29 September 2021

Dear Mr. Schneider,

I am writing this letter to propose my intentions of taking a sabbatical leave next school year 2022-2023. My purpose for this sabbatical is reason number two from the Hastings Public Schools Master Agreement (p. 21), "Travel that will enhance the applicant's professional growth and development."

I am working with a company called Travel Bud that assists teachers in teaching English abroad. Through Travel Bud, I will be traveling to Japan from July 25, 2022 to around the end of August 2023. I understand that this would be a couple of weeks longer than a school year, since I would not return until about a week and a half after school has begun in 2023. However, I am unable to stay less than this time frame due to the tax and work visa laws in Japan. I am willing to use my professional development days, personal days, and sub dock days for the time I would miss at the beginning of the 2023-24 school year.

I have not yet been able to iron out too many details regarding my travel due to the fact that I first need your permission for sabbatical leave to be able to continue planning through Travel Bud. What I do know is:

- I would leave the U.S. July 25, 2022.
- Upon arrival to Japan, I will complete a Teaching English as a Foreign Language (TEFL) certification course (1 month).
- Once the course is completed, I will be placed by Travel Bud in a Japanese school.
- I will be working with elementary aged students, most likely early childhood (PreK-3).
- I will be paid to work at my school in Japan, but I am not yet sure of the salary. This will depend on what school I end up at.
- I will be provided housing through my school placement.
- I will return to the U.S. near the end of August 2023, not sure of the exact date yet.

Regarding my teaching placement upon returning, I would love to be able to return to teaching Kindergarten at Longfellow. However, I do understand if this is not a possibility. If this is not possible, I would like to apply to teach preschool in 2023 if there are positions available. If neither of these plans work out, I am willing to teach in any area I am certified in (Elementary PreK-6; Elementary, Middle or High School EL).

I believe this trip will enhance my professional growth and development in many ways. Firstly, the areas of teaching I am most interested in are English Learners and Early/Elementary Education. I would be working with both of those areas year-round at a school in Japan. I also believe that this experience along with my ability to speak conversational Spanish would make me an asset to the EL team here at Hastings Public Schools should a position become available. Not only will teaching English abroad improve my EL teaching skills, but it will also improve my ability to work with all kinds of different adults and students. So I will be able to apply new skills in differentiating for all students. Overall, I truly believe this trip will provide me with so many new skills and experiences that I will be able to apply to my teaching upon returning to Hastings Public Schools.

Thank you so much for your time and consideration.

Sincerely,
