ENROLLMENT OPTION: MAXIMUM STUDENT ENROLLMENT LIMITATIONS

REGULAR EDUCATION PROGRAMMING

According to Policy 503.03, the most recent applicable policy pertaining to option enrollment, the Board of Education at the March meeting will determine the maximum number of option students the Hastings School District No. 18 may receive in any program, class, grade level, or school building.

The following resident student maximums are recommended for the 2023-2024 school year. However, as reasonable, the District may accept option students above these limitations if additional sections are added to accommodate the growth of resident student enrollment.

<u>Grade Level</u>	<u>Maximum Total Per Grade Level</u>	<u>Projected 2023-2024 Enrollment</u>
K	299	280
1	299	235
2	299	282
3	299	263
4	299	268
5	299	234
6	299	235
7	299	275
8	299	263
9	299	238
10	299	255
11	299	208
12	299	290

SPECIAL SERVICES PROGRAMMING

To meet the diverse needs of resident students, the District operates a number of programs collectively called "student services." This programming includes, but is not limited to, services for students with disabilities, high-ability learners, and students learning English through the English Language Learners Program (EL). Because all such programming is in addition to programming provided all students, all student services must be limited to the specific staff, facilities, and equipment of the District made necessary by resident students. Given this, each student that applies as an option student requiring and/or qualified for special services programming will be allowed to enroll as an option student only when the services to be provided may be delivered within the existing capacity (staff, facilities, financial resources, and equipment) of the District to serve resident students. Parents and/or guardians with students requiring and/or qualifying for special services programming and seeking to use option enrollment to place a student in the Hastings Public Schools must supply appropriate District personnel with any and all relevant information, as requested, to determine the needs of the student and to determine whether those needs may be served within the existing capacity of the District. **As provided in Rule 503.03, "The District will not accept students for whom a contracted, out-of-district program is required." "Contracted, out-of-district" programming includes contracted services. In addition, as provided in Rule 503.03, "Parents or legal guardians of option students are responsible for transportation to and from school."**
