Board Policy

SECTION	B	TITLE	Board Governance and Operations	FILE	BDDH
---------	----------	-------	--	------	-------------

Public Participation at Board Meetings

The School Board recognizes and respects the input which may be provided by the public on school district matters. The Board also recognizes and respects the distinction between a school board meeting that is open to the public and a public hearing held by the school board.

- At a school board meeting which is open to the public, members of the public may be present, observe and listen to the school board conduct its business and may speak during the school board meeting consistent with this policy.
- At a public hearing held by the school board, there is usually one topic to be presented by the District and discussed. The public is given the opportunity to speak and be heard on the topic which is the reason for the public hearing. This type of meeting allows for public participation under the rules designed specifically for that meeting and is not subject to this policy.

This Policy applies only to regularly scheduled school board meetings held in open session. Matters addressed in executive session pursuant to SDCL 1-25-2 are not open to the public.

Personnel matters or complaints that directly or indirectly identify an employee shall not be discussed. Complaints against school employees or students, and complaints related to sexual harassment or bullying, must be addressed according to specific school district policies before being addressed by the School Board.

When a complaint against a school employee or a student is brought to the Board during the public forum, the Board President will direct the person bringing the complaint to the applicable complaint procedure. The complaint procedures are designed to ensure the proper balance in protecting the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. The Board will address the complaint only if the matter has been appealed to the Board pursuant to the applicable complaint policy.

Persons making references about a specific school employee or employees, or a specific student or students during the public forum should be mindful that based upon what the person says during the public forum the employee(s) or student(s) about whom the comments are made may have legal recourse against the person voicing the complaint.

Persons speaking during the Public Forum at a school board meeting shall not cause public inconvenience, annoyance, or alarm to the school board or any person, and shall not engage in threatening behavior, make unreasonable noise, be disruptive, boisterous, argumentative, or threatening, shall not make comments which

are disrespectful to one or more persons, and shall not use profanity.

The time designated for Public Forum on the agenda shall be immediately before the adoption of the meeting agenda by the school board.

In order to assure that the Board may conduct its meetings in a respectful and efficient manner, the procedure for public participation at regularly scheduled monthly school board meetings is as follows:

1. Agenda and Non Agenda Items:

- a. Before the meeting is called to order, an individual who desires to speak at a school board meeting must in writing inform the Superintendent, the Business Manager or the Board President of the person's desire to speak and the topic upon which the person intends to speak. The requesting party must sign a form (prepared by the school district) with their name, address, email and topic to be addressed. Individuals attending virtually and desiring to speak during public forum, should email their request to the superintendent's office, including all identifying information, by noon the day of the meeting.
- b. During the time designated for Public Forum, the Board President will recognize the person who signed up to speak and the person may speak on the topic according to the rules set forth in this policy
- c. A speaker shall be granted 5 minutes to present comments to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by a majority of school board members present and voting, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- d. Should a number of persons wish to address the school board on the same agenda item, or should the comments become repetitious, the School Board President, in the President's sole discretion, may shorten the time for comments to two minutes per person in order that persons wishing to address the school board may be heard and still allow the school board sufficient time to conduct its agenda business.

2. Adding an Item to the School Board Meeting Agenda in Order to Request Specific School Board Action:

- a. Any person or delegation (with one person being the spokesperson for the delegation) making a specific request to the school board which would require formal action by the school board must present a written request to the Superintendent for the item to be placed on the school board meeting proposed agenda. The written request must be submitted to the Superintendent at least five calendar days before the school board meeting.
- b. The specific request to add an item to the agenda shall clearly identify what is being requested and why, signed by the person making the request, and include the person's name, address, email and telephone number.
- c. The Superintendent will forward the request to the School Board President and the Board President will decide whether the item will be placed on the proposed agenda. Whether any item is to be addressed at the school board meeting is determined by a majority of school

board members at the beginning of the school board meeting when the school board adopts the proposed agenda as printed or adopted after being modified.

