elements Manual, a reasonable time before the student's eligibility is terminated. These meetings may be held via the telephone or through a virtual platform (e.g. Zoom, Google, etc.) and should include the student (if possible). The school district must also provide the student with a summary of performance prior to graduation or ending services because of age. Some IEP teams may have already provided a Notice of Graduation or Notice of Ending Services Due to Age to certain students. As this is an issue of IDEA eligibility, the Nebraska Department of Education recommends that school districts make every effort to complete these steps in a timely manner. For questions related to these requirements, contact Amy Rhone (amy.rhone@nebraska.gov).

Class of 2020 Graduation Requirements

Grading and Class Promotion

~~Course grades and promotion for the Class of 2020 are determined by local school board policies and not by state requirements. The District has latitude in determining what grades to award, if any, for coursework and what coursework is required for credit.~~

Alternate Learning Environments, Changes in Instruction, and Graduation

~~Some students in the Class of 2020 may fall in the following categories regarding graduation credits:~~

- ~~Students who currently have attained the district graduation requirements, which include the state required credits.~~
- ~~Students who have completed the state required graduation credits but have not completed all the district requirements. Local options may include:~~
 - ~~Local school boards could decide to modify district policy to grant a high school diploma.~~
 - ~~Local school boards could determine that coursework currently completed is sufficient to award credit for the district required graduation credits.~~
 - ~~As part of a Continuity of Learning Plan, districts could provide additional learning opportunities that students could complete in an alternate learning environment to meet district requirements/credits for graduation.~~
- ~~Students who have not met the minimum state required graduation credits but were on track to meet those requirements through current coursework prior to entering an alternate learning environment. Local options may include:~~
 - ~~Local school boards could determine coursework currently completed is sufficient to award credit for the state required graduation credits.~~
 - ~~As part of a Continuity of Learning Plan, districts could provide additional learning opportunities students could complete in an alternate learning environment to meet state required graduation credits.~~
- ~~Students who are further behind in meeting high school graduation requirements and who would not have been able to meet the state graduation requirements with the normal coursework currently taken prior to the end of the 2019-20 school year. Local options may include:~~
 - ~~As part of a Continuity of Learning Plan, districts could provide targeted educational opportunities for these students and consider summer educational opportunities to complete coursework.~~

PROGRAM FOR HIGH ABILITY LEARNERS

The district is committed to an educational program that recognizes, identifies and serves the unique needs of high ability learners. High ability learners are those who have been identified as having high performance capability in such areas as intellectual; or creative; or artistic capacity or in specific fields and who require accelerated or differentiated curriculum programs in order to develop those capabilities fully.

The board directs the superintendent to develop a written identification process for identifying high ability learners in grades K-12. The identification process shall include an appeals process for parents/guardians who wish to request reconsideration.

A written plan that identifies programs or services to be provided to address the assessed needs of identified students shall be similarly developed. The plan shall include:

- the district's philosophy on educational service to learners with high ability;
- the district's operational definition of a high ability learner;
- goals and objectives of the program;
- a description of the programming services, options and strategies to be provided under this plan;

A written plan that identifies programs or services to be provided to address the assessed needs of identified students shall be similarly developed. The plan shall include:

- the district's philosophy on educational service to learners with high ability;
- the district's operational definition of a high ability learner;
- goals and objectives of the program;
- a description of the programming services, options and strategies to be provided under this plan;
- yearly evaluation procedures to allow for input from parents, educators, students, and community members;

- Personal Characteristics - attainment of at least three "probable gifted" ratings on a high-ability characteristics scale. The ratings scale may be completed by prior and current teachers as well as the student's parents. A District team will evaluate the data in order to determine if it supports the finding of giftedness of the student.
- Cognitive Abilities Test - score at the 95th percentile or above on a cognitive ability test in the subtotals of verbal, quantitative, or nonverbal. This is a mandatory qualifier for students in kindergarten and grade one.

A. Discuss, Consider, and Take Action to Revise Policies 502.02-Non-Resident Students/Option Enrollment, 504.11 Weapons, 605.07 Part-Time Enrollment, 611.07 Graduation Requirements, 605.03 Program for High Ability Learners, and 605.03R1 Program for High Ability Learners Procedures

The following policies have been recommended by NASB and the Policy Committee are up for your approval. There are six proposed policy revisions:

1. Policy 502.02 Non-Resident Students/Option Enrollment

- NASB Description – Option applications relating to capacity limitations on special education services will now be determined by the Director of Special Education or designee.

2. Policy 504.11 Weapons

- NASB Description – This policy has been slightly clarified to reinforce the fact that concealed weapons are still not allowed on district property.

3. Policy 605.07 Part-Time Enrollment

- NASB Description – This policy is revised by LB705 and has been retitled from its former Dual Enrollment title.

