FY26 Budget Reality

Approx. \$8.4 million shortfall (4% of the budget)

Issue discussed for 3 years; now requires action

Tentative Options to Address Shortfall

Increase Revenue by 4%:

- Generate approximately \$8.4 million

Combination Approach:

- Decrease budget by 1-2% (\$2.2-\$4.4 million) annually for the next two years
- Simultaneously increase revenue by 1-2% (\$2.2-\$4.4 million) annually
- Implement targeted cost reductions over 2-4 years

Decrease Budget by 4%:

- Reduce approximately \$8.4 million

Recommended Approach

Preferred Strategy: Combination Approach (Option #2)

- Incremental cuts and revenue increases
- Long-term, targeted cost reductions

It maintains the high school instruction budget at the current level of service with a student-teacher ratio of 25.15:1. It adds \$8,000 (\$2,000 per school) to teacher hourly to cover the cost of on-staff substitutes for department chairs to observe and evaluate new teachers and attend department chair meetings. The recommended budget will maintain supplies and materials and purchased services to the per-student allocation of \$159.22 based on a projected enrollment of 7,126 students.

21	115	ADVANCED PLACEMENT PROGRAM	\$ 144,504	\$ 155,860	\$ 11,356	7.86%	Recommended Level 1 of 3: The budgeted amount for each exam with a passing score was previously set at \$60 and has now been adjusted to \$55. This reduction decreases the funding available for teachers to attend AP conferences. The level of funding is still increased due to a higher number of students passing exams.
22	116	GIFTED EDUCATION	\$ 937,714	\$ 922,794	\$ (14,920)	-1.59%	Recommended Level 2 of 3: A level 2 budget will reduce Purchased Services by \$6000 and Supplies and Materials by \$4,500. This will impact the transportation services we provide for students to travel between middle school and high school for advanced courses to one trip per day. In addition, we will minimize the number of licenses we purchase for SAM Lab use at the elementary level which will have an impact on instruction and our coding unit of study.
23	125	FINE AND PERFORMING ARTS	\$ 1,467,566	\$ 1,485,605	\$ 18,039	1.23%	Recommended Level 3 of 3: Protects current fine arts program offerings, staffing, and equipment maintenance which has lagged with increasing expenses. Maintains current esports programming and development.

25	415	ENGLISH LANGUAGE LEARNERS	\$ 7,952,338	\$ 7,521,819	\$ (430,519)	-5.41%	Recommended Level 2 of 3: This recommended budget adjustment reflects a shift toward decentralized newcomer programming, including a 2.0 FTE reduction at the Elementary Immersion Center. While reductions in clerical and ESP support will require redistribution of responsibilities and may increase strain on middle school staff, reallocating transportation funds to add 0.5 EL teaching FTE at Discovery Elementary will create a full-time ELD position. This change strengthens neighborhood access to consistent, on-site language development services while aligning staffing to evolving program structures.