- d. If the item on the meeting agenda is adopted by the school board, the person or spokesperson for the delegation who has submitted the request for specific school board action will be granted 10 minutes to explain the request to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by the majority of school board members present, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- e. In the sole discretion of the school board, requests to the school board for specific action submitted after the proposed agenda has been posted may be:
 - deferred until the next regular meeting or a special school board meeting, or
 - added to the meeting agenda for discussion purposes only, or
 - added to the agenda for discussion and possible action.

3. Authority of Presiding Officer:

The Board vests in its presiding officer the authority to terminate the right of any person to speak at the end of the time granted pursuant to provision 1.d, provision 1.e, or provision 2.d. as set forth in this policy. The presiding officer may also terminate the right of a person to speak at a school board meeting should the person cause public inconvenience, annoyance, or alarm to the school board or any person, engage in threatening behavior, make unreasonable noise, disturb or be disruptive of an official school board meeting, or when comments are disrespectful to one or more persons, boisterous, argumentative, threatening, or contain profanity.

If deemed necessary by the presiding officer, the presiding officer may contact local law enforcement to have a person removed from the school board meeting as it is a violation of law for a person to intentionally cause or create a risk of serious public inconvenience, annoyance, alarm or disturbance at a school board meeting.

Introduction to Public Forum

If the Board/Board President wishes to have the Board President make an introductory statement at the beginning of the Public Forum, the following may serve as a starting point which could be modified at the discretion of the Board/Board President and which is consistent with local Board policy.

This is the time for the Public Forum.

Each individual wishing to address the Board is asked to sign the form on the table in the back of the room with their name, address, email and topic to be addressed being legible. Persons having signed in will be recognized and have an opportunity to speak.

Speakers will have five (5) minutes to present comments to the school board. An extension of time may be granted pursuant to Board policy. Should more than one person wish to address the school board on the same agenda item, or should the comments become repetitious, speaker time may be shortened.

The District has policies related to complaints involving bullying, sexual harassment, school employees or students. Those policies include procedures designed to balance the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. If a complaint about bullying, sexual harassment, school employees or students is brought to the Board during the public forum, the person will be informed as to the applicable complaint procedure.

* Individuals attending virtually and desiring to speak during public forum, instructions are given on the meeting agenda when it is posted to email their request to the superintendent's office, including all identifying information, by noon the day of the board meeting.

Notes: All Board members should be aware that SDCL 22-18-35(3) says any person who intentionally causes serious public inconvenience, annoyance, or alarm to any other person, or creates a risk thereof by disturbing any lawful assembly or meeting of persons without lawful authority is a criminal offense (Class 2 Misdemeanor). This statute could be referenced in extreme situations if a speaker/group fails to respect the decorum expected during a formal governmental meeting

STAFF GRIEVANCES PROCEDURES

DEFINITIONS:

- A “grievance” is a complaint by a person or group of persons employed by the Douglas School District 51-1, made either individually or by a duly authorized and recognized employee association through its representative, that there have been a violation, misinterpretation or inequitable application of any existing agreement, contract, policy, rule, or regulation of the School Board. Negotiations for, or a disagreement over, a nonexisting agreement, contract, policy, rule, or regulation is not a “grievance”.
- An “aggrieved person” is the person or group of persons filing the grievance.
- “Board” means the Douglas School Board.
- “Days” shall refer to calendar days. The day of delivery or notice shall not be counted as a calendar day as it pertains to the timelines.

PURPOSE:

The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise between employees and the District and to facilitate this purpose, the process will be kept as informal and confidential as may be, appropriate at any level of the procedure.

Nothing herein contained shall be construed as limiting the rights of any employee having a grievance to discuss the matter informally with any appropriate member of the administration, and having the grievance adjusted without the intervention of the employee association, provided the adjustment is not inconsistent with the terms of any settlement with the employee association then in effect. The employee or the administrator involved in the grievance may be represented by a representative at such an informal discussion.

PROCEDURE:

- It is important that grievances be processed as rapidly as possible. The number of days indicated at each level shall be the maximum and every effort should be made to expedite the process.
- If appropriate action is not taken by the employee within the time limit specified, the grievance will be deemed settled on the basis of the disposition at the preceding level. The time limits specified herein may be extended by mutual agreement, provided the time extension is requested within the time limits provided in the regulation.
