STUDENT FEES

The Board of Education of Bennington Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children, which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included: students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference or personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop class materials where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment to be prepared for the extracurricular activities in which they choose to participate (sporting apparel, including shoes, undergarments, and the like), and assisting with special programs, such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District. The District will supply minor personal or consumable items for courses in accordance with state statutes in cases where students request that these items be supplied for them.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies; this policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

1. Guidelines for clothing required for specified courses and activities

Students have the responsibility to furnish and wear non specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines

Approved _____ Reviewed October, 2021 Revised _____

established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

2. Personal or consumable items

Students are encouraged to furnish any personal or consumable items for participation in the courses and activities provided by the District. This applies to minor personal or consumable items including, but not limited to, pencils, paper, pens, erasers, and notebooks. At the request of the student, the District will supply a reasonable quantity of these materials in accordance with state statutes. Equipment or supplies of a specialized nature for certain courses (for example, protractors and math calculators) may be available to students by the District, but students may also be encouraged to purchase their own such equipment or supplies for their own use after school hours or for use during the school day due to the limited number of District items available to the students. A specific class supply list will be published annually in a Board approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

While the District will provide students with the use of facilities, equipment, materials and supplies, including books, the students are responsible for the careful and appropriate use of such property. Students and their parents or guardian will be held responsible for damages to school property caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student. Where students are provided school property of a significant value which may easily be unintentionally damaged, the instructor should give the parent advance notice of the student being given responsibility for the item and the parent may then direct that the student not be given the item.

3. Materials required for course projects

Students have the responsibility to furnish or pay the reasonable cost of any materials required for course projects where, upon completion, the project becomes the property of the student. The student will be asked prior to beginning a project if he/she wishes to have possession of the project following its completion, and that decision will govern the collection of materials fees.

Students must furnish musical instruments for participation in optional music courses that are not extracurricular activities. Use of a musical instrument without charge is available under the District's fee waiver policy (Section 12); however, the District is not required to provide for the use of a particular type of musical instrument for any student.

4. Extracurricular Activities Specialized Equipment or Attire

Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District.

The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouthpieces, and the like) are the responsibility of the student participant.

Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities.

For music courses that are extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

5. Extracurricular Activities Fees for participation

The District does not generally charge fees for participation in extracurricular activities. Admission fees are charged for extracurricular activities and events.

6. Post-secondary education costs

Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees associated with obtaining credit from a postsecondary educational institution. For a course in which students receive both high school and postsecondary education credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

7. Transportation costs

Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

8. Copies of student files or records

The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or students who request copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or

records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

Participation in before and after school or pre-kindergarten services

Students are responsible for fees required for participation in before and after school or pre-kindergarten services offered by the District, except to the extent such services are required to be provided without cost.

9. Participation in summer school or night school

Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

10. Breakfast and lunch programs

Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations.

Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like.

11. Waiver Policy

The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities, (2) materials for course projects, and (3) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free lunch program or reduced-price lunch program is not required to qualify for free or reduced-price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials. Materials for course projects to be provided to free or reduced-price lunch eligible students shall be required to be approved by the administration in advance, which shall apply a standard based on providing materials which are equitable to those purchased by comparable students.

12. Distribution of Policy

The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to students of the District at no cost.

13. Student Fee Fund

The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students.

Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) post-secondary education costs, and (3) summer school or night school.

The maximum dollar amount of each fee must be specified as part of this policy.

Public concerns or complaints regarding required fees, attire or equipment shall be addressed under Policy 1005.01, Public Complaints.

This policy will be reviewed and re-adopted annually by August 1 at a regular or special meeting of the board. This shall include a review of the amount of money collected under this policy and the use of waivers as provided by this policy. The policy shall be published in the student handbook provided at no cost to each household.