4. Policy 611.07 Graduation Requirements

- NASB Description – Graduation Requirements now includes a requirement for at least one five-credit high school course in personal finance or financial literacy. This was originally created by LB452 last year and modified in LB705 this year. The policy has been cleaned up by removing the one-year special provisions of 2020 written to deal with the Covid-19 conditions.

5. Policy 605.03 Program for High Ability Learners

- Description: Student Services and Dr. Hoge have worked to update our HAL Policy and Procedures to reflect current practice. They are proposing the word artistic be removed as an area of qualifying to match our true practice of qualifying through the means of intellectual or creative, as that is all encompassing.

6. Policy 605.03R1 Program for High Ability Learners Procedures

- Description: Student Services and Dr. Hoge have worked to update our HAL procedures to match current practice. A summary of the changes includes:
 - Changed qualifying language to be more consistent with the terms 95th percentile versus using multiple definitions for the same expectation.
 - One portion of the procedure stated 92nd percentile; however, that is not how we have been qualifying students, as the 95th percentile qualifies 19% of our student population, and that is better aligned with best practices that support the definition of a gifted learner.
 - Additional language was added through a section surrounding the descriptors of the qualifying criterion used to be part of the Bennington HAL program to make it more understandable.

ALTERNATIVE EDUCATION PROGRAM

The Superintendent may offer an expelled student an alternative school, class, or educational program; or an alternative education plan in accordance with state statutes and Rule 17. An expelled student may not be required to attend the alternative program. The Superintendent is responsible to arrange and plan for a student's alternative educational program, based on the available resources and student's individual circumstances.

The plan shall (a) specify guidelines and consequences for behaviors which have been identified as preventing the student from achieving the desired benefits from the educational opportunities provided, (b) identify educational objectives that must be achieved in order to receive credits toward graduation, (c) specify the financial resources and community programs available to meet both the educational and behavioral objectives identified, and (d) require the student to attend monthly reviews in order to assess the student's progress toward meeting the specified goals and objectives.

If a district decides not to provide an alternative school, class or educational program for expelled students, or if the expelled student decides not to participate in the alternative offered, the district shall follow the procedures below:

1. A conference shall be called by a school administrator and held to assist the district in the development of a plan with the participation of a parent or a legal guardian, the student, a school representative, and a representative of either a community organization with a mission of assisting young people or a representative of an agency involved with juvenile justice.
2. The plan shall be in writing and adopted by a school administrator and presented to the student and the parent or legal guardian.
3. The plan shall:
 - a. Specify guidelines and consequences for behaviors which have been identified as preventing the student from achieving the desired benefits from the educational opportunities provided,
 - b. Identify educational objectives that must be achieved in order to receive credits toward graduation,
 - c. Specify the financial resources of the community programs available to meet both the educational and behavioral objects identified, and
 - d. Require the student to attend monthly reviews in order to assess the student's progress toward meeting the specified goals and objectives.

B. Discuss and Consider First Reading to Revise Policies 605.02-Alternate Education Program, 605.15 Information Relating to Dyslexia

The following policies have been recommended by NASB and the Policy Committee are up for your approval. There are two proposed policy changes:

1. Policy 605.02 Alternate Education Program

- NASB Description – Policy 605.02 is a complete rewrite of the policy under the same file number that used to be titled Individualized Instruction. These revisions were part of LB705, the Christmas tree bill, in the last Legislature. LB705 changed several parts of the student discipline act including how students would receive alternate education services if suspended out of school or expelled.

2. Policy 605.15 Information Relating to Dyslexia

- NASB Description – Policy 604.15 Information Relating to Dyslexia is a new policy required in LB298 of the recent session and it relates to collecting and recording data that will be reported to NDE each year by July 1. LB298 now requires that schools collect, maintain, and submit information to the Nebraska Department of Education related to dyslexia within the school system by July 1st each year.

The Policy Committee is unanimously recommending the approval of the policies presented as recommended by the Nebraska Association of School Boards.

B. Discuss and Consider First Reading to Revise Policies 605.02-Alternate Education Program, 605.15 Information Relating to Dyslexia

The following policies have been recommended by NASB and the Policy Committee are up for your approval. There are two proposed policy changes:

1. Policy 605.02 Alternate Education Program

- NASB Description – Policy 605.02 is a complete rewrite of the policy under the same file number that used to be titled Individualized Instruction. These revisions were part of LB705, the Christmas tree bill, in the last Legislature. LB705 changed several parts of the student discipline act including how students would receive alternate education services if suspended out of school or expelled.

2. Policy 605.15 Information Relating to Dyslexia

- NASB Description – Policy 604.15 Information Relating to Dyslexia is a new policy required in LB298 of the recent session and it relates to collecting and recording data that will be reported to NDE each year by July 1. LB298 now requires that schools collect, maintain, and submit information to the Nebraska Department of Education related to dyslexia within the school system by July 1st each year.

The Policy Committee is unanimously recommending the approval of the policies presented as recommended by the Nebraska Association of School Boards.
